JOHN CRAIG, Sgt. Sig. Corps, U. S. A.

TALK OF THE TOWN.

Raining and Snowing once more.

No business in the police court today.

S. H. Hill, Esq., returned from the east last evening.

Bishop John Sharp goes east in the morning on business.

The Herald's "sprinkling can of thought" is at work overhead.

High Council meeting this evening at 7 o'clock.

There is a farm for sale in close proximity to this city.

The 14th Ward concert last night was largely attended.

O. J. Averill, clerk of the District Court, is among us once more.

Apostle Orson Pratt seems to have taken a slight change for the better since yesterday.

Winter wheat on the farms adjacent to the city is beginning to make quite a showing.

Work on the 18th Ward new meeting-house has resumed. The tower is in course of erection.

The Jordan river is running pretty high. The canals are also on the rise, owing to the warm weather.

Mr. C. Hughes, editor of the Milford Sentinel, has become a husband. The lady is, or was, Miss M. M. Osborn.

Daley's "Divorce" is to be produced by the Home Dramatic Club, during their next series of performances.

The 4th Ward Sunday School concert takes place to-night. The proceeds will go to the benefit of the school.

A man, for indecent exposure of his person, was arrested yesterday, and will have an examination to-morrow.

There is a lady in this city whose birthday comes but once in four years. She was born on the 29th of February.

The approach of Spring warns the thrifty gardener to fire the rubbish on his lot. The incense "smells to heaven."

Mr. James Clark, a mining expert and an owner in the Butte and Oregon mines, Big Cottonwood, died in Park City last evening.

The trial of the Spaniard Romero, for the murder of Manning in Castle Valley, is proceeding in the First District Court, before Judge Emerson.

Apostle Wilford Woodruff, accompanied by Elder George Teasdale, passed through Milford on Monday last, on the way to St. George. So says the Sentinel.

To-night, the 18th Ward Sunday School party comes off at the ward hall. The children had their dance this afternoon. The older members take the floor this evening.

The Theatre building is to be renovated and improved. Additional means of exit will be made for creating a disturbance and circles, a new stage floor put down, and the interior embellished.

John Clinton, an insane man, a resident of the 7th Ward, was taken into custody this morning for creating a disturbance and frightening people on the street. He will probably be taken to the Asylum.

Jack D. Lees, of Springfield, made a call this afternoon. He is in town for the purpose of celebrating his father's birthday. The worthy body knows Father Lees, and will congratulate him on attaining such an advanced age. He is still well and hearty.

LOCAL AND OTHER MATTERS.

Toes Frozen.—A young man named Soren Larsen was brought in from Bingham, on Wednesday, with his left foot badly frozen, and is now at the Fireman's Hall undergoing treatment for his disabled member, the toes of which are very much swollen. He states that he has been a fireman for about two years, and that on Wednesday, the 18th, he left this city for Stockton to try to obtain work. Arriving there he found no employment and returned to Tooele. Here he met with no better success, and so determined to cross the mountains to Bingham. He started out last Sunday morning, but lost his way and wandered around in the hills until Monday afternoon, when he came to a cabin in a gorge and a man told him he was in Butterfield Canyon, and would have to retrace part of his way in order to get to Bingham. This he did and reached his destination on the same night. His foot was found to be frozen, as stated, and he was sent in from Bingham for treatment.

Our City Growing.—Notwithstanding the tedious assertions and predictions to the contrary, of her other points and settlements, this city is very evident, even to the casual observer, that Salt Lake City is rapidly growing. This is not only apparent on the outside of town, especially the northern and eastern suburbs, but in the more thickly settled parts, where the work of improvement is continually going on, new, handsome and substantial residences taking the place of huts and other primitive dwellings, while in the business heart of the corporation old shops are continually being torn down and carried off, and new and imposing mercantile buildings erected in their stead. But as said, the spreading out of the city is especially noticeable in the northern and eastern suburbs. What is still called the Dry Bench, in the 18th, 20th and 21st Wards, and also the 19th Ward Bench, are rapidly being taken up and settled. Cottages and shanties now dot the hillside, where but a few years ago nothing was to be seen but rocks and sage-brush, and the place of weeds and wild flowers, and where the wolf and coyote once roamed in fullest freedom, making night hideous with their howling, occasionally nabbed, however, by the cunningly set traps of the youthful Nimrod, are heard the sweet prattle of children, the song of the housewife, the busy hum of her spinning wheel and all that sort of thing. Take for instance City Creek Cañon. A dozen years ago, ten minutes walk from Main Street would have taken the pedestrian to the realm of solitude, out of sight of any human dwelling, and almost beyond hearing of a sound of civilization. Now he can walk and walk, and will have traversed some little way, before distancing the line of human habitations which are gradually creeping up the defile, either on the cañon road itself or along the summits of the range on either side. From present appearances, it will not be long before the hills around the mouth of the cañon will be terraced and adorned with gardens and dwellings, and that once lonesome neighborhood be made one of the most beautiful as it is already one of the most desirable locations for residence to be found within the limits of the city.

Classes in Midwifery.—Of the medical students taught by Dr. Roman B. Pratt during last summer in her classes in midwifery, Mrs. Elizabeth Nuttall, of Kanab, Mrs. Jeannette De La Mar, of Tooele City, and Mrs. Sarah P. Bishop, of Salt Lake City, were blessed and set apart by Rev. W. Woodruff and Counselor D. H. Wells, and all passed a satisfactory examination before Dr. J. M. Benedict and Dr. S. B. Young, and received certificates, showing their qualifications and ability to act as midwives.

Another class, consisting of Mrs. M. A. Stoddard, of Grantsville, Mrs. S. L. Goss, of Salt Lake City, Mrs. A. Woolman, of Spanish Fork, and Mrs. E. Dapeworth, of Hooperville, finished their course of study last Wednesday, and were blessed and set apart by President Jos. F. Smith, assisted by President A. O. Smoot, and in the evening passed a very creditable examination before Dr. S. B. Young and Dr. Ellen B. Ferguson, each receiving her certificate of competency to act in this special branch of medicine. Having been duly qualified, as stated above, these sisters are fully worthy of the confidence of the people among whom they are to practice their vocation.

"Divorce."—The Home Dramatic Club are preparing to run a brief theatrical season between this and Conference time. Daley's celebrated drama of "Divorce" will be one of the pieces, it having been lately received from the east. It is a play that resembles "Pique," Mr. Daley's production also, and is fully equal to it in literary merit. It is sure to take with the public. Due notice will be given of the opening of the Club performances. In the meantime, several members of the Club have been engaged to support Mr. McKenzie as "Macbeth," next Friday evening.

A Success.—The vocal and instrumental concert in the 14th Ward Assembly Rooms, last evening, was attended by a large audience, every available seat being taken. The entertainment passed off smoothly and was highly appreciated. From some unaccountable cause, Professor J. E. Stephens, the guitar player did not appear as advertised, which was a disappointment to some, but the rest of the programme was fully carried out, and reflected credit upon all who took part therein.

Another Case of Idiocy.—The Milford Sentinel, of the 23d, has the following:—"A young man residing at Black Rock met with a painful accident on Monday night. It seems that he was attempting to climb off the top of a loaded cart with his knife, when, naturally enough, the cartridge exploded, the ball passing through his hand, and striking the wall, rebounding and passing out through the doorway."

Hurry up the Territorial Asylum.

FOR SALE At Deseret News Office, Ball Ticket, Invitations and Programmes.

IT IS TRULY WONDERFUL.

TO SEE what improvements now exist as compared with railway travel only a few years ago. To become convinced of this, one has only to select for his route East, the popular and well-known

CHICAGO & NORTHWESTERN RAILWAY.

You are landed by the Union Pacific R. R. in the Union Depot at Council Bluffs, where stands the C. and N. W. Palace train, composed of Pullman Hotel Cars, Pullman Sleeping Cars, elegant Day Coaches, Smoking Baggage, Postal Cars, etc., ready to convey its passengers through Iowa and Illinois, and into Chicago.

The trip is made smoothly along over the superb track of steel rails through thriving cities and villages, scarcely seated in this train, one discovers the high rate of speed at which he is riding. Trains of this road are always on time, connections sure, and passengers seeking pleasure, comfort, safety and ease in traveling, will find the "North Western" in excess of their expectations, and the greatest of all routes to Chicago and the East.

Insist upon Ticket Agents selling you Tickets via this road; all Agents sell them. Examine your Tickets, and if they do not refer to Chicago and the East, do not accept them. If you wish the best Traveling Accommodations, you will buy your Tickets by this route, and WILL TAKE NO OTHER.

RESCUED FROM DEATH. The following statement of Wm. J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our readers. He says:—"In the fall of 1871 I was taken with a violent bleeding of the LUNGS followed by a severe cough. I soon began to lose my appetite and strength. I was at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time, a report went around that I was dead. I gave up hope, but a friend told me of Dr. Wm. HALL'S BALSAM FOR THE LUNGS. I bought a bottle, and to my surprise, when I took it, I felt better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have the past three years.

I write this hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take Dr. Wm. HALL'S BALSAM FOR THE LUNGS.

I am convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done more good than all other medicines I have taken since my sickness. My cough has almost entirely disappeared and I am now able to go to work. Sold by all druggists.

Dr. GREEN'S OXYGENATED BITTERS.

Are a cheap and simple remedy for Dyspepsia and Biliousness in all their worst forms. It is a well known preparation, and has been known and endorsed by physicians for many years, and has been used by thousands of sufferers in all parts of the world as a Standard and Reliable Remedy.

A Powerful and Effective Hair Dressing. Cocaine, a compound of Cocaine Oil, beautifies the hair, and is sure to destroy all itching and irritation of the scalp.

The superiority of Burnett's Flowering Extracts consists in their perfect purity and strength.
