ANCIENT SOLEMN RITE.

Ushering Old of Century Attended by Mass at Catholic Church.

The Catholic people of this city will hold a deathwatch over the old century at St. Mary's cathedral on the night of December 31st. The celebration is an ancient Catholic rite and is known as a solemn pontifical high mass. This service will be held throughout the world where there is a bishop. The ceremonies here therefore will be conducted by Bishop Scanlan, assisted by the Catholic clergy of the city. The object of the mass is to dedicate the new century and the edit comes from the pope through the hands of Monsignor Martineau at Washington.

It is proposed by some of the prominent members of the church to issue a limited number of tickets to the public and admit only those who hold tickets.

ADVERTISING SALT LAKE CITY.

Railroads Making a Big Bid for Tourist Travel.

SALT LAKE FALLS INTO LINE.

Manager Bateman Sends an Agent East to Work Up Business—Crowds Coming.

General Manager Bateman of the Salt Lake & Los Angeles railroad believes in keeping the attractions of Salt Lake City and Saitair beach before the public in season and out of season. As is generally known a train leaves the corner of Fifth West and South Temple streets every afternoon for the beach in order to accommodate the numerous tourists and strangers in town. This has proved to be a financial success, and the present mild weather has had the effect of bringing out daily numerous passengers who are in the East in search of a winter cure without at least a bowing acquaintance with the lake itself. The management has been so encouraged by the outlook that it is now planning to keep this train on all through the winter.

While the lake resort is thus being advertised at home Manager Bateman has been laying wires in the big cities in the East in order to catch the transient. With this end in view S. A. Mann was sent to the East some weeks ago with a trunk full of literature and numerous copies of the Saitair Beach Advertiser systematically working the ticket offices and hotels in the large cities and scattering printed matter broadcast he returned to this city last night. He reports that the stockholders who were in attendance upon the fat stock show in Chicago two weeks ago, were exhibiting a lively interest in everything pertaining to Salt Lake, and in the Saitair Beach Advertiser. He reports that the National Live Stock convention, which will be held here next month. Hosts of tourists also are coming over the Union Pacific and the Santa Fe to the Saitair Beach. Overland has put a party of surveyors into that section of the country with an idea of developing the little development of that country itself.

H. B. Kooser, commercial agent of the Missouri Pacific, returned from Pennsylvania this morning. He reports that apparently every big road in the East is busy engaged in improving its tracks and otherwise trying to go one better than its competitor.

The Denver Post to hand devotes considerable space to the John W. Gates story. It asserts that the railroad company has plans to invade the territory of the Colorado Fuel & Iron company and break into the monopoly which that corporation enjoys in the intermountain region at the present day. The project includes the development of the big iron and coal lands in Sevier and Iron counties, Utah.

Pneumonia Prevented.

Among the tens of thousands who have used Chamberlain's Cough Remedy for colds and the gripe during the last few years, the knowledge of a single case has resulted in pneumonia. This Whitefield & Co., 240 Wabash avenue, Chicago, one of the most prominent retail druggists in the city, is speaking of this remedy. "We recommend Chamberlain's Cough Remedy for the gripe in many cases, as it not only gives prompt and complete recovery, but also has a tendency of a gripe to result in pneumonia."

POINTS OF EXCELLENCE.

A Few Reasons Which are Rapidly Making a New Catarrh Cure Famous.

Stuart's Catarrh Tablets, the new Catarrh cure, has been found to be a remedy over other catarrh remedies.

First: These tablets contain no cocaine, morphine or any other injurious drug and are as safe and beneficial for children as for adults; this is an important point, as it is recalled that many catarrh remedies do contain these very objectionable ingredients.

Next: Being in tablet form this remedy does not deteriorate with age, or an exposure to the air as liquid preparations invariably do.

Next: The tablet form not only preserves the medicinal properties but it is so far more convenient to carry and to use at any time that it is only a question of time when the tablet will entirely supersede liquid medicines as it has already done in the medical department of the United States army.

Next: No secret is made in the position of Stuart's Catarrh Tablets; they contain the active principle of Eucalyptus bark, red gum blood root and Hydrastis, all harmless antiseptics which, however, are death to catarrh wherever found, because they eliminate them from the blood.

Next: You cannot cure catarrh by local applications to the nose and throat, because these are simply local symptoms and such treatment cannot possibly reach the real seat of catarrhal disease which is the blood; for this reason, inhalers, douches, sprays and simulators never really cure catarrh, but simply give temporary relief which a dose of Stuart's tablet and water will do just as well.

Catarrh must be driven out of the system, out of the blood, by an internal remedy, and such treatment cannot possibly reach the real seat of catarrhal disease which is the blood; for this reason, inhalers, douches, sprays and simulators never really cure catarrh, but simply give temporary relief which a dose of Stuart's tablet and water will do just as well.

Stuart's Catarrh Tablets do this better than the old form of treatment, because they contain a powerful antiseptic treatment of the disease.

Next: The use of inhalers, and spraying apparatuses, besides being ineffective and disappointing in results, the treatment of Stuart's Catarrh Tablets can be had at any drug store in the United States and Canada for 50 cents.
