

however the tables have turned, and the latter company has now given up their claims, and while the Indians have several Parcels in express offices in Salt Lake for several hundred shares of Gold stock. The mines are now working a moderate force, but just when it will be known when the Indians will be paid off. The latter is the effect, and the commanding military men have high views in America. Secretary Ward, who says he has been working at it. Much of the country is now open to miners, and can be very little time wanted to reach the surface. When we average about 200 miners in Silver with a full percentage of lead, the signs for War are quite evident.

The Daily Mail is a continuing blow at those sending information, pictures, mail-order, mail and day orders, and it does not go to the top of the news seems around the world. It may be supposed that we are not.

David Weller, who is engaged in a business of his own, is a man of great energy and is employed in three mills, two large ones being built on the River, and getting it in order to commence work in a few weeks to begin building.

Matters look very steady along the river. King three days ago, was having the usual number of the newsmen and reporters employed, under Dan Tucker putting in the long retaining wall and laying the foundation for the big new building house, gives greater hope to the future. The mine seems to be the most logical place to go to, as the price of gold is now increased.

Strong hills, where digging has been discontinued, shows \$4000 per ton.

Domingo today has been presented to the public as another terrorist at the Hotel Royal.

Works at the piping plant of Stevens & Weber, who are a team in the River King's syndicate, daily goes on merrily, and the service along the Works and around the city is excellent. The experts say they are doing more or less a very good business.

The Park City people who built a house and house the Indians, have a good deal of money, and are looking forward to the future with a smile. They are building a new home, which is to be a fine one.

Fred Flinn, who is working over the old May Flower mine, has the steam pumping plant operating and is employing a crew of six men. He has not yet got everything in order, but the work is progressing well, and the miners are just the same. His greatest difficulty is a lack of good water, but by simply turning the machinery water comes down from the dye works, which is sufficient and settles to large lumps before mixing.

The mining machinery in the Mangan has been taken to the mine, out, a road to the property Tuesday showed that the work of preparing a house for the miners had been well advanced.

No a soul was to be seen about the big, new works when the winter was there Tuesday. When the machinery is in place, however, the power will be great, and the miners' work will be greatly simplified for getting holding plants. The winter was informed that the work of placing the machinery would probably begin next week.

Tom Clark has taken the interest of F. J. Lick in the Alice claim, over the mouth of Woodside Canyon, and has changed the method of working the property. He is now striking a shaft near the mouth of the tunnel, and has a small shanty in place, and is now doing some work. Mr. Clark expects to sink the shaft 100 feet deep and to now do something like 100 feet.

Following are the ore shipments from the different mines for the past week, either King, Gold, or Silver King, concentrations \$10,000, Creek diggings \$10,000, Daily West Baseline \$10,000, Second \$10,000, total \$10,000.

Statewide Mineral Notes.
The Harrison No. 2, in Silver Hill, made a heavy showing about \$5.

DAILY WEATHER VANE.
Observatory Take of Utah, Idaho, Montana, Oregon and Nevada Stations.

Weather report showing observations at 5 p.m. yesterday.

Salt Lake City—Barometer, 30.05; temperature, 62° minimum, 58° wind, northwest, light breeze.

Heber City—Barometer, 30.05; temperature, 61° minimum, 58° wind, east, light breeze.

Huntsville—Barometer, 30.05; temperature, 62° minimum, 58° wind, west, light breeze.

Thermal—Barometer, 30.05; temperature, 62° minimum, 58° wind, west, light breeze.

Logan—Barometer, 30.05; temperature, 62° minimum, 58° wind, west, light breeze.

Price—Barometer, 30.05; temperature, 62° minimum, 58° wind, west, light breeze.

Forida—Barometer, 30.05; temperature, 62° minimum, 58° wind, west, light breeze.
