

NEWS NOTES.

They are talking of a return to hemp in Iowa. Nothing else seems strong enough to tie up the murderers.

There are 4,000 houses vacant in Brooklyn. The climate is not strictly conducive to domestic happiness.—*Cincinnati Times*.

An underground railway has been opened at Constantinople. It communicates with different sections of the city, and trains are run every five minutes.

A loving wife, in West Hoboken, rebuked her husband by throwing weiss beer bottles at his head. He returned the compliment with soda water bottles and beer glasses.

More Americans than foreigners were committed to the city prison of Boston during the month of May, which has never occurred before since the establishment of the prison.—*Ex.*

The President has been receiving daily since the publication of his third term letter numerous letters from all parts of the country congratulating him upon that document.—*Washington Star*, June 4.

Of late some spiritualists have accepted the doctrine of reincarnation or transmutation of souls, basing their belief upon the supposed instances of materialization, and there is a likelihood of a schism.

A negro in Baldwin County, Ga., poisoned himself lately by eating a small piece of root which he supposed to be angelica. It was probably the poisonous American hemlock. He died in a few hours.

It is now suggested that President Grant may write a book. For this consummation his enemies are wearing out the knees of their trousers in earnest supplication.—*St. Louis Republican*.

The Chicago *Times* profanely calls soda water "vitriolic swill," and hopes that the explosion of the Boston drug store may help to discourage its use. "Vitriolic swill" is rhetorically ornate and expressive.

The cost of starting a new paper may be inferred from the fact that it required five years and nearly two hundred thousand dollars to get the *News* where it could pay its own way.—*Boston News*.

An old gentleman arrived from Europe on Friday, and he had no sooner entered his hotel than some one spoke to him about the Beecher trial. "What," said he, "aint that thing over yet?" And he sailed for Europe on Saturday.—*New York Mail*.

The Chicago *Times* Washington correspondent says that Senator Jones laughs at his recent loss of \$700,000 in Panama stock speculations, as it is "a mere flea bite" to him. He is just about buying two of Ben Butler's granite palaces near the Capitol building.

Universalism says, the *Christian Leader*, has advanced more in New York and Brooklyn during the past seven years than in the forty years previous. The number of churches have been about doubled, and churches that were then feeble missions are now strong.

The simple faith of a Virginia Christian is aided by his faith in man. He was asked if he thought Stonewell Jackson was in heaven. "Wal," said the old gentleman, "I reckon he is if he started for that place. He always managed to get round in time."

The *Imparcial* of Madrid says the Spanish government has decided to take measures against foreign newspapers which adopt a hostile view in treating of Spanish affairs, and against Spanish journals speaking ill of Prince Bismarck.

The rage for murder and the worst kinds of crime seems to grow rapidly. New Hampshire alone furnishes two or three murders per week, and Maine is not far behind. Society in Puritan New England seems to be turning towards that state of lawlessness which we have so often deplored and denounced in the South.—*Cor. Sacramento-Record-Union*.

A very hospitable lady, who does not live over fifty miles from Utica, gave a party for her friends among the young misses and masters the other evening. Round dances were proposed, when the lady said: "I cannot allow you to have any round dances. If any of the boys wish to hug the girls, let them sit down upon the settees, and go right at it in earnest, but—no round dances."

Notice to the Public!

THREE YEARS' EXPERIENCE HAS TAUGHT US THAT WE CANNOT DEAL IN TWO different makes of wagons with satisfaction to the manufacturers, ourselves and the public.

Therefore, we shall hereafter only buy and sell the

FISH BROTHERS WAGONS.

They have been so steadily and deservedly growing in favor, that we find it next to impossible to sell any other wagon. Ask any person who has bought one for the last two years, and he will tell you he has never had a tire or spoke loose, or a wheel broken or out of repair. He will tell you that the Fish Brothers Wagons run the easiest, and are the best in all respects.

The balance of our stock of Mitchell Wagons on hand we offer for sale at cost.

We thank the public for its generous patronage in the past, and shall try to deserve your kind favors in the future. We know from the letters written us, and the thousands of words of commendation received from purchasers, that in offering you the FISH BROTHERS WAGON we offer you

The Best Wagon on Wheels!

NOTICE TO AGENTS.

We sell no wagons on commission. Fish Brothers' Wagons don't need to go round the country begging for purchasers. We can sell outright all the wagons the manufacturers can furnish us and supply their other demands, and when a wagon leaves our yard, it is sold.

Yours very respectfully,

JOHN W. LOWELL & CO.

Salt Lake City, March 4th 1875.
