

PETE AND "CYCLONE" WILL FIGHT AGAIN

Managers and Boxers Have Finally Agreed on Terms of Match.

WILL MEET ON LABOR DAY.

Weight to be 133 Ringside and Tom Painter Has Been Chosen to Referee the Mill.

The conference last evening between Pete Sullivan, "Cyclone" Thompson, Promoter R. A. Grant, and Sullivan's manager, Tom Gleason, resulted in the announcement that the hard hitting and clever lightweights had agreed to meet again in a twenty-round fight at the Ogden saucer track on Labor day. The announcement was hailed with delight by fight fans in Salt Lake and Ogden, and it is said to predict that a record crowd will witness the return match between the lightweights.

There was considerable wrangling over the weight question. Sullivan wanted the weight fixed at 135, but Thompson held out for the lightweight limit—133. At that notch they will weigh in at the ringside and when the gong sounds the fans will see some fast work. Their first meeting at Ogden, July 24, will long be remembered. Sullivan then received the decision, and was clearly out of the fight.

The men are to receive 40 per cent of the gross receipts and will divide the purse with the promoter. Sullivan has been selected as referee and as he understands the game thoroughly his decision, if he has to render one, will undoubtedly be right.

Sullivan will do his training in Salt Lake and Thompson will condition himself at Ogden. He will leave with his wife and a party of friends soon for a 10-day cruise in Beaver canyon. There he will do most of his road work.

Manager Grant is now making arrangements for special trains to run from Salt Lake and other points to the Junction City.

AMATEURS ARE OUT.

Threatened to Strike and Manager Chapman Ordered Them Off.

In all probability there will be no more amateur races at the saucer track for some time and perhaps not at all the balance of the season. With one or two exceptions, all the amateurs riding at the track were discharged by Manager Chapman last evening. It was reported that the amateurs were going to demand more money tomorrow evening and quit if they did not get it.

Chapman says he is paying them well enough as it is and when he heard of the threat he promptly told the dissatisfied ones to quit the grips and get out.

A good program has been arranged for tomorrow evening. If any amateurs wish to ride Chapman says they will have to pay an entrance fee of 50 cents.

PLAYED IN THE WORLD'S CHAMPIONSHIP SERIES.

Ball players consider it a rare privilege to participate in a single series for the world's championship. Samuel's success with timely batting and won easily.

A few have been fortunate enough to take part in two such struggles. But what of the athlete who qualifies in three and still stands in line for the fourth? If you think this is a record to be proud of then tip your hat to George Davis, veteran shortstop of the Chicago White Sox. He is the only active player to turn the trick.

It was fourteen years ago that Davis first heard the call "play ball" in the first game of the series between Cleveland and Boston for the world's championship. Davis guarded the third sack for Cleveland. He had been playing a year or two in the big league and was accounted a star among such diamond veterans as Clarkson, Kelly, Bennett, Nash, McKeen and Cy Young.

Cleveland did not win the series, but all the games were closely contested, and it was his play that gave Davis the reputation that he has handled with care ever since.

Two years later he was found playing with New York when that club clashed with Muggsy McGraw's Baltimore team in the Temple cup series. The previous day fans recall that momentous series. Despite the efforts of the Baltimore no-hitters, New York captured the championship with the assistance mainly of Rusty Meekin, who mowed down the opposing batsmen amid showers of epithets and more tangible missiles. Davis played the game of his life.

And everybody remembers the strenuous combat of last year. It was the most notable world series ever played, and the veteran shortstop steadied the White Sox infield and gathered everything that came his way, just as he had done fourteen years ago for Cleveland.

Burns Physically Unable to Fight Joe Gans.

Los Angeles, Aug. 7.—Following a conference between managers of Joe Gans and Jimmy Burns, who were to fight here on Aug. 16, and Manager T. J. McCarrey of the Pacific Athletic club, it was announced late this afternoon that the fight had been indefinitely postponed owing to the fact that Burns was physically unable to participate. The club physician and another doctor are said to have pronounced Burns' stomach in such shape that he would be unable to fight. Tonight McCarrey stated that Burns had determined to claim part of the forfeit sufficient to cover his expenses. Tonight a local newspaper sent a physician to examine Burns, but the result of his investigation has not been made public.

Manager McCarrey admitted that he had heard rumors to the effect that the coming event had been "sidetracked" to permit Gans to participate in a fight with Jimmy Britt at Goldfield, or San Francisco. He stated that he would investigate and that if he found reason to credit this belief he would take action with regard to the forfeits posted by both men.

THE LIMIT OF LIFE.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longer life.
