Patrolman Stains discovered that the place was in flames and he notified the fire department, which responded with alacrity and goon put out the fire. Body On Track-On July 4 the body of a man was found lying by the Southern Pacific track just east of Carlin, Nev. The remains proved to be those of Samuel Rhoades, who was traveling from San Francisco to Stanton, Mich., and who, while mentally unhalanced, jumped through the wine coach in which he was An inquest was held at dow of the traveling. Ordered to Leave Town-Judge C B. Dichl yesterday gave two boys, named Henry Simon and Frank Le-Fay, the privilege of leaving town forthwith or to go to jail on a charge of vagrancy. The lads had been employed at a Commercial street mea-senger office, and on July 4 went to Finch's cafe, where they ordered three fancy meals of trout with proper acceasories, to be delivered, they said to guests of the Belmont hotel. The viands did not reach the place designated, and the trays and dishes, the boys and the pay for the meals were not accounted for at the cafe, until the matter was placed in the hands of Officer Simpson. The atter discovered the youths had car ried the trays to the messenger office and were there joined by a companion who helped them to dispose of the edibles. The two principals were placed under arrest, and later readily consented to leave the city,

MODEST CLAIMS OFTEN CARRY THE MOST CONVICTION.

When Maxim, the famous gun inven-tor, place his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Cham-berlain's Colic, Cholera and Djarrhoea Remedy. They do not publicly baast of all this remedy will accomplish, but prefer to let the users make the state-ments. What they do claim, is that it will positively cure diarrhoea, dysen-tery, pains in the stomach and bowels, and has never been known to fail. For sale by all druggists.
