**The Republicans of Maine.**

BANGOR, Maine, April 25.—The Republican State Convention for the selection of four delegates at large to the National Convention and two Presidential electors will meet here tomorrow morning. The indications tonight point to the selection as Presidential electors of President Chauncey and Colonel Samuel N. Campbell. For delegates at large the indications favor the selection of Charles Prescott, S. H. Allen, J. H. Manley, C. A. Boutelle.

**President Carnot's Tour.**

PARIS, April 25.—President Carnot accompanied by Mr. Lockroy, Minister of Public Instructions, and M. de Luna Montoud, Minister of Public Works, left Paris on a tour of South France. He was cordially welcomed at the depots along the route. At Vierson the Prefect expressed the confidence of the inhabitants in the President's patriotism and devotion to the Republic. Much enthusiasm was manifested by the people at Loisant and Michelin.

**[The Crime of a Jealous Husband.**

KOKOMO, Ind., April 25.—Charlie Marks, superintendent of the electric light plant, and Mrs. Roush were each shot three times this evening by the latter's husband, Thomas Roush. Both will did. Roush made his escape.

**Taxing and Branding of Lard.**

WASHINGTON, April 25.—The action on the Butterworth bill providing for taxing and branding compounded lard, was deferred for two weeks by the House committee on agriculture this morning. In the meantime Hatch, chairman of the committee, will prepare a general food adulteration bill which, as a substitute for the pending bill, will tax all compounded food products and make a violation of its provisions a misdemeanor.

**The Texas Convention.**

FORT WORTH, Texas, April 25.—The Republican State Convention chose for delegates-at-large the following: John B. Rector, A. J. Rosenthal, C. M. Ferguson and N. W. Cuney. The district delegation was also selected. It stands sixteen white and ten colored, who are about equally divided between Blaine and Sherman.

The platform adopted condemns the free trade doctrine and sentiments expressed in the President's message, favors tariff for protection, demands special protection for wool, which differentiates the Blair educational bill, laments the death of Roscoe Coakling and declares that republicanism has thereby lost one of its brightest lights.

**A Fatal Fight With Desperadoes.**

ALBUQUERQUE, N. M., April 25.—Two deputy sheriffs of Socorro County have been on the trail of Joe Atkins and Frank Porter for the last two days. They came up with them near San Jose, in this county, yesterday evening, when a regular pitched battle ensued, in which Porter was killed and Atkins captured. The prisoner and body of the dead were brought to Albuquerque this morning. These are the same men who shot Slaughter in American Valley about a year ago. Atkins killed a man named Shipman near the same place about a month ago, because he was working for Slaughter. He has threatened several times to kill Slaughter's men. Porter is reported to have killed a number of men, and it is said rewards are offered for him in various places in the west and southwest, to the amount of $10,000.

**Losses by Fire.**

FALL RIVER, Mass., April 25.—A fire tonight destroyed the station of the Edison Electric Light Company. Loss $15,000.

NEW YORK, April 25.—A fire tonight destroyed a portion of the Delaware Iron Works. Loss $100,000.

**Buried Alive.**

YONKERS, N. Y., April 25.—A gang of men were working in a sewer trench which is sixteen feet deep, when the waterpips burst, causing the sides of the ditch to cave in and quickly filling the trench with earth and water. Six of the laborers are known to have been buried alive. At about 9 o'clock four bodies were unearthed. The names of the dead are Patrick Kennedy, Reuben Oscar, M. Flynn and Michael Vail. Michael Kennedy, another of the laborers, is missing.

**Shot His Wife.**

ROCHESTER, N. Y., April 25.—Wm. Bullock, an employee of the West Shore railroad at Newark, Wayne County, this State, shot his wife four times this morning with a revolver, killing her instantly. He then placed the weapon to his own head and fired, inflicting a fatal wound. Jealousy was the cause.

**Desire a Real Republic.**

PARIS, April 25.—The Boulangerist deputies have written to the anti-Boulanger deputies of the department of Seine, proposing that all resign their seats in the Chamber in order that the people of Paris may decide between the two parties. The writers aver that they are genuine republicans and opposed to all Cæsarian aims, but consider the present situation of Parliament a disgraceful parody on the republic. They desire a real republic.

**Assignments.**

ST. LOUIS, April 25.—An assignment was made today by the Smith, Beggs & Rankin Machine Co. Liabilities about $60,000; assets $120,000.

DETROIT, Mich., April 25.—Metcalf Bros. and Co., retail dry goods company, have assigned. The assignee places the liabilities at $300,000 and the assets about the same.

**The Indiana Convention.**

INDIANAPOLIS, April 25.—Most of the delegates to tomorrow's convention have arrived and the number of politicians at work among them in the interest of the various candidates is very large. Ex-Senator McDonald, who was a candidate for delegate to the convention and defeated, published an address to the democrats of the State, in which he bitterly assails Governor Gray and predicts the State will be lost to the democracy in case the Governor is nominated for vice-president.

The district delegates met tonight and selected delegates to St. Louis and presidential electors. The delegates are not instructed but all are for Cleveland and Gray. The probabilities tonight point to the nomination of Matison for governor and the delegation at large to the national convention are likely to be Senator Voorhees, Andrew Turpie, John G. Shanklin and John Bass.

**Two Verdicts of Murder.**

SAN FRANCISCO, April 25.—The jury tonight returned a verdict of murder in the first degree, with a recommendation of imprisonment for life, in the case of Thomas W. Bateman, charged with the murder of S. M. Soper on the 5th of July last. The shooting was the result of a quarrel between the two men on the previous evening. Bateman was a private in troop A, Second United States Cavalry, and Soper was a sergeant in the same regiment.

CEDAR RAPIDS, Ia., April 25.—The jury in the celebrated Billinge murder case, after forty hours' deliberation, returned a verdict of murder in the second degree.

**The Complaint of Arizona Republicans.**

PHOENIX, Arizona, April 25.—The republican territorial convention today selected S. F. Eggers and L. H. Goodrich delegates to the national convention. Strong resolutions were adopted condemning the democratic administration for disregarding its pledges to the territories as to the matter of appointments, its antagonism to silver, its obstacles thrown in the way of honest settlers on government land, and its principles of non-protection to American industries. The sentiments of the convention were strong for Blaine.

**The Annual Report.**

BOSTON, April 25.—The annual meeting of the Union Pacific Railroad Company was held this morning. The annual report as already published, was submitted. The action of the directors in leasing the Oregon Railway & Navigation Company's lines and the Oregon Short Line Railway Company's road was confirmed.

The only change from last year's board is the election of Samuel Carr, Jr., to fill the vacancy caused by the death of General Manager and Vice-President T. J. Potter. It is understood, however, that Carr is to remain on the board only temporarily or until Potter's successor is appointed.

President Adams in the course of the meeting stated that it was the purpose of the directors during the ensuing year to pursue a very conservative course with reference to new construction and that at present no new lines were under consideration.

The directors subsequently re-elected Charles Francis Adams, president, and the other old officers, except that E. H. Baker succeeds as Vice-President and James G. Harris succeeds Mr. McFarland as Treasurer.

**The House of Commons.**

LONDON, April 25.—In the Commons today, on motion for the second reading of the Irish county government bill, a spirited debate took place, and Sir Charles Lewis (conservative), and others contended that the bill was incorrectly framed, and had been introduced at the wrong time.

Gladstone said to do Ireland justice, the proper method of amending public business was to commence, not with local, but with central institutions.

Balfour opposed the bill, and said as long as the present acute controversy existed, Parliament could not extend local government to Ireland.

Lord Randolph Churchill said the government in 1886 pledged themselves to extend local liberty to Ireland. That pledge was the foundation of the unionist party, and the only platform upon which they could resist repeal. There was no sufficient interpretation of the government policy.

Chamberlain said he was opposed to the bill because the Irish and English local government questions could not be dealt with the same session.

The bill was then rejected—282 to 196.

Lord Randolph Churchill's speech in Parliament tonight created a sensation and was a matter of surprise to the members of all parties. It is admitted that the proceedings of the week in Parliament have been damaging to the government. When a decision was taken on Carlisle's motion, Lord Randolph Churchill and several conservatives and unionists left the house in order to avoid voting. Two unionists supported the bill together with Gladstone and his followers. The government had the support of Lord Hartington, Chamberlain and 40 unionists.

**The Emperor and the Imperial Family.**

BERLIN, April 25.—Queen Victoria made another visit to the Emperor this morning. This was the annual day of prayer and repentance. The imperial family attended divine service in the castle chapel at Charlottenburg. After the service Queen Victoria received the staff of the British embassy and later gave an audience of an hour to Prince Bismarck. Dowager Empress Augusta visited the Queen this afternoon and the two ladies drove to Berlin. Empress Victoria gave a dinner in honor of the Queen this evening.

The Emperor rose at 9 o'clock this morning. He felt refreshed after the night's rest and enjoyed two cups of tea and a few light cakes.

The Crown Prince visited the Emperor at 4 o'clock, and afterward the Crown Princess paid him a long visit.

Semi-official journals deny that any political importance is to be attached to Queen Victoria's meetings with King Humbolds, Emperor Francis Joseph and the Empress of Germany and Prince Bismarck, but much comment and various surmises are inquired in both here and in Vienna.

The Dowager Empress called on the Queen this afternoon. After a visit of thirty-five minutes the two ladies drove in a landau to the British Embassy. A banquet was given at eight o'clock at which all the royal princes and princesses were present.

Among the guests were Prince Bismark, Count Herbert Bismarck, General Von Moltke, Minister Puttkamer, Count Stolberg, Generals Albedyll, Achenbach, Van Pape, Emlenberg and Von Rauch, the Duke of Rutland, Sir E. B. Malet, British Ambassador and his wife and all the physicians attending the Emperor, including Doctors Mackenzie and Lovell. Owing to the improved condition of the Emperor, Queen Victoria decided to remain here until Thursday.

**Hill Will Run.**

ALBANY, April 25.—The statement from Boston that Governor Hill told Colonel Tomlinson, of the Omaha *Democrat* that he was out of the Presidential race is pronounced absolutely baseless, as it is Hill's reported statement that he would gladly head the Cleveland delegation to St. Louis.

**The Showing for Depew.**

ALBANY, April 25.—The democrats and republicans of New York are getting ready for the state conventions. There is little room for doubting that most of the national delegates have been already chosen by the men who control the several congressional districts of the state. The democrats have held primary elections in more than one-half of the districts of the state, and the complexion of the delegates so far chosen would seem to foreshadow a unified delegation from this state for Cleveland. A few districts have elected delegates supposed to be in the interest of Gov. Hill.

The *Commercial Advertiser* says that it appears likely that Depew will have the republican state delegation solid at his back in the national convention on the first ballot at least.

A prominent republican said this afternoon: "The majority of the New York delegation will undoubtedly be in favor of Depew, and as the candidates before the Chicago convention will be all what are termed dark horses, Depew's chances will be on a par with the others. The candidates so far in the field have little more than their own state delegations behind them."

**The Republican Convention at Boston.**

BOSTON, April 25.—The platform adopted in the Republican State Convention denounces the democratic party as a foe to honest elections in the North as well as in the South, and notices that the same tactics which made the South solid for Cleveland in 1884 are already renewed for his re-election in 1888; that the same strategy which has put upon the country the burden of a democratic Congress, contrary to the will of the people, is again in operation for stealing seats in the Senate and in the House of Representatives.

The tariff plank favors a proper revision of the tariff, but opposes such a revision as has for its primary object the abandonment of the protective principle, and they claim that the propositions made by the democratic party through the message of the President and the Mills bill warrant the opposition of every citizen who prefers the welfare of his country to that of another.

The next plank declares in favor of liberal pension laws, and denounces the flippant and ungenerous treatment of the subject of pensions by the President.

The civil service plank says the President made great professions and has broken them and calls upon the people to restore the work of destroying the spoils system to the republican party, the only organization which has shown a desire to accomplish it.

The platform then declares in favor of high license and local option on the liquor question, denounces the democratic party for its opposition to the admission of Dakota and finally declares in favor of reciprocity in our trade relations with other communities upon this continent.

George F. Hoar, F. L. Burden, Henry S. Hyde and Alanson W. Beard were elected delegates at large to the National Convention and the convention adjourned.

The delegates are not instructed, but are said to be strongly for Blaine.

**To Limit the Tariff Debate.**

WASHINGTON, April 25.—The House ways and means committee has agreed to limit the general tariff debate to seventeen days after today and two evening sessions weekly and to an equal division of time between democratic and republican speakers.

**The Fisheries' Troubles.**

OTTAWA, April 25.—In the House of Commons tonight the correspondence with the United States on the Behring fisheries question was called for. Sir Charles Tupper and Sir John Macdonald assured the house that they had the utmost confidence that the United States would be forced to compensate all the Canadian damages by the seizures.

**The Knights Nearing Bankruptcy.**

NEW YORK, April 25.—The committee of five, appointed by the anti administration Knights of Labor convention held in Chicago last October, tonight issued a circular to the order declaring that it had dwindled in numbers from 702,000 to 240,000; that Powderly's special call for funds for lectures was in reality to get funds to keep the order out of bankruptcy till the next convention, and calling on all true Knights to join the opposition and help to reorganize the order.

**Von Bismarck.**

BERLIN, April 25.—The statement that Count Herbert Bismarck has been appointed minister of foreign affairs, is incorrect. He has simply been promoted to be minister of state.

**Dock Laborers' Strike.**

BERLIN, April 25.—The Hamburg dock laborers have struck for higher wages. Traffic is partly at a standstill.

**The Panama Canal.**

PARIS, April 25.—The report of the committee of the Chamber of Deputies which considered the Panama lottery loan proposal, recommends that permission be immediately given to the company to issue the loan and expresses confidence in the early completion of the canal.

**Good Counsel for the Irish.**

LONDON, April 25.—The Rome correspondent of the London *Times* says he is assured on excellent authority that the Pope will shortly instruct the Irish clergy to strongly condemn the plan of campaign and boycotting. The correspondent says that he is also assured that Mgr. Persico's reports are adverse to the Nationalist methods.

E. Bainbridge Munday, Esq., County Atty., Clay Co., Tex., says: "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. L. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: He positively believes he would have died, had it not been for Electric Bitters.
