DO NOT PROPOSE TO BE HELD UP

Property Owners Abutting Sewer
Extension 220 Insist on
Re-checking.

PROTEST ACCOUNT HIGH COST

It Is Claimed Other Extensions Have
Been Made at Half Price Es-
timated by Engineer.

When the city council meets tonight, City Engineer George O. Chaney will make a report on the re-checking of the protests on sewer extension No. 220. According to the figures of the city engineer, the protestants have not secured enough names of property owners on the extension to defeat the improvement. The abutting property owners objected to the sewer because the city engineer declared that it would cost \$2.26 per foot or \$134,416.21 to make the improvement. Other sewer extensions have been laid for half that price and many of them did not propose to be "held up." Of this amount the property owners will pay about \$115,000.

There are 67,905.7 front feet in the sewer district. City Engineer Chaney's report shows that 25,721.64 feet have been regularly protested, and that 2,914.64 feet have been protested by agent, making a total of 28,636.28 feet. The protestants claim that the city engineer's estimate is too high. They claim that the cost of the sewer should be \$1.13 per foot, or \$31,350.00. UNIMPEACHABLE. If you were to see the unequalled volume of unimpeachable testimony in favor of Hood's Sarsaparilla, you would upbraid yourself for so long delaying to take this effective, attractive and tonic medicine for that blood disease from which you are suffering. It eradicates scrofula and all other humors and cures all their inward and outward effects.

Take Hood's.
