

the testimony that on April 17th, Caldwell, with two little companions, were passing along the street when they were set upon by Brown and two companions, who beat and drove them away. Other boys then came up and threatened Caldwell, who in defending himself picked up a piece of coal and threw it among the crowd. It struck Brown behind the left ear, threw him into convulsions, and he died a short time afterward. Under the circumstances the commonwealth abandoned the case and a verdict of not guilty was rendered. It was elicited from a witness that this little band of fellows, ranging from 8 to 10 years of age, called themselves "The Roughs."

NEW ORLEANS, 26.—The second day of the international rowing regatta was partly cloudy, weather warm, water smooth.

The amateur single sculls, mile and a half and turn, was won by E. V. Morgan of the Eclipse Club, of this city, by a length, John R. Egan, of the Metropolitan, New York, second, Paul King, of New Orleans, third, M. C. Soneat, of New Orleans, fourth, J. C. Muchmore, Jr., of Chicago, fifth. Time, 11.01 1/4. John Crotty, of Galveston, withdrew.

Professional double sculls, three miles and turn, was won by Gandaur and Hosmer easily by several lengths. McKay and Parker second, Teemer and Plaisted a poor third; time 18.49 1/4. Peterson and Lee withdrew.

Amateur four-oared gigs, mile and a half with turn, was won by the St. Johns, beating the Eclipses easily; time 10.37.

NEW YORK, 27.—The vast furniture factory of Herman Bros., at Mangin and Tompkins Streets, was discovered on fire at 3.30 this morning. It is a five story brick building, and occupies the whole block. It was an old building, once the Singer Sewing Machine factory, and was saturated with oil. The building is surrounded by miserable tenement houses, occupied by the poorest classes in the city. The fire was intensely hot and nearly 100 families were driven from their homes. They rushed out in their night clothes and were compelled to camp on the river side, where they shivered in the chilly winds of the morning. At four o'clock the whole building was in flames, and there was no hope of saving any of the property, the firemen, thereupon directed their efforts to making the miserable people as comfortable as possible. At 4.30 a. m. an alarm was sent out for extra engines, and it looked as though the whole surrounding neighborhood would inevitably be destroyed. At 5 o'clock alarms were still being sent out for extra engines. The factory was filled with furniture, and the estimated loss will amount to more than a \$1,000,000. This is the busy season of the year, and consequently the loss will be still heavier for the company. Over 300 men will be thrown out of work. The streets at 5.30 were crowded with people, and the greatest excitement prevailed in the neighborhood, as everybody in the surrounding tenement houses was moving furniture and seeking to escape from the flames which were spreading fast in all directions. At 5.30 o'clock special calls for extra engines were still being sent out, and the estimated loss at that hour amounted to \$1,500,000.

Though the entire available force of the fire department was summoned, it was two hours before the flames were fairly under control. The factory is a total loss. Mr. Herrman estimates his loss at about \$250,000, covered by insurance. Five hundred skilled workmen employed in the factory will lose all their tools, the aggregate value of which is about \$20,000. Surrounding buildings were damaged to the extent of \$25,000.

CINCINNATI, 26.—At a meeting of the Presbyterian General Assembly this morning the committee on foreign missions presented their report. The receipts for the year were \$700,000; expenditures, \$758,000. Leaving a debt of \$58,000.

WASHINGTON, 27.—The report that gained general currency in San Francisco that Mr. Carr had been appointed collector for customs for San Francisco is entirely unfounded. A representative of the associated press called at the White House this morning, and learned from the highest possible authority that no appointment to that office had been made. Nothing could be learned as to who the successful man would be.

NEW YORK, 27.—Nelson Day, lately confidential clerk for Martin and Runyon, bankers at No. 10 Broadway, has been found short in his accounts to the amount of \$50,000. Day confessed and states that he lost money in Wall Street.

JERSEY CITY, N. J., 27.—The three-story frame, tenement house, 76 Colgate Street, collapsed this morning. Five families occupied the premises including 27 persons, four of whom were killed. Barney, Nellie and Mary Anderson, 9 and 7 years, and three months respectively. All were smothered in bed. Michael Welsh 15 years of age had his head crushed; John Coyne, aged 39, insurance agent, was badly injured. Nine other persons

were hurt more or less seriously. The building was known to be insecure. It was to have been repaired next week. Fortunately no fire broke out in the ruins. The firemen and police engaged in the work of clearing away the debris.

WASHINGTON, 27.—Appointment: To be register of the land office, Robert C. MacFarland at Cour d'Alene, Idaho.

LA LIBERTAD, via Galveston, 27.—The Salvador government is concentrating a military force at this place, and constructing military earthworks and entrenchments. Insurgent bands largely composed of Indians, are concentrating 14 leagues from here. An attack on La Libertad is threatened. There is no American or other war vessel on this coast, and foreigners are consequently much alarmed.

WINNIPEG, 27.—A dispatch from Battleford says that Chief Poundmaker has surrendered unconditionally to General Middleton, who reached Battleford on Sunday. Poundmaker and 30 braves who are prisoners, will be held to await the action of the government. They also brought in 210 stand of arms.

FOREIGN.

PARIS, 25.—To-day's demonstration of communists in honor of the fall of the Commune has up to this hour been orderly. The government withdrew the troops and allowed the processionists to march into Pere La Chaise cemetery, with red flags. The police also left the communists to themselves. Henri Rochefort made his appearance, and was hailed by the parade with shouts of "Vive la Commune." The policy of the authorities of simply ignoring the demonstration is praised. The communists, not being opposed, vented their enthusiasm and alleged bloodthirstiness in harmless shouts. They claim, however, to have overawed the authorities, and boast of their victory.

Eight thousand persons attended Courvet's funeral. The procession was unmolested until leaving the cemetery, when the police tried to capture their flag and disperse the mob. The changed attitude of the government causes serious uneasiness regarding the outbreak, the opinion being that the Anarchists must be repressed.

It is asserted to-night that the prefect of police will issue an order tomorrow, prohibiting the carrying of flags in processions.

Grave outbreaks by communists and anarchists are feared to-morrow, and until after the funeral of Victor Hugo. The revolutionists have been worked up to a very high state of excitement. It is reported that they intend to erect barricades in the streets.

ST. PETERSBURG, 26.—The military manoeuvres of this year will include camps at 42 points in European Russia and sham fights at Wilna and Warsaw. The latter will be under the direction of Gen. Gourko.

ROME, 26.—The Pope yesterday had two hours conference with Irish bishops. The strictest secrecy is enjoined upon all who participated in the conference as to what took place. It is supposed however, that the Pope spoke strongly and plainly to the bishops in regard to their animosity to England.

ALEXANDRIA, 26.—The guards which were stopped here on the 20th instant, while en route from Suakin to England have been landed and will go into camp to await further orders.

PARIS, 26.—It is officially announced that Victor Hugo will be buried in the Pantheon. Before this announcement was made, a decree had been drafted secularizing the Pantheon, in order to permit of the interment therein of Hugo's remains. The date of the funeral remains unfixed, although government desires to have it take place next Saturday.

M. Rene Gobet will deliver the funeral oration. Five hundred deputations have already intimated their intention to attend the funeral. The revolutionists of France have determined to take advantage of the event to make a demonstration.

The triumphant attitude assumed by the revolutionists since the withdrawal of the military and police opposition to the communist demonstration on Monday has provoked such a bitter feeling among the law and order class, that the affair, it is believed, will now lead to an important debate in the chamber of deputies, and many suppose that one result of this debate will be an attempt to overthrow the present ministry.

PARIS, 26.—In the Chamber of Deputies to-day, M. La Croix interpellated the government with reference to occurrences at the Pere La Chaise cemetery on Sunday. He accused the police of provoking the disorders. He denied the right of the government to interfere with the display of red flags, on the ground that the law relating to seditious emblems has not yet been passed.

M. Allain Farge, Minister of Interior, replied, accepting all responsibility for the action of the police. He said that even though some uncertainty might exist regarding the definition of seditious emblem, it was the duty of the government to preserve order and to prevent the display of emblems calculated to incite civil war. He declared that he did not confound the Democracy of Paris with the minority of Anarchist agitators who provoked the disorder and attacked the police, who were compelled to defend themselves. The police, he declared, had acted as veritable defenders of the law.

M. Le Lievre urged the government to redouble its efforts to prevent the display of red flags and banners.

M. La Croix's motion, declaring that no law existed preventing the display of flags and emblems and condemning the violence of the police on Sunday, was rejected by a vote of 423 to 44.

M. Casimir Perier then offered a motion expressing confidence in the firmness of the government in enforcing respect for the national flag. The motion, as already stated, was adopted by a vote of 388 to 10.

PARIS, 27.—Reports are in circulation here that M. Allain Targe, Minister of the Interior, meditates resigning his portfolio. Many newspapers regard as a doubtful victory the vote in the Chamber of Deputies yesterday expressing confidence in the firmness of the government in enforcing respect of the national flag and in preventing the display of red flags and banners.

LONDON, 27.—Earl Roseberry, Lord of the Privy Seal, and Count Herbert Bismarck have arrived at the Hague.

Paris, 27.—It is rumored on the bourse that the mission of the Earl of Roseberry to Berlin resulted in failure.

LONDON 27.—It is asserted that the English proposals recently made to Turkey, providing for the occupation of the Soudan by Turkey, have been declined by the Porte. This decision of the Turkish government has caused much surprise here, as it is known that France assured Turkey that she had no objection to the proposed arrangement. The failure of this plan is now said to be the reason for holding the Guards at Alexandria.

JUST AS IT WAS.

CORRECTION OF A MISREPRESENTATION.

Editor Deseret News:

I noticed an article in the Salt Lake Tribune of the 20th inst., written by "Ephraimite," and dated Ephraim, May 18th, 1885. It purported to give a statement of Apostle H. J. Grant's speech on Saturday, May 16th.

The speaker was treating on his recent visit to Idaho, and referred to certain deputy marshals in that part of the country acting as spotters and spies, trying to pry into domestic affairs of the people. He said he was informed that one of these deputies was under indictment for cattle stealing, and that it was hard to find honorable men that would accept positions as deputy marshals for that kind of business.

At the close of the meeting Apostle Grant was taken to task by a deputy marshal named Rasmus Clausen, outside the meeting house. I happened to be a bystander at the time, and heard the conversation. The deputy stepped up to him and said, "Your name is Grant," to which a reply was made in the affirmative. Clausen then asked him to take back certain parts of his speech in regard to deputy marshals, informing him at the same time that he was a deputy himself and that parts of what Grant had said was false. Brother Grant replied that he could not see that his remarks would have any reference to him, and that there were exceptions in these cases. He said he knew of some deputies in Salt Lake City who were considered to be fair men, mentioning their names. He also remarked: "My friend, if I have made a mistake in my statement in anything concerning you personally, I am more than willing to take it back to-morrow before the same congregation."

On Sunday Brother Grant referred to his remarks on the previous day in regard to the character and conduct of some of these deputies and other officials in this Territory, many of whom were a set of unprincipled men, there being some exceptions.

I did not hear Apostle Grant take anything back of what he had said on Saturday, as there could be nothing for him to take back. This matter of the previous day was spoken of in strong and vivid terms on Sunday, showing the difference between honorable and corrupt officials. J. P. CHRISTENSEN. Ephraim, May 25th, 1885.
