

ROBUST SCENES IN NARBONNE

Secret Police Agent Lynched and
Other Persons Brutally
Treated.

TROOPS REPELLED THE MOB.

Paris, June 20.—The riotous
element of the populace of this place cast
off all restraint this afternoon and the
city became the scene of many wild
excesses. A secret police agent was
lynched and other persons were treated
with the most extraordinary brutality.

Narbonne, June 20.—The riotous
element of the populace of this place cast
off all restraint this afternoon and the
city became the scene of many wild
excesses. A secret police agent was
lynched and other persons were treated
with the most extraordinary brutality.

The mob attempted to rush the
soldiers, but the latter fixed bayonets
and repelled the assaults. Revolvers were
drawn by the rioters and the troops
were fired upon until they were forced
in self-defense to shoot.

Numbers of the mob fell, four
persons being killed, among whom was a
girl 20 years old. Eleven others were
known to have been wounded, and
many others were carried off by
friends. Several casualties occurred
among the gendarmes.

Police officers were attacked and
savagely ill-treated and maimed, but they
managed to escape with their lives.
Gun stores were raided and the
revolutionists, who were armed with
revolvers, appeared to be fearless of
the infantry. Frequent cavalry charges
were necessary to disperse them.

Street barricades were numerous, but
they were torn down by the troops
most as soon as completed. One of the
generals commanding the forces fell
into the hands of the mob, which
threatened to throw him into the canal
unless he should solemnly swear not
to employ cuirassiers against them
again. The general yielded to the
superior force and the cuirassiers since
were replaced by dragoons. A
prominent police judge was caught by
the crowd and held.

A conflict in which the One Hundred
and Thirty-ninth regiment fired
volleys caused the worst possible
impression. The shooting appears to have
been due to the precipitancy of a non-
commissioned officer, and it is stated
that the commandant of the regiment
was so dread and Thirty-ninth
regiment-stricken at the unfortunate
affair that he tore off his insignia of
rank in front of his men and later
resigned his command, but this is not
confirmed.

Crowds stand mournfully gazing at
the pools of blood where the dead
wounded fell. On the blood-stained
pavement is the inscription,
"Here fell the victims of the One Hundred
and Thirty-ninth. Death to Clemenceau
and Picquart."

The funerals of the victims is fixed
to take place tomorrow, and the great-
est disturbances are apprehended.

EXCITEMENT IN PARIS.

Paris, June 20.—The rebellious
excesses and rioting in the Midi are
causing the greatest excitement and
apprehension in Paris. All the after-
noon newspapers issued editions every
hour today. The general impression
here seems to be that the situation is
even worse than had been supposed,
and that the revolt is likely to in-
crease, especially in view of the
fact that violent tempers of the inhabi-
tants of the southern provinces. As
the news spreads it is thought that
further disturbances will take place.
The outbreaks in Narbonne, Perpignan,
Montpellier and other places are
regarded as ominous.

All sorts of rumors were about
today, but owing to numerous wire in-
terruptions, definite information was
difficult to obtain. One report that
gained currency was that Clemenceau
had been shot, and that the
outbreaks in Narbonne, Perpignan,
Montpellier and other places are
regarded as ominous.

QUESTION IN THE CHAMBERS.

Paris, June 20.—The government
is put on its defense in the chamber
of deputies this afternoon when it was
asked to justify the repressive meas-
ures adopted against the rebellious
whingevoles of the south, but after
subjecting Clemenceau to a
hot fire, the deputies decided to post-
pone until tomorrow a formal inter-
pellation on the subject, on which the
fate of the ministry hangs.

Seldom has the chamber been so
full of excited deputies. The absence
of reliable news made them nervous,
and immediately after the session was
opened there were noisy demands for
full information. Clemenceau was
willing to answer questions, but he had
little to impart beyond what was al-
ready known. After confirming the
reports of the sanguinary fight at
Narbonne and Montpellier, for which
he blamed the local roughs, the
minister declared his intention to repel
attacks on public buildings until driven
from his post by the chamber.

A special dispatch from Narbonne
says that a state of siege was pro-
claimed there at noon. No confirma-
tion of the report was obtained.

SCHMITZ APPLIES FOR
WRIT OF HABEAS CORPUS.

San Francisco, June 20.—Mayor
Schmitz's attorneys late this evening
applied for the release of the mayor on
bail, by writ of habeas corpus.
Sixteen showings are made in the
petition, and at least one of them is de-
cidedly sensational. It is a declaration
by his attorneys that the mayor is
suffering from an incurable disease, and
that imprisonment in a jail will cause
his death. It is understood that the
disease referred to is an affection of the
kidneys and that it has advanced to a
serious stage. This will greatly sur-
prise the mayor's acquaintances, for
San Francisco has always looked upon
him as the embodiment of physical vig-
or. A popular idea has been
strengthened by the marvelous nerve the
indicted man displayed throughout his
prosecution.
The petition alleges that the section
of the penal code under which the mayor
was ordered into custody is uncon-
stitutional in that the petitioner is de-
prived of his liberty without due pro-

To Make Good Soap

—the very best on the market. By its use far better soap can be made than with old style lye. Nothing better for softening water. Put up in a convenient sifting top can for household purposes such as disinfecting, cleaning, etc.

AT GENERAL STORES
P. C. TOMSON & CO., Manufacturers,
Philadelphia, Pa.

cess of law. The petition further al-
leges that imprisonment of the mayor is
in furtherance of a conspiracy by
Rudolph Spreckels and others through
a coercive power over the board of su-
pervisors who have confessed their guilt
of bribery, to usurp the office of mayor
and secure full political control of the
city of San Francisco, by removing
all appointive officers of the city by ar-
bitrary, illegal and revolutionary
means.

By reason of the grave and serious
questions that must arise from car-
rying out such a scheme the petitioner
urges that the facts alleged constitute
such extraordinary circumstances as
will justify the court as a matter of
discretion in admitting the petitioner to
bail.

IRISHMEN URGED NOT
TO USE BRITISH GOODS.

Dublin, June 20.—Sixty-four rep-
resentatives of the district and 17 mem-
bers of the house of commons at-
tended a meeting today of the National
League of the United Irish League.
John E. Redmond presided and the
object of the meeting was to take
steps to organize an Irish protest
against the continual denial of self-
government for Ireland.

Great unity of purpose was shown
and it was resolved to hold a series
of monster popular demonstrations
throughout Ireland to endorse the de-
claration of the national convention
that nothing short of national auton-
omy will satisfy the Irish people and
lead to peace and contentment.

The people are to be urged to cease
the use of British manufactures and
to insist that children be taught the
Irish language in the schools. A res-
olution was unanimously adopted ex-
pressing confidence in the Irish party
and approval of its withdrawal from
the Liberal Unionist government.

The directory, however, rejected by
a vote of 80 to 7, a motion inviting the
co-operation of William O'Brien, M.
P., for Cork, and Thomas L. Hendon,
M. P., for the north division of Louth,
and rejected also by a vote of 80 to 4
a motion favoring the retirement of
the Nationalist members from parlia-
ment.

The members were urged to devote
themselves to a vigorous campaign
next autumn and winter, and special
thanks were voted to the chairman,
Jarraw for the lead given to Irishmen
in Great Britain in emphasizing their
dissatisfaction with the government.

Mr. Redmond expressed to the As-
sociated Press his satisfaction at the
result of the meeting and said that he
anticipates a great popular meeting
with home rule as the sole plank of
the platform.

At North Monaghan today Mr. Lar-
ner, the local candidate, was elected to
parliament unopposed, in accordance
with Mr. Redmond's advice.

LAND GRAFTERS.

Sentenced to \$1,000 Fine and Three
Months in Prison.

Omaha, June 20.—Thomas M. Hun-
tington and Am. B. Todd were sen-
tenced today by Judge Munger in the
United States district court to pay a
fine of \$1,000 each and to be impris-
oned in the Douglas county jail for
three months. Fred Hoyt was sen-
tenced to pay a fine of \$1,000 and to
stand committed to the Douglas county
jail until the fine is paid.

The sentences are the result of the
conviction of the three men on an in-
dictment charging conspiracy to de-
fraud the United States out of pos-
session of the title to large tracts of land
in Sheridan and Cherry counties, this
state, by means of false, fraudulent
and fictitious entries and for subornation
of perjury.

This constitutes the second or last
group of defendants in the Richard
and Comstock cases.

MEN OF AFFAIRS

Need Proper Food to Supply the Brain

A medical journal comments on the
restless brain worker of our large cities
and refers to the fact that he thinks he
knows as much about the needs of the
brain, when he is tired and shows brain
fatigue, as a trained practitioner.
He is inclined to pour up the tired
organ by some stimulant or perhaps
quiet his complaints with some narcotic
and this plan goes on until suddenly he
collapses, for brain fatigue is a sure sign
that the elements that compose the
brain are being more rapidly used up
than replaced by the food.
There is really a choice of but two
pathways for an active brain worker—
a man of affairs—when he shows sym-
ptoms of breaking down. Either he must
quit work or he must have food that
will replace the structure of brain and
nerve centers as rapidly as they are
used up each day.
Chemical analysis of the particles
thrown out through the pores of the
body shows that after continued brain
work, a large portion of excreta contains
phosphate of potash. It is known that
when this element is furnished by the
food in proper quantities, the system
unites it with albumen and from that
compound makes the gray matter that
fills the nerve centers and the brain.
This is an especial feature of the food
known as Grape-Nuts, a delicious,
ready-cooked and predigested breakfast
food.
A definite and well understood gain
in brain power and physical strength
will set in after Grape-Nuts has been
used eight or ten days. And sustained
and continued brain work can be car-
ried on if a reliance is placed upon this
food in connection with the ordinary
food of the day.

Road to Wellville," in pkgs.

VIBORG MANIFESTO.

Signers May be Granted Amnesty on
Conviction.

St. Petersburg, June 20.—The trials
of the signers of the Viborg mani-
festo probably will not be finished be-
fore the end of the summer recess, the
court thereby disqualifying the ac-
cused as candidate for election to the
third parliament, but aside from this
their punishment is not expected to
be severe. It is reported that amnesty
will be granted in most cases in the
event of conviction.

The minister of war has dispatched
Lieut. Gen. Palytail, chief of the gen-
eral staff, to Kiev with instructions
to investigate the recent mutiny of
sappers there.

The vice minister of war, Lieut. Gen.
Poltavano, has gone to Sebastopol to
investigate the conditions of the garri-
son there. The Brest Litovsk regi-
ment is reported to be seriously disaf-
fected.

Prince Eugene Troubetsky, a coun-
ciller of the empire and at one time a
candidate for a portfolio in Premier
Stolypin's cabinet, has written an ar-
ticle in defense of the late parliament,
saying that the government committed
a terrible mistake in dissolv-
ing that body, and proclaiming a new
electoral law. Although he is not in
sympathy with the Constitutional Dem-
ocrats, the prince maintains that the
failure of the late parliament was due
to the failure of the second attempt
throughout the session and showed
readiness to work with the govern-
ment by giving the ministerial pro-
jects of law first place on the program.
He adds that the government, which
refused to agree to the mutual con-
cessions, must accept the responsibility
for the failure of the late parliament
to institute a representative parlia-
mentary government in Russia.

JAPANESE OFFICIALLY
CLASSIFIED AS MONGOLIANS

Los Angeles, June 20.—The Japa-
nese in the Los Angeles public schools
have been officially classified as "Mon-
golioids," notwithstanding their objec-
tion to such classification.

Supt. Keppel has just put them in
under that heading in his annual re-
port. The superintendent of schools
said that he might not have done so
had the matter been left to the argu-
ment of law first place on the program.
He adds that the government, which
refused to agree to the mutual con-
cessions, must accept the responsibility
for the failure of the late parliament
to institute a representative parlia-
mentary government in Russia.

ROADHOUSE DYNAMITED.

Medford, Ore., June 20.—John Mon-
gomery's roadhouse in the vicinity of
Agate, six miles from this city, was
blown to fragments with dynamite last
night. The authors of the outrage are
thought to be persons who were ejected
for making a disturbance in the place a
few days ago.

GARDNER DAILY STORE NEWS

"Summer Things"

With the rise in temperature
there naturally follows the desire
for Wearing Apparel distinctly ap-
propriate for summer wear.

A sort of common craving for
brighter, more cheerful things.

RADICALS RUN MINERS' MEETING

Resolution Introduced to Amend
Constitution Committing Fed-
eration to Socialism.

NATION'S FLAG IS INSULTED.

Butte Union Delegate in Violent Speech
Declared it Symbolized Oppres-
sion of Working Classes.

Denver, June 20.—The conven-
tion of the Western Federation of Miners
spent the entire forenoon in discussing
the proposed new preamble to the fed-
eration's constitution which commits
the organization to Socialism. The de-
bate was very spirited at times. No
action was taken on the preamble.

The proposed preamble in part is as
follows:

"We hold that there is a class strug-
gle in society and that this struggle is
caused by economic conditions; that the
producer is exploited for the wealth he
produces; that the class struggle will
continue until the producer is recog-
nized as the sole owner of the product,
that the working class must achieve its
own emancipation and that the indus-
trial union of all useful workers is the
surest and wisest method of attaining
this end.

"Therefore, we, the wage slaves em-
ployed in and among the mines, mills
and smelters of the United States and
Canada, have associated in the Western
Federation of Miners, the mining de-
partment of the Industrial Workers of
the World."

Perry Rawling of Goldfield, Nev., a
leader of the radicals, who are in con-
trol of the convention, said in the
course of his speech that there can be
no friendly relations between the em-
ployer and the employed, because there
never can be friendly relations between
any thief and the man he robs. He
advocated disregarding the present pre-
amble, and said he wanted to go on
record as the enemy of all employers of
labor. This sentiment was greeted with
great applause.

The conservative element predicted a
revolt in the organization if the new
preamble shall be adopted. They said
it was only the opening wedge of the
Socialist party to gain complete control
of the Western Federation of Miners.
Even if it received a majority on re-
ferendum vote, it was declared, a large
number of the members will refuse to
accept it and a split in the order will
follow.

A resolution was adopted providing
for the organization of locals in Alaska.
Two organizers will be sent to that ter-
ritory.

Discussion of the new preamble to
the constitution was resumed after the
afternoon session and by 11 o'clock
still before the convention when ad-
journment was taken. During the de-
bate Thomas Boomer of Butte union
No. 1 made a violent speech against
the present governmental conditions and
said the flag of the nation symbolized
the oppression of the working classes.
He asserted that the red in the flag
denoted "blood spilled by wage slaves
in labor riots," the blue represented
"black and blue marks inflicted upon
wage slaves by the capitalist class,"
while the "white in the flag represented
the linen used by capitalists to bind up
the wounds of the laboring classes."

He was interrupted repeatedly and
finally John P. Rossiter of Butte en-
gineers, No. 85, jumped to his feet, de-
claring that Boomer had insulted the
Stars and Stripes and that he was com-
pelled to protest. Angered at this,
Supt. Keppel rose to his feet, not
again "open his head" in the conven-
tion; that "gag law" had been applied
to him and that he would carry the
matter to his union and tell the mem-
bers how the convention had treated
him. The freedom with which
certain delegates announced their ad-
herence to Socialism and their deter-
mination to spread the influence of this
doctrine was a notable feature of the
sessions today.

DES MOINES ADOPTS
THE GALVESTON PLAN.

Des Moines, June 20.—By an over-
whelming majority the citizens of Des
Moines today adopted what is known as
the Des Moines plan of government, a
modification of the Galveston form of
government adopted some years ago in
Galveston, Tex. The new plan provides

for an elimination of the ward system
and the election by the city as a whole
of five commissioners, all of whom shall
give their entire time to city affairs, one
as mayor and the other four as heads
of departments. All other officers are
made appointive.

CLERK IS SHORT \$25,000.
Milwaukee, June 20.—Frank R.
Wootter, clerk of the municipal and
district courts, has been found to be
short \$25,000 in his accounts.

FOR TORPID LIVER.
Take Horsford's Acid Phosphate.
It stimulates healthy liver activity
relieves constipation, sick headache
and malaria.
