LEAGUE AFFAIRS LOOK MOST ROSY

Occidentals Are Dissatisfied and May Make Things Easy By Withdrawing.

BINGHAM WAITS AT THE DOOR

Everyone May Be Happy After Big Meeting Slated for Monday Evening.

Bingham has a crackerjack baseball team, plenty of money, no end of enthusiasm, and wants to get into the league. The Occidentals want to be shown just where they stand, as is just and right, and threaten to turn down all offers to come into the league. There's the baseball situation in a few words and instead of being a bad mix-up is really a simply and happy opportunity not only to keep the league going but to strengthen it. While the negroes play good ball their presence in the league is objectionable to a great many people. It is not the boys, themselves, for they play ball and act like gentlemen, but their participation in the games is the cause for a rather undesirable element on the grounds. Scores of colored people of respectability attend—there is no objection on this point but there is also the element which is not so respectable. This is what has been so objectionable to the truest and fairest patrons of the game. Flashing of money and loud talk aren't pleasing to men and women occupying grandstand seats. So when talk of letting the negroes in began there was a murmuring which grew to be a rumbling and might have broken out in a worse shape.

MURRAY OUTSPOKEN.

Murray took the loud upon herself and announced the negroes must be kept out if the smeltertown was to remain in the league. It was necessary to have a fourth team, however, for the league is in splendid shape, financially and otherwise, and to let the business drop for such a cause would have been the rankest kind of folly. But where was the fourth team? Teams strong enough to make it interesting for Salt Lake, Ogden and Murray don't grow on every corner lot, and the field didn't look any too promising. The Con. Wagon company's team was suggested but the suggestion failed to stir up any enthusiasm among the league officials.

BINGHAM BUSY.

But now comes Bingham with everything necessary to get into the league. "Sis" Hopkins, old-time ball player, and C. E. Kelk, booster of the real type, were in the city yesterday and talked as two men never talked before, they simply talked the local officials off their feet, and had them shouting for Bingham. There is a big league meeting Monday night and "Sis" Hopkins and Kelk will be there. This is taken to mean but one thing.

DALTON ARRIVES.

"Kid" Dalton, who is to meet "Cyclone" Johnny Thompson in Ogden July 28, reached this city from the coast last night. He went up to Ogden to confer with Manager Guiney. It is expected he will return to Salt Lake today and open up training quarters.

The energy that keeps men at their desks through the sweltering heat of summer is energy generated by the splendid products of

AND MORE RECORDS GO BY THE BOARD

Two World's Marks and Time for Ten-Lap Saucer Are Lowered.

"JACKIE" CLARKE IS FAST.

Demonstrates It By Pulling Out of Bunch After Combination Breaks; Giles Helps Game.

Is there no limit to the speed possible on the Utah saucers? The past few weeks would indicate that there is not for the evening without some record or records lowered is the exception to the rule. Saltair has the speed fever in a virulent form, and is contributing heavily towards this year's history. A pair of world's records were smashed last evening and the fastest five miles ever traveled by a motor on a 10-mile lap was the third record made. It was all raanged that the record was to be shaken and Samuelson, Hollister and DeMara pulled Clarke around in good shape. Mearranged that the record was to be shak-Australian at the end, but when "Mac" made the jump, Clarke was in the bunch and couldn't tack on. Here Mayer got a notion that he could jump to the lead. There was only a lap to go and it looked as if the record would stand for Clarke appeared to be hemmed in hopelessly. But Jackie got out somehow and tacked on to Mayer. Not content with having the Flying Dutchman pull him partly around, Clarke dug into his pedals and passed Mayer, crossing the tape ahead of Mayer a wheel length to the good. Clarke made a splendid race and was given an ovation. As a result of his heady work and wonderful sprinting the record of 5:41 2-5 for the three-mile was made. This cut off in the neighborhood of six seconds made for the same race by Clarke last week.

AMATEURS GO SOME.

Giles won the two-mile amateur on pure merit and with no pre-arrangement whatever. McCormack, Meyers, Brodbeck and others were in the race, and the youngsters simply got in and dug from the pop of the gun to the clanging of the bell. On the final lap Giles pumped desperately and left the bunch behind. His time for the two miles was 3:54 1-5, lowering the old record of 3:56 1-5 made by Wilcox.

Then along came Samuelson on his motor. The match between "Sam" and Whittier had to be called off because Whittier's machine went wrong at the last minute. Samuelson came out on the track, and it was announced he would give a five-mile exhibition. He did. He went five miles in 6:25, lowering any 10-lap saucer record on the dope books.

The half-mile handicap professional was all to the good, too. West had a 60-yard start and with Achorn helping him, kept the lead. But Jackie Clarke, starting from scratch, rode in great form and was only a wheel behind West when the tape was crossed. It was a good program, well attended and run off in good shape. The Coliseum protected the spectators and riders from a rough rain laden wind which blew during the evening.

The summaries:

Two-mile amateur lap race—Giles, McCormack, Meyers, Brodbeck, Halstead. Time—3:54 1-5 (record).

Half-mile handicap, professional—Final; West (60 yards), Clarke (scratch), Samuelson (40 yards), Downing (25 yards).

Five-mile motor exhibition by Samuelson. Time—6:25.

Three-mile lap, professional—Clarke, Mayer, Palmer, Wilcox. Time—5:41 2-5 (record).

SOLD BENEFIT TICKETS.

Devonevitch, Bewhiskered Russian, Blisters His Feet but Wins Race.

Tickets for the Hopper benefit to be held at the Salt Palace Tuesday evening are selling rapidly, assuring the biggest crowd of the season. And the demand is increasing with each succeeding day so the crowd which will turn out next Tuesday evening will undoubtedly be one of the largest in the history of the Salt Palace—and the pioneer saucer of the state has had some great crowds, too. Riders and stores about town are selling tickets, not to mention scores of well-to-do and prominent citizens who wanted to do something towards helping the unfortunate rider along. And in this connection old Theo. Devonevitch, the Russian and favorite of everybody, showed that a big heart beats within him. When Frank Schnell, secretary of the meet, appeared at the track a few days ago Devonevitch was among the first riders to want bunches of tickets. He was given 200 and with a bunch of great slips in each hand, came uptown. Everyone he met he talked "Hopper beneefeet" to and when he returned to the track to ride the bewhiskered rider from the czar's country was "all in" to use a term of the track. He had tramped around in the record-heat and his feet were almost blistered but he was as happy as a boy with a new air rifle because he had sold a large number of tickets. His joy knew no bounds, in fact, for so good did he feel that he went in and won first in one of the prettiest races of the year. Sore feet couldn't keep him back. Devonevitch is one of the best natured men a person could want to meet and he goes into everything with his whole soul. Whoever buys a ticket from the smiling Russian will not only help to put plucky little Norman Hopper on his feet but will make one. Theo. Devonevitch just that much more pleased with the world generally.

GOOD RACE CARD FOR EAGLES' DAY, FRIDAY

Because Friday is Eagle's day at the Salt Palace, Lessees Swenson and Cleveland have turned over the saucer to the local aerie No. 17. Manager Redman has arranged what should be a most interesting race card, it is:

Five-mile motor-paced open race, professional.
Australian pursuit race.
Two-mile Eagle lap handicap, professional.
Five-mile open lap, amateur.
One-mile handicap, amateur.

FARMAN REALLY COMING.

Foreign Aeronaut Starts for America With Machines and Mechanics.

New York, July 16.—A cablegram has been received by Thomas R. MacMechan and Samuel Bowman from Dr. Frank S. Lahm in Paris, stating that arrangements are practically completed for the shipment of Farman's new aeroplane by the steamer Kroonland which sails from Antwerp on Saturday.

"It is no easy matter getting a foreign aeronaut to visit America," said Mr. Bowman, "and until I hear the confirmation of the report that the machine has actually been shipped to Antwerp I will not be absolutely certain of Farman's arrival. But it looks as though all the troubles were over now. Farman will sail on the same steamer with his machines and he will bring three or four mechanics with him."

The first flights which are scheduled for July 29 and 30, at Brighton Beach track, will probably be postponed two or three days, as it will require that much time for Farman to get his machine in readiness. The exact dates of which the flights will be made, will be determined immediately upon Farman's arrival.

The proposition to bring La Grange has been abandoned. This was definitely announced last night at a meeting of the Aeronautique society.

FIRE IN ORCUTT OIL FIELDS CAUSES TWO DEATHS

Santa Barbara, Cal., July 15.—Fire which broke out at midnight in the town of Orcutt, a shipping point for the Santa Maria oil fields, had by noon today caused two deaths, destroyed oil tanks and other property valued at nearly $200,000, and was threatening two immense pumping stations and another tank. The body of one man, A. Stevens, was recovered. The name of the other man was not learned.

Orcutt, which is a town of about 600 inhabitants, had up to this time been saved only by a favorable wind. The black smoke of the fire is visible for scores of miles, overhanging the country like a dense cloud.

The two men who met death were fighting the fire from a wooden bridge over one of the 35,000 barrel tanks, which was blazing fiercely. Although they had ropes about their waists, they were overtaken by a sudden shift of the flames and fell into the blazing oil.

The Union Oil company owns nearly all of the destroyed property

INDOMITABLE IN COLLISION.

Portsmouth, July 15.—A barge came into collision with the warship Indomitable in Portsmouth harbor today, shortly after the Prince of Wales boarded the warship to leave for Quebec, where he is to attend the tercentary festivities. The force of the collision was slight. A little paint was scraped off the side of the battleship and the barge lost her foremast.

IT CAN'T BE BEAT.

The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Bitters does all that's claimed for it. For Stomach, Liver and Kidney troubles it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines also for weakness, lame back, and all run down conditions. Best too for chills and malaria. Sold under guarantee at Z. C. M. I. drug store. 50c.

DEATH DUE TO ACCIDENT, MURDER OR SUICIDE?

Chicago, July 15.—A dispatch to the Record-Herald from La Cross, Wis., says:

With a bullet in his heart, Albert Platz, a rich tanner, was found dead in his chair at his office last night. A revolver was on the floor beside him, a stained swab was clinched in one hand, while the other pressed a piece of rag into the wound as though to stop the blood.

This circumstance gave the case the appearance of an accident, but there are other incidents which have led the police to a thorough investigation of murder and suicide theories. The weapon was more than two feet away when the shot was fired, there being no powder marks. It would have been practically impossible for him to have held the revolver in this position.

Platz was president of a Mexican plantation company in which the original investors, including himself, sustained heavy financial losses. He was 70 years old.

CONTEST OVER WESSON MILLIONS COMPROMISED

Springfield, Mass., July 15.—After two years of litigation over the will of Daniel B. Wesson, who died in August, 1906, leaving a $25,000,000 estate, a compromise agreement has been reached in the supreme court. By its terms, after specific bequests of over $4,000,000 are filled, the residue is to be divided equally among Walter H. Wesson, Joseph Wesson, Sarah J. Bull and the four children of the late Frank Wesson.

Under the will the estate was to be held in trust until the great-grandchildren were of age. The Smith & Wesson factory is to be incorporated and run by Walter H. and Joseph H. Wesson.

THE REMEDY THAT DOES.

"Dr. King's New Discovery is the remedy that does the healing others promise but fail to perform," says Mrs. E. R. Pierson, of Auburn Centre, Pa., It is curing me of throat and lung trouble of long standing, that other treatments relieved only temporarily. New Discovery is doing me so much good that I feel confident its continued use for a reasonable length of time will restore me to perfect health." This renowned cough and cold remedy and throat and lung healer is sold at Z. C. M. I. drug store. 50c and $1.00. Trial

PATENTS

We desire to announce that we have established in connection with our paper, a Patent Bureau, and invite the co-operation of Inventors, Mechanical Engineers, Draughtsmen, Machinists, Superintendents and Foremen of Shops and Mills, Skilled Mechanics in all trades, Farmers and all others, in building up a patent system, that will give honest advice to investors, protect their interests by good patents and strong contracts; assist Inventors in perfecting their inventions, and in selling their patents when obtained; and in all matters to render careful service and give full value for money paid.

We have associated with us at Washington, D. C., an attorney who has been in continuous practice for the past twenty years, and we are in position to guarantee that any patent matters placed in our hands will receive prompt and careful attention, and that the charges will always be moderate.

We also, in addition to securing of patents, obtain Trade-Marks, Copyrights, Labels, Design Patents, and in fact transact business of all character in this line.

All patents secured through our Bureau will be advertised for sale at our expense, and will thus be brought to the attention of the thousands of readers and materially assist the inventors in disposing of their patents.

If you have made an invention, send us a rough sketch and description with $5, and we will have our attorney make a thorough search of the records of the United States Patent Office, and advise you as to the securing of patent, the cost and the manner of proceeding.
