opening a store for the sale of home manufactures in the building lately occupied by the Woman's Centennial Territorial Fair, known as the Old Constitution Building, opposite Z. C. M. I. store.

We are now ready to receive home-made useful and ornamental articles of all kinds, which we will sell on commission.

Many of our citizens have felt the want of a place devoted exclusively to Utah productions, and now that we are, in accordance with the wishes of President Young, uniting our humble efforts in this direction, we confidently trust that we shall not only have the support of all branches of the Relief Society throughout the valleys of the mountains, but also of our brethren and all others who feel an interest in the future welfare and prosperity of Utah.

Commencing as we do without capital, we wish it distinctly understood that at present we can only sell on commission.

ELIZA R. SNOW, President. PRISCILLA M. STAINES, Vice President. ELIZABETH DAVIS, Secretary.

THE RAPID popularity gained in this Territory by the OLIVER CHILLED FLOW during the short time it has been introduced here is something marvelous. This splendid flow has distanced all competition, and now stands at the head of the list, unequalled by any implement of the kind ever brought to Utah. With the Oliver Flow FLOWING can be done QUICKLY and EASILY, and WITHOUT IRRIGATION, no matter how hard and dry the soil. It is offered on the most favorable terms by Howard Seebach, at the Bain Wagon Depot, one-half block south of Theatre. d268

EVENING NEWS.

Thursday, November 23, 1876.

PRICE OF GOLD.

Corrected daily by Decker National Bank. SALT LAKE CITY, November 23, 1876. Buying at \$108; Selling at \$110.

Local and Other Matters.

THERMOGRAPH 48 degrees F. in the shade at 1 p.m. to-day. Fine.

On Thanksgiving Day.—The benefit party to Brother Mark Lindsey will come off a week from to-night.

Fatal.—The gunshot wound inflicted on the Indian, Mike, a few days ago in Tooele Valley, by one of Tabby's men, terminated fatally. Mike was shot in the back of the head.

Concert.—The Twentieth Ward Institute purpose giving a concert, at the School-house, on the evening of Tuesday next.

Tabernacle Choir.—All the members of the Tabernacle Choir are particularly requested to meet at the Council House to-morrow (Friday) evening, at 7 o'clock.

Q. CARELESS.—Another Hundred.—Last evening Justice Pyper fined George Burger \$50 each on two separate charges of stealing two separate coats, which, with the previous penalty for gambling, will necessitate his laboring for the public benefit two hundred days.

The Franklin Avenue Nuisance.—The marshal has taken action in relation to the petition of citizens residing on Franklin Avenue and vicinity, asking the City Council to abate a house of ill-fame in that locality, which is an offense and nuisance. Two persons in connection with the house have been arrested, one for keeping it and the other for being an inmate thereof.

Syrup.—Samuel Wagstaff, of American Fork, has made, this season, 2,600 gallons of cane syrup, that is probably not surpassed in quality by any of the same kind on the Continent, which is saying a good deal. He has made a specialty of this industry, from the selecting of the cane seed to the production of the syrup.

Small-Pox.—Special Marshal W. N. Fife called to-day to inform us that since his last report he has taken down two more flags, and cleaned thoroughly the houses where small-pox has existed. He says there have been no deaths from this disease since his last report, and that he knows of no new cases. The Colonel is sanguine in the belief that he will be able to stay a further increase of the pestilence if properly aided by the people interested, as he seems to be at present. Ogden Junction, Nov. 22.

Resignations and Appointments.—Previous to his departure for the South, Henry C. Rogers, Esq., resigned his office of Alderman of the Third Municipal Ward of Provo City. At a late meeting of the City Council Mr. Rogers' resignation was accepted, and J. E. Booth Esq. was appointed to fill the vacancy.

At a recent meeting of the county court, H. C. Rogers tendered his resignation as Justice of the Peace for Provo precinct, which was accepted and J. E. Booth, Esq., appointed to fill the vacancy as Justice.

The office of Coroner being declared vacant by the County Court, Mr. Albert Jones was appointed to fill that office. Provo Enquirer, Nov. 22.

The Coal Famine.—The coal famine in this city still continues, owing to the obduracy and monopolizing tendency of the Union Pacific Railroad Company, in persisting in their refusal to supply sufficient transportation for the Weber coal, that the trade may continue to be monopolized by the coal mines in which they themselves are interested. Several remedies have been suggested, to relieve the people from the grasp of the apparently rapacious maw of a class who seek wealth at the sacrifice of every philanthropic principle, and who can evidently be moved only by an appeal to their selfishness. None of those remedies have as yet been resorted to, but they will have to be taken up before long. The public mind is gradually becoming awakened to the necessity of the people being placed beyond the reach of such an exigency as now exists in relation to fuel, and they are bound, nay they will be compelled, unless a speedy change shall come, to take some action in the premises. The remedy, when taken, should not merely have a view to temporary relief, but also to permanent freedom from the evil complained of. The means must be temporary to begin with, as a matter of course, but efforts should be put forth to make a coal famine the next thing to impossible. A narrow gauge line of railroad to the Weber mines by the shortest practicable route from this city is the only enduring cure to this scarcity of coal annoyance. There may be obstacles in the way, but we do not believe they are too formidable to be overcome if the people will go to work on such an enterprise with a will. There are several gentlemen who are ready to invest means in such a project and doubtless it can be done. Such a line would be likely to have a good business, especially if it were to pass through Parley's Park, Park City being one of the richest mining districts of its dimensions, in Utah.

Should the enterprise be taken up and pushed through, pending the arrangements a great deal of hauling, as before suggested, might be done by means of teams.

Mr. P. Margette's Benefit.—Mr. P. Margette, the pioneer and favorite local comedian, takes a benefit at the Theatre next Saturday evening, on which auspicious occasion he will be happy to appear in "Too Much for Good Nature," "The Toolies," and the "Green-Eyed Granger."

District Court.—Thursday, Nov. 23, morning. Warren Hussey vs. M. M. Hill; trial, by the Court, in progress. Leonard I. Smith vs. W. H. Lee; report of referee, his findings approved; judgment for plaintiff against the defendant for \$142.77 and costs of suit.

Homestead Patents.—The following has been announced—UNITED STATES LAND OFFICE, Salt Lake City, Nov. 22, 1876.

The following homestead patents have been received at this office for delivery to the following persons—James H. Moulton, Sheddick Holdaway, Howard K. Coray, John M. Adams, Adolph Hankamer, John S. Alexander, Martha S. Allen, Joseph W. Ash, J. M. Colegrove, John J. Ashby, Wm. S. Holdaway, Gilbert Bicknap, Harry Parker.

MOSES M. BANE, Custodian General Land Office.

Theatre.—The great play of "Henry the Fifth" will be presented at the Theatre this evening, with Mr. George Nigold in the title role. Of his masterly impersonation of this famous historical character we need say nothing further. The papers east and west have had their favorable notices of him and of this special character in which he appears, and the drama lovers of this city and vicinity have had an opportunity of judging of his quality in the same.

Two additional scenes of great interest and scope for display will be presented this evening, consisting of the famous historical battle of Agincourt, and the entry of the victorious King Henry into London. The company and the orchestra also have been strengthened. So that, the further drilling included, there is reason to expect an excellent performance altogether.

Another Robbery.—At fifteen minutes to eight o'clock last night, Edwin Liddle, who superintends the 11th Ward co-operative store, was greatly surprised by a couple of masked men stepping into the premises, each holding a pistol, the muzzles of which they pointed at his head, telling him not to move if he had any regard for his life. There being two till drawers, one on each side of the store, one of the men went to one and the other to the other, still pistol in hand, and emptied them of their contents of currency, amounting only to about five dollars, after which they went off.

Mr. Liddle armed himself and followed them, but of course they were out of his sight. It is supposed they went from there to an empty unfinished house, a short distance south-west from the store, changed their dress somewhat and then struck off from the locality, a couple of men having been seen to emerge from the building alluded to a few minutes after the robbery. A sack and handkerchief, supposed to have been left by the robbers, was subsequently found in the empty house. It is probable, anyhow, that they remained secreted there for a while until they considered the opportune moment had arrived for the commission of the robbery.
