

THE DESERT EVENING NEWS.

TRUTH AND LIBERTY

WEDNESDAY, MAY 22, 1901. SALT LAKE CITY, UTAH.

NUMBER 156.

FIFTY-FIRST YEAR

SHAMROCK IT WAS TOTALLY DISMASED

Struck by a Squall Off Cowes—King Edward Was on Board and Had a Miraculous Escape—Towed Back to Hythe.

Southampton, May 22.—The cup challenge with King Edward and a party aboard was totally dismasted today by a squall off Cowes, Isle of Wight. The king, who was on deck, had a miraculous escape. The topmast, mainmast and bowsprit were broken short off.

BRUCK BROADSIDE ON.

London, May 22.—5:45 p. m.—During the race between the two Shamrocks, the yacht Sybarita in the Solent today, a squall struck the yacht. The topmast of the Shamrock II was carried away and then her mainmast went by and then her bowsprit. The yacht was left a wreck. The squall struck the yacht broadside.

THE KING'S VISIT.

Southampton, May 22.—The interest shown in the event by King Edward was the special feature of today's trial of the Shamrock II. His majesty, who was accompanied by his personal attendants, arrived at the pier by Sir Thomas Lipton and W. G. Jamieson. They entered a launch and proceeded to the yacht. The visit was quite informal. The king was quite interested in the racing. It was originally intended that the king should sail on the Shamrock II, but it was found that the yacht was not ready. The king was then taken to the shore and the race was continued.

TRYING THE YACHTS.

Ryde, Isle of Wight, May 22.—The races were sent today reaching over a triangular course similar to one of the America's cup courses. The Shamrock II was the only yacht to finish. The race was a close one. The Shamrock II was towed back to Hythe. The king was on board and had a miraculous escape. The topmast, mainmast and bowsprit were broken short off.

MAKING NO CUP RACE.

Southampton, May 22.—Sir Thomas Lipton fears it will be impossible to re-sail the Shamrock II in time for the cup races. It looks as if the contest was off for this year. Sir Thomas Lipton will cable to the New York Yacht club a long account of the accident. The king was on board and had a miraculous escape. The topmast, mainmast and bowsprit were broken short off.

REPAIRS TO BE MADE.

Southampton, May 22.—Repairs to the Shamrock II will be made at Hythe. The king was on board and had a miraculous escape. The topmast, mainmast and bowsprit were broken short off.

THE PRESIDENT STARTS SATURDAY

San Francisco, May 22.—Secy. Cortelyou has ceased issuing regular bulletins about Mrs. McKinley's health, but he stated this morning that she had a very good night and was sitting up today.

It has been definitely decided that the President and his party will leave here Saturday night. They will go direct to Washington and no stops will be made, except those made necessary by railroad arrangements.

The reception of President McKinley by the Knights Templar was the feature of the presidential program for today. The reception, which was held in Mechanics' hall, was presided over by a made of Knights from all parts of the state. Gen. W. H. L. Barnes presided at the pavilion and introduced the guest of the day, his address being highly eloquent. A chorus of 150 Knights chanted the Lord's prayer. President McKinley responded with a soul-stirring speech, after which nearly 12,000 voices sang "America" to the waving of flags. President McKinley will receive as a souvenir of the occasion a handsome silk flag inscribed with the motto of the order.

Secy. Hay has abandoned his idea of returning to Washington immediately. It has been definitely decided that all members of the cabinet shall remain here until the departure of the President. Meanwhile official business will be transacted in the same manner as though the members of the presidential family were at their desks in Washington.

PHILIPPINE REGISTRATION TAX.

Everybody Except Soldiers Will be Compelled to Pay It.

Manila, May 22.—The Philippine commission has passed the weather bureau act and has also voted a loan of \$2,500 for each province to help pay the expenses until the land taxes are available. These loans are payable at the end of 1902.

The commission has imposed a registration tax of one peso annually on all males over 18 years excepting soldiers. Non-payment of the tax disqualifies from voting and involves a penalty of one hundred pesos, which can be enforced by the sale of the delinquent's goods and chattels.

The provincial treasurers have been made land registrars pending the enactment of the system of land registration.

Deputies and clerks appointed by the provincial officers are exempted from such rules until March.

THE STRIKE SITUATION.

O'Connell Estimates That Number of Men Out Today is 40,000.

By Monday Morning Probably 90 Per Cent Will be Back at Work With Demands Granted.

Washington, May 22.—President O'Connell of the International Association of Machinists, estimates that the number of machinists engaged in the strike today is 40,000. He claims to be satisfied with the situation and has confidence in the result.

"By next Monday," he said, "probably 90 per cent of the men who went out will be back at work with their demands granted. Reports from all other sections indicate that negotiations are progressing and that agreements are in sight."

President Mulholland, of the Allied Metal Trades association, comprising the semi-skilled men in machine shops, has notified the machinists' headquarters here that he is ready to order his men whenever the latter body deems it necessary. The strike leaders, however, do not care to involve any more men in the movement than is necessary and the indications are that there will be no general augmentation of the force of the strikers by the allied men.

Kansas City advises report firm firms there signed the agreement today. Fourteen firms in Broken have signed. In Buffalo 22 firms are reported as having made agreements with the strikers. At Sharon, Pa., the Continental Iron company has signed and the Hazelton Iron works and the J. H. Michaels at Hazelton, Pa., have made the connections.

O'Connell will not attend the conference in New York tonight being District No. 2, National Metal Trades association, and District No. 15 of the Machinists' association.

PARADE IN CINCINNATI.

Cincinnati, O., May 22.—Final plans were made at a Monday mass meeting today for a parade of striking machinists and their sympathizers. The parade will start at 2 o'clock p. m., and is expected to have five thousand men in line. Out of compliment to non-union strikers the machinists will not wear the badge of their organization, but all the white ribbons, typifying peaceful purposes. What purports to be an official statement shows that fifty-nine plants are involved in the strike here and that the total number of strikers is 6,772.

The manufacturers have not yet formulated their plans nor made any public statement, though they hold daily meetings at their headquarters.

S. F. STRIKERS ORDERLY.

San Francisco, May 22.—The strike situation in this city remains practically unchanged. A few actions to the ranks of the strikers have been made by the walk-out of a number of men. The strikers are very orderly and show no signs of weakness. The manufacturers are emphatic in their statements that they will not give in to the strikers.

Judge Advocate General Barr Retires.

Chicago, May 22.—After occupying for but a few hours the high position of judge advocate general of the United States, with the rank of brigadier general, Thomas P. Barr retired from the service today at his own request. Age would have obliged him to retire next November, and this obligation was anticipated to permit Col. J. W. Closs to retire in a higher rank. Gen. Barr was for two years judge advocate of the department of the lakes. He served as military secretary under Secys. of War Ramsey, Lincoln, Endicott and Prentiss.
