

and his books until at the age of 18 years we find him engaged in the occupation of a teacher.

"The history of Garfield's life to this period presents no novel features. He has undoubtedly shown perseverance, self-reliance, self-sacrifice and ambition, slowly working through his educational period. Receiving his diploma at the age of 21 years, he seemed at one bound to spring into conspicuous and brilliant success. Within six years he was successively president of a college, state senator of Ohio, major-general of the army of the United States and representative-elect to the national Congress. A combination of honors so varied, so elevated, within a period so brief, and to a man so young, is without precedent or parallel in the history of this country. In 1880 he was elected U. S. senator from Ohio, and in November of the same year was elected president of the United States, taking his seat March 4, 1881, on the 2nd of July of the same year he was shot by a disappointed office seeker and died as a result of his wounds Sept. 19, 1881."

"The speaker turned his features to a high pitch of enthusiasm when he referred to the spirit which begat the Constitution of this country, and which was now being felt in the despotism of Russia. This was the spirit which brought the antecedents of Garfield to this country, and which characterized his efforts not only on the battlefield of Chancellorsville but in every avenue of his illustrious career. The speaker said: 'The Boys of the Old Brigade.'"

"WILLIAM MCKINLEY."

Senator Walton was on the program to respond to the toast, "William McKinley," but being absent Prest. Love made a few fitting remarks on this subject. He said the cruel tragedy at Buffalo, which took the life of one of its most loyal and patriotic citizens, was still fresh in the minds of the people. It seemed but yesterday that this appalling calamity occurred. The McKinley family, however, was an inspiration to American citizenship. He loved his country, he loved its institutions and he met his fate while in the discharge of his official duties. His words, "God is in God's hand, and they will be done," revealed the noble character of the man.

JUDGE BOTKIN'S SPEECH.

The speech of the day was delivered by Judge Theodosius Botkin, who responded to the toast, "The President of the United States." The speaker gave excerpts from the inaugural addresses of former presidents showing their lofty ideas of patriotism, and concluded by paying high tribute to President Roosevelt.

On motion of Representative Austin a vote of thanks was taken and all who had taken part on the program and at 1:05 p. m. the joint assembly dissolved.

Those comprising the quartet were Mrs. Beale, soprano; Miss Agatha Berthel, alto; Mr. Fred Graham, tenor, and Mr. Willard Squires, basso.

PEACEFUL AND BEAUTIFUL.

Impressive Services Today at the Funeral of Miss Callie Froeze.

The funeral services over the remains of Miss Callie Froeze, whose death was recently announced in this paper, were held today at the Elmore ward meetinghouse. Music was furnished by the choir, Miss Emily Larson, who sang, "O Dry Those Tears," and Mr. Geo. D. Pyper, who rendered "Unanswered Prayer" were officiating. Elder John Knight, bishop Morris spoke briefly of the faithfulness and good works of this member of his ward. He also told of the impressive and significant death scene in the hospital. Elder Jos. H. Felt related several occurrences in the life of the deceased young woman, showing her character. Miss Maude May Babcock, of the orchestra, sang "Christ, shall I change my robe of death into the robes of life?" and illustrated her battles for life by an impressive quotation from Browning. Elder R. L. Penrose spoke upon the reality and certainty of the resurrection and the reward of those whose conversation, in the language of Paul, "is in heaven," and of the promise that Christ shall change our vile bodies into the likeness of His glorious body. President Winder attended the services. All the speakers spoke with much feeling—like those hereafter, and the services were markedly sympathetic, many showing signs of strong emotion. The house was crowded to its capacity. The service was a white and floral, and literally massed with flowers, and offerings many friends. A large cortege followed the remains to the cemetery.

WILLIAM PINNEY DEAD.

Pneumonia Strikes Down Supt. of School Building Construction.

At noon yesterday occurred the death of William Pinney, who for a long time has been superintendent of construction for the city schools. The immediate cause of his demise was heart failure, superinduced by pneumonia, from which he had suffered since early Sunday morning.

Mr. Pinney was a native of England, born in London July 10, 1842. He learned the trade of brick builder in his old country, and came to America when he was twenty years of age. His life time that time has been a very active one. He built and helped to build many of the largest and best schools in the city, both public and private. Among these were the Garde House, the Chamber of Commerce building, the McCormick block and the Riverside, Emerson, Webster and offerings of the schools. These school buildings were of his own design, and he drew the plans without extra charge to the city.

In 1884 Mr. Pinney married Emma Ward, and nine children were the issue of the marriage. All of the children are living, and with the exception of two, were with their mother at the bedside of their father when he died. The funeral will be held Sunday afternoon from the Nineteenth ward meetinghouse, the services beginning at 2 p. m.

SMALLPOX AT HOLDEN.

Epidemic Such as to Cause State Board To Promptly Act.

R. F. Woodard, fumigator for the state board of health, leaves tonight for Holden, Millard county, where there is quite an epidemic of smallpox. Secretary Beatty of the state board of health received word that there are 68 cases of the disease in the town, which has a total population of only about 450 people. All of the cases have developed within the past two weeks and the rate at which it is increasing is somewhat alarming. Mr. Woodard will look after the fumigating and quarantining work in the town and will also see to the action of the board of health in taking charge of the work which has a tendency to check the spread of the contagion.

One case of smallpox was reported to the board of health today, the boy from Nevada, aged 15 years, residing at 65 west Eighth South street.

## GOVERNOR NAMES SIX APPOINTEES.

The Senate Concurred in Selections at Executive Session.

PASSED THE MUNICIPAL BILL.

Two More Appointments Await Confirmation—Opposition is Probable To Both—Session Was Busy.

Late yesterday afternoon the senate went into executive session to consider appointments submitted by Gov. Cutler, and when the session was dissolved the following confirmations were announced:

Directors, Deane Agricultural and Manufacturing Society—Lester D. Freed of Salt Lake, William C. Winder of Salt Lake, Mrs. Phyllis J. Riter of Salt Lake, Joseph A. Silver of Salt Lake.

Commissioner State Bureau of Statistics—Charles DeMolay of Salt Lake.

State Coal Mine Inspector—Gomer Thomas of Salt Lake. The life of Gomer Thomas had several years been conceded for several months, but considerable interest was shown in the naming of Gomer Thomas for another term. Mr. Thomas had been an active opponent for renomination, chief of whom was James A. Harrison, former mayor of the Utah Fuel company at Sunnyside. Against this candidate, however, the argument was used that he was an employee of the chief coal mining company in Utah, although a strong Republican worker, and Republican in action in Carbon county. The appointment of Mr. Thomas to succeed himself, is generally conceded to be a wise choice, as his record has been satisfactory.

Others names are said to have been filed by the governor which were not announced as confirmed. They are Charles A. Glazier of Provo, to succeed Walter J. Beattie as bank examiner, and A. J. Moyes of Salt Lake, to succeed State Fish and Game Commissioner John Sharp.

The naming of both of these men recalls scenes in the nominating convention where incidents occurred in some quarters as to have left sore spots as yet unhealed.

Glazier was a strong candidate for the treasury and membership of the Weber county delegation openly stated that Robert A. Moyes, a nephew of the present nominee, shifted his vote for governor between the first and second ballots in support of Mr. Glazier, from the race against him, for the treasuryship. Senator Hollingsworth in the convention made a well remembered seconding speech to the nomination of Mr. Moyes in which he accused him of breaking promises, although he, Hollingsworth, was keeping his return promise to second the nomination. The Weber delegation in its voting then led the campaign that resulted in the selection of Mr. Christiansen as treasurer over Mr. Moyes. It is now thought by men who are familiar with the political situation that the opposition to Moyes comes from Weber county and that he will not receive the support of those delegates. The same reasons are assigned for the opposition to Mr. Glazier, who is claimed to have decided up to the last minute that he would not withdraw from the race, and who made enemies in his district by changing his mind in the convention.

Much interest is shown in the contest for the post of state treasurer, and secretary of state board of health, nominations for which Governor Cutler is expected to hand in within a few days.

BUSY AFTERNOON.

While the main interest of yesterday's session centered about the new appointments, there was more business transacted than at any previous sitting. Twenty-four bills were introduced, six bills were passed, and a large number were sent through the red tape to a final vote. The most important of the measures that passed was H. B. 42, which was so long that the acting reading clerk became hoarse from fatigue before he finished it. It is the new municipal law, which does much to better Salt Lake City. It received only one contrary vote—that of Senator Barber. Lawrence's bill (No. 62) permitting the issuance of bonds for the improvement of streets and highways, which street improvements are to be made, the act to become a lien on the property, was passed unanimously. Representative Maughn's trespass bill (No. 10) making it a misdemeanor to willfully leave a gate open on private property, or to throw down a fence, was passed unanimously. Other bills passed were H. B. 74, permitting hold-over directors of corporations; and H. B. 103, by Marks, relating to the manner of pleading the statute of limitations. S. B. 61, by Hollingsworth, legalizing the merger of the Salt Lake city and street car companies, was made the special order for Friday at 3:30.

When the senate adjourned at 2 p. m. it was until Thursday at 2 p. m.

SOCIAL AND PERSONAL.

Patriotism will be the watchword of the day in the social realm as well as elsewhere. Numerous social functions will mark the date and the patriotic societies' celebrations will rank among the most conspicuous.

This afternoon the Daughters of the American Revolution held an interesting meeting at the home of Mrs. La Motte, and tonight, the Daughters of the Revolution are to be entertained at the home of the regent, Mrs. Phoebe Y. Beattie, where a program has been planned to surprise the members, only the committee knowing its nature.

Among today's entertainers are Mr. and Mrs. E. G. Webber, and Mr. and Mrs. Franklyn, who give a party tonight in honor of Mr. and Mrs. George L. Nye; and Mrs. A. L. Hoppaugh, Mrs. W. M. Bradley, Mrs. C. H. McCoy, Miss Ella Hadd, Miss Claire Williams and Miss Eleanor Crawford.

The event of yesterday was the "Colonial ball and county fair" given at the University for the benefit of the football team. The affair was a qualified success. The several fraternities had outdone each other in preparation for the event, and there were delightful surprises throughout the evening for the assembled guests.

There was an old lady who pretty girls in colonial costume sold lemonade and other refreshments to thirsty wayfarers; a candy booth where pretty clerks lured willing customers; a mock court where the boys of the Amiel Edissim "frat," bandied witty arguments on the bounty frauds; a circus where thrilling feats were done to accompany gapes of awe; and various other things that made the circuit of Museum building an entertainment in itself. In addition to all this was the dancing which was a thoroughly enjoyable feature of the whole. If the shade of Washington hovered over the scene, he could not but have felt that his previous laurels were augmented by this elaborate birthday celebration. The U. of U. is to be congratulated on the enterprise of its students in planning the enjoyable affair.

Miss Evelyn Riley of the Twelfth school gave a theater party Saturday afternoon in honor of Miss Edith McLelland, an associate teacher, on her retirement from school work. On Tuesday at noon the teachers gave a luncheon in her honor.

Mrs. Reed Smoot and son Harold left Sunday to join Senator Smoot in Washington.

Tonight the Bonita club gives its first ball at Unity hall, and a successful affair is anticipated.

Madam Vivian Jones' eyes have so improved that she is able to take an annual spring trip to New York for the Keith O'Brien Co. She will return in a few weeks.

Mrs. Emma Conklin has returned from a 10 days' visit with friends at Pocatello.

## SMOOT SUBMITS THREE PROPOSITIONS

Senator Extremely Anxious to Secure Second Land Office For the State.

NO REPORT FROM COMMITTEE

It Has Been Unable to Secure the Attendance of Senator Thomas Kearns.

(Special to the "News.")

Washington, D. C., Feb. 22.—Chairman Gable of the sub-committee having in charge the bill to create a second land district in Utah has been unable thus far to secure the attendance of Senator Kearns with the sub-committee and Senator Smoot. Yesterday when the case as an excuse for not attending his attendance. In consequence the sub-committee was not prepared to report to the full committee and additional time was granted. Senator Smoot, who is deeply interested in securing prompt action upon this vital and important matter, has submitted three propositions, the adoption of any one of which will lead to a satisfactory outcome. First, he proposes that the senate committee abandon both senate bills and report the house bill to the senate. Upon house bill the secretary of the interior and the commissioner of the general land office have made favorable reports. This bill makes the new land office the secretary of the interior and that portion of Wasatch lying within Utah reservation. If this is not acceptable to Senator Kearns, Senator Smoot suggests a second proposition: That the senate committee amend the house bill so as to allow the president or secretary of the interior to name the place where the new land office shall be located. His third proposition is that the committee report Senator Kearns' bill back, in which case he, Senator Smoot, will take chances on securing on the floor of the senate an amendment to Senator Kearns' bill following a house bill, as recommended by the department.

Senator Kearns told members of the committee that he is willing to accept the house bill provided it is amended so as to include Carbon county in the new district and permitting the president to select the location of the new office. This proposition has already been turned down by the interior department, and its adoption by the committee would mean defeat of the project to create a new land district for Utah this year, as no man can pass the house and senate without the approval of the department, and Senator Kearns should know it. Under the circumstances it would appear that Senator Smoot has decided upon his desire to amend the house bill, and that the committee would mean defeat of the project to create a new land district for Utah this year, as no man can pass the house and senate without the approval of the department, and Senator Kearns should know it. Under the circumstances it would appear that Senator Smoot has decided upon his desire to amend the house bill, and that the committee would mean defeat of the project to create a new land district for Utah this year, as no man can pass the house and senate without the approval of the department, and Senator Kearns should know it.
