at **Fidelity H. B.** on the 24th.

**We Can't Talk**  
Without showing the condition of our teeth. Every laugh exposed them. In order not to be ashamed of them, let us use **ROZODONT**, which is sure to keep them white and spotless, and to give fragrance to every word we utter.

**PAYSON EXCURSION.**—Tickets for the 24th of July are now ready and may be had at James Dyer's book store and of George Goddard, at Tidling Store.

Only one dollar the round trip. Those wishing to stay over one or more days, can return by paying half the usual fare.

Secure your tickets by Thursday night.

A woman in Westfield, Mass., fought with her husband until the noise aroused the neighborhood, because he would not let her go to church and be comforted.

**WARRANTED.**  
If you don't want bed bugs in your house go and get a bottle of **Sure Pop** at **RIVERS BROS.**

We guarantee that the bed-bug powder sold by us will totally destroy house vermin. Try a bottle. At **RIVERS BROS.** only dealers in wall paper and shades. d195

**THE DANCING V. 24th**  
at **Fidelity H. B.**

**PAIN PAINT** cures all pain. Proofs in this city of its cure of rheumatism, diphtheria, colds, etc. To be had only at special agencies. d191

**LYON'S KATHARON.**  
Lyon's Katharon is an invigorating tonic vegetable preparation, positively free from any mineral or deleterious substances. It is the most delightful of all hair dressing—cooling the head, allaying irritation, curing headache and throbbing temples, making the hair strong, fragrant, glossy and obedient to control, so clearly to use that it will not soil the finest fabric, causing the hair to grow luxuriantly and beautifully, removing dandruff and pimples. No man or woman can become bald who will use the Lyon's Katharon properly. d193

The potato bug already figures in a large and in New Jersey, where a woman charged her neighbor with throwing a lot of them over her fence, and poisoning her chickens. It will be in order, however, for the council for the protection to establish the identity of the potato bug, and with those that were thrown over the fence.

**Geo. C. Ferguson,** watch maker, 11, First South St., a few doors east of Commercial St.

**WHAT A beautiful lot of Baby Carriages** and so very cheap at **Dinwoody's Furniture Store.** d125

**UNITED ORDER RULES.**—Having had frequent enquiries for copies of the "Rules that should be observed by Members of the United Order" since the first edition of the same was all sold, we have lately printed an authorized edition on fine fancy colored paper, on a sheet 12 1/2 by 20 inches, suitable for framing or mounting on a stretcher and hanging up in the houses of the Saints. They can be had at this office, or mailed to any address for 10 cents per copy.

**Judge** "Have you anything to offer to the court?" "No, Judge. I had \$10, but my lawyers took that."

**REID CANYON COAL.**—Still the old reliable \$6.75 per ton at the yard, \$7.50 delivered. NO EXTRA CHARGE FOR DELIVERY in difficult places. Full weight and quality of coal guaranteed. A lasting and true friend for the rich and poor. Try it once and all Orders always meet with promptness and care.

A woman in Macon, Ala., had twins twice, and then twins and after the last lot her husband ran away, and has not returned.

**WARRANTED DEEDS.**—most approved form, Quit Claim Deeds, Mining Deeds, Townsite Deeds, Leases, Official Bonds, Incorporation Bonds, and other Blanks.

**HAGAN'S MAGNOLIA BALM.**—an unfailing prescription for a countless complexion. Sallowiness, roughness, sunburn, moth patches, freckles, discoloration, dark spots, unwholesome paleness, tan, pimples, eruptions, redness and every other kind of blemish disappear like magic by the use of Hagan's Magnolia Balm. A few applications applied with a soft linen cloth will leave the delicate hues of refined beauty and youthful bloom. Its application cannot be detected, and it is absolutely free from all possible harm, warranted purely a vegetable extract from the flowers of Southern France.

**DIED.**  
In the 16th Ward of this City, July 21st, **FRANCIS ELIZABETH**, daughter of Peter and Frances Le Chantant, aged 2 months.

Funeral services to-morrow (Saturday), at 1 p.m., at residence of parents. Friends of family are invited.

**EDER FNOH REBER** departed this life July 20th, 1876, at 2:30 p.m. in the 63rd year of his age. He was born at White town, Ontario Co. State of N. Y., March 18, 1813.

The funeral services will be held in the 14th Ward Assembly Rooms, on Sunday, at 10 o'clock a.m.

Friends of the family are invited to attend.

At Houston and Cameron's saw mill, Mammoth Fork of Sevier, about 8 p.m., on July 13th, **MARY G. CLARK**, after an illness of 11 days.

Decidedly received a paralytic stroke and was afflicted with inflammation of the lungs and bowels, and the second son of the deceased, **John W. Clark**, of Provo City, died with the father's family to the Church of Latter Day Saints.

He was a loving husband and kind father, and was the most generous of his fellow men. His death was a great loss to his family, and his friends are invited to attend the funeral services at 4 p.m., on Monday (Saturday) at residence of Joseph W. Pierce, 14th Ward. Friends of the family are invited.

Gold selling at Denver National Bank, 100 cents. Gold, July 21, 1876. **100.00** **100.00** **100.00**

**Local and Other Matters.**

**Thermometer 91 degrees F.** in the shade at 1 p.m. today. Fine, a few clouds.

**Letter.**—There is a letter at this office addressed to Bishop John Rowberry.

**Hoar Tower.**—A tower fifty-six feet high is being built at the southeast corner of the City Hall, by the fire department, for the purpose of drying fire hose.

**Energetically at Work.**—We learn by letter from Elder George Teasdale that himself and companion Elders were busily engaged in the state of Virginia, holding numerous meetings and preaching to the people. His health was good.

**Myriads of Insects.**—This morning the air overhead was filled with innumerable small insects, reaching as far upward as the eye could reach, and probably considerably beyond. This season appears remarkably favorable to insect life.

**Another Old Citizen.**—Col. Ebenezer Beece, an old and well known citizen, died yesterday, at 2:20 p.m., of paralysis. The funeral services will be conducted at the 14th Ward Assembly Rooms, at 10 a.m. on Sunday. Elder Orson Pratt is expected to deliver a discourse on the occasion.

**Water.**—The City Council committee, to whom the matter was referred, decided that the people of the 7th Ward should irrigate from the south ditch, and the people of the 6th Ward from the north ditch, on Third Street, and not the reverse, as heretofore published, by mistake.

**Utah County Ticket.**—At a caucus or convention at Provo, July 17, the following ticket was unanimously adopted:

For Representative to the Territorial Legislature, **John B. Miller, John Brown, Francis Judge, Warren N. Dunsberry, Sewardman, Myron Tanner, Sheriff, John W. Tanner, Esq., James E. Daniels, Treasurer, Henry A. Dixon, Coroner, Abner G. Rogers, Prosecuting Attorney, John B. Miller.**

**A New Invention.**—Mr. William Wilson, of this City, has invented a dumping machine, concerning which he has received intelligence from Washington that it is entirely new in that line, and the probability is that a patent could be obtained for it readily. The invention will be especially useful in the loading and unloading of grain, coal, etc., and also in the unloading of quantities. It will also be of use in the erection of buildings.

**Heated Term.**—The Ogdan Journal says, "We do not remember to have experienced for a long time, if ever, a heated term so intense and protracted as that which is now in progress."

We can only hope it is in Ogdan, but we do not think the heated term, though hot enough, has been any hotter or any longer here than in other places. Full weight and quality of coal guaranteed. A lasting and true friend for the rich and poor. Try it once and all Orders always meet with promptness and care.

very likely to never does get anything, for those rent "bills" will never pay anything excepting when they are compelled to, and it is almost impossible to reach the compulsion point, the law is now stands giving the delinquent a splendid loophole of escape, by exempting from execution certain property, the exemption more than covering what the delinquent appears to possess, however much he may own in reality. This enables many dishonest people to snap their fingers in the face of those to whom they are justly indebted. It is a pretty prevalent idea among people generally, excepting the class of swindlers referred to, that the law in relation to landlords and tenants requires amending, or repealing, and replacing by one more effective in answering the ends of justice.

**A Neglected Art.**—The art of drawing is scarcely taught at all in the common schools of the Territory. It is a delightful accomplishment, and generally forms one of the branches taught in ordinary schools in other countries, and from the rudimentary instructions received in that way not a few who have reached prominence as artists recognize in the lessons received at school the means of first awakening a decided artistic taste in them, leading to the pursuit of painting in after life. We are of opinion that drawing should be considered as a branch of considerable importance in all normal schools, for it is from there that it must be communicated to the masses of the youth.

We are pleased to notice that it will be a feature at the approaching sessions of the Territorial Normal Institute, and that so able an exponent of the principles of drawing and perspective as Mr. George M. Ottinger has been secured for the occasion.

**Got Back.**—Mr. C. R. Savage, who has been on a professional trip over the Union Pacific railroad, and points in the vicinity of the line, returned on Wednesday evening.

**Hot.**—This has been one of the hottest days, the thermometer over 90 a large part of the day, and as high as 95 in the shade.

**Threatening.**—Clouding up and threatening a storm as we go to press.

**Wet.**—Bathing as we go to press, the thermometer 20 degrees lower.

**Latest Dispatches.**  
Great prospects—Stobson May escape.

**Chicago, 21.**  
The Journal Springfield, Ill., special says crop reports made to the Secretary of the State Board of Agriculture shows the corn crop in ninety-five counties in the state fully up to average, and in a number of cases from 2 to 25 per cent above the average. Winter wheat will probably be 20 per cent above the average. Spring wheat, not so good. The peach crop will be small and the pears a moderately good yield.

**Medies Recovered.**  
The bodies of Commodore Garter and wife, Miss Adele Hunter, and cabin boy Peter Sullivan, have been recovered from the yacht *Mohawk*.

**Committee of Conference.**  
A committee of conference on the subject of executive and judicial appointments, today, informally agreed upon a basis for settling their principal disagreement as follows: The reduction of the number of clerks to be about two-thirds the number originally proposed by the House. The heads of executive departments to determine the classification of the clerks, and this conference committee to recommend that the salaries be fixed accordingly. The committee adjourned till next Monday, and in the interval, enquiries are to be made, and information collected in the executive departments which, it is hoped, may lead to a final agreement on the basis above suggested.

**Steam Yacht Swamped and Five Persons Drowned.**  
Troy, N.Y., 21.—By the swamping of a small steam yacht in the Hudson River, near this city last evening, Gregory Fox, Thos. Edgley, Jr., Geo. Bloomfield, Jonas Faulkner and Harry Manche were drowned. Four of the others who composed the party were saved by swimming ashore. Edgley was drowned in attempting to save Fox, who could not swim.

The *Journal's* Washington special says Secretary Ransom will probably escape impeachment, as Mr. Glover has not succeeded in getting a majority of the real cost pool committee to sign the report drawn by him. There is a decided hesitancy about appending their names to the document. Nothing will be done in the matter beyond presenting the evidence to the House, and having it referred to the Judiciary committee for report next session.

**Split Over the Louisiana Celebrations.**  
Washington, 21.  
A special says the republican party has split over the late nomination for state officers. Senator West, ex-governor Warmouth, Ray, and numerous other Warmouths in the party will not support Packard for Governor. They demand that he shall decline the nomination and some other man be nominated. Kellogg is expected here to day to West and arrange a compromise.

The democratic convention will meet on the 24th inst., and probably nominate McNery for governor.

**Appointed.**  
A. V. Barnes has been appointed storekeeper for the First California District.

**FRANCE.**  
Montenegro Success.  
PARTS 21.—A telegram to Reuters Agency says the Montenegrins have had great success at Padgoritza. Prince Nicholas has taken the heights commanding Mostar, and a decisive engagement is imminent.

**BALENGER'S CAMP.**  
Sun-set Crossing, Little Colorado River, Arizona, July 6, 1876.

**Editorial Notes.**  
The glorious Fourth was celebrated at this camp in an appropriate manner. We were awake from our

slumbers by a volley of musketry from Captain H. Knowles & Co., at day-break, also at sunrise, at which time the stars and stripes were hoisted in the air, when another salute was given. At 9 o'clock the people drove from camp to a dry lake, where the boys had a good game of ball, also foot races and other amusements until 12 o'clock, when they returned to camp and partook of a good Order dinner.

At 2 o'clock p.m. the people assembled in the bowery, when meeting opened by singing, by the choir, prayer by the Chaplain, and singing by the choir. The Declaration of Independence was read by John Morgan, followed by an oration by President Balenger, songs, a very good spirit prevailed throughout the day. An original song, composed by C. L. Christensen, entitled, "Arizona," and sung by himself, went off well. The meeting was dismissed by prayer by George Adams.

A dance was held in the evening at early candle-light, at C. L. Christensen's hall, and closed at 11 o'clock, when all retired to their several places of abode, well satisfied with the doings of the day. Committee of arrangements: John Evans, Jerome Adams, Henry Knowles.

**Yours truly in the gospel of truth,**  
JESSE O. BALENGER.

**P. S.**—The health of the camp is all good. We have two wells about twenty-four feet deep, which afford very good water. The river has been dry at this camp for three weeks, but we expect it to rain soon.

**EDITORIAL NOTES.**  
The National Educational Convention concluded its three days' sittings in the Academy of Music, Baltimore, July 12th, W. F. Phelps, of Minnesota, presiding. In the morning of the last day the convention was addressed by Hon. David Murray, commissioner of education of Japan, and Fugimaro, vice-minister of Japan (in Japanese). In the afternoon the convention and friends (300 persons) took an excursion to Fair Haven and back, and held two sessions on board. A series of resolutions was adopted declaring that education is the only hope of the nation; expressing confidence in the national bureau of education, and in favor of a bill now before Congress to apply the proceeds of the sale of public lands to sustain normal schools and universities. After the conclusion of business, speeches were made by Prof. H. E. Sheppard, Prof. M. A. Newell, John T. Morris, B. Mallon of Georgia, and G. Videla Darna, of the Argentine Republic gave an interesting account of the improvements in education in that country under the presidency of Sarmiento. Prof. O. H. Briggs was constituted counselor for Utah.

Captain Matthew Webb, who swam across the English Channel, announces that at the latter end of August he will attempt to swim across the North Channel, from the west coast of Scotland to Ireland, under similar conditions to those under which he swam across the Channel from England to France.

**TARRANT'S SELTZER.**  
Thousands visit the Mineral Springs, here and abroad, and spend thousands of dollars in search for health, when a few doses of TARRANT'S SELTZER would accomplish the same result, at the cost of a few cents. It has been tried for a quarter of a century and more, and with invariably good results. It does its work quickly, yet thoroughly, leaving up as it goes, and leaves no bad effects.
