**A Friendly Gathering.**

A gentleman who was present on the interesting occasion, handed in the following, this morning:

Friday, June 25th, Bishop Edwin D. Woolley, of the 13th Ward, was 71 years of age, and to his astonishment, on reaching home from the field, about 6 o'clock, on a load of hay, he was introduced to an unexpected party of near relatives and friends, composed mostly of his children, grand-children, and great-grandchildren, numbering between 70 and 80, who had assembled with their picnic for the purpose of celebrating with him the anniversary of his 71st birthday. From 3 o'clock until 6, the table was spread with a great variety of good things, such as were heartily partaken of. Cheerfulness, good humor, and happy remarks were freely indulged in. After supper, the company repaired to a large room and enjoyed a musical treat, vocal and instrumental, by members of his own family. The last song that was sung, both words and music, were composed by two of his children. It contained most touching and affectionate sentiments, and was adapted as a quartette for four voices to greet the return of a brother and his wife, after an absence of three years on a mission to the Sandwich Islands. The singing of this song awakened emotions and furnished matter for agreeable reflection, and remarks from one of the guests, after which the Bishop himself, in the midst of his numerous and united posterity, after expressing his gratitude to God for preserving his life so many years, and his becoming a source of joy and great satisfaction to him, and he indulged in the most pleasant reminiscences in the early experience of his brother. Their parents dying when Samuel was only 7 years of age, being the oldest of the family, seven in number, took charge of them and acted the part of a father and counselor to the young members. He enumerated some of the hardships connected with his brother's life, being one of the earliest settlers in the States of Ohio and Illinois, and arriving in Salt Lake City at an early day, had to avail himself of any kind of work to sustain his family, at 21 per day and board himself.

Bishop E. D. Woolley then expressed his gratitude to those who had surprised and honored him with their presence, and blessed them as the patriarch of his family, and after benediction by Bishop E. D. Woolley, the company retired with many good wishes.

We join in extending our congratulations to the veteran Bishop.

**Missionary Labors.**

Through courtesy of Elder F. D. Richards, we have read a letter from Elder C. W. Wheelock, who is engaged at present in preaching the gospel at Fond du Lac, Wisconsin. The Elder states that he left Council Bluffs just after the arrival there of Elder B. F. Cummings, senior, who succeeded him, and reports the prospects for missionary enterprise in that region as very encouraging. At a meeting held the sabbath before he left that city, there were present among his auditors four gentlemen of the medical profession, two of whom expressed themselves as very much interested in his remarks, and invited him to remain there all summer and hold meetings, the partial expense of which they offered to defray. Brother Wheelock, however, took his departure, after thanking the gentlemen for their generosity, and invited them to tender the same offer to Brother Cummings, his successor at the Bluffs.

He arrived in Fond du Lac on the 15th inst., and, so far, has been well received by the inhabitants. The Universalist Church has been offered for his use, and the mayor of the city has promised to introduce him to the public on the night of his opening service. Several of the newspapers have given favorable notice of his intention, among which is the following from the Champion:

"Elder C. W. Wheelock, of Salt Lake City, for 35 years connected with the Mormon church, arrived in this city last Friday, and will preach on Sunday evening next, at Universalist Church, on the principles and tenets of his society. All of our citizens who wish to be enlightened on the real truth as to this society, will do well to hear him. He designs remaining here for some time, as he is on a society mission, and will deliver some lectures on Mormonism during his stay."

Brother Wheelock feels encouraged by his success, and would like to have some good energetic Elder sent to assist him in his field of labor.

**European Mission.**

The following is an extract from a letter from Elder W. H. Branch, laboring in the Leeds Conference, published in the Millennial Star of June 10th:

The good work of the Lord is still going on over here. I baptized two last Monday and two more waiting to be baptized next Monday. The Saints are feeling well, our meetings are generally well attended, and a good spirit prevails. Last Wednesday I solicited an interview with a reverend minister of the Wesleyan connection; it was granted me. On the following day I met him at his house, according to appointment, at 10 o'clock. Our conversation lasted until 1, and was very interesting; he acknowledged me as a true Christian; he is the minister of the Wesleyan Chapel, Leeds. Last evening I had a short conversation with Mr. Telford, the great revivalist. At time would not permit a lengthy conversation, he gave me an invitation to come to Leeds, and we would continue our conversation, which I gladly accepted. During the time of my talk with these reverends, I embraced the opportunity of bearing my humble testimony to them, which they seemed to receive with a good spirit. I am very anxious of having some more talk with Mr. Telford, and will seek for a chance. I am doing all I can to get at the minds of some of the leading men, and tell them of our principles."
