June 10, 1896.

## CITY STREET LIGHTS

Will be Turned On Sunday Evening  
of Next Week.

## CONTRACT WITH BIG CORPORATION.

So Mayor Polk—Lloyd Seated—Car-  
nival Petitions—Tumors & post  
—Fire Department Edition.

COMMENCING with next Monday night there will be street lights in the city, the Council having unanimously made a contract for gas gas with the big Cottontown Power company at the rate of \$100 per ton.

## LEGAL STATUS.

After the reviving of the committee Mr. O'Meara moved that instead of H. T. Lloyd be sent a copy of the City Charter to the State supreme court as it stands in the Circuit court recently convened by W. M. Elliott. Committee Chairman T. Lloyd he said, had not been a member of all committees of the Council on which he declared a member of all committees of the Council on which Mr. Elliott had served.

On a motion by Stewart to strike out the portion relating to committee O'Meara withdrew it and the first part of the original motion, reading Mr. Lloyd was unanimously carried.

## THE CITY PLANNERS.

The improvements committee, consisting of Callister, O'Meara and Mayes, reported an agreement upon a contract with the Big Cottontown Power company from June 10, 1895, to June 14, 1897, right thereby to the date of its due payment.

On motion of Culister the report was filed and the motion carried.

The city attorney objected to the leaving of the original motion standing, as the Cottontown company is not yet of date than the Salt Lake Gas &amp; Electric Light company, the same goes, when, etc., with which he furnished the lights and to have employees of the original company leave the city and go elsewhere.

## OPINION OF OUR LEADING MEN.

President Angus St. C. Cannon says of the Kenny treatment:

"I thought it impossible for one man to do what Dr. Kenny has done—especially in countering the terrible evils of interpenetrating. His name is a household word. I have no doubt about his ability and integrity. Under these circumstances they are given another opportunity to become men most men. Is there a man who loves his fellow neighbor that does not say, 'I wish Dr. Kenny were here in our blessed world.' I trust his good work may continue."
