DESERET EVENING NEWS: WEDNESDAY, AUGUST 3, 1904.

Three Robbers Held to Answer to District Court for Their Crimes.

MAY ROSELL WANTS DIVORCE.

Narrow Escape of Dr. Joyce-Suit on Sale of Unsound Horse-Home Imposed Upon.

Mrs. P. F. Roach, who resides at 129 result, fifth street, made an unsuc-result attempt last night to commit alcide by taking a dose of laudanum, he police were notified and Dr. Rich as called. After considerable troushe was revived and is thought to out of danger. Ill health is given the reason for her rash act.

HELD FOR ROBBERY.

Wilson and Carl Ager, charg-James Wilson and Carl Ager, charge ed with robbery, were arraigned before Judge Howell yesterday. Wilson was bound over to the district court un-der a bond of \$500, while Ager who turned states evidence, was placed un-der a bond of \$100 and his case was estimad indefinitial.

with used indefinitely. Two men, Doyle and Turner, charg-ed with robbery, were bound over to the district court in the sum of \$500 each. They are the men who enterch the store of Samuel Rosen, July 23. SOLD AN UNSOUND HORSE.

Complaint was filed yesterday in the court by Charles Zeimer C. Legget charging him with selling the plaintiff a horse for \$600 under faise representation. The com-plaint alleges that Legget sold the horse to Zeimer for a racer and repre-sented it to be sound and free from blemishes, but it proved upon close ex-amination, to have a ruptured ligament f the right foot and was worthless, suit

Julius Tonssout the Frenchman who attempted to eject H. A. Hedman from a room in the Gasberg House, was giv-en 60 days on the rock pile.

ANOTHER MARRIAGE FAILURE. Action for divorce was filed yesteray by May Rosell against Isaac Rosell the grounds of non-support. The mulf demands that the bonds of pay \$50 attorney fee and cost

course in the summer school at Logan. The crops of this locality as far as harvested have in most instances been committee in the forenoon, and at 12 o'clock enjoyed a fine banquet. In the afternoon an interesting program of was alharvested have in most instances been entirely satisfactory. The berry crop is at an end and apricots are nearing that point while first early peaches are only a few days on the market with a fair prospect for a good supply of later va-rieties to follow in succession. ches, songs and recitations so given. President David John and Judge John E, Milner delivered approrlate speeches and beautiful vocal se bections were rendered by Prof. A. C. Lund, Miss Jennie Thompson of Spring-ville, and Miss Pearl Boren. An in-teresting feature of the afternoon's pro-ceedings was the distribution of prizes or the successful contestants in danc-ng waltzing, etc. The following are the names of some of the winners: Mrs.

WELCOME SHOWERS.

THURBER.

Fine Fruit from Fruita-B. J. Baker Convalescing.

Special Correspondence.

Special Correspondence. Thurher, Wayne Co., July 30.—We have enjoyed fine showers for the past four days, which will de much good. Mr. J. H. Mangum and family from Price lately joined our ward. They were former residents in their youth. B. J. Baker is recovering from a se-vere illness caused by a relapse from preumonia.

Fruita people seem to be prosperous as ever as they are coming up with loads of the beautiful and luscious fruit, which is fully appreciated by Thurberites,

NEPHI.

STAKE CONFERENCE.

Interesting Prophecy-Corner Stone of Meetinghouse Laid-Mrs. Bailey Dead. Special Correspondence.

Special Correspondence. Nephi, Juab Co., Aug. 1.—The quarterly conference of the Juab stake was held at Levan last Saturday and Sunday. Presi-dent F. M. Lyman was present and gave much valuable instruction and promised the people that the Lord would bless the land for their sake, that the whole valley should become a waving field of grain and abound in fruits and other val-uable products.

grain and abound in fruits and other val-uable products. The people of Levan have in the course of construction a meetinghouse, which will be a credit, not only to the town, but to the stake also. At the close of the afternoon meeting on Sunday President Lyman laid the southeast cornerstone of this structure and dedicated it and the site to the Lord.

DEATH OF MRS. BAILEY.

DEATH OF MAR, BARDEN Mrs. Sarah E. Warner Balley, wife of Langley A. Balley, died at her home in this city this morning of heart and kid-ney troubles. The doceased was born in this city about 40 years ago. She leaves a hushand and four children to mourn her departure, besides a large concourse of relatives and friends. The funeral ser-vices will be held Wednesday.

Mahler was granted a franchise to run his electric railway through our city, the line to be com-pleted within three years. S. R. Thur-man and W. E. Rydaleh wére here as attorneys for Mr. Mahler and Payson city respectively. The franchise was accepted in person by Mr. Mahler. RUNAWAY ENDS IN DISASTER.

A runaway occurred yesterday by a team of Edson McBeth, hitched to a mowing machine. The horses were left standing in front of Charles Dixon's store, and became frightened, running two blocks, when they came to a stop by colliding with a poplar tree in front of the meetinghouse. The harness and mower were damaged considerably, and one horse was badly hurt by a guard and may die.

NORTH OGDEN.

HARVESTING FAIR CROPS.

Excursion to Lagoon on Pacific Island Day.

Special Correspondence. Special Correspondence, North Ogden, Weber Co., Aug. I.— Many of our citizens are availing them-selves of the opportunity offered for a day's outing with the Pacific islanders at Lagoon, the Ogden Northwestern will run a special, leaving North Ogden at 9 a. m. Misses Kate Montgomery and Pearl Jones have just completed a six weeks'

hospital for treatment for an abscess in pleuric cavity. An operations was per-formed and a part of the decayed ribs were removed and a large quantity of pus taken from the pleuric cavity. The young man is in a fair way to re-District Attorney Hatch is down from

dated meetinghouse-giving it a heat and comfortable appearance. July 23, at 3 p. m., the Dramatic club entertained the Sunday school children by playing "Our Starry Fing" and "Wake Up William Henry." In the evening the same pleces were played before a crowd-ed hous. On the 24th the Y. M. M. I. A. confer-ence was held. A goody number of young people from the Mancos, Jewett and Hammond wards were in attendance, and well arranged programs were cartled out. The 25th was celebrated as Pioneer day. As usual, we had the procession, repre-senting "Pioneers of '47," "Mormon Bat-talion," "Handoart Company." Wilham J. Johnston, one of the four Battalion" by whose shovels threw up the gold when digging Sutter's milliface, was a poster of the day. In the afternoon and hoxted whining one game. Tuesday evening a hearty good-will dance in the Social hall finished the four days' repast.

SCIENTIFIC MISCELLANY.

Sawdust lends itself to many uses, not least of which seems to be the making of the new petrolignite, or stone-wood, which is interesting shipbuild-ers in England, France and Germany, tentive listeners. At the last quarterly conference a committee was appointed to select a suitable chapel organ to be placed in the stake building, and on the 28th ult. said committee met with the stake pres-idency and, with them, unanimously de-cided to buy a double key board, pedai Newman organ of the Thatcher Music company, and at last evening's lecture Elder Smurthwaite of Logan delighted the audience with a few able renditions on this fine toned instrument. On the 28th ult. a short windstorm. This material is a mixture of sawdust with certain minerals, formed into slabs under hydraulle pressure, and its special claims are non-inflammability and free-dom from slipperiness when wet. It dom from supperness when wet. It gives decks safe to walk upon and par-titions that do not burn. The product, is very close in texture, does not crack, is impervious to dry rot, can be given any color, and can be worked with tools like any hard wood.

Monstrosities in chicks have been traduced by G. St. Hilaire by excluding the air from parts of the unhatched egg. When half of the shell was coat-ed with wax, the chick hatched out developed only one cerebral lobe, but this effect has proven less constant than it appears at first and various developed only one cerebral loss constant this effect has proven less constant than it appears at first, and various monstrosities have resulted from the same treatment. This naturalist be-lieves that the different varieties of fowls have originated in accidents to the eggs, and have been afterward per-scincted by generation. petuated by generation

The new "physiotype" is a printed impression from animal or vegetable life, and it is obtained by pressing the subject upon a sheet of paper and sub-sequently developing the hidden design sequently developing the hidden design in strong permanent color by dusting a colored powder over it. The design imprinted is strong or light according to the amount of natural oils or mois-ture contained in the subject. The de-velopment may be done at any time, even after three months, and the pro-cess is specially adapted for obtaining finger prints without blackening theil fingers. The printing can be done upon fingers. The printing can be done upon ordinary paper, although the best re-sults are given by paper specially pre-

In a treatise on respiration, Regnault and Reiset have concluded that life would be possible if the nitrogen of the atmosphere were replaced by hydrogen. Now light has been thrown on the sub-ject by late experiments at Palermo by Dr. A. Marcacci, who has found that animals in such an atmosphere soon died, with symptoms indicating that cold—due to the high heat conductivity has shown that the anthrax bacillus of the hydrogen—was the cause.

An investigation by Konradi has shown that the anthrax bacillus may survive in water for three and a half years and the typhoid bacillus for more than 500 days.

A local study of rural depopulation near Paris has been made by Dr. A. F. Plicque. He finds that the causes in-clude sanitary ignorance leading to high infant mortality, migration of young people to towns, effects of con-scription, and alcoholism. His suggest-ed remedy—one that promises success in Beigium—is improved primary and
