

YOKEL DEFEATS FARMER BURNS

Y. M. C. A. Man Proves Too Fast And Strong for Champion Wrestler.

FAST AND CLEVER WORK.

Local Man on Defensive All the Time And Breaks Dangerous Holds as Fast as Burns Gets Them.

Before the largest crowd that ever attended a wrestling bout in the Salt Lake Theater, Mike Yokel, wrestling instructor of the Y. M. C. A., defeated Farmer Burns, the middleweight champion in a handicap match last night. Burns agreed to throw Yokel twice in one hour. For 90 minutes he worked like a Trojan, but in all that time of grueling, twisting and mauling he did not even come close to getting a pin fall.

In Yokel, Burns met a man apparently equally as strong and certainly as clever. Of this there can be no doubt in the minds of those who saw last evening's battle on the mat.

Immediately after shaking hands Burns started after Yokel, working fast. The local man went to the mat and remained there. He displayed rare judgment by keeping his body close to the mat all the time, and was never more than a foot above it except when Burns pulled him by mere brute strength. Yokel was in superb condition and the play of his muscles as he broke hold after hold was beautiful to behold.

Burns knows as much as any man about the wrestling game and has many other dangerous holds he secured on Mike, but the latter always broke them from the crowd. Burns was tired after the first 10 minutes and was content to rest for another start. When the 10 minutes were up and Burns was back on the mat, Yokel was on his feet and said: "I was afraid to let myself out as I feared I would play out, but he beat me."

That's about all there was to it. The last 10 minutes of the match was the same as the first. Yokel worked desperately while Burns broke the holds and hugged the mat.

In the preliminary bouts won over Burns who agreed to throw him twice in 10 minutes. He failed. Smith secured a fall from Burns in four minutes and 30 seconds.

Before the main event Burns made a speech on physical culture during which he displayed his wonderful muscles and stated that he kept in that condition by refraining from stimulants.

GREAT RACE FOR COBE TROPHY CUP

Will Duplicate History of Battle For Vanderbilt Prize.

THE PRELIMINARY EVENTS.

Course Selected Is 22 Miles in Length With Three Straightways and One Zig-Zag Leg.

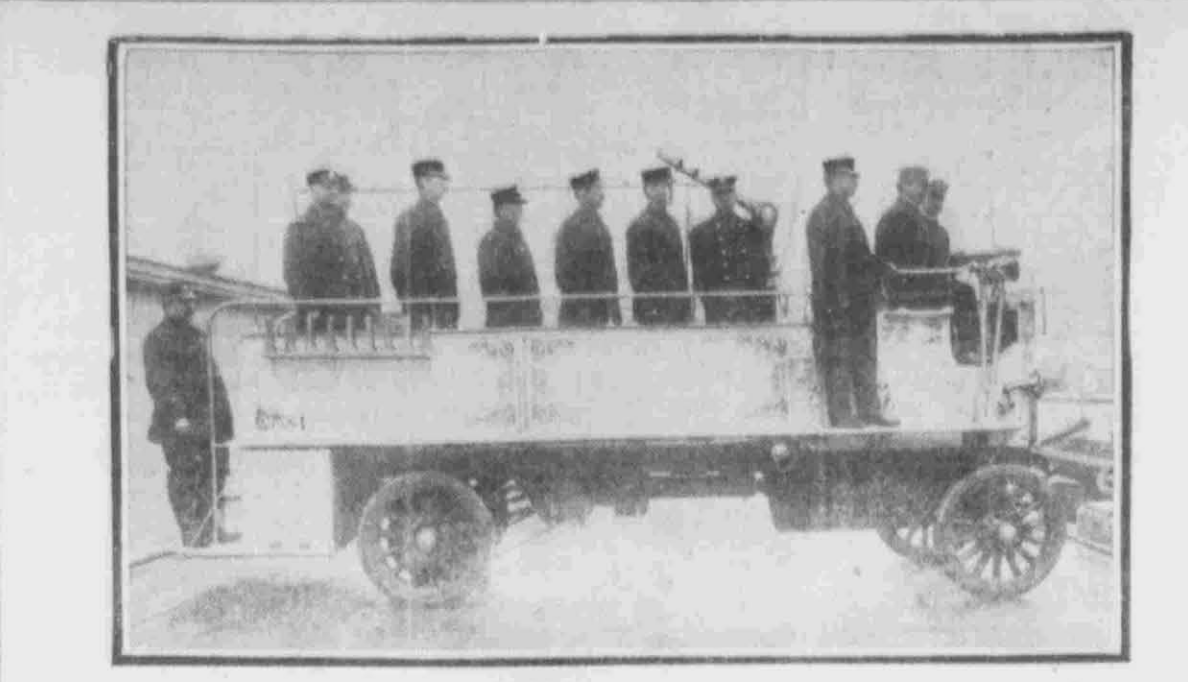

Surpassing in magnitude and importance all other racing fixtures for stock cars on the 1930 calendar, the first national stock car race for the trophy given by Ira M. Cobb, president of the Chicago Automobile club, will mark the dawn of a new era in the history of western motoring. In all essentials, it is confidently anticipated that the first contest for the new cup will duplicate the history of the first battle for the Vanderbilt trophy, as regards the display of public interest.

The contest committee of the Chicago Automobile club is devoting its energies toward arranging the preliminary races for the coming event, which it is proposed to hold on May 2 and June 1. The committee has been handicapped somewhat thus far by the lack of definite information as to the classification and formula under which the event will be conducted, but tentative entries have already been made by a surprisingly large number of drivers, as soon as the announcement of the exact entry requirements is made by Chairman Frank E. Howard of the Chicago Automobile club, it is expected that the entries will begin to pour in.

GOOD COURSE.
The manufacturers have given the event their unqualified endorsement and the western field is an alluring one, a miles straightout that will opportunity to bring cars of speed proves to the attention of the public cannot profitably be overlooked.

The course selected for the race is located in Lake County, Indiana, just over the Illinois line and about 40 miles from Chicago. It is 22 miles in length, with three straightways and one short, zig-zag leg. This is a railroad crossing at any point, although three railroads skirt various sections of the course. It is believed to be as fast a course as any in the land, and will require only a slight amount of banking and edging to be classed as lightning condition.

Among tentative entries already in hand are: Knox, car two; Locomobiles, two; Thomas Flyers, two; Palmer and Singer Simplices, two Buicks, three; Auburns and two Daimlers. Some of these cars are planned as competitors for the small car race, which will follow.

THE LATEST FIRE-FIGHTER.

One of the trucks used by the New York fire department in connection with the new high pressure water system. It has a self-contained, like those on fire boats, and under 300 pounds pressure can throw a distance of 125 feet at all angles. It is connected direct to the pipe line.

NO OBSTACLES.
The contest committee of the Chicago Automobile club, J. F. Gunther, A. J. Banta and C. G. Schmalzer, has already begun preparation for adequate police protection. The police will be secured, if no insuperable obstacles are encountered. Failing in this, however, private individuals will be engaged and sworn in as deputy marshals. It is determined to leave no ground for criticism as regards the adequacy of the protection afforded both racers and spectators.

BOULDER-UTAH GAME.
The U. of U. has received an offer from Boulder for a football game this year and offers Utah six dates to choose from. The game was undoubtedly accepted as the last annual contest was fought in Utah.

ON THE RACE TRACK.
At Oakland.
Oakland, Cal., March 8.—Some good fields went to the post at Emeryville, where the racing season is in full swing. The feature was the mile and a half race in which Wuerstburger was the favorite. Monday, the second choice, went out in front and was never headed, winning in a romp from Benvenuto, Wuerstburger's second best.
