

BURGLARY AT SLATERVILLE

Home of Conrad Layman Entered
And Ransacked for Money
And Valuables.

MEMORIAL DAY OBSERVANCES.

Attempted Pickpocket in the Hands of
The Police—Streets Out of
Commission.

Ogden, May 31.—A bold burglar in broad daylight yesterday afternoon entered the home of Conrad Layman at Slaterville and thoroughly ransacked the house while the family was in the city. The burglar broke one of the rear windows to the house and loomed the window catch, then climbed into the house and took his time going through the rooms looking for valuables. He found a few dollars which he took, but otherwise nothing is missing. The burglary was not discovered until the family returned home last evening. The sheriff's office was notified and immediately set to work on the case. When the neighbors learned of the burglary, they remembered having seen a man dressed in a gray suit of clothes leave the house from the door and walk towards Marriott settlement, but as no one knew of the burglary at that time, it was thought he had been visiting the Layman family. This was the only clue the officers could get to work on.

Something with the machinery at the power house went wrong, shutting off the power, and the trolley cars at the corner of Washington avenue and Sixteenth street broke down, endangering the lives of the passengers for a short time. The street car company has been extremely unfortunate lately with its system becoming crippled through some cause just at the time when it was most needed.

Pain

Wears Out the Nerves.

Do you realize that pain is weakening, and exhausts your vitality? Don't you remember how completely worn out you felt after that last attack of headache, neuralgia, backache, periodical or other spell of suffering? Nearly every case of inflammation, apoplexy, paralysis, epilepsy and insanity is directly due to the weakening influence of pain upon the brain nerves? For this reason every one who suffers from pain of any kind should not fail to get relief as quickly as possible.

You can do this by taking Dr. Miles' Anti-Pain Pills—others do.

"I have used Dr. Miles' Anti-Pain Pills for years, and can say they have never failed. I always keep them in the house, in fact I had rather be without sugar than the Pills. Previous to using them I had always suffered with severe headache, sometimes being in bed for three and four days. I had tried nearly everything I ever heard of, and some would seem to help at first, but after a short time the effect would wear off. It is five years since I began taking Dr. Miles' Anti-Pain Pills, and the results are as good as at first."

MRS. W. H. MARSHALL, Sopris, Colo.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit you. If it fails, he will return your money. 25 cents a box. Never sold in bulk.

Hall-Kitlisen Nuptials—Success of Reservoir Proposition Assured.

Special Correspondence.

Richfield, Sevier Co., May 28.—An unusual and what turned out to be a somewhat spicy case has been under consideration all day in the city justice's court. It resulted in the acquittal of the defendant, Albert S. Olsen, who was charged with the crime of obtaining money under false pretenses. H. W. Ramelow was the prosecutor here, was the complaining witness and the case dates back to June 23, 1906, when Olsen came to Richfield from Emery.

He was introduced to several well known "sports" here and on the evening of June 22 they met at the Ramelow saloon and entered into a poker game. Some drinking was indulged in and the game was continued off and on until the next morning. Olsen lost quite heavily having issued checks to the amount of \$300, about this time he learned of the commencement of the game. The following Sunday morning, after Olsen had sobered up a little and upon the advice of his friends, he wrote to the bank and asked for the checks which he had issued. The bank refused to cash them, and Olsen was charged with the crime of obtaining money under false pretenses. He was charged with the crime of obtaining money under false pretenses. CALIFORNIA COLONY NEWS.

Desirable Place for Home-seekers—Workers in Great Demand.

Biggs, Butte Co., Cal., May 17.—Much has been printed of late in the columns of the "News" about the Grizzly and Biggs colonies here, and as there are many who are expecting to come out here to purchase land and locate on it, a few lines will be amiss for their benefit. The country around here is a semibarren Lincolnshire in England, only this part has no hedges of green to be seen, but wire fencing. Like Lincolnshire, the country is dotted with scattered over the fields by the tens of thousands, whilst to be seen on every hand are well kept homes, with gardens neatly arranged in rows. Out-houses, barns and stables are painted and whitewashed, giving the whole place an air of health and cleanliness. A ride of about three miles east of Biggs brings us to a large cherry orchard of 1,700 acres, for three hours
