### AMERICAN.

THE BLAINE BOOM IN OHIO.

BUTLER AND THE PEOPLE'S PARTY.

THIRTY PERSONS INJURED ON THE D. & R. G. R'Y.

INSANITY AND CRIME.

**The Blaine Boom.**

HAMILTON, O., 1.—The special train conveying Mr. Blaine and party made a few stops between Dayton and this place. At 12.20 the train arrived at Hamilton. Here Mr. Blaine and party were driven through the town to a stand in front of the court house.

Hon. N. L. Morey introduced Mr. Blaine as the most distinguished representative of the American flag. The great crowd cheered heartily and repeatedly. When order was restored Blaine made a protection speech.

The train reached Cincinnati at 3.40, when the usual demonstrations were made at the depot and hotel, where Blaine spoke briefly. He said; "I thank you and all the good people of Cincinnati for this cordial, hearty and magnificent reception.

At 6.30 Blaine was escorted by the reception committee to the exposition building, which was crowded. For a while Blaine held an informal reception in the commissioner's office, where some gentlemen and many ladies were presented to him. Then he was escorted to the stage. Blaine made a few graceful remarks appropriate to the occasion.

Senator Sherman, Judge Foraker and Congressman Hallett also made brief addresses. After the speaking Blaine was given a complimentary dinner by the commissioners of the exposition.

The occasion was entirely non-political, and there was no speaking during the dinner, at which several locally distinguished Democrats were present. Blaine will spend Thursday in Cincinnati.

At the afternoon session of the Irish-American Republican League, much time was spent in choosing a permanent chairman, M. Beland having been put in nomination in opposition to A. L. Morrison, selected by the committee. Morrison was finally elected by a majority of four. The report of the committee on resolutions was adopted, and ratifies the nomination of Blaine and Logan.

**Governor Cleveland.**

ALBANY, 1.—Governor Cleveland accompanied by Erastus Corning, Mayor Banks of Albany, Simon W. Rosendale, John A. McCall and Gen. Austin Luther, leave Albany for Buffalo on a special train to-morrow afternoon. The party will arrive in Buffalo at 8.20. Elaborate preparations are made for the Governor's reception. The train makes no stops. The Governor leaves Buffalo on the regular train Friday night for Albany.

**The Butler Boom.**

LORT WAYNE, Ind., 1.—Gen. Butler arrived at 3:15 p.m. He was met at the depot by a committee, and the carriages were headed by the city band. He was immediately driven to the fair grounds, where he addressed 3,000 people. The General spoke an hour and a half, and predicted that the party which shall be defeated at the November election will unite with the People's party in the future. At the close of his speech he was greeted with a round of cheers. He then proposed three cheers for the People's party, himself giving the cue, "Hip, hip, hip," which met with an enthusiastic response.

**The Peabody Fund.**

NEW YORK, 1.—The trustees of the Peabody Educational Fund opened their annual session to-day at the Fifth Avenue Hotel. Mr. Curry, the general agent, presented his report, showing the following distributions of the income fund: Alabama, $5,000; Arkansas, $2,050; Florida, $2,100; Georgia, $1,900; Louisiana, $2,645; Mississippi, $3,650; North Carolina, $6,075; South Carolina, $4,400; Tennessee, $13,400; Texas, $5,700; Virginia, $8,200; West Virginia, $2,800; total, $60,000. Report accepted.

**The Paper Makers.**

SPRINGFIELD, Mass., 1.—The writing paper makers, a branch of the National Paper Association, to-day considered the question of reducing the production of fine papers, to counteract the bad influence on the market caused by the prohibition of the importation of foreign material, which has increased the cost of paper stock. The following was unanimously adopted:

*Resolved*, That we will not offer our paper for sale, or receive any orders therefore, except at an advantage price of from one to two cents per pound.

*Resolved*, That rather than sell our paper at a less advance than that named in the foregoing resolution, we will lessen our production until the price of paper advances sufficiently to cover the extra cost of rags and other material.

**The Public Debt.**

The decrease of the public debt during September was $12,040,000; decrease since June 30, 1884, $24,583,000; cash in the Treasury, $425,034,000; gold certificates, $120,937,000; silver certificates, $123,261,000; certificates of deposit, $15,945,000; refunding certificates, $271,000; legal tenders, $346,681,000; fractional currency, $6,977,000; bonds issued the Pacific railways, interest payable by the United States, principal outstanding, $64,623,512; interest accrued not yet paid, $989,352; interest paid by the United States, $53, 099,504; interest repaid by the companies by transportation service, $18,858,695; by cash payments, 50 per cent. of the net earnings, $655,198; balance of interest paid by the United States, $4,358,210.

**Garrett's Will.**

BALTIMORE, 1.—The will of John W. Garrett was filed to-day. It is dated Deer Park, Aug. 8th, 1884, and witnessed by Andrew Anderson, S. Spencer and W. S. Townsend. He gives to his sons Robert and Thomas Harrison Garrett and his daughter Mary Elizabeth Garrett, and the survivors or survivor of them and their heirs, all his estate, real and personal, and mixed, subject to certain trusts. One trust is to provide $5,000 annually for the relief of the poor of Baltimore. Another trust is that, "out of the net income of my estate to devote $50,000 annually to such objects as benevolence, to educational purposes, to aid virtuous and struggling persons, and to such works of public utility as are calculated to promote the happiness, usefulness and progress of society.

**Wreck on the Rio Grande.**

DENVER, 1.—The outgoing Leadville express on the Denver & Rio Grande road collided with the incoming Salt Lake train at 8.30 last night, near Acequa, 17 miles south of here. About 30 passengers were injured, none fatally. One engine and a sleeper were wrecked, and the telegraph wires were thrown down. Nothing was known of the accident until the arrival of the wrecked train at noon.

Those trains usually pass at Acquia. Last night at Acquia the Leadville train arrived first, and was taking the siding when a number of freight cars were discovered ahead. A brakeman was sent forward to couple them to the engine so they could be pushed forward sufficiently to allow the whole train to clear the main track. The brakeman made the coupling and signaled his train forward. The engineer of the Salt Lake train which had arrived in the meantime mistook this signal for himself and started forward. When he track he was running ten miles an hour. The engine struck the smoking car, capsizing it in the ditch. The passenger coach, which followed, was struck square on the forward end, thrown from the track, landing it on its side in the ditch. The third car was the Pullman sleeper, which was thrown into the ditch and badly wrecked. Every birth in the sleeper, both upper and lower, was occupied. The day coach was crowded, with a few in the smoking car. However, not one of the passengers was fatally injured. The following is a list of the most seriously hurt: A. A. Grant, Albuquerque, shoulder dislocated and badly bruised: Mrs. P. Bertschy, Saguache, painfully bruised; A. F. Gunnel, judge of Lake County, severe cut on the head; G. W. Thatcher, Aspen, back seriously injured; H. F. Maderia, face terribly cut.

**Killed by a Highwayman.**

MINNEAPOLIS, 1.—At 11 o'clock to-night a street car in the south part of the city was stopped by highwaymen who commanded the driver to give up the cash box. The latter refused and the robber fired two shots, one of which killed Albert Mullman, an iron moulder, the only passenger The murderer escaped.

**Hideous Insanity.**

CHICAGO, 1.—A hideous crime was committed here last night, almost unparalleled in its atrocity. Michael Shay living in a miserable hovel at 49 Clark street, went home during the night in a drunken state, and with the body of a dead infant to which his wife had given birth during the night he beat her to death. When arrested he was in such a sodden condition that nothing intelligent could be obtained from him.

BRITISH WAR MATERIAL FOR HONG KONG.

MORE WARLIKE WORK FOR WOLSELEY.

O'DONOVAN ROSSA'S DYNAMITE IN FRANCE.

WARNING GERMANY AND FRANCE TO STEER CLEAR OF ENGLAND.

THE CHOLERA APPARENTLY ABATING.

**War Material.**

London, 1.—The authorities of Woolwich are displaying much activity in forwarding war material to Hong Kong. Six hundred tons of shot, shell and ordinance was shipped thence to-day.

**The Sinking Fund.**

The *Times* Vienna dispatch: The feeling respecting the suspension of the Egyptian sinking fund is passing away. The Powers are waiting for the term to expire which was fixed for the withdrawal of the measure. They would have consented to the measure if England had consulted them thereon.

**Greenwich.**

The *Leader* considers Greenwich the only meridian England will accept as the standard for measuring longitude.

**Work for Woolsely.**

It is reported the British Cabinet have determined to send to the Cape of Good Hope General Woolsely to head the expedition to crush the Boers after he has successfully settled the affairs at Khartoum.

**The Son of His Father.**

Paris, 1.—The son of O'Donovan Rossa, who is in this city, boasts that he brought with him fifty thousand francs, with which to buy dynamite to be sent to England.

**The Egyptian Question.**

It is reported that Prince Bismarck has actually proposed a renewal of the conference to finally settle the Egyptian financial question, and has suggested the conference meet in Berlin before the close of October. The idea meets with increasing favor among French politicians.

**Socialist Warning.**

Jules Valles, the celebrated Communard, has an article in *Matin Francaise* bidding Germans and Frenchmen beware of arousing the dormant spirit of Englishmen. He says although England has no immense standing army, yet in the event of war her soldiers would spring up from the ground. Her whole force of militia volunteers and every man able to use arms would rally around the British union jack. He warns Germany that the presence of Socialism is ever menacing to her, and at the bidding of the Socialists whole regiments may lay down their arms. He concludes as follows: "Beware of the silent race. Only raise your voices above the cannon. Don your red coat, Celebrate *la fete. Sang?*"

**The Cholera.**

ROME, 1.—Reports of cholera in Italy the past 24 hours show a total of 423 fresh cases, 197 deaths, against 421 cases and 229 deaths for the preceding 24 hours. The total reported to-day include 136 cases and 157 deaths at Naples, 52 cases and 39 deaths at Genoa.

The *Monitour* says: Should the sanitary condition of the city continue to improve, the consistory will be held at the end of the month.

### BRIEF TELEGRAMS.

WOODS HALL, Mass., 1.—The Merritt Wrecking Co. has succeeded in raising the *Talapoosa* sufficiedtly to remove her two miles toward Edgertown Harbor. It appears probably that in a few days she will be got to where she can be temporarily repaired.

San Francisco, 1.—The Associated Press Yokohama advices announce the arrival of Prince Oscar of Sweden, August 29th, who was to leave for home Sept. 15th.

The Franco-Chinese war has greatly reduced the trade of Japan with China.

New York, 1.—The military order of the Loyal Legion of the United States to-night elected officers for the ensuing year, among them Commander General Grant. Col. Lyman Bridges was transferred to the California commandary.

San Francisco, 1.—Mr. Kirki, the new Japanese minister to the United States, arrived to-day by the steamer *City of Peking*.

W. K. Allen & Co., of San Francisco, importers of plumbers' materials, have failed. Liabilities, $43,000, mainly due to eastern creditors.

Hamilton, Ont., 1.—The Hamilton Labor Political Association, headed by a band and carrying transparencies with mottoes, paraded the principal streets to Market Square, where speeches were made and a resolution was passed denouncing the system of importing pauper and Chinese labor; demanding the return of foreign paupers, the recall of the immigration agents and lecturers, and the repeal of all laws that do not bear equally upon capital and labor.

San Francisco, 1.—The formal announcement of the transfer by the Southern Pacific Railroad company to the Atlantic & Pacific of the line between Mojave station and the Needles, was made to-day. The first shipment of a thousand tons of wheat over the Southern Pacific, via New Orleans to Liverpool was made to-day. At the present freight rates the railroad company will take all the wheat offered.

Philadelphia, 1.—A dispatch from Reading, Pa., says: Seventeen cars of Lancaster tobacco arrived to-day from there for San Francisco. It is the largest single shipment of tobacco ever made in the history of that county. It is estimated that each car contains over 13 tons. The value of the tobacco is placed at $180,000.

New York, 1.—A. J. Carpenter makes the following statement: Clues indicate that my daughter Sarah Jo[illegible] New York last Wednesday on the steamer *Germania*. I have cabled Queenstown asking an investigation of the passengers on the vessel. I continue searching and inquiring for my daughter, but have but slight hopes of finding her.

Pittsburg, 1.—The employees of Oliver Brothers & Phillips, iron manufacturers, were notified this evening of a general reduction of wages of twelve and a half per cent., to take effect on the 6th inst. The order states that the continued depression of the trade, the shrinkage of values and competition, compel the firm to take this course.

San Francisco, 1.—The 21st annual convention of the brotherhood of Locomotive Engineers opened to-day. Three hundred delegates were present. The session was a public one, Mayor Bartlett delivered the address of welcome. Grand Chief Engineer Arthur made the annual address. The convention will probably last three days.

Panama, 1.—It is reported 300 well armed men have gathered within ten miles of Panama, but there is no trustworthy information as to their design. If the movement is revolution, it will not extend beyond mere politics, as foreigners are all supplied with an abundance of arms and can smother any attempt at violence.

Toronto, Ont., 1.—The double scull race here, mile and one-half straight away, for the amateur championship of America and two gold watches, between O'Connor and Enright, of the Toronto Rowing Club, and John Laing and J. H. Humphreys, was won by the former in 9 minutes 20 seconds.

Troy, N. Y., 1.—W. B. Bartholomew, a coachman employed by W. J. Simmons, a wealthy business man, secretly matried Simmons' adopted daughter, Mary Emma Babcock aged 19, Friday night.

Washington, 1.—The coinage of the various mints during September was $4,613,353 of which $2,350,000 was standard dollars.

The international prime meridian conference began its session to-day. Forty delegates were present, representing 22 countries. Secretary Frelinghuysen welcomed the delegates. Admiral Rogers, on assuming the chair, defined the object of the conference, and expressed the hope that a prime maridian would be agreed upon.

### DEPARTMENT OF DEAF MUTES, UNIVERSITY OF DESERET.

SALT LAKE CITY, Utah, September, 1884.

At the 1st session of the Utah Legislature, an appropriation of $2,000 annually for two years was made to the University of Deseret to assist in establishing, in connection with the Institution, a department for the instruction of deaf mutes.

The officers of the University have been diligent in making every preparation possible for the reception and accomodation of this class of students, and have secured from the East talent specially adapted for their instruction; so the Department is now ready to admit as students such deaf mutes as need instruction and are otherwise fitted to enter the school.

The United States census of 1880 reports 118 deaf mutes in our Territory. It is quite certain that but few of the parents or guardians of these deaf and dumb persons are able to send them out of the Territory to be educated. That they should be educated, for reasons beyond any that apply in support of the education of those who are in full possession of all their senses, few will deny; yet, until the present time, no provision has been made in this Territory for their instruction, while thousands of dollars annually have been expended for the education of those who, having all their senses, are better able to battle successfully with life without it, than they.

As education abroad is not accessible to the many, it should be well known throughout the Territory that a school for the deaf and dumb has been established at home, in which they may receive instruction at the lowest possible cost. The object of this letter is to announce this fact to those who may be interested in this humane effort. It will be sent not only to parents and guardians of deaf mutes wherever known, but to others who may aid us by securing us the names and addresses of persons in their vicinity who have in charge, as parents or guardians, any of this unfortunate class. It will also be sent to persons who, though having no responsibilities of this kind themselves, may, through a benevolent desire to help the helpless, use an influence with some who do not realize the advantages of education to their deaf children or wards, to induce them to provide these dependents with at least the elements of an education that seems so necessary to their well-being.

In the school now established in connection with the University of Deseret, in Salt Lake City, will be taught the best available method of ready communication, together with reading, writing, spelling, arithmetic, grammar, geography, and also higher branches as they may be required. Besides this, as soon as practicable, a common boarding place, or home for all our deaf mute pupils will be established, where they will be constantly associated with their teachers and in communication with them, so that they may be trained to proper demeanor and social politeness as well as in scholastic studies. They will thus, also, be under the constant surveillance of their teachers, so that their parents or guardians may feel assured of their safety and protection.

Arrangements for board and lodging will be made for those who desire it.

The rate of tuition is ten dollars per quarter. In cases, however, in which parents or guardians are not able to pay even this amount, their children or wards will be admitted to the school free of charge for tuition, under the beneficiary arrangement of the University, provided evidence is given that the applicants are poor and truly worthy.

Pupils who contemplate joining the class should make preparations to do so at once, that they may have the benefit of the early lessons in the course of instruction.

Further information relative to the school may be obtained by addressing the undersigned.

Yours truly,

JOHN R. PARK,
President University of Deseret.

### CORRESPONDENCE.

JOHN DEAN SWIFT HEARD FROM.

SALT LAKE CITY, October 1st, 1884.

*Editor Deseret News:*

Sir—Finding myself inquired for by acquaintances in old England, as stated in a letter from G. C. Lambert, I beg to report myself and family to friends at home firstly, and after the strong hint given, I hope to let acquaintances abroad know that we are well in health, and well satisfied with our mountain home and its surroundings, and I am thankful to God for the freedom and blessings we enjoy. In justice to myself I may perhaps be permitted to state that I have written some relations, and have since written to friends, but have not yet posted all the letters. I much regret this delay, but hope to profit by your advice. I have been busy all the time since arriving here, providing for family and attending to business in general, and building myself a home.

I trust there will be no further inquiry as to what the Elders have done with John Dean Swift after letters are forwarded as to my whereabouts.

Your brother in the Gospel.

JOHN DEAN SWIFT.

ARMS WITH RUBBER CUSHIONS.—"What a beautiful arm she has," said a Times reporter yesterday afternoon to a lady friend with whom he was conversing on Broadway. He referred to the shapely arm of an elegantly dressed, rather slender lady who had just passed. "That arm is not genuine," said the listener, regarding it critically. "It surely is not false?" said the reporter. "No," responded the lady, "but is developed artificially. Fitted into both her sleeves are rubber cushions formed to give her arms the outlines required. If you would thrust a pin into her upper arm you would see that pretty curve sink down and the tight sleeve become wrinkled."—*Oakland Times.*

LULU HURST.—There are some "smart Alecks" in the newspaper business, holding higher positions than reporters, and more than one of them was in the "brainiest crowd on the Pacific slope" that witnessed the private exhibition of Lulu Hurst's alleged phenomenal powers on last Saturday evening. The "wonderful manifestations" of Miss Hurst constitute one of the simplest humbugs ever provided for a farce-gulping public. They require only a little muscular strength, a great deal of "gall," and the endorsement of the managing editors of daily newspapers to become "unexplainable by scientists, according to any known laws." The exhibition is amusing, and to intellectual mugwumps it may seem phenomenal, but any man who is not bedeviled with spiritualism or regulated by advertising schedules can produce exactly the same manifestations.—*San Francisean.*
