Tanner's Appetite.  
NEW YORK, 7.—At 3.30 Dr. Tanner  
drank an ounce of light wine,  
after which he ate a small slice of  
watermelon. At 4.30 he was eating  
with great relish a piece of beef-  
steak. He did not swallow the fibre,  
but only partook of the juice of the  
meat. The doctor saw no visitors  
last afternoon, and it was re-  
ported he was in excellent spirits.

At 5.30 Dr. Tanner was resting  
quietly and in good condition. He  
has eaten watermelon in small quan-  
tities three or four times without in-  
jurious effect.

At 4 o'clock Dr. Tanner rested  
quietly. At 6 he asked for an apple,  
which he ate, then asked for and re-  
ceived two more. At 7 he was given  
a beefsteak weighing half a pound  
and partook of it. At 8 he drank  
one ounce of wine, and then slept  
until 10, when he awoke and chat-  
tered cheerfully. Dr. Work said Dr.  
Tanner was well and did not think any  
trouble would arise from his under-  
taking. He had gone against the  
advice of all physicians seemingly  
with beneficial results, and ex-  
pected the doctor to work to-morrow  
on his biography. At a late hour  
he was resting quietly.

## Hancock's Lieutenant.

General Hancock visited the head-  
quarters of the Democratic National  
Committee to-day and chatted with  
the chairman, Wm. H. Barnum,  
and Hon. W. L. Scott, United  
States Senator; Charles W. Jones,  
of Florida, also called.

## Garfield's Home.

General Garfield left today for  
his home in Ohio. He will rest on  
Sunday at Chautauque Lake. The  
people gathered at many stations  
and cheered the train as it passed.  
At Takoma the General made a  
brief speech.

## Cuba's Outrage.

Jose Pedraza, of this city, ar-  
rested at Havana and imprisoned in  
Moro Castle from the 10th to the  
17th of July last, has forwarded a  
communication to Secretary Evarts,  
giving the facts in the case.

## Victorious Messengers.

The strike of the American Pacific  
Telegraph messengers closed to-day,  
to the grand relief of business peo-  
ple. The boys got an addition of 50  
cents a week.

## Hancock's Free Ships and Tariffs.

The Herald interviewed Hancock  
yesterday regarding his views on  
tariffs. Hancock said: "I have  
very definite views on this ques-  
tion, and I trust upon others which  
concern the country's welfare. It  
was not without serious deliberation  
that I concluded to express my  
views in the letter. Two considera-  
tions prevailed; first, that a letter  
of acceptance was not the right me-  
dium through which to announce  
my final judgment on any great  
question depending for solution upon  
future legislative and careful execu-  
tive review; second, that I have no  
right to mar the present situation  
of the party by a set of expressions  
which might be construed as per-  
petrating a party platform and  
principles, with which, as I said be-  
fore, I am in full accord." The  
questions of tariff and free ships  
were so interesting to Hancock that  
he did not refuse to give a private  
discussion of them, which was inter-  
esting and at the same time  
most tantalizing to his listeners,  
whom the General refused to record  
one word of it. "No," said he, "I  
do not propose to supplement my letter  
of acceptance by any addendum. It  
is enough that I am cordially in line  
with the party and the campaign."

## Washington Monument.

The first stone in the work of com-  
pleting the shaft of the Washing-  
ton National Monument was laid to-  
day. President Hayes and other  
dignitaries were present to record  
the event. It will take about four years  
to finish the monument.

## Completion of the Census.

It is estimated it will take three  
years to complete the entire compi-  
lation of the census.

## Garfield's Tour.

HANCOCK, 7.—Gen. Garfield spoke  
as follows to the people assembled:  
"My friends, you have a town here  
named after one of the  
frances and first signers of the De-  
claration of Independence. He signed  
his name in very big letters, and  
he helped make a Nation that we  
think should be spelled with a big in-  
itial letter. That name, I have no  
doubt, will live a part of the glory up-  
on the people of your town and all  
the citizens of the United States  
of the blessings of the Nation which  
he helped found."

At Chautauque, after General  
Garfield had made a brief speech to  
a large crowd, three cheers  
were given for Garfield and  
Arthur, whereupon some one called  
for three cheers for Hancock, which  
elicited cheers and laughter. There  
were, perhaps, 8,000 people around  
the depot.

Middleton, Corning, Hornsbyville,  
Addison and Wellsville, where the  
train stopped a few minutes, crowds  
filled the depot and the General was  
called to utter a few words of  
thanks for the "disappointments."  
The party reached Jamestown at  
12.15 and took the boat for Chautau-  
que.

## The Occupation Army.

CHICAGO, 7.—A San Antonio  
(Texas) special to the Tribune says:  
The movement of the Illinois  
styled the Army of Occupation,  
which is being organized in Austin,  
are closely watched by General Fox,  
whose orders are to keep the army  
quietly in the state.

The Mexicans are reported to be ready  
to give them a warm reception.  
General Fox thinks there is little  
chance of the army being in-  
augurated by General Fox. He sent  
a conciliatory deputation to Hashim  
Khan.

Official correspondence between  
Russia and Bulgaria is published. Rus-  
sia denies the existence of any agita-  
tion, and asserts that there are no  
Bulgarian troops now in the  
country, and that none have been  
sent since the Russian evacuation.

## Violent Railroad Accident.

CINCINNATI, 7.—The Gazette's  
Waverly, Ohio, special reports three  
passenger cars in an excursion train  
returning from Niagara Falls to  
Jackson, Ohio, into the Springfield  
Southern Railroad, went through a  
watermelon. At 4.30 he was eating  
with great relish a piece of beef-  
steak. He did not swallow the fibre,  
but only partook of the juice of the  
meat. The doctor saw no visitors  
last afternoon, and it was re-  
ported he was in excellent spirits.

At 5.30 Dr. Tanner was resting  
quietly and in good condition. He  
has eaten watermelon in small quan-  
tities three or four times without in-  
jurious effect.

At 4 o'clock Dr. Tanner rested  
quietly. At 6 he asked for an apple,  
which he ate, then asked for and re-  
ceived two more. At 7 he was given  
a beefsteak weighing half a pound  
and partook of it. At 8 he drank  
one ounce of wine, and then slept  
until 10, when he awoke and chat-  
tered cheerfully. Dr. Work said Dr.  
Tanner was well and did not think any  
trouble would arise from his under-  
taking. He had gone against the  
advice of all physicians seemingly  
with beneficial results, and ex-  
pected the doctor to work to-morrow  
on his biography. At a late hour  
he was resting quietly.

## Denver, 7.—An old man named

Matthew Dowling, living on Cable  
Creek, twenty-two miles southwest  
of Golden, hanged himself in the  
cellar yesterday. The cell was not  
high enough to allow him to hang  
clear, and he therefore looped the  
roped round his neck and held up  
his feet or leaned forward till he was  
dead. Deceased was quite wealthy.  
Domestic troubles were the cause of  
the act.

## Democratic Political Items.

ATLANTA, 7.—The twenty-second  
ballot of the democratic convention  
showed no change.

When the twenty-fifth ballot was  
taken, showing no change, the con-  
vention adjourned till Monday.

Calo, Ill., 7.—Wm. Harrisell re-  
turned yesterday from his tour of  
Congress in the Eighteenth district,  
vice Thomas Heilmann, declined.

## Floods.

The recent rains have done much  
damage to the cotton crop. It is  
now thought that on the prairies  
and bottom lands that not more than  
half the cotton will be made that  
was expected four weeks ago.

Wilmington, 7.—Continuous rains  
have caused a heavy freshet in Cape  
Fear River. Advices from Fayette-  
ville report a rise of 32 feet and the  
river still rising at the rate of two  
feet per hour. The low lands are  
overwhelmed, resulting in immense  
damage to corn and cotton crops. At  
Tallmadge the water is over the top  
of the corn.

## Taken to Kansas.

FREMONT, Neb., 7.—The sheriff of  
Labette County, Kansas arrived last  
night with a requisition for the re-  
turn of the supposed Benders, here  
in custody, Kansas. He is con-  
fident that the old man is the original  
John Bender, and departed with  
both prisoners to-night. The old  
man declares he will not be taken to  
Kansas alive.

## Coroner's Verdict.

DETROIT, 7.—The coroner's jury  
in the case of the yacht *Marie*, re-  
turned a verdict to-day, charging the  
fatal collision to the gross carelessness  
and criminal negligence of the  
master and pilot of the steamer *Garland*,  
which ran the yacht down.

## Chasing the Indians.

SAN ANTONIO, 7.—Victory crossed  
to the El Paso road, 10 miles east  
of Van Horn's wells, this morning,  
making for Guadalupe Mountains,  
with Grierson only four hours be-  
hind.

## A Frontier Show.

GALVESTON, 7.—A *New* special  
from Erie says: R. J. Edwards, a  
Christian preacher, was called out  
and shot dead last night by un-  
known parties.

## Big Nosed George in Custody.

CHICAGO, 7.—A Omaha, Nebraska  
special to the *Tribune* says: Big  
Nosed George alias George Farrott,  
one of the Chicago Mobsters, who  
about two years ago laid a plan  
to ditch and rob a U. P. passenger  
train near Carbon, Wyoming, and  
who killed Deputy Sheriff Widdow-  
field and Tip Vincent, the scout  
who tracked them to Elk Mountain  
was brought here this morning down  
the Missouri river from Miles City,  
Montana, where he was recently  
captured by Deputy United States  
Marshal Irwin, who got the drop on  
him. Sheriff Rankin, of Rawlins,  
Wyoming, who has Parrott in  
charge, left for home with him on  
the noon train. The charges are  
that the friends of Widdowfield and  
Vincent at Carbon will treat him to  
a lynching as they did Dutch Char-  
ley. Big Nosed George is a desperado  
and a murderer. His arrest  
at Miles City, will probably break up  
the contemplated organization of a  
band of outlaws on the northern  
frontier, who are thought to be  
preparing to raid the Union Pacific  
and other roads, and to rob stage  
coaches.

## FOREIGN.

GREAT BRITAIN.

## Foreign Notes.

LONDON, 7.—An official dispatch  
from the British commander at  
Candahar, dated the 2d inst., re-  
ports a slight skirmishing between the  
country people and the troops occu-  
pying working parties, nothing has  
occurred the past three days. No news  
is received from Chaman Choki or  
Khetlat Ghilzai since we shut our-  
selves up. Defensive preparations  
are proceeding satisfactorily. The  
entire Pathan population have been  
driven out of the country, and the  
troops are doing well. The accu-  
sations of our loss in the fight  
with Ayob Khan is not yet known,  
but the British estimate is at  
least 1,000 were killed and  
missing out of 2,500.

The following is from Gristle,  
dated the 6th inst. Ayob Khan is  
said to be within one day's march of  
Candahar, but it is doubtful whether  
his force is sufficiently strong to  
make an attack. Large numbers  
of Ghazis are collecting around Can-  
dahar.

A cable dispatch of the 6th says  
The British are gathering in Mal-  
dand and Marat, but Gen. Roberts  
will probably not be seriously op-  
posed by the Ghazis. The British  
Army will proceed to occupy  
the tribes and arrange for sup-  
plies.

Alexander Cobden dispatch says: The  
British force to Candahar is  
delayed until Sunday. Abdurrah-  
man Khan shows every disposition  
to aid us. His brother-in-law ac-  
companied Gen. Roberts to Can-  
dahar. Abdurrahman Khan sent  
a conciliatory deputation to Hashim  
Khan.

Official correspondence between  
Russia and Bulgaria is published. Rus-  
sia denies the existence of any agita-  
tion, and asserts that there are no  
Bulgarian troops now in the  
country, and that none have been  
sent since the Russian evacuation.

all the ills that flesh is heir to," but in

Dr. C. McLANE'S LIVER PILLS, pre-  
pared by

the market being full of imitations of

but same pronunciation.
