

SPECIAL BUSINESS NOTICES.

FRUITFULNESS (NEW ZEALAND FLAX.)
A small quantity of seed just arrived in splendid condition.
Very handsome for ornament; superior to Manila in strength and durability; nearly as fine as silk; yield two tons per acre per annum; market value \$50 to \$100 per ton; (See *Journal of Agriculture*, vol. 11, No. 13.)

The collector of this seed writes from New Zealand, May 29th, 1877: "Seed collected this month from very fine plants growing on good dry land, water near; leaves average ten feet in length, flower stalk 13 feet." Sow in bed, transplant six feet apart.
Sample packets post free, 50 cts.
Woman's Commission House, Salt Lake City, d 196 2 w

RED CANYON AND ROCK SPRINGS COAL.—The only reliable market for lump, assorted and egg coal. Large stock always on hand, and full weight guaranteed. Prices low, and special attention given to suit the wants of the public. Office, Deseret Bank Block, 221
A. GOULD, Agent.

Ashtoria Cured.
HALLOCK, Illinois.

R. V. PIERCE, M. D.
Dear Sir—I have been afflicted with the Asthma seven years. Last Spring I took five bottles of your Discovery, and I had no return of the Asthma during the Summer. In the Fall it returned and I commenced taking your Discovery, and was soon entirely relieved again. I have heard of others being cured of Asthma by using your Discovery, and yet you are silent about the medicine being good for this disease. I know that nothing else could have effected the cure, for I took no other medicine.
Yours truly,
P. W. CRADY.

Grand Excursion to Logan.
The U. C. R. R. & N. R. R. will run a cheap excursion to Logan, Cache Valley, Monday, July 23d, at which place there will be a Grand Celebration, July 24th. The amusements will consist of Trout Fishing, Swimming, Conic pitching, Croquet, Base Ball, Dancing and a half-mile running race between the Logan Horse "Barney" and the Bear Lake Horse "Doc." To conclude with a magnificent torch-light ball, under a large and commodious bower erected expressly for the occasion. Music by the celebrated Olsen Band. Fare for round trip \$2.50.

For further particulars see posters.

BUILDING and ROOFING PAPER at H. Dinwoody's Furniture Store. d 151

IT IS CLEARLY the duty of the Board of Health, under existing circumstances, to suggest, at least, if not to order, all persons living in infected districts where diphtheria, small pox and other contagious maladies prevail, to make use of GLENN'S SULPHUR SOAP in place of those soaps which either possess no prophylactic or remedial properties, or actually exercise injurious morbid effects on the skin of those who make use of them. The plan would be beneficial.

Hill's Hair and Whisker Dye, black or brown, 50 cents. d 6 w

For Chicago and the West.
If you travel by the short cut, quickest, oldest, best, and safest route between Omaha and Chicago, you must buy your tickets via the Chicago and North-Western Railway. Its fares are as low as the lowest. Pullman Palace Drawing-room Sleeping Cars are run on its through express trains. Early in the coming Spring the celebrated Pullman Hotel Cars will be run by this line and this line alone, between Omaha and Chicago. All coupon tickets against the tickets via this route. Buy by no other route.

GRAIN FOR EXCHANGE.—Parties travelling to Southern Utah or Arizona, desiring to exchange wheat or flour in this City for wheat and other grain in Beaver County or at Beaver City, can do so by applying at this Office. 138

PRICE OF GOLD.
Corrected daily by Deseret National Bank. Salt Lake City, July 12, 1877.
Buying at \$104. Selling at \$105.

LOCAL AND OTHER MATTERS.

Thermometer 83 degrees F. in the shade at 1 p. m. to-day. Clear, light breeze.

Calls and Get Them.—There are dispatches at the Western Union Telegraph Office for G. Condie and James McGhie.

The Islands.—Brother Charles Shelton, of Heber City, has forwarded us, for publication, an interesting letter from Elder James Keeler, now on the Sandwich Islands. The reason why it does not appear in the NEWS is that most of the information it incorporates has already been published in communications recently received.

Cattle Dying—Accident.—The Ogden Journal states that cattle are dying "thick and fast" in some portions of Cache. Cause—salmonella in the sloughs and marshes from which they drink.
Stock on the high grounds are poor, for want of salt in the feed.

The same paper states that a seven-year old son of Mr. Fred W. Ellis, of North Ogden, recently had one toe accidentally cut off and two others badly cut, by an axe in the hands of another boy.

Hand Mashed.—Yesterday afternoon D. Reese, an employe at the Watchcase Smelting Works, near Cottonwood Station, on the Utah Southern Railroad, had the misfortune to have his right hand badly mashed, between a couple of cars, while a train was being switched. It is the opinion of Dr. Hamilton that it will be necessary to amputate a portion of the injured hand. The patient came to town and went to St. Mark's Hospital.

Rally!—Thus far the Sunday School children have turned out commendably well to the rehearsals for the forthcoming Jubilee. There has been, however, a noticeable absence of young men and young ladies. There will probably be many visitors from the country on the Twenty-Fourth, and the youth should turn out numerously and prepare to make the affair a success and a delightful treat to all.

The Temple.—On the north-east quarter of the Temple walls, five courses have already been completed, and to-day, the engine was moved to the north-west quarter, preparatory to putting five courses on that part. The arches over the windows on the quarter upon which the masons have lately been at work are all turned. President B. Young, accompanied by Brother T. O. Angel, the church architect, was on the ground to-day, and inspected the work.

The first water table is being laid, and is already set around about one-half the entire building.

To those interested in the building of the Temple, a visit to the block will prove interesting.

New School House.—A meeting of the Bishop and Counselors and brethren generally of the 21st Ward was held, at the 20th Ward School House, last evening. A portion of the business transacted was arrangements for the speedy commencement of the erection of a Ward School House. Those who were present subscribed, in the aggregate, about six hundred dollars towards that object.

It was decided to commence at once, the erection of a suitable building. It will be about 25 feet wide, by 43 feet long. It will have a rock foundation, with a rise of about three feet above the ground level. The walls are to be of brick, 12 inches wide; the ceiling 18 feet high, and the floor double.

The number of windows will be six, 4 feet wide by 8 feet high, with segment heads. The interior of the walls are to be wainscoted about four feet high from the floor.

A liberal and unified feeling was manifested at the meeting.

Fire at St. Charles.—We learn from Brother L. B. Hunt, of St. Charles, that "Independence Day" was notable at that place because of a fire. Flames broke out, supposed from juveniles exploding fire-crackers, on Brother Jonathan Pugmire's premises, consuming a stable, shedding, &c.

A brick wind carried the fire almost across an entire block, destroying similar improvements on the premises of Brothers V. M. Pugmire, C. G. Keefe and Charles Pearce. The flames next took hold of Isaac Hill's and N. Williamson's premises across the street, but were there extinguished before doing much damage. The loss will probably not exceed \$1,000.

The people of both sexes and all ages turned out and worked energetically and bravely to save the property of their neighbors.

In that part of the country the weather is warm and grasshoppers are numerous. The latter have not damaged crops as much as was anticipated.

The rock foundation for a new meeting house, 50 feet by 32 feet, has been laid, and the necessary lumber for the structure is on the ground. The Ladies Relief Society has commenced the erection of a good building, to be used as a store.

R. H. Reed, J. Pugmire & Co. have nearly completed a new store building.

St. Charles has two day schools. It also has an excellent Sabbath School, under the able direction of Brother W. M. Alfred.

THE FOURTH IN THE SETTLEMENT.

At daybreak, a salute, of thirty-eight guns, was fired, the Stars and Stripes were hoisted on the liberty pole, and unfurled to the breeze. At sunrise another salute was fired, by the infantry, under Captain A. Carter. The leading citizens, at their residences, were aroused, by the string band.

At 10 a. m. a signal was fired, summoning the people to the town square. Assembly called to order by George T. Wilson, marshal of the day.

Prayer by Wm. Hayward, Chaplain. Music by the choir, with organ accompaniment; reading of the Declaration of Independence, by Wm. G. Baker. Orator by Hon. Wm. Morrison, Orator of the day; speeches by Simon Christensen and L. E. Christensen. Solos, on the corner, by Geo. Tutton, Patrick Doolan, and comic songs and duets, by Wm. G. Baker, Miss Annie Doolinger, Mrs. Annie and Mary Farmer, Mrs. Clara F. Young, Miss Jennie Hallstrom, Mrs. Edith Winsor and Mr. B. W. Seabury. Hymn by the choir.

Benediction by the Chaplain. In the afternoon the youth of the town repaired to the public green, where swings were erected for the occasion, and foot and horse racing and other amusements were engaged in. Dance in the evening. Committee of arrangements—Hon. Wm. Morrison, Wm. G. Baker, Geo. T. Wilson.

JNO. A. HALLSTROM, Reporter.

GLENNWOOD.

Artillery salute at daybreak, under the direction of Captain Hyrum Palmer, hoisting of Stars and Stripes, the band, and the playing of Prof. George Wardle's string band. Procession on the streets and to the bower, under the direction of Joseph L. Watt, Marshal of the day.

Society services opened with singing, by the choir, under the leadership of George Wardle, prayer by Charles George Powell, singing, reading of the Declaration of Independence, by Thomas Bell. Orator by Thomas Jackson; speeches by A. T. Oldroyd, L. W. Pierce and others. Musical music, singing, reading, benediction by the choir.

In the afternoon there was a dance for the children, and in the evening the same for the bigger folks.

Cremation.—The furnace prepared for the cremation of the remains of the late Dr. C. F. Winslow was completed last evening. It is twelve feet long, four feet six inches wide and five feet high. It is built with two stacks, one at each end, that the fire may be controlled by dampers, thereby confining it to the under side of the bed where the body was to be laid, and which is formed with three-eighths of an inch boiler iron. If the heat should be found insufficient the flame could be thrown over the body as well as under the plate, rendering reduction speedy and certain.

The furnace was tested to-day, a shank of beef enveloped in a cloth covering, having been placed in it, at twenty minutes to twelve, and it worked satisfactorily to those interested, the process of reduction being quite rapid.

Our last information upon the subject was that it was not yet certain whether the remains would be cremated after all. A dispatch was received this afternoon by the friends of the deceased in this city, from his five children, in the east, requesting that the cremation should not take place, and that the remains be at once forwarded to them for interment. They further stated, we understand, that they were willing to assume all moral and legal responsibility in setting aside that portion of the will and testament of the deceased which relates to the disposal of his body.

Liberty.—Superintendent Sharp, of the U. C. R. R. & U. S. R. R. has voluntarily given most generous terms to enable visitors north and south to attend the approaching jubilee, on the Twenty-Fourth.

For the trip from York and intermediate stations to this city and return, the fare will be one dollar for adults and only 25 cents for children. The fares from Ogden and intermediate places to Salt Lake and return will be the same as from York.

These terms will be likely to induce many country people to take advantage of so good an opportunity to visit this city and attend the jubilee.

Complimentary.—We learn that Superintendent Sharp has generously placed a couple of cars at the disposal of the Tabernacle Choir, free of charge, on the occasion of their proposed excursion, on Tuesday, July 17th.

The Twentieth Ward Choir, quite a number of the members of which are also connected with the Tabernacle band of choristers, will join in the excursion.

The party will doubtless have a good time. The choir deserves encouragement, any courtesy like this excursion is an acknowledgment of public services cheerfully and efficiently rendered.

Gaines is Gone.—Gaines, who made an attempt to escape from his guard at the County Jail, a few days ago, and was shot and captured by Deputy Sheriff Burton, has escaped again.

Being under surgical treatment, for his wound, he was confined in an upstairs room of the Court House. It appears he tore his bedding to shreds, and attempted to escape from there, fastened the line to the stair banisters, and let himself down by it from a window, about three o'clock this morning, and is now on the street.

D. A. and M. Society.—The directors of the Deseret Agricultural and Manufacturing Society are requested to meet at H. Dinwoody's furniture store, on Friday, July 13th, at half-past 7 p. m. A full attendance is requested.

H. P. FOLEY, Secretary.

Write Only On One Side.—In writing for the press, write on one side of the paper only. It is very inconvenient to the printer to have pages written on both sides of the paper. Write legibly, especially names and dates.

CORRESPONDENCE.

Labels and Travel.

PAWTHUCKET, R. I., June 25th, 1877.
Editor Deseret News:
Dear Brother—A few days since I received a letter from Elder S. Robinson, who has been laboring in Maine since January last, announcing his early departure for Zion, as his health is too poor to admit of his prosecuting missionary work with vigor, even if his present offer of opportunities to do so, which he does not, though he has done much preaching in private and some in public.

Soon after the receipt of Elder Robinson's letter I received one from Elder J. H. Skinner, dated Chelsea, Vermont, giving a detailed account of his travels and labors for some time past. He had been laboring with Elder Robinson in Maine for some months, but since three weeks before writing he had left Elder R. and set out for Vermont to visit his relatives. He had started from the western part of Maine on foot, making the best of his way thence across the northern part of New Hampshire, to the central part of Vermont, travelling by rail when practicable, but often having to take long journeys on foot, through forests, wilderness, swamps, etc., sometimes hungry, and often cold, and, in some cases, with the aid of the Master's work, which so many of the servants of God, in ancient and modern times, have had to tell of, labor, fatigue, anxiety and privations for the sake of the Master's work.

In these journeys Elder Skinner had met no good openings for preaching, and very few friends, but had at length reached the house of a hospitable relative, whence he was writing.

His return will leave me the only Elder in this district, as I am now alone and have been for some time. In fact, I have been alone most of the time since leaving home, and from my experience in travelling, with or without companions, I can well appreciate the wisdom of the Saviour in sending forth gospel messengers "two by two."

As the telegraph has no doubt conveyed to you intelligence of the disastrous fire at Marblehead, Mass., by which the business part of the town, including stores, business blocks, shoe factories, &c., were destroyed. One year ago, this present month, I first visited Marblehead and called upon Brother John Proctor, a veteran saint, and formerly president of the Marblehead branch. He received me as one coming in the name of the Lord should be received, and told me of a number of persons who, he thought, would like to hear a "Mormon" Elder preach.

We made three or four applications for a hall, but failed to procure one, and an out door meeting was decided upon.

The first one was well attended, and was followed by others, five in all, in the course of a few weeks. As the telegraph has no doubt conveyed to you intelligence of the work of the Prophet Joseph Smith, to expound the same unto the people, and to faithfully warn them, as the scriptures have testified, of the judgments to come upon them, except they repented. But my words failed to rouse them from their apathy, and no hall having yet resulted from my labors there, though I have frequently visited the town since the meetings were held.

Your brother in the Gospel,
B. F. CUMMINGS, Jr.

There is seldom a line of glory written upon the earth, but a line of suffering runs parallel with it.
