FLATTERING SUCCESS OF THE OSBORNE MACHINES!

MEADOW, Millard County, Utah, June 28, 1881. To D. M. Osborne, & Co., Salt Lake City:

Gentlemen.—The Osborne Self-Binding Harvester, purchased of your Agent by us, is a perfect success, with both Twine and Wire; Cutting, Elevating and Binding to the satisfaction of all present. We tested the machine thoroughly and are well satisfied with its work. We feel warranted in saying that the Osborne will save from one to five bushels of grain per acre more than any other machine. As to simplicity of construction, durability and ease of management, it has no equal. Yours Respectfully,

PETER GREENHALGH, ABRAHAM GREENHALGH.

MEADOW, Utah, June 28, 1881. D. M. Osborne & Co.:

Gentlemen.—Having witnessed the working of your Twine and Wire Binder, this day, we inform you that it does better work than could be expected of any machine, the Cutting and Elevating, being perfection itself; leaving no grain in the stubble, and binding superior to hand work.

We recommend the Osborne to all Farmers of Utah, as a labor and grain saving machine.

Bishop H. P. Bennett, S. M. Smith, G. E. Littlewood, James Fisher, John Gull, H. G. Labrum, H. Anderson, O. A. Anderson, H. J. Anderson, Wm. O. Lee, John Galloway. d s l w & w 2t

Ayer's Ague Cure is the only medicine in existence which may be considered an absolute antidote for fever and ague, and kindred diseases. It not only affords immediate relief, but it eradicates the malarial poison which produces the disease, without leaving any enervating or injurious effect, as is the case with many of the ague medicines advertised.

SEE John W. Lowell's fine "Ad." in this issue of the NEWS.

PEERLESS MACHINES.

Farmers, don't attempt to go through your harvest without securing a Peerless. Five cars of the above machines received this season are now in the hands of the Farmers, which speaks for itself. Don't come to Salt Lake City, with out examining the same.
