

LETTERS FROM PREST. CANNON.

He Tells of Places Visited on
The Isle of
Man.

HOME OF HIS FOREFATHERS.

Interesting Facts Concerning Mem-
bers of the House of Keys—Of-
ficers of the Crown.

The following letters from Elder An-
gus M. Cannon, who is now visiting the
scenes of his youth, will be read with
much interest by Utah people. The
first is to his daughter, Miss Ann M.
Cannon. It was dated Kirk Michael,
Isle of Man, March 31. The second is
to Charles W. Penrose, and was dated
March 2. The letter to Miss Cannon
follows:

Here I sit in house of my father's
second cousin, Mrs. Jane Quayle,
near the old home of our great-great-
grandfather, John Cannon, and his
wife, Anne Smith (John Smith's
daughter, of London). He was born in
1793, and occupied the farm known as
the "Coolishallough," comprised of
about 30 acres, that my third cousin,
John William Cannon, lately elected to
house of keys, that meets in Dou-
glas to legislate for government of in-
habitants on this island, is now the
owner of the old house. He is a man of
47 years of age, and is very bright and
intelligent. He is quiet now, content-
ing himself with making notes on
events as they transpire from time to
time. It is my opinion he will yet
make his mark in the councils.

There is a council to which the laws
enacted by the house of keys in sub-
mitted for their approval, who pass up
on all legislation just as the senate of
our country passes upon the acts of
the lower house of a legislature.

THE HOUSE OF KEYS.

The members of the house of keys
number 24, and are elected by the peo-
ple, while the council is formed of
appointees of the English government,
and being officers of the crown, town
clerk, lieutenant governor, lord bishop,
clerk of the rolls, first deacon, second
deacon, attorney general, receiver
general, arch deacon and vicar general.
These men constitute the council of
nine, and are largely under the influ-
ence of the bishop of the English
church, receiving regular salaries as
such.

WHEN LAWS ARE READ.

The annual day on which these laws
are read occurs on July 5, unless that
day comes on Sunday, when it is pre-
ceded by the day of the following.
As there are but few now on the
island of the 50,000 of its inhabitants
who understand the Manx language, it
is merely a form that requires them to
be read in the old language. In case
it becomes necessary to enact a spe-
cial law, the law making department
has to arrange for a special meeting, at
Tynwald, that the law may be read to
justify its enforcement.

NO COMPENSATION.

Members of the house of keys re-
ceive no compensation, except the
honor that attends them, for their ser-
vices.

The people are dissatisfied. It is said,
in that they have no voice in the selec-
tion of any one person of the upper
house or council of the island, and this
house of keys is agitating the question
of petitioning the crown to extend to
the people of the island, the right to
a voice in the selection of part, at least,
of said council. I conversed with the
venerable Hugh S. Gill, M. A., the
arch deacon, who occupies a seat in the
council, who told me when I told him
attention to the present agitation in
the meeting of the "keys." He simply
replied: "Their talk can have little ef-
fect on me." (He is 77 years old), but
I heard the clerk of the rolls, Sir James
Gell, say before his death (he has re-
cently died): "If this agitation contin-
ues, I shall advise the government of
England to do away with the present
form of government and simply admit

Surgeons themselves consider a per-
manent cure of piles by a surgical op-
eration as very doubtful, and resort to
it only when the patient has become
desperate from long continued pain and
anguish. But the operation itself is
every bit as excruciating and nerve-
racking as the disease. Besides, it is
humiliating and expensive, and rarely
a success.

The wonderful Pyramid Pile Cure
makes an operation unnecessary. You
cure yourself with perfect ease, in your
own home, and for little expense.

Pyramid Pile Cure gives you instant
relief. It immediately heals all sores
and ulcers, reduces congestion and in-
flammation, and takes away all pain,

form of suppositories so that they can
be applied directly to the parts with-
out inconvenience, or interrupting your

them to representation in parliament." I
fear this will be the result if the
Manx people do not appreciate their
present condition.

THRIFTY AND HAPPY.

They are at the present time a very
thrifty and happy people, and pay
less taxes than we do in Utah. It is
true business is not prospering at the
present time, from the fact that they
lack protection to their people in their
industrial pursuits, and their young
men go away to America and other
countries to obtain remunerative em-
ployment, leaving the aged here to
care for home. I am delighted with
the hardy, sturdy character of the
Manx people and I am proud of having
come from that race of people. They
are a delightful land and a lovely
climate.

TREATED WITH KINDNESS.

I have visited Peel and gathered
prime roses and gladiolus with my
sister, as I did in childhood, 68 years
ago. We have visited towns and par-
ishes in quest of genealogical infor-
mation regarding our ancestors and kin-
dred, with fair success, and have ex-
perienced the greatest kindness, at the
hands of all with whom we have come
in contact. We leave here on Tues-
day, the 3rd prox., for England and
expect to visit Liverpool, Manchester
and London, after which George M.
Jr., expects to sail for South Africa,
on his mission, on the 12th prox. Be-
fore returning here, we expect to visit
from home and hope to receive word
when we reach England.

The weather here is very delightful
at the present time. We have each
enjoyed excellent health, and leaving
home, except a little sea sickness, and
your Aunt Mary Alice has even escap-
ed that. I trust this will find you all
well and prosperous. That the bless-
ing of God may rest upon you all is
my constant prayer.

VISIT TO LIVERPOOL.

Prest. Grant journeyed to Rome to
visit Branches of Church.

Following is President Cannon's let-
ter to Hon. C. W. Penrose:

We reached Liverpool on morning
of 15th inst and were kindly received
and treated by our brethren in
charge of office. President Grant had
gone to Rome, intending to visit
branches of the Church upon the con-
tinent, having left the day before we
arrived. We spent two days visiting
scenes of our birth and friends, in
Liverpool and Cheshire.

We had a very pleasant voyage
crossing to Liverpool, but got the
worst of our money, in crossing the
Irish sea to Douro, on the 17th inst.,
being St. Patrick's day, experiencing

sea sickness beyond what we knew
on our voyage from New York.

We have enjoyed the best of health
since we left home with exception of
sea sickness, while my sister, Mrs.
Lambert, has not experienced that in
our entire journey. We have received
the greatest kindness from every
one upon our entire journey. We are
at present stopping with Mrs. Jane
Quayle of this village, a second cousin
to my father, which joins the fact that
he belonged to oldest branch of our
Cannon family for 300 years past,
known to the Manx people as the
"Coolishallough," or, in English, "be-
hind the willows." It is occupied and
owned by Hon. John William Cannon,
a very bright and intelligent man of
47 years, who has been elected recently
to represent this district in the house
of keys.

DELIGHTFUL CLIMATE.

Knowing that this island is situated
so much farther north, I anticipated
experiencing cold weather beyond what
we realize at Salt Lake, but to my
surprise, I learn, the people can work
on their land the entire winter, leaving
their turnips standing in their fields,
which are now covered with snow. In
some instances with sprouts on them eight
inches long. There are palms standing
out all winter while the gladiolus
retain their bloom and remind me of
their abode in the garden of my grand-
mother's garden wall in my child-
hood.

The presence of the gulf stream, flow-
ing past these islands, is the only rea-
son I can assign for the mildness of
this climate. It is said that this
weather, accompanied by a strong
March wind, is as cold as they had
experienced during the winter, that
has been uncommonly mild.

We have been visiting different
parishes since our arrival upon the island
in search of genealogical information.
We have been kindly received every-
where, but expect to return to Eng-
land and visit Liverpool, Manchester
and London before my grandson, Elder
George M. Cannon, Jr., leaves us to
join his companion, going to South Af-
rica upon his mission.

TO VISIT CONTINENT.

After that date, which is thought will
be the 12th prox., my sister and myself
anticipate visiting the continent, after
which we purpose returning here to
continue our labor in this island. We
only occupied 10 days in travel from
home to Liverpool.

FOUR DEAD BODIES TAKEN FROM WRECK.

Missoula, Mont., April 30.—Four bod-
ies were taken from the Northern Pa-
cific wreck on Elvar Hill today. One
of the four, which burned the entire
train of 40 cars of lumber, none of the
remains can be identified. The bones
are supposed to be those of the en-
gineer, L. D. Sterne, Fireman G. A. Ju-
liet and two tramps. It is believed
that several other tramps were burned
in the wreck, but it is doubtful if any
traces will be found.

Brakenman, C. A. Murphy, who was
injured, is still unconscious and will
likely die. Three tramps, who are be-
ing cared for at the Northern Pacific
hospital, state that they had seven or
eight companions on the train. They
could not give the names of the missing
men, nor could they tell where they
went.

The cause of the wreck was the
mysterious fault of the air brakes com-
ing down the steep Elvar Hill. One
mile east of Elvar the train ran
away, and the entire crew was on the
top setting hand brakes. The engineer
had not whistled for assistance,
but the conductor and brakeman re-
alized their danger several minutes be-
fore the crash came. At a point be-
tween Elvar and the station, the en-
gine and 40 cars left the track, fall-
ing in a heap 60 feet in height.

QUICKLY TAKES FIRE.
The fire box was torn from the en-
gine and left in the center of the pile
of wrecked cars and lumber. Within
a few minutes it was blazing. The
fire burned all night, and it was only
this afternoon that the railmen could
approach near enough to the mass to
inspect the wreckage.

GEO. DICK WINS CASE IN U. S. SUPREME COURT.

Washington, April 30.—Two cases of
E. Whitney, warden of the state peni-
tentiary, versus George Dick, were dis-
posed of by the supreme court today.
Dick was convicted in the United States
district court of Idaho of bringing li-
quor into the Nez Perces reservation
and sentenced to a year's imprisonment.
Dick applied to the appellate court
for writ of habeas corpus and certiorari
and was later discharged from prison
on the ground that the district court
had no jurisdiction over the offense
charged. Whitney appealed to the
supreme court and afterward a writ
of certiorari was allowed. The court
refused cognizance of the appeal,
the amount involved being under \$1,000,
but did consider the certiorari.
The supreme court holds that the
appellate court had no right to issue
a writ of habeas corpus as original pro-
ceeding. The decision of the circuit
court appeals is reversed and the case
remanded to the lower court with
instructions to quash the writ of cer-
torari and dismiss the applications.

THIEVES STEAL CORNERSTONE.

Pasadena, Cal., April 30.—Thieves to-
night stole the cornerstone of the North
Pasadena Methodist church. The stone
weighed about 300 pounds and con-
tained coins and other small valuables,
worth probably \$10.

The church was only completed a few
days ago and is a large and expensive
edifice. The cornerstone was piled out
of the building and removed entirely
from the premises. It is not known by
what means the thieves made away
with it, but they must have used some
sort of vehicle.

RELIGIOUS EDUCATION.

A Catholic Priest, Jewish Rabbi
And Protestants Plead for
It for Children.

BASIS OF MORAL TRAINING.

The Three R's—Reverence, Righteous-
ness and Responsibility—Are
Too Much Neglected.

New York, May 1.—A Catholic priest,
a Jewish rabbi and representatives of
six Protestant denominations united at
a meeting last night to plead for a more
thorough religious education of chil-
dren. The movement had its inception
at the Inter-Church conference last fall.
It is proposed that the public schools
shall so arrange the schedule of studies
that subjects of relative unimportance
shall come on Wednesday afternoons
and that such students as desire it, or
whose parents desire it, shall be then
free to go to the churches of their
choice to receive their religious instruc-
tion without loss of public school stand-
ing.

Rev. Dr. Anson P. Atterbury, pastor
of the Park Presbyterian church, pre-
sided, and Father McMillan of the
Paulists was the first speaker.

"It is our Catholic position that re-
ligious training in the public schools
is joined," said Father McMillan. "To use
it is visionary that there can be mor-
ality without religion. The method
suggested will help. To get rid of that
absurd idea that religion is for Sunday
alone and has no place in the business
day."

Coadjutor Bishop Greer said:
"I am a strong and staunch believer
in the public schools. I want them
pretty much as they are and for what
they stand. They do that which they
aim to do, and do it fairly well. This
is good as far as it goes, but it does
not go far enough. There must be
moral and religious training. That is
more than a religious influence. In the
last analysis moral training rests on
religious training. If the seductive evils
of our modern life are to be met as
they have been met, something more
is necessary than the training that is
given by a secular education. The
training of the public school needs to
be supplemented by the training the
churches can give."

Rabbi H. P. Mendes said he spoke
as an orthodox. He thought the three
"R's" are neglected in secular educa-
tion, not the three "R's" best known,
but "rather reverence, righteousness and
responsibility."

A resolution was passed empowering
the committee originally appointed, and
under whose auspices the meeting had
been called, to continue its work in a
corroborative vein.

COLE QUITS JAIL.

He Was Once a Prominent Financial
Leader in Boston.

Greenfield, Mass., May 1.—Charles H.
Cole, former president of the Globe
National Bank of Boston, and once a
prominent financial leader of that city,
was released from Greenfield jail last
night after serving 14 days less than
six years in the institution for the mis-
appropriation of the bank's funds. He
left at once for Boston and will return
to his former home at Hingham, Mass.
Cole's conviction followed a series
of financial disturbances in Boston dur-
ing the latter part of December, 1899.
The business situation was seriously
unsettled by the failure on Dec. 15 of
the John P. Squire & Co. (corporation),
pork packers, for \$3,000,000, and the clos-
ing of the Broadway National bank
the following morning. The Squire cor-
poration had a large amount of paper in
the Globe National bank, and heavy
withdrawals followed the packers' fail-
ure.

of my back, just over the kidneys. I
could assign no cause for its appear-
ance, but as time passed it grew more
severe, and finally ended in attacks,
until about twelve months ago other
symptoms of acute kidney trouble
were quite evident. I tried remedy af-
ter remedy, but the relief I longed for
never came. It struck me one day
while reading about Doan's Kidney
Pills that they might at least help and
I went to the F. J. Hill Drug Co's store

great benefit that I am pleased to re-

A GALLANT REGIMENT.

Tenth Pennsylvania Sends \$10,000 to
San Francisco.

San Francisco, April 30.—The Tenth
regiment of Pennsylvania volunteers, which
was camped in this city at the time of
the Spanish war, has sent a donation of
\$10,000 to the relief committee. In a note
the officers told how well they were
treated by the people of San Francisco
during their sojourn here and as a token
of appreciation they made up this hand-

people of this city.

"TRIB" cleans the entire system. The

T. E. Ledger, 219 Seneca Street, Seattle.
"Wash," writes:
"You ask me what I think of 'TRIB.'
Well, it is the greatest discovery for
cleaning out poison blood and system on
earth. I took it with the idea that if it
cleared the system of poison and alcohol
poison, it also would do the same thing
to blood poison of which I have
been a sufferer for years, and I can truth-
fully say it has served the purpose after
spending hundreds of dollars on worthless
advertisements for blood poison as
well as a cure for tobacco and liquor
habits. Inquiries cheerfully answered if
stamp is enclosed.
It is our belief that no remedy upon the
market today will come nearer leaving
your system after treatment as pure and
clear as that of a new born babe. As
'TRIB' will. A trial will at once con-
vince you that 'TRIB' is all we claim
for it."
