Japanese Only Allowed Them to Witness Battle From a Distance of Eight Miles-Richard Harding Davis and Others Send a Protest and Start for Home.

Che Foo, Sept 2 .- Richard Harding Davis and John Fox, Jr., American newspaper correspondents, have arrived here from the headquarters of the second Japanese army and will leave for the United States, Sept. 8. They say that the foreign attaches and newspaper correspondents with the second army witnessed the battle of August 26 from a distance of eight miles, and this was so unsatisfactory to them that they united in a round robin to the Japanese authorities protesting that because of this restriction upon their movements their usefullness was at an end. Gen. Oku replied, saying that in the future they would be permitted to witness engagements from a distance of four miles, whereupon Davis and Fox, together with Melton Prior and George Lynch, British correspondents, left the second army, Lynch will make an attempt to reach Port Dalny.

St. Petersburg, Sept. 2, 1:25 p. m .--No absolute information has reached the war office concerning the reports that Liao Yang has been occupied by the Japanese, but it is positively known that Gen. Kuropatkin had decided to withdraw from his positions south of Lino Yang to the north or right bank sians. of the Taltse river Tuesday night, and the orders were actually given, as stated in these dispatches yesterday. The war office presumes that the movement was carried out since the latest advices yesterday were that the crossing of the river was not being opposed. The fact, disclosed for the first time in

these dispatches last night, that the strongest Russian position prepared by Gen. Kuropatkin was not around the town of Liao Yang as the public had been led to believe, but on the right, or north bank of the Taitse river, was a secret so successfully guarded that not even an intimation of it had leaked out. It is now explained that the Russian commander-in-chief had all along anticipated that the Japanese, when they made their advance on Liao Yang, would pursue the identical tactics which have been so successful in every previous stage of the campaign, and while attacking in front would attempt by a wide detour to outflank the Russian position. This time Gen. Kuropat-

## GRAND MASTER STODDARD. Arrives in San Francisco to At-

Sah Francisco, Sept. 2.—Henry B. Stoddard, grand master of the Knights Templar of the United States, arrived here today to attend the triennial conclave of the order. He was met at the ferry station by Eminent Commander Code of Golden Gate commandery and staff and a delegation from California commandery headed, by Eminent Com-mander C. M. Plum. After a few words of greeting, the grand master with the reception committee entered a carriage driven by four white horses and was streets to the Palace hotel by 300 knights mounted on black horses, mu-sic being furnished by a band of 40 pieces. The guard of honor was under command of Capt. Gen. R. P. Hurlbut. Thousands of people lined the route and the grand master was heartily cheered as he passed under the waving flags and other street decorations. Near.

At 4:30 o'clock this afternoon the war office said it was entirely without news of today's fighting, but added that the railroad between Liao Yang and Muk-den, was open. No press dispatches from the front had arrived up to the same hour. The suspense in St. Petersburg is intense, and the town is filled with all kinds of rumors, ranging from a complete victory for Gen. Kuropat-

Ullery battle proceeded until the hour

of sending it, and that the Russians were retiring upon their "main posi-tions," that Gen. Kuroki was attack-ing the Russian left, north of the Taitse river: that the railroad station, which

situated a mile northwest of Liau ing, has been set on fire by Japanese

# tend Conclave of Knights.

#### HE WAS PREPARED.

He was prepared for just what haprered, and as soon as he ceceived word that Gen. Kuroki had crossed the Taitse 20 miles above Liao Yang and vas moving westward, Kuropaikin met the move by throwing his whole army over at night. By this piece of strategy Kuropatkin, in the opinion of the general staff, gained an immense advant-age. His army is concentrated on one alge. side of the river, and the road is still open for his retirement borthward, while the Japanese armies, which must act in union are separated by the river, which places Kuropatkin in a position to oppose Kuroki with his whole army while Gens. Oku and Nodzu are stranded on the other side, which gives Kurepatkin a possible opportunity to imitate Napoleon's tactics and defeat the opposing forces in detail.

#### ONLY ONE PARALLEL.

There is only one parallel in history," said a high officer of the war office to the Associated Press today, "and that is Metz, when Prince Fredtory, Charles straddled the Moseile with the German armies. But Kuropatkin has not repeated Marshal Bazaine's mistake of sitting still while the enemy closed him in.

Kuropatkin's great strength in cavairy, in the opinion of the war office, will stand him in good stead now.

Whether the whole of Kuropatkin's army got across yesterday is not defi-nitely established, the war office not lying yet received complete advices. the latest information being that the crossing of the river was not being terfered with. In view of the Tokio dispatch received this morning it is possible that the troops forming the lapanese screen and a portion of the Japanese right flank did not succeed the river. There are two good regular bridges at Liao Yang, over ich the Russian crossing was effect Ed, and then there is the railroad bridge about two miles down the stream.

#### KUROKI ENGAGES HIM.

The Tokio report that Kuropatkin's forces were in action at Hei Ying Tai. north of the Taitse river, indicates that en. Kuroki has already engaged him with a portion of his army.

It is understood that throughout the fighting of the last few days Kuropatkin's main reserves did not leave the high positions on the right of the river.

The report that telegraphic communiration between Liao Yang and Mukden has been severed is not admitted at the war office, which points out that it has only been receiving two telegrams ally from Gens. Kuropatkin and Sakharoff. Two were received yesterday and two are expected today, although hons had been delivered up to noon.

The absence of press telegrams is explained, as announced in the dis-matches yesterday, by the transfer of the head telegraph office at Liang Yang to Shekhe, 15 miles north, which was necessitated by the fact that Japanese shells were dropping into the office, althought the office was situated on the north bank of the Talks river. A shell killed two operators Monday. The field telegraph, which is working between Shakhe and Kingerstich. Shakhe and Kuropatkin's headquarters, s not available to correspondents, who would have to send their messages by express riders to Shakhe, a difficult task

owing to the heavy roads. The public here is still in complete ignorance of the new phase which the battle entered upon yesterday, but in-terest is at white heat. Every foreign the newspapers are printing extra edi-tions four or five times a day, a thing heretofore unprecedented in the history of the Russian capital.

## A DISPATCH FROM KUROPATKIN.

St. Petersburg, Sept. 2, 4:50 p. m.-'At 4 o'clock this afternoon the war of fice received a dispatch from Peterhof, sent to the emperor last night by Gen. Kuropatkin, dated 5 p. m., yesterday, As transmitted to the war office for publication, the information is exfremely measure and only reveals the truth in the light of the interpretation those who are conversant with the situation at Liao Yang. It is possible that this is justifiable on strategic As communicated to the press, the dispatch states that an ar-

C. B. SPAHR'S DISAPPEARANCE

#### His Traveling Companion Unable to Explain It.

day: We eventually took the steamer We had ob-Prince Albert for Dover. We had obtained some New York papers while crossing the channel. Mr. Spahr discussed in a natural manner the news contained in them. Occasionally he would leave us for a minute or two and then return. We missed him soon after passed the lightship, not far from Dover, and immediately instituted a search. We informed the captain when

we arrived at Dover and he began a thorough search for Mr. Spahr out found no trace of him. A sailor report-ed that he had seen Mr. Sjahr standing at the stern at just about the time we came to the lightship, but subsequent-ly he rejoined Mrs. Ordway and myself. The sailor said he ordered Mr. Spahr from the stern three different times. No possible person saw him after he left us the last

time. Mrs. Ordway and myself saw nothing unusual in his demeanor.

#### Chinese Junks Captured.

Tokio, Sept. 2, noon.-Admiral Hosoya reports that the Japanese guardship near Yentao, south of Sanshantao. near Talien bay, Sunday and Monday captured 26 Chinese junks which were attempting to carry provisions into Port Arthur. They were taken to alien and were tried and convicted. The crews were released.

#### Con.-Gen. Branchi Relieved.

Rome, Sept. 2.--King Victor Em-manuel today signed a decree relieving Signor Giovanni Branchi, at his request, from the post of consul-general at New York. Signor Franchi will remain in the United States as Italian commissioner to the St. Louis exposition. His successor as consul general has not yet been appointed.

Signor Corte, the Italian consul at New Orleans, has been appointed consult general at Denver.

## Parker to Visit St. Louis

Esopus, N. Y., Sept. 2.-Judge Parker will leave here on Saturday, Sept. 24, to visit the exposition at St. Louis and will be in St. Louis four days, This announcement was made at Rosemount today and it was also announced that the judge has no intention of making any speeches either at St. Louis or en route, going or returning. He will be accompanied by Mrs. Park.

destroyer Grozovol er and Secy, McCausland. They will travel by regular trains over the New York Central & Hudson River and Big Four railroads, going from here direct to St. Louis, and will leave for the return probably on Thursday, Sept. 29, While in St. Louis they will be the guests of Mrs. Daniel Manning of Albany, widow of the former secretary of the treasury, who is president of the

omen's board in connection with the exposition. The annual meeting of the American Bar association will be held in St. Louis on the 26th and that fact has largely governed the selection of the date for the trip to St. Louis, but Judge Parker would not definitely say today that he would attend the meeting of the association. It was made very plain that in this matter, as in that of speech-making, he will be governed by his own judgment at the time, Judge Parker does not expect to attend the cere-monies incidental to New York state day at the exposition, Oct. 4, when

Gov. Odell will make an address.

Before falling back Gen, Kuropatkin intended that his left, to the eastward and northward of Liso Yang, should be greatly strengthened in the hope of checking Gen. Kurpki's advance around | fact that a number of serious errors his flank, and to protect his line of re- | were made in the report of Senator D. treat and communication. The greatest

portion of this protecting force seems to have been massed in the neighborhood of Helyingtal, 12 miles northeast of Liao Yang, where it was flercely assaulted by Gen. Kuroki at 11 o'clock Thursday morning. The result of this fighting is not known. If Kuroki wins and strikes the flank of the retreating Russian army and reaches the railroad it will place the Russians in a most

serious predicament. Yesterday the Japanese managed to nterfere seriously with the train service from Liao Yang. They used some guns captured from the Russians, together with some of their own, to bom-bard the railroad station at Liao Yang, thus preventing the entraining of Rus-

Rome, Sept. 2 .- Prince George of Greece, ommissioner-general of the powers in Crete, visited the foreign office today and lengthily discused the situation in Crete, expressing the opinion that it would be unable to further delay the union of Crete o Greece for religious, economic and po litical reasons.

## Charles C. Clark Executed.

Spokane, Wash., Sept. 2 .-- Charles C Clark, who brutally murdered Leila Page, his mistress, in Olympia in March, 1903, was hanged at 5:20 this morning in the state penitentiary at Walla Walla. Clark walked to the gallows calmly with head erect and faced the 50 spectators with composure if not actual deflance. He had no speech to make but had left a message to his mother at Olympia which has not been made public. His neck was broken and he was pronounced dead in 20 minutes.

## UNITED STATES PROTESTS

#### Against Russia's Seizure of Cargo Of the Calchas.

St. Petersburg, Sept. 2, (4:06 p. m.)-The United States has protested to Rus-sia against the seizure of the cargo of the British steamer Calchas, which was ceptured while bound from Puget sound to Japan by the Vladivostok squadron. The protest follows the lines of the ase of the Portland and Asiatic line steamer Arabit, also seized by the Vladivostok squadron in declining to recognize us of a contraband character goods and foodstuffs in the ordinary course of trade and not designed for the use of belligerents.

The Associated Press is able to state on very high authority that Russia will decline to enter into the negotiations proposed by the United States Aug. 21 in regard to the unrestricted recognition of American passports.

## WAS PURE INVENTION.

New York, Sept. 2 .- An investigation by the Associated Press discloses the

B. Hills speech at Deposit, N. Y., on Aug. 25. It seems that a reporter of a local Democratic paper, whom the Associated Press depended for a report, failed to attend the meeting, but instead invented a speech for Senator Hill which contained several statements wholly misrepresenting the senator's views and quite at variance with his utterances. Among the phrases thus inserted as a part of the speech was one to the effect that Senator Hill had

charged President Roosevelt with being Senator Hill said nothing of the kind. This correction is made without the knowledge of Mr. Hill or any of his friends, but in the interest of ac curacy for the Associated Press set

Gov. Gen, Minto of Canada on Train but Escaped Uninjured.

Winnipeg, Manitoba, Sepi, 2.-Five people were killed on the westbound Imperial limited at Sintaluta last night. The only identified dead is Mrs. Disset, of Edmonton. The injured are Mrs. The list of casualties in the fighting J. Brett and Miss Golden, who were on their way to Manila: Miss Murray, on the way to Shanghai: Ira Ross, bound to Victoria and the porter. The switch was left open by a train crew that had just left the town and the transcontin-ental express dashed in upon a freight train. The governor-general, Lord Minto, and party were on the train but escaped uninjured.

## INDEPENDENT PACKERS.

#### Indications Are That They Will Join the Big Packers.

Chicago, Sept. 2 .- Indications are that the five independent packers within the stockyards enclosure will join the big packers in their fight while those outside will endeavor to continue operations with anion crews. Two of their number received consignments of cattle at an outside railroad yard today, and will have them driven to the yards through the streets. Within the yards the independ-ents are anxiously preparing for war a wagon load of cots having been taken to one plant. The union switchmen employed by the
