That the statement, 'that the boys and side meaning growp to manhood and girls, nearly grown to manhood and womanhood, were totally ignor ant of the rudiments of an educatio like his assertion of life threatened, so far as this city is concerned, is a gratuitous falschood and an unjust as-persion. Traffic Men Meet in New York to Consider Proposition.

Acting Traffic Manager T. M. Schu-macher of the Oregon Short Line this morning stated that he had not the test idea what would be done as ta the rate on beet sugar to the river and astern markets and that nothing prob-ably would be given out for some months until the '03 product was about ready to be marketed.

The sugar producers of the west have been agitating the matter for some time past, as the industry has grown to such proportions, and is still growing with leaps and bounds, that growing with leaps and bounds, that more sugar is being manufactured than is consumed locally many times over. It is interesting to note that the rate on sugar to the eastern markets is today the same as when there were no big factories in the west. Since then Call-fornia, Utah, Nebraska, Colorado, Ore-arm and Idaho have entered the sugar producing field and the tonnage has known to proportions that are factors wn to proportions that are factors earnings of the big roads.

OPPOSED TO A SECOND TRACK First Street Residents Talk of Taking Steps to Stop Street Car Work Commenced Along That Thoroughfare Early This Morning-Old Injunction Cited. Early this morning the Consolidated , prohibited from operating any cars Railway & Power company commenced operations on the second track on First street. A big force of men was put to work and as soon as the minority which is opposing the innovation awoke to the fact they got ready for action. The result was that this afternoon steps were taken in the direction of asking the courts to issue a temporary restraining order prohibiting the streetcar company from laying and operating the second track. Those opposed to the track are George D, Alder, C. S. Burton, Byron Groo and Dr. L. W. Snow, They claim that the operation of two tracks on that street will be a menace to the public safety. Accordingly they are pinning faith upon the permanent injunction that was is-sued by the supreme court oven 10 years ago which prohibited the operation of two streetcar lines on that street other than the interlaced tracks now in oper-
