R. G. W. TRAIN WRECKS BUGGY

Two Young Ladies of West Weber Have Narrow Escape For Their Lives.

PUPILS SCORE SUCCESS.

Tabernacle Crowded to Hear Prof. Ballantyne's Students and Singers—Industrial School Affairs.

Ogden, June 15.—Miss Mary Peterson, who, with Miss Josephine, was on a very narrow escape from death yesterday afternoon about 2 o'clock as they were attempting to cross the Rio Grande Western railway track a half mile west of the Weber river bridge. The young ladies were driving leisurely along toward Ogden in a single buggy. They heard the train whistle and observed it coming toward them southward bound, but thinking there was time to cross the track ahead of the approaching train, stepped up the horse, but it appeared balky, thus delaying getting across the track, and the train crashed into the vehicle, crushing the horse loose, but badly demolishing the buggy. The force of the swiftly moving train fortunately threw the young ladies out of the rig several feet and they fell to the ground with some force, rendering both of them unconscious. The train was quickly stopped and the police were notified. In the meantime Drs. Rich, Ogden and Conroy were summoned and quickly responded. The young ladies were carried to a neighboring house, and remained unconscious before the physicians arrived. They were covered with bloodstains and dirt, but the doctors found that no bones were broken, although they suffered from severe bruises and cuts which blood profusely, and the shock to their nervous system is severe. Miss Peterson, besides being badly bruised, had her ear badly cut, requiring several stitches to close up the wound. The young ladies are both popularly known in Ogden. Their escape from death was little short of miraculous.

RECITAL A GRAND SUCCESS.

Prof. Ballantyne's Pupils and Choir Given An Ovation.

Ogden, June 15.—The Ogden tabernacle was packed to the doors and many were turned away last evening at the recital given by the pupils of Prof. Joseph Ballantyne, assisted by the Ogden Tabernacle choir. The entire program reflected great credit on Mr. Ballantyne, who has one of the largest classes of pupils of any instructor in the city. No entrance was allowed on the program, but each number was received by rounds of applause, thus indicating that the hearers appreciated the excellent work done by the pupils. The best work of the evening was done by Miss Myrtle Ballinger, who possesses a beautiful clear soprano voice with wide range and volume, and she enters into the songs with much feeling. Little Miss Verna Van Dyke plays the piano with excellent touch and time, and for a child strikes the keys with power. Miss Florence Fisher has a powerful soprano voice for a girl of 17, and will, with a few years of tutelage, make one of the best vocalists in Ogden. Miss Maud Belnap possesses an exceptionally sweet voice, and sings much expression in her singing, and will with development get more volume. Mrs. Fred N. Hess and Miss Lou E. Mitchell both possess good soprano voices, which clearly show the excellent voice culture they have received from their teacher.

The Ogden Tabernacle choir sang three choruses in its usual creditable manner.

Walter Poulton and Miss Della Lund were the accompanists of the evening.

STATE INDUSTRIAL SCHOOL.

Board Decides to Purchase Rifles for the Boys—Bi-weekly Parade.

Ogden, June 15.—The state industrial

Office with Lambert Paper Co.

Payments for the Daily, Saturday and Semi-Weekly News should be made to the circulator. Delivery made by carrier on the same terms as in Salt Lake.

school board held a lengthy session last evening and transacted considerable business.

The excellent showing made last week by the male inmates of the school in the United Commercial Travelers' parade, caused the board to decide to have the boys give exhibition drills every other Saturday evening on Washington avenue throughout the summer. Supt. Thomas recommended the purchase of 60 Springfield breechloading cadet rifles, West Point model, for the use of the cadets, adopted. He also reported the recreation room completed for the boys, and asked the purchase of 60 steel lockers, which the board approved of and instructed him to ask for bids.

The superintendent was instructed to celebrate all holidays in a suitable manner. Yesterday being flag day, the avenue leading up to the institution was a sea of the national colors.

E. M. Conroy reported that he had increased the insurance on the building \$10,000, approved.

State Auditor Thayer reported having placed \$2,573.13 to the credit of the maintenance fund of the school.

Frank Kroll and Henry Christensen, having received sufficient credit marks, were paroled. A number of other applications were denied.

THE KNOTH DIVORCE SUIT.

No little surprise was caused last evening by Mrs. Blanche E. Knuth filing suit for divorce in the Second district court against Bernard G. Knuth, the well known druggist. The complaint alleges that they were married in this city May 2, 1898; that during the past year defendant has treated his wife in an unkind and cruel

manner, and has accused her of extravagance and wilfully doing all in her power to bankrupt defendant. Plaintiff asks for dissolution of the bonds of matrimony, restoration of her maiden name, Blanche Emerson, and such other relief as the court may deem just. The parties to the action are among Ogden's most prominent young people, and the action has caused considerable comment.

FOR BENEFIT OF UNFORTUNATES

Supt. F. M. Driggs accompanied by his wife and three instructors at the State School for the Deaf and Blind, will leave Ogden next week for Boston, where on June 27, the American association to promote the teaching of speech to the deaf and dumb holds a convention. Prof. Driggs will render two papers on the program. Many new ideas will be obtained by the teachers on the best methods to pursue in teaching the inmates. The law and light committees of the Ogden city council, appointed to consider the application of George A. Snow for a franchise to lay gas pipe lines throughout the city, have decided that the franchise in its present form should not be passed, but they will draft another franchise to be submitted in which certain concessions to the city, such as free light, etc., are set out.

WEDDING PERMITS.

Licenses to wed were granted by the city clerk this morning to the following couples: Frank R. Bailey, 37, of Hillsboro, Or., and Miss Bertha A. Noll, 25, of Ogden City. They were married at the county clerk's office by Elder W. D. Van Dyke.

W. L. Apood of Salt Lake City and Miss Rose E. Garner of Fielding, both of legal age.

BRIDES AND PERSONALS.

Judge Howell went to Logan today to hold court for Judge Mauchan.

The case of the Marriott Irrigation company against the Southern Pacific brought to recover damages, has been settled out of court.

H. H. Cardon of Brigham City has been appointed special agent for the Southern Pacific, with headquarters in Ogden.

Mary E. A. Higman, a native of England, has taken out her citizenship papers before Judge Howell.

MOUNT'S Relishes quality for the basket lunch or for the carefully prepared dinner.

PROVO DEPARTMENT

The "News" is delivered by carrier every night (Sunday excepted) at 7 cents per month. All payments and complaints should be made to R. J. Dugdale, agent for Daily, Saturday and Semi-Weekly News. Orders taken for Church News. Residence, 401 West Fourth North St.

DAMAGE BY HIGH WATERS.

Citizens' Nail Driving Brigade Makes Short Work of Fair Grounds Fence.

Special Correspondence.

Provo, Utah County, June 15.—About 150 men with hammers engaged in constructive knocking at the Utah County fair grounds yesterday afternoon. They were Provo citizens, who responded to an invitation of the county fair committee to complete the fence around the 25-acre tract leased by the company for the fair grounds. The result of the day's work is that the grounds are now enclosed. The posts and railings were all in place, and the nails were driven on the work of the volunteer carpenters, and it was done in a little over two hours. Most of the business houses closed, and the clerks and merchants and professional men vied with tradesmen and farmers in the good work.

HIGHEST WATER OF THE SEASON.

That all signs fall in rainy weather is probably the reason why the "snow coral" sign as a high water indicator is a failure this spring. The snow has been gone from the "sheep coral" for some time, and according to those who have made a life study of local conditions after that there should be no danger from increase in high water in the mountain streams. But the Provo river raised to the highest point of the season yesterday or the night before, and as a result some of the lands in Lake View precinct immediately on the north of the river, and some of the lowlands west of the old Fort field have been overflowed. The river is now apparently falling, and with energetic work being done by the farmers it is not considered that there is danger of extensive damage, if there is no further rise of the water. Reports from the highlands in the county east, which

from the watershed of the river, are to the effect that in many places on the plateau there are several feet of snow when the country is usually bare this time of the year, and the recent rise in the river is from the country near the head of the river, and its tributaries.

The county commissioners have been watching the bridges on the river, to report evidence of danger to their safety, but so far there is no indication that they will be damaged.

DIVORCE ASKED FOR.

Mrs. Caroline Radmull of Pleasant Grove has brought suit for divorce in the Fourth district court against Samuel Radmull. Defendant is charged with cruelty, counseling a striking plaintiff and her minor children. The custody of one minor child and \$20 a month alimony is asked for. The parents were married in Utah county, Sept. 7, 1904.

GARDEN CITY NOTES.

Flag day was observed by a generous display on private and public buildings, many of which were also draped in national colors.

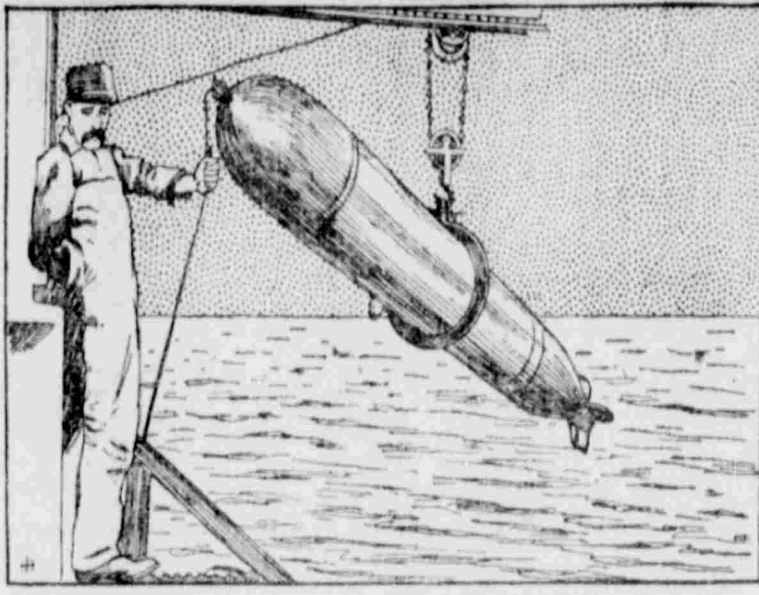

Mrs. David Graham, formerly a resident of Provo, died at her home in Boulder, Colo., last Sunday. Her daughter, Mrs. A. E. Taylor of Lake View, went to her mother's bedside some time before her death.

H. S. Pyne, who is studying medicine at the George Washington university, Washington, D. C., is at home for the vacation.

GARFIELD EXCURSION

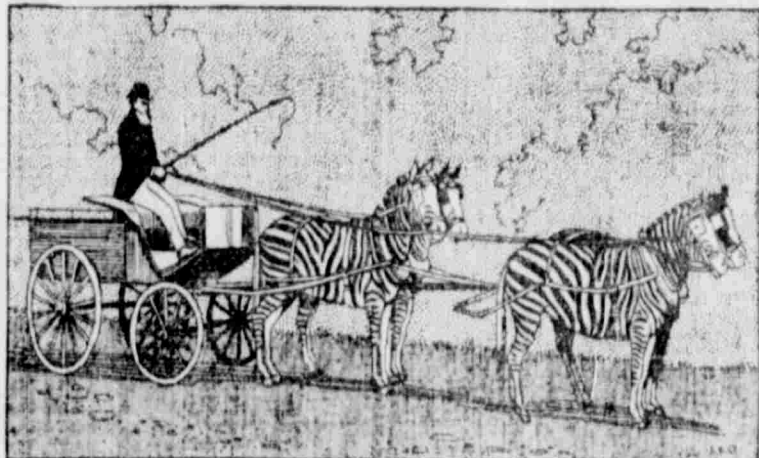

Sunday trips to busiest spot in Utah. Round trip 50c. Trains at 11:30 a. m. and 3:30 p. m. Great Salt Lake at its best. World's greatest copper smelter. New model town on the shore. Broom the hills and view the mammoth improvements.

THE LATEST ENGINE OF WARFARE.

The Bliss-Leavitt turbine torpedo, shown in the picture is believed to be far more destructive than the Whitehead device. It is an American invention and is so well thought of by the naval authorities that it will be adopted, in the belief that it will prove to be the most destructive weapon of modern naval warfare. It will travel about ten knots faster than any other torpedo and twice the distance. Each torpedo costs \$2,000, and the government has already appropriated \$2,000,000 for a supply of them.

MEMBER OF PARLIAMENT'S ORIGINAL TURNOUT.

Walter Rothschild, member of the British parliament from Mid Bucks and of the famous house of international bankers, is the owner of three zebras which are broken to harness. The zebra is not especially rare, but the disposition of the animal is so notoriously bad that it has been regarded as a hopeless case. It is not to be depended on and resents any effort at restraint. Mr. Rothschild's feat of driving his zebras in four-in-hand harness attached to a road wagon is unique. The fourth member of this quartet is a pony.
