TRIBUNE UP AGAINST IT.
That Was Shown at Important Meeting with Owners Last Night.

The Tribune seems to be up against it. The holding of the state ticket in the present time is a real case. The matter was officially considered at an important meeting of the state committee last night. At this meeting Senator Kearns and Manager Lippman, owner and proprietor of the paper, respectively, were present. In addition State Chairman Sperry, Secretary Stanford, George M. Cannon, William Glasman, James T. Hammond, H. E. Booth, Judge Morse and J. C. Graham were attending.
The "News" had no reporter present, not having been notified, and consequently has not got a detailed account of what occurred at the conference. However, it is no worse off in that regard than the Tribune, which was represented by two brilliant pencil pushers in the persons of Senator Kearns and Mr. Lippman; and yet their paper has no reference to the matter whatsoever.

It has been ascertained, however, that the senator smiled frigidly and frowned warmly upon the committee, and that he was "very sore" at Senator Smoot, the church and everybody and everything that was not for him. Mr. Lippman gave indications of a similar ailment and was even sarcastic about the "News" which he personally thinks is a great and influential newspaper. Then he was real mad at the committee and said he would not publish the Republican state ticket except at space rates and with the word "advertisement" either above or below it.
The conference lasted for two hours and when it concluded the chairman of the party ranks, already deep and wise, was deeper and wiser than ever. If the paper is going to have any influence in the coming fight at all. The fact that most of the members of the committee looked at matters in a different light than did the senator and his journalistic and political managers, only aggravated matters.

GREENWOOD AND MORRIS.
Nominations Made by Democrats of Fifth Judicial District Today.

(Special to the "News.")
Neph, Sept. 7.—The Democratic judicial convention of the fifth judicial district, held this morning and nominated Joshua Greenwood and David H. Morris of Washington county for district attorneys. Both nominations were by acclamation.

POLITICAL POINTERS.
Sanpete county, which appears to be very largely for Moyle for governor, has a candidate for auditor. He is Mr. J. B. Christensen of Mantle. That gentleman was in town today talking with old friends and making new ones.

Abel John Evans, who has been talked of for presiding officer of the convention, is in town today. He will return this evening.

Mrs. J. Fawcett Smith was last night elected chairman of the Forty-second district committee.

There were several clashes in the district primaries last night, and the result was that several anti-Moyle men were left at home, among them being George E. Blair and H. Sloan.

County Commissioner H. N. Standish announces himself as a candidate for nomination for that office on the Republican ticket.

REPUBLICANS
CARRY VERMONT.

A Gain of 500 Over the Total Republican Vote Cast Four Years Ago.

STATE CONVENTIONS HELD.

Montana, Connecticut and New Hampshire Are in Throes of Selecting Candidates Today.

White River Junction, Vt., Sept. 7.—With 11 towns out of 246 cities and towns yet to be heard from later and revised returns today indicated that the Republicans carried the state of Vermont yesterday by a plurality in the neighborhood of 31,000. This is a Republican gain over 1900, when the plurality at the state election was 12,312. The total figures for all but 11 towns give Charles J. Bell, Republican, 48,415 for governor and Eli H. Porter, Democrat, 15,970, or a plurality of 30,835 for Mr. Bell. The vote for congressmen ran slightly behind that for the head of the state ticket, Congressmen Kirtledge, Hawkins and David J. Foster being re-elected. The latest reports indicate that the next state senate shall be Republican, and that the Democrats will lose about 10 representatives.

By 11 o'clock all but five of the 246 cities and towns had announced the result of the vote for governor. The returns as far as completed, gave Bell, Republican, 47,719; Porter, Democrat, 16,423. This shows a Republican plurality of 31,296. The five missing towns in 1900 gave a Republican plurality of 294.

BELL WIVES ROOSEVELT.

Walden, Vt., Sept. 7.—Charles J. Bell, the successful candidate for governor in yesterday's election, today sent the following message to President Roosevelt:

"Tuesday's over 50,000 in Vermont points the way for victory for Roosevelt and Fairbanks in November."

REPUBLICANS IN MONTANA.

Billings, Mont., Sept. 7.—The Republican state convention was called to order today. After appointments of the usual committees and address by the temporary chairman an adjournment was taken.
William Lindsey of Glendive, former United States Senator Lee Mantle of Butte and Alvin John N. Kirk of Butte are candidates for governor. There is no special interest in the other offices. The successful candidate for governor in yesterday's election, today sent the following message to President Roosevelt:

IN WYOMING.

Rock Springs, Wyo., Sept. 7.—The state Democratic convention for the purpose of nominating candidates for the state offices to be filled this fall and for Congress met here today. The renomination of Supreme Judge S. T. Corn was conceded before the delegates assembled and indications pointed to the selection of Robert C. Homer of Laramie, as gubernatorial candidate.

DEMOCRATS AT NEWHAVEN.

Newhaven, Conn., Sept. 7.—The delegates to the Democratic state convention assembled today with conflicting emotions as the final make-up of the state ticket. It was evident that the nomination of Judge Robertson for governor, with Gen. Henry A. Bishop as his running mate was expected and the chief problem ahead was the selection of men for the other places on the ticket who would be acceptable both to the state central committee members who had brought Judge Robertson to the front and to the adherents of Mayor Thayer, of Norwich, who had hoped to win for him first place.

HOLLS FOR GOVERNOR.

Concord, N. H., Sept. 7.—Previous to the opening of the Democratic state convention in this city it appeared probable that the nomination for governor would be given by acclamation to Henry F. Hollis, of this city, who was the candidate of the party two years ago.

Democratic Editors Confer.

New York, Sept. 7.—Editors from all over the United States were here today to attend the annual conference of the Democratic editors. Almost immediately upon their arrival the editors went to Democratic headquarters where they met Charles D. Harbo, secretary of the national committee, and were then escorted to their own headquarters. Fully 500 editors, it is expected, will arrive here by this evening.

HOWARD WANTS DAMAGES.

Henry Howard filed suit in the district court today against Samuel Mackay to recover the total sum of \$74.35 alleged to be the value of 200 head of sheep belonging to plaintiff and leased to defendant which he failed to return to plaintiff, and also the value of the wool which defendant agreed to pay as rental for the sheep.

PRINCIPAL MCCOY
ISSUES STATEMENT

Enlightens Patrons of the East Side High School on the Work to Be Done There.

COURSES TO BE CONSIDERED.

School Has an Excellent Faculty from Whose Work Much is Confidently Expected.

Principal W. J. McCoy has issued the following statement in regard to the work to be done by the East Side High school this year:

To the patrons of the East Side High school: Two years ago our school came into existence because of a very apparent demand for better high school facilities for first year pupils living on the east side of the city. The rapid growth of the city, the largely increased size of eighth grade graduating classes, the long distance for many of the pupils to the West Side High school, and the lack of sufficient number of good recitation rooms in that building, seemed to make it imperative that a first year school be established.

Time has proved the wisdom of the arrangement, and the board of education recognized the fact at its last meeting by providing for both first and second year work. Consequently, we shall have this year not only the freshmen, but also the sophomores, who represent the future of the city. The eighth grade will no longer be received at the Bryant building, where the school is located. This adds to the importance and dignity of the school. All school work will be concentrated upon the change that has been effected.

In the school, the regular classical, scientific, English and normal courses will be carried, and the same subjects will be taught as are given at the West Side school. We expect to maintain the same high standard for which the older institution is justly celebrated. As will be seen below, a corps of teachers, whose educational qualifications and whose real ability to teach are excellent, have been selected for the East Side school. A careful examination of the list given below will show that our corps of teachers will compare favorably with that of the best high schools in the city.

Miss Frances M. Quailrough—English. Special work at University of Utah and University of Chicago. Instructor in English since organization of school.

Miss Mildred Tibbals—English and history. B. A., University of Washington. M. A., Wellesley college.

Mr. W. I. Brown—Mathematics. M. A., Middlebury college; special work Berkeley, and University of Chicago. Instructor in Western High school past three years.

Mr. Mattie B. Prosser—Mathematics. Graduate Kansas State Normal and Hapton college, Ky. Instructor in mathematics. High school, past two years.

Miss Valentina Murphy—Latin and Greek. B. A., University of Utah; special course at University of Chicago. Instructor in High school past two years.

Mr. A. O. Garrett—Sciences. Graduate of University of Kansas; instructor city high school past two years; formerly in charge of science department Ft. Scott High school.

Miss Rose Cassidy—Sciences. B. S., University of Michigan; instructor in Michigan High school past four years.

Mrs. Nancy Leatherwood—French and history. Graduate of Kansas State Normal and University of Wisconsin.

Miss May Critchlow—German and English. Stanford university; special studies at University of California.

Trusting that we will receive your hearty co-operation and that there will be a large representation of eastside pupils in attendance next Monday morning, I am,

Yours very truly,
W. J. MCCOY,
Principal Eastside High School.

REAL ESTATE MEN
AFTER MINISTERS.

(Continued from page 1.)

Apostles have appropriated to themselves almost everything there is in the could be brought to weeping before a "Mormon" over the terrible existing conditions here.

"Now for this reason I pray and appeal as a father of a family, as a Christian and a German pastor to you and all our honorable German citizens in our native land, to warn our people from emigrating to Utah. The tears and the pain of many hundred Germans ascend to the heavens daily, but notwithstanding these existing conditions here, the missionaries of this religion continue their labors in Germany unmolested. Nothing is said about the immorality of this 'Bountiful Zion' where first prophet and president, Joseph F. Smith, has four wives not counting his other concubines. They persuade old and young to come across the ocean, saying: 'Now as you are baptized a Mormon, you must also go to Zion (Salt Lake City) and go through the Temple to receive the full glory of heaven by having it sealed upon you on the earth.'

"Nothing is said, however, that he had these secret wives of the 'Mormon' Temple young and old women are dishonored under the cloak of religious ceremony, or what else does that mean when a German woman late of Berlin, after many sacrifices, has gone through the Temple and confessed to me with tears in her eyes: 'O Mr. Pastor Zimmer how low I have been made to fall in that Temple! They have robbed me of my character, and I now stand lower than the lowest harlot in the City of Berlin!'

Therefore, be it resolved by the Past Estate association now in session, that the above reports of the condition in Utah by the Ministerial association of this city are gross and libelous falsehoods, and we recommend that the Ministerial association attend to the work its members were sent here to do, namely, preaching the gospel and converting sinners and not putting our state in a false and degraded light before the world.

WILL PUSH BUILDING.

Y. M. C. A. Makes Arrangements for More Money—The Packard Library.

Financial arrangements are being made by the directors of the Y. M. C. A. which will ensure the early completion of the new building. As soon as each department of construction is ready the work will proceed without delay. Already the building is making a fine appearance, and is attracting the attention of visitors and tourists.

The first story stone work on the Packard library is going up, and the cluster of books binding in the corner of that block with the Holmes apartment house is giving that section of the town a very substantial appearance.

SHEEP THIEF
DEFIES THE LAW

Joseph Walker Runs Amuck and Leads Railroad Men a Merry Chase.

WENT AFTER HIM ON AN ENGINE.

Were Forced to Beat a Hasty Retreat At Point of Fleeing Fugitive's Gun.

(Special to the "News.")

Ogden, Sept. 7.—A man named Joseph Walker, who is wanted by the sheriff and police department on the charge of stealing sheep from Thomas Ballantyne, gave the local officers and a number of railroad men a rather exciting chase last night.

About a month ago Walker stole 16 head of sheep from Ballantyne's herd at Monte Cristo. The sheep were later recovered and the incident passed off without notice. About a week later, however, the herder, on arising one morning, found 200 head missing and an investigation showed that they had been driven in the opposite direction from which the herd was traveling. Diligent search resulted in their being found about 10 miles distant, where they were rounded up at once and driven back, and the matter reported to Mr. Ballantyne, and by him later to the sheriff.

THE FUN BEGINS.

Walker was seen here on Labor day at the recent Last evening Deputy Sheriff Rehnard heard of his being near the stockyards and drove down there to have a talk with him. On seeing him he asked Walker to get into his buggy and take a drive as he wanted to speak to him. Walker stepped up to the buggy and on approaching it pulled out a gun, and placing it against Ballantyne's body remarked: "I've got the drop on you, d—n you. I know what you fellows are up to. You want me for something worse than stealing the sheep. I suppose I'm wanted for that affair in Kansas." With this he ordered the officer to drive off, which, being at the man's mercy, he did. Walker held the gun on him until he had a good chance to get away, and then he broke and ran, going into the railroad yards. The deputy drove on to the office for reinforcements and a warrant for his arrest.

CHASED ON AN ENGINE.

In the meantime Walker went down the railroad track and hooked on to a switchman's wheel, on which he proceeded to make his way south along the track. The theft of the sheep was discovered by Yardmaster John Dewey and others, who mounted an engine and made after him. They overtook him after going several blocks and proceeded to take him into custody when he whirled out his revolver and ordered them back on the engine, at the risk of their lives. Of course, the men did as they were bade and Walker went up Thirtieth street, where he hid himself in Rawson's barn. Here he was discovered by Mr. Rawson some time later, on whom he pulled his gun, threatening to kill him. When Walker learned that he was not an officer, however, he let him alone and started off for the brush in the direction of the Weber river. Mr. Rawson immediately notified the sheriff, but despite diligent search no further trace of him could be discovered.

Building Owned by Bullion Beck Totally Destroyed.

(Special to the "News.")

Eureka, Utah, Sept. 7.—A building owned by the Bullion Beck Mining company, located in Dutchtown and occupied by Eli Chase, was totally destroyed by fire about noon today. The loss amounts to about \$400. The building was located so far from the city water system that the fire department could render but little service. The trainway to the Beck mill also took fire but was extinguished by the chemical fire.
