SENATORS

Do Not Yet Appear Weary of Harping on the Tariff Bill.

NORTH DAKOTA DEMOCRATS IN CONVENTION.

Imposing State Ceremony in Rome, Wherein the Pope Figures Prominently.

By Telegraph to the NEWS.

SENATE.

Consideration of the Tariff Bill Resumed.—A Short House Programme.

WASHINGTON, Aug. 6.—The Senate resumed consideration of the tariff bill, the pending question being on Morgan's amendment to the paragraph in regard to iron ore. Gorman spoke at great length in favor of a reduction of the duty on Bessemer ore, having, in the course of his remarks, colloquies with Sherman, Cullom, Spooner, Blair and other senators. Gorman said with a reduction of the duty on foreign Bessemer ore the result would be that steel ships could be bought as cheaply in Baltimore as on the Clyde. With that advantage, he said, the prediction of the great republican Secretary of State would be verified.

Frye—The Secretary of State has been quoted several times in the Senate as arguing that the McKinley bill did not in any of its features open up markets. Now the Secretary of State was dealing in that letter entirely with foreign, and not home markets. I do not understand that in our protective tariff there is an especial purpose to open up foreign markets. It is the purpose of a protective tariff to create a home market, which is worth infinitely more than any foreign market, and that was undoubtedly the understanding of the Secretary of State, and not a purpose to reflect at all on the McKinley bill, except so far as that there was nothing in it intending to open up foreign markets, and he desired to have something put in it in the way of reciprocity by which the foreign markets might be opened up.

GRAY SINGE.

of the "remarkable gloss put by Frye on Blaine's letter," and to went on to read extracts from the letter to show that Frye's interpretation of it was not a natural or correct one.

Frye stated in reply to Gray, that Blaine had criticised the bill simply in reference to the provisions making sugar free. In his judgment Blaine had simply criticised it because the free sugar provision was not accompanied with a provision that would open up the markets of South American countries to the products of American farms. Here was another criterion made by Blaine on the McKinley bill, and he himself sympathized strongly to that criticism.

Gibson denied the statement that Blaine's letter referred to sugar alone, and asserted that it referred to hides and wool and furs. The Secretary stood committed, Gibson said, to the broad policy of reciprocity with the South American and Central American States.

Morgan withdrew his amendment in order to allow Gorman to offer an amendment restoring the duty on iron ore from seventy-five to fifty cents per ton.

Plumb moved to amend the amendment by making the rate sixty cents.

Gorman accepted the amendment. The amendment was rejected—yeas 22, nays 29. The paragraph was then agreed to as reported by the finance committee.

Vance moved to reduce the duty on pig iron from three-tenths of a cent per pound to 25 a ton.

Without disposing of the amendment, the Senate adjourned.

House.

WASHINGTON, Aug. 6.—Reed (Me.) presented the conference report on the original package bill. The report leaves the bill exactly as passed by the Senate, and is denounced from by Oates (Ala.), one of the conferees. After debate the conference report was adopted—yeas 129, nays 87.

The House then went into committee of the whole on the general deficiency bill, but without disposing of the bill the committee rose and the House adjourned.

THE POPE OF ROME.

A Great State Ceremony. The Ill-Health of His Holiness.

ROME, Aug. 6.—In order to officially contradict the persistent rumors of his ill-health, the Pope celebrated high mass today in the Pauline chapel. It was made the occasion of a great state ceremony. His holiness was surrounded by his entire court. Although he looked very pale, it was evident that his health and mind are as vigorous as ever. He walked down the long aisle of the chapel with a singular majesty of bearing and without the slightest assistance. He even discarded the use of the walking stick he has so invariably used of late.

His Holiness has expressed himself as extremely grieved at the anti-Christian policy of the Italian government, which is suppressing all religious guilds and seizing their property. This will necessitate the closing, in Rome alone, of no fewer than twenty-eight churches, several of which will speedily be turned into cafes and theatres, while others will be razed to the ground. The Church of Piet, which for centuries has belonged to one of the leading religious guilds, has been sold to a big German brewing company, and will forthwith be turned into a large beer saloon. Placat is are out announcing a grand ballet and concert for the opening night. They are flaring and alluring, as much so, in fact, that even the newspapers are protesting against what they call the desecration.

Another large church association with memories of Michael Angelo will be converted into a theatre and dancing hall. The Pope never fails to protest against this sacrilege and has again sent a memorial to the King upon the subject.

There is much ill-health in Rome. A sudden and violent outbreak of human fever is making havoc among the natives. There were over three hundred deaths from this cause last week and the epidemic is on the increase.

North Dakota Democrats.

GRAND FORKS, N. D., Aug. 6.—The Democratic State convention met in this city today. Resolutions were adopted declaring for a tariff for revenue only; favoring reciprocity or free trade wherever such policy will open a market for our productions, and favoring a resubmission of the prohibition question. Free coinage of silver is also favored. The following ticket is nominated:

Congressman, John D. Benton. Fargo; governor, W. N. Roach, Larimore; lieutenant-governor, George E. Garrel, Richland; secretary of State, F. A. Wilson, Rathgate; auditor, C. E. Mesech, Morton County; treasurer, T. R. Baker, Bismarck; attorney, General J. V. Brooks, Devil's Lake.

Democratic Convention.

CEDAR RAPIDS, Aug. 6.—The democratic State convention met this morning. After the appointment of the usual committees the platform was adopted. It declares in favor of tariff for revenue only, denouncing the McKinley tariff bill, favoring reciprocity, not only with South America but with all nations.

The convention also adopted a plank demanding the free coinage of silver and making it a full legal tender for all debts, public and private. It denounces the federal election bill as a menace to the freedom and purity of elections, and denounces the republicans in Congress for supporting the arbitrary course of Speaker Reed.

At the afternoon session E. G. Phelps was chosen permanent chairman. The following ticket was nominated: For secretary of State, W. T. Chamberlain of Independence; treasurer, A. L. White, Wayne County; judge of the supreme court, F. H. Wolf of Clinton; railroad commissioner, Peter A. Day; supreme court reporter, Theodore W. Avery.

The Odd Fellows.

CHICAGO, Aug. 6.—The exercises in connection with the great triennial encampment of the Patriarchs Militant, I. O. O. F., were continued today. A spirited rivalry has developed among the cantons which are participating in the competition for the valuable prizes offered. Early this morning a number of cantons were out on the Lake front and elsewhere, industriously drilling, with a view to perfecting their work, and it is safe to say that the bodies which carry off the honors will be compelled to show a very high degree of efficiency.

More than ordinary interest was manifested in the work of the Rebekah Lodge this morning, the attendance being much larger than at any previous session. Fidra Lodge of Chicago opened the session, and then America Lodge of Columbus opened the exemplified work, and was followed by Nana Lodge of the same city, Edra Lodge, of Richmond, Ind., followed.

The South Fork Dam.

PITTSBURG, Aug. 6.—It has about been decided by the members of the South Fork Fishing and Hunting Club to donate its property at the famous South Fork dam to the Pittsburg Fresh Air Fund Association.

To Keep Them Out.

LISBON, Aug. 6.—A military cordon is established around the city to prevent the entrance of any person from the cholera-stricken districts.

Abortionists Indicted.

NEW YORK, Aug. 6.—The grand jury today found indictments for manslaughter in the first degree against Dr. McGonigal, Mrs. Shaw and August Harrison, implicated in the death by malpractice of Annie Goodwin, the cigar-box girl.
