## KRAMER TOO MUCH

FOR IVER LAWSON

The Newark News publishes the folowing account of the match race between Iver Lawson and Frank Kramer: "Kramer's match with Iver Lawson was much in the nature of taking candy from a small child. Lawson ap-peared to lack confidence, while Kramer had worlds of speed. He beat law-son in the first heat, coming from be-hind in the home stretch and sprinting

hind in the home stretch and sprinting in ahead of him. In the second Law-son tried a runaway and got a jump of several yards on the second hap, but Kramer went and caught him, then passed him three-quarters of a hap from the tape and breezed in several yards to the good. "Clarke won the five-mile handicap, going out at the bell. Fogler coming fast down the homestretch was only a few inches behind. Paddy Hehir, with a pull from Walter Bardgett, took the two-mile invitation. "Frank Kramer's chance of again

the two-mile invitation. "Frank Kramer's chance of again winning the American national cycling championship was materially bettered as the result of the one-mile race. Kramer won the race, while Jackie Clarke, his Australian rival, finished but third, and the point table as now computed shows Kramer with a totaj of 32 points, while Clarke has 33. This still gives the little Australian an ad-vantage of one point with two races left, but it does not make Kramer's task as hard as it appeared. The Amer-lean champion still has his work cut

task as hard as it appeared. The Amer-ican chanpion still has his work cut out for him, as he needs the two re-maining races. Should Clarke win one and finish second in the other, the title will be his by one point, but he must do this much to earn the honors. Joe Fogler finished second, while Iver Lawson, who had been the fourth man

It is not at all improbable that by the middle of next week Ceach Convilt of the Salt Lake high school pigskin chasers will have his team practically selected. He has been working dill-gently with the boys for some weeks and the results of his efforts are grati-fying. The boys are rounding into the shape and they are working hard be-cause they remember an eleven down in the Granits stake.

Although interest in the two big league pernant races is still much alive, the football season is at hand. The first game of any consequence was played last Saturday, when the Carilisie Indians defeated the Steeltown Athletic club, 25 to 0. The Indians showed all their old-time cuming and will pre-sent a strong front again this season.

when the Lenawes county circuit cougt decided that high school pupils could not be expelled from school for refus-ing to sign a pledge not to be mem-bers of secret societies. As this was the first case under the law forbidding fraternities in public schools. Atty-Gen. Bird was called into the controversy and he declared that the board of education had no power under the statutes to expel Wal-lace Hook, who brought suit after he had been excluded from school for re-fusing to sign the pledge.

had been excluded from school for re-fusing to sign the pledge. Following the opinion by Atty.-Gen. Bird, the board of education did not file at answer to Hook's request for reinstatement, and the complainant's demand was granted. After the case was brought by the board, it passed resolutions depriving fraternity mem-bers of all privileges and absors in athletics, debates and other school athletics, debates and other school ntests

### TOURIST TRAVEL FROM WEST TO EAST INCREASING

Chicago, Sept 25.—Railroad traffic officers assert that tourist travel from the west to the Atlantic scaboard was increased from 35 to 50 per cent this summer by the granting for the first time of reduced summer tourist rates. For the months of June, July, August and September, rates of approximately a fare and a half for the round trip were made, and these have now been extended to cover the dates of the Hudson-Fulton calebration in New York.

Hudson-Fulton estebration in New York. The increased travel to the east is regarded by railroad men as partich-larly gratifying, as western railroads were at the same time carrying un-precedentedly large numbers of pus-sengers on account of the heavy travel to the Alaska-Yukon-Pacific exposition at Seattle.
