

TO BUILD MODEL TENEMENTS.

HENRY PHIPPS, JR.

The announcement by Mr. Henry Phipps that he would give \$1,000,000 to build model tenements in New York City for the poor has caused widespread comment. Mr. Phipps is one of the Carnegie group of millionaires. He and Andrew Carnegie were messenger boys together, in Pittsburgh and were "partners" from boyhood up. Mr. Phipps is a firm believer in the future of Salt Lake and is the holder of large realty interests here.

Those who admire skill as displayed in fencing will be given the opportunity of witnessing an excellent contest Saturday evening in the gymnasium between Prof. A. B. Wright of the college faculty and Prof. Christensen of the city. Both are experts with the foil. A second match has been arranged between John Christensen, a pupil of Prof. Christensen, and D. R. Allen, a pupil of Prof. Wright.

AGRICULTURAL COLLEGE.

Logan.—Thursday evening, Captain Styer entertained the commissioned officers and ex-Captain Barrack of the college battalion of cadets. Each was asked to bring with him the young woman of his choice, and a pleasant evening was passed, playing pool progressively. The prizes were taken by Captain Johnson and Miss Eccles.

Last Saturday morning Miss Babcock of the English department of the University of Utah addressed the college students in chapel. After speaking of the cordial relations existing between the college and the University and the debt that each student owes to the state, Miss Babcock doffed her spectacles and gave a recital of a scene from "The Taming of the Shrew." Miss Babcock was the guest of the Domestic Science department at lunch and many of the students and instructors attended the recital which she gave in the evening at the Brigham Young college.

President Kerr, in his chapel address to the students on Tuesday, spoke of the history of the college and its present needs. Within the past four years the student body has doubled, the students now coming from twenty-three counties of the state and sixteen outside states and territories. One foreign student from England. The department of military science and tactics has outgrown its present quarters, as the drill hall will accommodate only 80 cadets, while this year's enrollment in that department is 190. Hence new quarters are imperative to comply with the national regulations. It is to be hoped that a new building may be obtained to serve both for armory and gymnasium. Other immediate needs of the college are new buildings in horticulture and a hydraulic laboratory. This latter building would be a most profitable investment for the college, as it would contain hydraulic and electrical equipment which would save the college water and electricity bills and a new pipe line would give the college greater security in case of fire. The present college faculty has been educated in 33 different institutions of collegiate rank in America and Europe, and has degrees from twenty of them. The faculty is now made up of the students in the history and present conditions of their alma mater and in the brilliant hopes for its future.

During her stay in Logan, Miss Babcock was the guest of Dr. and Mrs. Whitte, at their home on the college campus.

Invitations have been issued to the college students in agriculture for a social evening with Prof. and Mrs. L. A. Merrill.

The athletic hop given at the pavilion on Monday evening was the most brilliant of the season, as more students and members of the faculty were present than usually attend. From the faculty and town were present Prof. and Mrs. Willard Langton, Prof. and Mrs. Peterson, Captain and Mrs. Styer, Prof. Arnold, Miss Smith, Mrs. George Chappin, Mrs. George Thatcher, Mrs. Guy Thatcher, Mr. Moore of the Logan Republican, Mr. Bringham and Miss Pilgrim.

The registration of the new winter students still continues and will probably reach 725 by the opening of the new term, as it is now 715.

The young women of the freshman class in domestic science have begun work in home nursing in the room recently fitted up for demonstration lectures.

Mr. R. H. Fisher, valedictorian of the class of '95, and now principal of the Louisville, Ind., schools, revisited his alma mater at the beginning of this year.

At a meeting of the athletic association on Tuesday a new constitution was presented to be voted on at the next meeting, and Mr. J. H. Tuttle of Mantu was elected president, and Mr. J. J. Fredrickson, vice president. Preparations are now making for a department field and track meet to take place in the near future.

CEDAR CITY BRANCH NORMAL.

Cedar City.—A lecture on "The present Trouble between Japan and Russia" was given by Instructor Hansen last Saturday evening. It was well attended, and the audience gave good attention to the clear and forceful presentation.

Miss Spencer has recovered entirely from the attack of appendicitis. She will be here Thursday next to resume her work.

The physical culture work for both boys and girls has been handed recently by Mr. Miles. A movement for an athletic meet with Beaver and St. George is being made.

The spring weather that January has given us, has kept the ice on in a bad condition. Our skaters are wishing for a cold snap.

"Some Reflections on Modern Progress" is the subject for Mr. Webb's lecture for Saturday evening. The week following Dr. Middleton is to lecture.

The band is coming to the front. It has appeared several times in public, and the growth is discernible.

A ladies' chorus has been organized by Mr. Tollestrup. It made its first appearance Saturday evening and sang very well.

The preparatory class has grown considerably since the holidays.

The first years furnished the last program for Students' Society. They carried out very successfully several interesting parts. A debate was given; some "prize essays" were read and musical numbers were added to round out the entertainment. On Feb. 3, the Second Year's appear.

Cured Lumbago.

A. B. Canham Chicago, writes March 4, 1903: "Having been troubled with Lumbago at different times and tried one physician after another, then different treatments and treatments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it and will add my name to your list of former sufferers." 2c. per bottle. Sold by Z. C. M. I. Drug Dept.

NEW LIBRARY BOOKS.

The following thirty-five books will be added to the public library Monday morning, Jan. 30, 1905.

MISCELLANEOUS.

Adams—Dictionary of the Drama, v. (reference).
Conner and Soderholtz—Colonial Architecture of New England (ref.).
Dyce—Glossary of Shakespeare's Words (ref.).
Goodnow—City Government in the United States.

Le Queux—Closed Book.
Lewis—President.
Oppenheim—Betrayal.
Richardson—The Doctor.
Smith—Off the Highway.

Rev. Carlisle P. B. Martin, L.L.D., of Waverly, Texas, writes: "Of a morning when first arising, I often find a troublesome collection of phlegm, which induces a cough and is very hard to dislodge, but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is a pleasant to take. I can most cordially recommend it to all persons needing medicine for throat or lung trouble." 5c. per bottle. Sold by Z. C. M. I. Drug Dept.

I can sell TYPE-WRITER CARBON to consumers, 10 to 15 per cent cheaper than the retail price.
