

TEST OF SMOKE CONSUMER TODAY

Conditions Were Unfair to the Apparatus This Morning.

ANOTHER WILL BE GIVEN.

Density of Smoke Very Much Reduced in the Boilers at the Temple Annex.

A partial test of the Niagara smoke consumer, built by the Doble Foundry & Machine company of Niagara, N. Y., was had at the Temple annex this morning. Conditions were unfair to the apparatus in that some of its automatic features had been neglected and were out of order. However, it was clearly demonstrated that the maximum combustion of carbon in the fuel is obtained and that the residue emitted from the smokestack is nearly carbonic acid gas, which is indetectable in all such furnaces, and which is of a much lighter color than ordinary smoke from the flues of a steam boiler. There was also a lack of soot, which heretofore has been a fact to the grounds, the Annex and the Temple itself, whose gray walls and towers, which have been a painful reminder of the smokestack, were much pleased with the working of the apparatus, after taking into consideration its lack of complete application, and they are confident with Mr. Frank B. Allen, the local machinist who had charge of the installation of the apparatus, that upon a proper test a still greater reduction of the smoke nuisance will result.

AT THE RESORTS.

The Scandinavian society is spending the day out at Lagoon today.

The reunion of the Kimball family and the Twenty-first ward Sunday school outing are the features out at Salt Lake today.

A large crowd is expected to be at the Salt Palace this evening on the occasion of the bicycle races and the opera. On the last occasion of the double bill, standing room only was the order in the Bijou theater.

The Misses Christine Fletcher, Julia Little and Jesse Buchanan, D.C. Rush, T. C. Nuttall and H. H. Roey, comprising the committee of the Fifth ward Sunday school, worked up a very creditable excursion to Lagoon yesterday. Had the weather been warmer a much larger attendance would undoubtedly have been the result.

The employees of the Deseret News building, with their wives and families will spend the day at Lagoon tomorrow. A good program has been arranged and an enjoyable time is anticipated. All work will be suspended on the building tomorrow afternoon in consequence.

A voting contest for the most popular lady at Lagoon today will be one of the features of the Scandinavian outing. A prize, consisting of a silver chalice, will be awarded to the successful contestant.

The St. Mark's Sunday school outing at Lagoon yesterday was well attended. The St. Mark's boys played the Lowell nine a game of baseball in the morning and were defeated by the score of 16 to 6. David Foster, pitcher of the team from scratch, with Harold Brown, 100 yards, a close second. The other events were: One hundred-yard dash, boys 11 to 16 years, Albert Hoffman; 7 to 11 years, Andrew Clark; 16 yards, girls 11 to 16, Margaret Brooks; girls 7 to 11 years, Eliza Day; boys' three-legged race, Laurence Hanson and Harold Hollingsbury; girls' three-legged race, Florence Goode and Margaret Brooks; foot race, girls under 16 years, Miriam Brooks and Nellie Johnson, a tie; boys and girls' hand-in-hand race, Florence Goode and Webster Cary; sack race for boys, Harold Porcher; sack race for girls, Millie Brennan; egg and spoon race, Rex Percher; potato race, Alvin Knowlton.

NO STREET RAILWAY DEAL

Emphatic Denial Regarding the Tribune's Story This Morning.

According to Senator Kearns, Hon. Perry S. Heath and Joseph S. Wells, secretary and treasurer of the Salt Lake City Railroad company, the Salt Lake Tribune has another guess coming.

This morning that paper following up the piece of news published in the "News" last evening to the effect that the San Pedro promoters had secured an option on the West Side Rapid Transit franchise, was one better and stated that Senator Kearns, Perry S. Heath, the Utah & California Improvement and Development company, separately or collectively would like to secure control of the Salt Lake City Railroad company. The article then went on to state that there had been a demand for the stock of the street car company, and offers had been made for it at an advance of \$3.50, the inference being that the gentlemen of company named were buying up all the available stock in order to gain control of the valuable piece of property.

When seen this morning Senator Kearns said: "This is the first that I have known about the matter. I am too deep in the railroad business to get on anything more and we have got to be able to handle anything at present. I do not know anything about any street car deal and we don't want," he said with a smile, "to give the people any

more hot air." Hon. Perry S. Heath also denied knowing anything about any pending deal.

Joseph S. Wells, secretary and treasurer of the Salt Lake City Railroad company, was also seen in the absence of Hon. A. W. McCune from the city. He said: "That is a story which in a different dress crops up regularly about every three months. I do not think that there is any big block of stock for sale; there have been no transfers of stock lately, nor do I think that there will be. It may be that there are some people who would like to get control of the company, but it is not to be done. There is no fear of such a thing happening."

JUDGE TIMMONY'S COURT.

Archibald Kehoe a nervous youth was charged with being drunk and attempting to create a riot in the Temple Annex. He claimed to be a hawker. He was fined \$3, and not having the same, went to jail.

John McKay was charged with being drunk and also of reckless and imprudent driving upon the streets. He pleaded guilty to both charges and was fined the sum of \$5.

The case of John D. Peters charged with assaulting Fred Freeman was taken up and Mr. Wise was placed upon the stand. He said he heard nothing but saw the two men fighting, and that is all he knew of the affair. Peters was adjudged guilty and fined \$2.

WITH THE JUSTICES.

The preliminary hearing of Tim Higgins and Fred Nelson on the charge of having engaged in a criminal conspiracy is set for 4 o'clock this afternoon in Justice Lochrie's court in the Atlas block.

It is alleged that the men attempted to work the three card monte game on Frank Stankovich, John Miller, the other defendant, who was arrested by Deputy Sheriff Raleigh and released on his own recognizance, has departed for parts unknown.

P. Raymond was arraigned in Judge Timmony's court this afternoon on the charge of assaulting Bruce Johnson with a deadly weapon. He is accused of threatening to shoot Johnson. The accused took until tomorrow to plead and in default of \$500 bonds he was committed to the county jail.

SONS PROTEST.

Notice of Opposition to Raleigh Will Come Up.

When the petition for admission to probate of the will of the late Bishop Alonzo H. Raleigh came up for hearing today, a notice of opposition to the will, which had been previously filed with the clerk, was presented to the court. The protest was signed by six of the sons of the late Bishop, A. E. Raleigh, Philip Raleigh, Daniel A. Raleigh, Franklin Raleigh, William M. Raleigh and James A. Raleigh, who objected to the appointment as executors of William Asper, Alfred Solomon and H. S. Tanner. The petitioners object to the executors named in the will as standing high in the Church of Jesus Christ of Latter-day Saints, and as there is a conflict between the heirs and the Church the petitioners fear that the executors named will favor the Church at their expense.

The protest goes on to state that the executors are incompetent to act, and that they have opened the will and the safe containing all valuable documents of the deceased, under closed doors and in the presence of any one, and ignored all heirs.

The petition continues: "We further allege that we believe that we cannot get justice from any member of said Church of Jesus Christ of Latter-day Saints, acting as executors of said estate, and we petition the honorable court to appoint an administrator for said estate who is not a member of said Church, and that said administrator furnish a bond in such sum as the court may deem reasonable."

The case was transferred by the court to the trial calendar.

Probate Orders.

The following probate orders were made today:

Estate of Letitia S. Kelsey, deceased; final account approved and partial distribution ordered.

Estate of Leonard J. Smith, deceased; final account allowed and distribution ordered.

Estate of Jonathan M. Williams, deceased; confirmation of sale of real estate ordered.

Estate of Presley M. Denny, deceased; final account approved and distribution ordered.

Estate of Alex McKernan, deceased; sale of personal property confirmed.

Estate of Bertha Marlinson, deceased; sale of real property ordered.

Estate of James E. Ricketts, deceased; will admitted to probate.

Estate of Adam C. Cutler, deceased; administrator discharged.

Court Orders.

Judge Hall made the following orders in equity today:

Portland Cement company vs Salt Lake City Water and Electric Power company; time at which the holders of merchant's liens shall present them to the court extended till July 10th, at 10 a. m.

Charles J. Lundeen vs Anna Outler et al; trial of injunction set for June 20th.

William Hemphill vs Adrian Pinto et al; judgment for plaintiff, \$49.95 and \$25 attorney fees.

Salt Lake City vs A. C. Sadler, et al; strikdown of calendar, as should be on calendar of civil division.

Church of Jesus Christ of Latter-day Saints of Fifteenth ward vs Helen Watter; objection to bill of costs overruled.

CONDEMNED GOODS NOT RIXERS

In justice to the Kuerer Pickle Co. of Denver, Colo., we have been requested to state that the car of pickles and vinegar recently made mention of in these columns and which the state of Utah inspected, did not come from that factory. The Kuerer Pickle Co., of Denver, manufacture Pure Malt Vinegar Pickles and High Grade Food Products and comply strictly with the state law governing the same. These goods have become very popular with the people of Utah and are on sale at all grocers.

MORE TROUBLE EXPECTED.

Peter Johnson Returns From Scene of Sheep and Cattlemen's War.

Peter Johnson, the well known sheepman returned today from the scene of the trouble between the sheepmen and cattlemen of Idaho and Wyoming. Mr. Johnson is one of the firm of Duckworth & Johnson, who are running several herds of sheep. He reports a great deal of bad blood near the Idaho-Wyoming border and it is not improbable that more blood will be shed. Just before he left the camp he was summoned before a gang of five men armed to the teeth who demanded that he refrain from taking his sheep near the cattlemen's grazing grounds. Mr. Johnson says he stood before the same men who shot the

Butterfield boys, and they would take a man's life as soon as look at him. He has adopted a conciliatory method and will yield to reasonable inconvenience rather than invite a quarrel. He says the Jacob Davis case is responsible for the lawlessness shown in that section, and he expects more sensation will be furnished before the season is over.

TODAY'S TEMPERATURE.

"WHAT WITCH?"

A Husband's Question.

When a man, from coffee drinking, gets to such a condition that he cannot eat breakfast, he is throwing it up, it seems time to quit, but there are thousands of weak-minded people who have not logical brains enough to understand that when an article of food or drink is rejected by the stomach, it is because it is absolutely left off.

A little woman in Butte, Montana, Mrs. Fitzmaurice, writes that she and her husband are a different kind of people. They knew enough to quit coffee when it had rapped them hard. She says, "My husband was so badly affected that he ate no breakfast for three or four years. He would often try to drink a sip of coffee and invariably threw it up. When Postum Food Coffee was brought to my attention I tried it without having any faith in it, but when I found what a delicious beverage it was when prepared according to directions, and from trying it on myself found there were no bad effects, I induced husband to take a cup with me. He objected at first, saying that he would be sure to throw it up, but when I insisted upon his trying it, it agreed with him."

Morning after morning I gave him Postum without telling him that it was any different from ordinary coffee. His stomach accepted it, and he would agree to eat breakfast. He asked me one morning as he asked for a second cup of the Postum "what witch had taught me to make such delicious coffee," and when I told him that he would agree with him." Then I told him for the first time that he had not been drinking coffee, but Postum, which had so strengthened his stomach that he could now eat as much breakfast as any one. My two sisters were badly troubled with stomach disorder but after leaving off coffee and taking Postum they were cured. I wish everyone could be induced to use the health giving, aromatic Postum."

originally cost \$30,000. The new owners will use the factory to make cans for their own use and for canning tomatoes during the season.

The reports of the commercial agencies for the week ending Thursday, June 13, which will be published on Saturday in New York will show an advance in Salt Lake stock clearings of more than 220 per cent over the clearings for this city during the corresponding week of last year.

CLEARWATER CO., IDAHO, CASE.

State Supreme Court Declares its Creation Illegal.

Boise, Idaho, June 14.—The supreme court has handed down an opinion declaring the creation of the county of Clearwater illegal. The act creating this county was passed by the legislature in 1890. Today's decision is based on the omission of language specifically declaring that the territory named shall constitute a new county.

HOTEL BURNED.

Loss Half a Million but No Lives Were Lost.

West Baden, Ind., June 14.—The Mineral Springs hotel was destroyed by fire early today. The fire broke out at 1 a. m. in the bake shop at the south end of the building. It burned rapidly and by 9 o'clock the large frame building had been completely consumed. The loss is \$500,000; insurance, \$100,000. Two hundred and twenty-five guests registered at the hotel last night. All of them escaped unharmed. Most of them lost their effects. The guests were transferred to French Lick and nearly all left for their homes on morning trains.

It is believed everyone escaped in safety from the burning West Baden Springs hotel last night. Hundreds of telegrams are being sent by the hotel guests to friends and the one wire out of West Baden is literally swamped.

Capt. R. E. Impey Degraded.

Washington, June 14.—The loss of ten men in his grade and reduction of his pay to furlough pay for two years and to be publicly reprimanded, is the sentence imposed by court-martial upon Capt. Robert E. Impey, at present stationed at the Mare Island navy yard. The captain was charged with scandalous conduct in having reprimanded a dentist that his bill required the approval of the treasury officials, whereas this was a purely personal matter. Secy. Long has yet to act upon the proceedings of the court.

Murder in the First Degree.

Pittsburg, Pa., June 14.—John Biddle, charged with the robbery and subsequent killing of Crozer Thomas D. Kahnay, was convicted this morning of murder in the first degree.

THE YUKON NOW OPEN.

Output of Klondike Will be About Fifteen Millions.

Seattle, Wash., June 14.—The Yukon is open from end to end, according to news brought down by the steamer Dolphin, which arrived this morning. The ship brought down \$40,000 in gold dust.

The presence of \$7,500,000 of gold dust in the banks at Dawson has caused a renewal of speculation as to what the total output of the Klondike will be this year. Comparisons have been made with the receipts in previous years to the corresponding date and calculations made. It is held by many that one-half of the total output is now in the banks and they figure that the grand total will be in the neighborhood of \$15,000,000. Many persons, however, are ready to place the amount at a greater figure and these
