

LIFE INSURANCE MAN IS MISSING.

Lauritz Lauritzen Mysteriously
Drops Out of Sight in
This City.

NO CLUE TO WHEREABOUTS.

Home is in Glenwood, Sevier County,
Where Family and Friends Are
Greatly Distressed.

Where is Lauritz Lauritzen of Glenwood, Sevier county, Utah? This is a question which the southern town is trying to answer, and so far without result. Lauritz Lauritzen has been missing since Feb. 7 of this year, on which date he wrote his wife, Tena Lauritzen, from Salt Lake City, enclosing \$25. This money he had earned as agent for the New York Life Insurance company. Enquiries have been sent out for him but none have brought tidings of his whereabouts. A state of anxious unrest on the part of his wife is now

becoming one of serious concern. He was a sober man, of steady habits, and during 1904 was town marshal of Glenwood. He was superintendent of the Glenwood Sunday school, and was an active church worker. Everyone who knew him had the greatest respect for him, and as a member of the community he was rated high.

On Jan. 11 of this year Mr. Lauritzen left his home to accept a position with the New York Life Insurance company. He traveled for them over the southern part of Utah, and on Feb. 7 wrote his wife from Salt Lake. This is the last heard of him.

Enquiry by the "News" at the New York Life company's office did not throw any light on the situation. The company regards his disappearance as much of a mystery as does his family and town people. The record shows that he was employed for a short time this year as a solicitor of insurance, and that he disappeared without giving any notice soon after his employment. His account, however, was balanced, showing that he did not owe the company a cent. One employee of the headquarters recalled a letter from him in which there was a reference to a contemplated trip into Idaho, but the letter is not in file.

Lauritzen is described as a man 32 years of age, weighing 165 pounds, 5 feet 10 inches high, with gray beard and mustache. In nationality he was a Dane. Five years ago he returned from a mission to his native country for his chosen wife.

TEN THOUSAND OUT AT SALT LAIR.

Real Estate Day at Famous Bathing
Resort Was a Veritable
Hummer.

BIG DRAWING WAS A FEATURE

List of the Winning Numbers, the
Holders of Which Are Entitled
To Prizes.

It was real estate day at Saltair yesterday, in fact as well as name. Every visitor brought his souvenir of Salt Lake land, and left it on the platform and in the pavilion. It was the one day of the summer that a downpour of rain has occurred, but in the explanations of the happy and smiling real estate men, this was merely to raise the lake so that bathing would be improved. Early in the afternoon the crowd was small, but the hosts looked happy and watched the trains. At 4:15 o'clock a long train pulled in packed to its extreme capacity, and at 7 o'clock a longer train pulled in carrying crowds on the tops of the cars, a condition which prevailed until the 7:45 train had arrived. At that time the smile of the real estate men was just as fixed as at 2 o'clock, when the beach was almost deserted.

The pavilion was packed both on the lower floor, where luncheon parties filled the tables, and on the dancing floor, where for once in the history of Salt Lake the crowd was too big to make dancing possible for half an hour preceding 1 o'clock.

At this hour the incoming crowd relieved the pressure sufficiently to allow dancing with comfort and from then till after midnight a merry crowd tripped the time away on the big floor. The damp shoes were the polish of the floor, but that didn't count for much with the throng.

CROWD ESTIMATED AT 10,000.

At 10 o'clock careful estimates placed the crowd at 10,000 people. The 11:30 train, scheduled to be the last, could not carry anywhere near all the crowd, and two subsequent special trains had to be run to bring in those who were left. The car service in Salt Lake was ample to care for the crowd coming in after midnight. An abridged circuit was run even for the last train so that the tired pleasure seekers found their way to their homes without inconvenience even when they came in long after midnight.

BATHING WAS EXCELLENT.

It was late when the crowd began to try the water. On account of the keen wind that was blowing it was feared that the water would be too cold, but those that went in found it not so. Once wet over if one was careful to keep in the water he had only the best sort of a swim. The waves rolled high and added a zest to a dip in the water. That is not often but the bathers were not numerous, but those who were in will long count it as one of the best dips of the season.

DRAWING ATTRACTED CROWD.

At 10:45 o'clock real estate men with megaphones announced the drawing of prizes on the balcony between the two main stairways to the dancing floor. This brought the crowd to the main floor in front of the stairs, and there they listened to the announcements while watching their tickets to hear if their numbers were read. The tickets were taken out by little Mary Knowlton and passed to Gov. Cutler, who read the numbers, after which Announcer Sadler called them in and this number of tickets were drawn, each ticket being good for the prize it corresponded with in the order in which they were arranged.

OF INTEREST TO ALL WOMEN!

Some Recent Testimonials to the Merits of Pe-ru-na.

A Woman's Gratitude.

MRS. BELLE NEWELL, 722 Madison St., Topeka, Kas., member Knights of Protective Art and North Topeka M. E. Church, writes, as follows:

"I was not able to do my work or leave the house on account of female weakness, but found in a short time after I began using Peru-na my condition improved. I kept on using it until I was once more a perfectly well woman and as I did not use any medicine but Peru-na, I feel that all the praise is due to your medicine and I am pleased to write and tell you about it."

MRS. LUTIE WARD.

MRS. BELLE NEWELL.

Health in a Precarious Condition—Restored By Peru-na.

Mrs. Lutie Ward, 901 East 6th street, 1st floor, Kansas City, Mo., writes:

"A few years ago my health was in a very precarious condition, the result of womb trouble and general debility."

"I suffered a great deal and was glad to try Peru-na when it was recommended to me so highly."

"I found it very beneficial. In a short time the pains greatly decreased and in two months I was completely restored. I am pleased to endorse it."

Wrote For Dr. Hartman's Advice, Enjoying Good Health To-day.

Miss Emelie A. Haberkorn, 2201 Gravois Ave., St. Louis, Mo., writes:

"For over two years I was troubled with catarrh of the pelvic organs."

"I heard of Dr. Hartman's book 'The Ills of Life.' I read it and wrote to the doctor, who answered my letter promptly. I began taking treatment as soon as possible."

"Tongue cannot express how I suffered with my stomach. I didn't feel like myself for a long time."

"So I began taking Peru-na. I have taken four bottles, and now I cannot praise it enough."

"I feel grateful for what the Doctor has done for me, and would not be without Peru-na."

Pelvic Catarrh Explained.

The pelvis is that portion of the human anatomy that lies immediately below the abdomen.

The pelvis contains a number of very important organs.

These organs are lined by mucous membrane. The mucous membrane is liable to become affected by catarrh.

When they are so affected, they produce disturbances which have been called by various names, disseminating the notion that what is in reality catarrh of the pelvic organs is many different diseases.

Peru-na Cures One Disease—Catarrh.

This form of catarrh is rarely recognized, but almost always is called something else.

This misleads the doctor and the patient and a great deal of treatment is resorted to that is of little or no use.

Peru-na cures catarrh wherever located. The catarrh may be located in the pelvic organs or any other of the organs of the human body.

Peru-na is an internal systemic remedy, reaching the catarrh anywhere.

This has given rise to a notion that Peru-na cures many diseases.

Peru-na Not a Cure-All.

Peru-na is not a cure-all. It cures only one disease, and that is catarrh.

Close scrutiny always reveals the fact that whenever Peru-na makes a cure, catarrh was the cause of the difficulty.

the celebration to be given in Liberty park on the 24th inst., under the auspices of the Sunday schools of the five stakes.

If there are any of those pioneers residing in the localities named who have not received such special invitation, it is requested that their names and addresses be sent by postal card, to D. M. McAllister, 232 West First North street, Salt Lake City, and the omission will be made.

This applies also to pioneers of 1847 residing elsewhere, who may be visiting Salt Lake City on the occasion.

AUDITOR SOUNDS NOTE OF WARNING.

In a letter to the county commissioners, County Auditor Fisher calls attention to the increase of expenditures the first six months of this year over the same period last year, which amounts to \$10,403.03. He further states that at the present rate the expenditures for the entire year will reach \$204,320.06, which is \$84,000 more than will be realized from taxes this year at the rate of taxation fixed for last year. It is evident, therefore, that the commissioners will have to materially cut down expenses in the various departments or increase the tax levy. The letter from

the auditor and the accompanying statistics follow in full:

AUDITOR'S LETTER.

Hon. Board of County Commissioners, Salt Lake City, Utah, Gentlemen—

I respectfully transmit herewith for your information statements showing:

First—Total expenditures for the first half 1905 compared with first half 1904.

Second—Total receipts for first half 1905 compared with first half 1904.

Third—Total warrants outstanding June 30, 1905, drawing 5 per cent interest per annum.

Fourth—Total available cash applicable to add outstanding indebtedness.

Fifth—Assessed valuation in detail and in total of all property in Salt Lake county for 1905.

I respectfully call your attention to an increase in the expenditures over first half of last year of \$10,403.03, and that the present rate of expenditures will reach the sum of \$204,320.06, which is about \$84,000 more than will be realized from taxes at last year's rate on this year's valuation. Respectfully,

L. M. FISHER, County Auditor.
