Among friends he is generally known under the sobriquet of "Jammy Davis of the Iwenty-second ward."

Robert N. Wilson, the new city pas-senger agent for the Rock Island, is a young man still in his teens, but one who gives promise of making a good railroad man. During the months that he attended the Latter-day Saints' university he put in his spare time per-forming messenger service for the Desforming messenger service for the Des-eret Nows, and even then he made his mark by always delivering copy on time. With the knowlege of stenog-raphy he acquired he entered the em-ploy of the Colorado Midland and soon demonstrated to General Agent Donfor him. Mr. Donnell was decidedly loth to let young Wilson go, but he realized that his stenographer was bound to rise and consequently he did not want to stand in his way. Robert is a son of Judge E. A. Pittsburg, Feb. 10 .- Official announcement of the building of the new bridge across the East river at Hell Gate, N. Y., by the Pennsylvania Railroad company, was made public last night by Col. Joseph U. Crawford, engineer of the branch lines of the Pennsylvania system. Col. Crawford is at present in Pittsburg looking after the improve ments at the Herrs island stock yards. It is estimated that the new bridge will cost over \$3,000,000. When work The little one was but 48 hours' old, and friends of the family were wholly will be started has not yet been definitely decided on. It will require about three years to complete the work. The bridge and its approaches will be two miles long. The central span will be 840 feet in length. The bridge will be erected 135 feet above the water. It will extend from Port Morris, Harlem, to Randells island, thence to Wards island, and from that point to Long Island, where the Pennsylvania lines will connected with the New York, New Haven & Hartford railroad. This con-nection will form a direct line between the New England and middle western states. Most of the structural steel will come from Pittsburg, and 61,000,009 pounds of steel will be required. This alone will cost over \$3,250,000.
