**Last Night's Dispatches.**

**EASTERN.**  
The Louisiana House Investigating Committee.

NEW ORLEANS, 22.—Before the House committee Mr. Williams, colored, of New Orleans, said since the election he was assaulted and knocked down by colored men, who accused him of voting the democratic ticket; did not vote because threats were made against those who intended voting the democratic ticket; his assailants have since threatened to finish him.

R. J. Hogan, colored, of West Feliciana, said the election was free, fair and peaceable; was at Aiken plantation before the election, colored men threatened to shoot any colored man who voted the democratic ticket; knew of no intimidation to induce colored men to vote the democratic ticket; knew many colored men who voted the democratic ticket; knew of no armed men riding over the parish except organizations of white and colored men who whipped persons for selling sheep and corn, did not see them whipped, but heard of one of them broke away and ran and was shot at; the regulators told these men they must behave themselves and quit stealing.

The next witness was E. A. Burke. He had a sheet of the poll of the 11th Ward; saw the election officers sign it at the polling place willing and without violence or intimidation. The democratic majority was over 300; yet neither the returning board nor the assistant supervisor included it in the reports of tabulation. Rejection of the republican commissioner of election, and signed the tally sheet in witness' presence; his protest is unqualifiedly false; he is a scoundrel and has a bad reputation. Witness visited the poll often on election day, and was certain that there was no intimidation whatever; the democrats had taken particular pains to prevent it.

The House sub-committee for New Orleans and adjacent parishes heard testimony from several witnesses that the election was peaceable and undisturbed by riot or any intimidation except by negro republicans. Several contradicted Conrad Simpson, who testified before the returning board, and declared that they were not credible under oath.

**Deaths of the Senate Investigating Committee.**

In the Senate committee White, of the democratic counsel, denied the correctness of the tabulated statement furnished by the board. McDonald wished Eliza Pinkston's testimony to be further sifted. How regretted this, as she was in a feeble condition. Salsbury expressed a doubt as to her condition. The subject was postponed.

Wm. R. Hardy, district attorney of Ouachita parish, a republican, testified that his canvass for the election and parish judge was interrupted by the assassination of Disraeli, but he did not narrate of that event it appeared that he was fully cognizant of all the attending circumstances; threats and attempts were made on Disraeli's life. His story is substantially similar to the first account of the affair.

H. C. Astwood, colored, of Carroll parish, a United States deputy marshal, attended the meeting at St. James chapel, in Ouachita parish, in November. Bulldozers escorted the speakers from Phillips' place to the chapel, yelling and shouting. One colored man was very enthusiastic, and cheered me; shouted, "Go on, give us some more"; his name is Henry Pinkston. Senator Salsbury asked what mileage the witness received from the United States for attendance. How desired to know the object of the inquiry. Salsbury said he desired to bring out prominently the fact that money and the army of the United States were used to assist the republican party.

Senator Wadley said he was willing to take the responsibility of having the fact brought out as prominently as possible, that the army was used to keep Senator Salsbury's party friends from murdering the friends of his party. Geo. H. Deltor, colored, living in Ward Five, Ouachita, went to Monroe to vote because he could not vote as he desired in Ward Five. Mr. Deltor compelled Garrett Beau to vote the democratic ticket. My employer, W. C. Williams, drove me and two other colored men to his place for voting the republican ticket.

**The House Committee Don't Suit the Republicans.**  
WASHINGTON, 22.—Speaker Randall's composition of the House committee, to act with a similar special committee of the Senate in the preparation of some measure for counting the electoral votes, is severely criticized by the republicans. Payne, Hutton, McCree and How are all universally considered proper selections, but Springer is criticised as an extreme and very obstinate partisan. Hewitt is deemed too excitable, and Williams, though a pointed republican, is charged by many members of that party with having been evinced decided democratic leanings. They say, therefore, that the republicans have not been given the same fair representation on the committee that was accorded by the Senate to the democrats; and that at least two members on the part of the House will not be able to treat the subject dispassionately.

**Arrival of More Artillery.**  
Battery F, First Artillery, 65 men, and Battery H, Second Artillery, 54 men, arrived last night from Reno, and proceeded to quarters at the Arsenal. The latter battery left this afternoon for their post, Fort McHenry.

The action of the Supreme Court, this being the only known instance of such imprudence.

The Elections Committee and Delegate Cannon—Florida Supreme Court.

The elections committee will probably report favoring the admission of Cannon, of Utah. The republicans fear that it would be a dangerous precedent to include a Cannon disqualified on account of bigamy, not having been convicted of it.

The republicans maintain that the Florida Supreme Court cannot proceed to include a Cannon disqualified on account of bigamy, not having been convicted of it.

**Going to Visit Tilden.**  
Senators Bayard and Gordon, and perhaps Chairman and Ransom, also Speaker Randall, Congressman Lamar, Hewitt and Watterson, will leave this city to-morrow for New York, by invitation, to hold an informal conference with Mr. Tilden.

**Found Guilty.**  
In the case of Charles G. Fisher, late assistant district attorney, charged with abstracting papers from the clerk's office of the district court, the jury returned a verdict of guilty. A motion was entered for a new trial.

**Description of the Meteor.**  
CHICAGO, 22.—The meteor reported in the dispatches of last night passed over Southern Iowa, Central Illinois, and part of Indiana. It seemed to travel at a rate of forty miles high. Scientific men, judging from the report which it made, think it must have been about sixty miles from the ground. It seemed to travel over all the places where it cast its light, and the visitor was said to be the largest that ever visited this section. Fragments have been discovered to-day upon the farm of Jackson Morris, three miles northwest of Rochester, Ind. They resemble sandstone.

**Destruction by Fire.**  
INDIANAPOLIS, 22.—A number of fires have been discovered here during the last few days. The stable of Senator Morton and General Morris were burned; Floral Hall, Agricultural Hall, Music Hall and the Green House have been destroyed. Losses, about \$35,000, insurance \$15,000. Besides these there have been losses by fire in John Derby's candy factory \$1,000, Landis, Rodier & Co's, and a number of other places. The barn, with considerable grain and utensils.

**Florida—Democratic Victory.**  
TALLAHASSEE, 22.—The supreme court sustains Diew's demurrer to the answer of the canvassing board, and grants a new election, only to the board to receive the vote of the returns. This is a democratic victory. Counsel for the board gave notice of a motion to answer. The court adjourned to to-morrow.

**500,000 Fire.**  
HOMER, LA., 22.—Twenty business houses were consumed by incendiary fire, to-day, with dwellings, etc.; loss \$150,000, insurance \$50,000.

**Suggestions Not Acceptable.**  
NEW YORK, 22.—The Mail's Washington special says an unauthorized but confidential representative republican interviewed Alexander H. Stephens yesterday, with a view to making a compromise of the presidential muddle. He submitted to Stephens' suggestions of Galusha A. Grow that a policy might be adopted to divide the white vote of the South and attach it to a more moderate republican element in the North. Stephens rejected the suggestions, and said he would not advise the South to give friendly acceptance to Hayes' inauguration, but he does advise them to submit to the discretion of all the movements of his opponents.

**Grant Keeps Himself Thoroughly Posted.**  
The Washington correspondent of the Graphic telegraphs that the President stayed to him that he considered the events of Nicholas at New Orleans last Monday, as an indication of the democratic policy of force on the presidential election. The President, however, rejected the suggestion, and said he would not advise the South to give friendly acceptance to Hayes' inauguration, but he does advise them to submit to the discretion of all the movements of his opponents.

**Great Rejoicing Among the Democrats.**  
The World's Washington special says dispatches have been received to-day by both the Senators from Florida, Conover, republican, and Jones, democrat, announcing that the Supreme Court issued a mandamus requiring the returning board to revise the entire count, to give the majority to the democratic candidates in electors and State officers, and declaring the entire proceedings null and void. A hurried consultation has been held by the republicans, and the subject has been referred to the Senate. A republican and a republican publican, familiar with the laws of the State, has pronounced the decision of the Supreme Court a transfer of a joint dispatch to the Senate, and to the democratic electors.

Senator Jones received the following to-night:  
"Tallahassee, 22.  
"9:40 p.m.—The Supreme Court has awarded everything the democrats asked for. C. C. DYKE."

**A Brawl in South Carolina.**  
COLUMBUS, S. C., 22.—The democratic house has adjourned sine die. This action gives two State governments, acting upon their own responsibility, and a republican majority in the Senate. A large number of nominations of county officials, which were confirmed by the Senate in executive session. Hampton has assurance of a democratic majority, and has organized county governments.

**WESTERN.**  
Meeting of the Democratic State Central Committee.

SAN FRANCISCO, 22.—A Salome, Oregon, dispatch says the democratic State central committee met yesterday, and adopted an address to the people of Oregon, calling for mass meetings to be held in every county, on the 8th of January, to consider the political situation, to protest against the returning boards of the three doubtful southern States, and especially of Louisiana. The address was presented. Two-thirds of the committee, and a large number of prominent democrats from various parts of the State, adopted this in all. The address is a well known firm, keeping a fine stock of general merchandise. And the same can be said of

demonstration as imposing as possible, and strengthen the democratic party in this State. The committee endorsed Governor's action.

**FOREIGN.**  
**GREAT BRITAIN.**  
Disasters on the British Coast.

LONDON, 22.—Many wrecks on the coast of Aberdeen shore and Kincardineshire are reported. Upwards of sixty lives have been lost. In addition to these disasters the Italian bark *Maria Quindellia*, on the American trade, has been lost off Stabhead, and twelve persons drowned. These, with other casualties reported during a few days, makes the total number of lives lost on the east coast of Scotland and England during the recent gale fully 150.

**HOLIDAY RAMBLIES.**  
LITTLE JOHNNY is a year older than he was last holiday season, and his powers of observation have increased with a year's growth. He has been the round of the central part of the City, being directed by the numerous advertisements that he has observed at different times in the News to where he could see the best holiday sights, and where people can make the choicest seasonable purchases.

Last night, while sitting near a cozy fire, surrounded by his mother and brothers and sisters, by unanimous request of the family, he told them what he had seen in his rambles. The first place I dropped into, said he, was

Z. C. M. I., and if I was in the habit of going into excruciating it would be such sights as I saw there. There was so much to see, that to describe is impossible, for the fact is, it don't matter what you want to buy, from a "needle to an anchor," they've got it there, holiday goods or any other kind, and at a beautiful and convenient store too. Also called in to see Mr. Schellier, at

Zion's Savings Bank and Trust Company. A good place for people to put their savings, to provide against a "rainy day." Then there's that

Scotch store of Messrs. Liddell & Brown, which a man "fao the land o' cakes" can scarcely pass without getting some toothsome article to remind him of "his native heath."

Daynes and Son, where I noticed a great many articles in the music line, and a few in the line of things that would make excellent holiday presents.

The Deseret National Bank is a place worth looking at. It is beautifully fitted up, and a great deal of business in the money line is done there. I went across to

Mr. James Dwyer's, and there is a sight for juvenile eyes. A great many children believe that Santa Claus makes his purchases of toys, books, etc., there, with which to fill their stockings. Some of the goods that I saw were very pretty. I do your best to get a large to hold one of those big wagons or hobby horses. I looked in at

Mr. George W. Davis', and there was another fine holiday sight, and I thought of the puddings and things that would have the main part of their materials from there.

Messrs. Calder & Careless have a really splendid stock of goods in the musical instrument line, anything you want of that kind, from a jewsharp up to the best piano manufactured. There are some nice and numerous things for ladies at the store of

Mr. Peter Schwartz, and at the Howe Sewing Machine agency you can get a machine just like the one that I saw, and it is very good and saves much labor. Mr. Phelps makes quite a good show for the holidays, having a large stock of dry goods and things.

Mr. Asmusen's, who has a fine stock of jewelry line. His amber necklaces are a feature. Messrs. Little & Roundy make a specialty of queensware, etc., and what beautiful ornaments I saw there.

Siegel Bros. have a fine assortment of dry clothing line, and a very good and saves much labor. Mrs. Dye's windows without stopping to look at those elegantly dressed dolls, and the fine display of millinery there exhibited, and the

Weed Sewing Machine Company have machines that can turn out the most beautiful instruments. Anything you want of that kind, from a jewsharp up to the best piano manufactured. There are some nice and numerous things for ladies at the store of

Messrs. Day & Co., who are giving the public every variety of goods in their line, which embraces almost everything Near the Theatre.

Mr. J. B. Furster was turning out from his loom some good-looking rug carpet when I called.

The Townsend House, a splendid place for travelers and others to put up at, has its usual hospitable look. I was greatly attracted by

Mr. O. L. Eliason's stock of watches and jewelry, lots of nice lockets, rings, earrings, bracelets, etc., very suitable for Christmas presents. I am a great lover of flowers, so is everybody who has any refined taste, and I therefore called upon

Mr. O. F. Due, two blocks north of the Adams Hotel, where people who want cut flowers can get them. I must not forget to tell you that it would be worth your while to go to the foundry and machine shop of

Davis, Howe & Co., 17th Ward, and you would be interested in seeing the progress of home manufacture there. Coming right down to home manufacture, by the way, The Working Men's Co-op. are doing a creditable thing in that line, making boots and shoes that are a credit to the city.

Mr. Taylor & Co. are not a whit behind any body in their line, both for quality and extent of work. They have some splendid work, working machinery with which mouldings, doors, blinds, sash and everything in the building way are turned out like magic. But then when you come down to fitting gas, water and steam fitting I'll tell you that

Mr. David James' establishment is hard to beat. It is on West Temple street and as you pass the corner you will hear a tremendous clatter, made by the men at work. I found

Joe Barker, on Commercial street, mending guns, pistols, locks, and such, and then went over to the store of

Jake Heusser and Brother, and what a variety of fire-arms of every kind there were. If a person wants guns and ammunition for hunting, that's where you will find them. I notice people are beginning to find out they can get comfortable and cheap quarters at

Taylor's Hotel.

R. Matthews & Co., are in the home producing line, and their wares are excellent. They make soap, sand-tablets, ink, essence of Jamaica ginger, etc. Every body wants holiday meat, which they can get at the store of

E. May, W. Peterson, Eldredge, Pratt & Co., C. Lucas, White & Son and others, whose advertisements are occasionally seen in the News. I do your best to get a large to hold one of those big wagons or hobby horses. I looked in at

Mr. George W. Davis', and there was another fine holiday sight, and I thought of the puddings and things that would have the main part of their materials from there.

Messrs. Calder & Careless have a really splendid stock of goods in the musical instrument line, anything you want of that kind, from a jewsharp up to the best piano manufactured. There are some nice and numerous things for ladies at the store of

Mr. Peter Schwartz, and at the Howe Sewing Machine agency you can get a machine just like the one that I saw, and it is very good and saves much labor. Mr. Phelps makes quite a good show for the holidays, having a large stock of dry goods and things.

you will see for yourselves who are alive to business, and where you can purchase your things for the holidays.

**Correspondence.**

Meetings at Lehi, Cedar, Fairfield, St. Johns, Tooele, Pine Canyon, Bates Ranch and Grantsville.

GRANTSVILLE, Dec. 18, 1876.

**Editor Deseret News.**

Accompanied by Brother W. J. Smith, we left Salt Lake City, Dec. 8, 1876, and visited a Sabbath school anniversary at Lehi, Sunday, 10th inst., which was a decided success; 400 scholars are enrolled under the superintendence of Bro. Wm. Yates. Over \$100 was raised by subscription in aid of the school. At the close of the anniversary, in the evening, a full meeting was addressed by Elders David John, E. Stevenson and W. J. Smith.

Lehi has been in the front rank in the production of a good supply of sugar cane molasses, the result of the United Order.

Monday evening we held meeting at Cedar, after a ride of miles west of Lehi. A short supply of water is an impediment to this lovely settlement. Considerable charcoal is produced hereabouts, and is a source of revenue. On the following evening we held meeting at Fairfield (old Camp Floyd or Crittenden), five miles South of the latter place, where a new meeting-house has been erected. Not a single death has occurred there during the past three years and there was not a single case of sickness at this time.

Wednesday 12th, we passed over a barren ridge west and then went north-west up Rush Valley to St. Johns, twenty-five miles from Fairfield. This settlement is scattering, and short of water, but is surrounded by cedar groves, and the ready sale for charcoal and wood at the Rush Lake smelters is a great benefit to this settlement. A cooperative store flourishes here, under the direction of Pres. Burridge.

Having held meeting, we proceeded to Tooele City, sixteen miles north, passing Rush Lake on the west side, which is three miles long and about three-fourths of a mile wide, abounding with fish and enlarged from a former bull-rush, though since the first settlement of this valley.

I am informed that one of the smelters on the east side of this lake has shipped over 1,000 car loads of bullion, which would make a train of cars over six miles long. Tooele is a beautiful city on a hill, with the Salt Lake in full view. The city is full of improvements the most noticeable are a beautiful brick edifice, built by subscription, designed for a lecture hall, library, and relief society; a hall of music, and a hall of dancing, drinking saloons. Quite an improvement has been made in the court-house in offices, and a good vault for the county records, etc.

We held meeting in E. T. City on Monday evening. We found a good spirit and liberal feelings with the people.

**A Sure Cure for the Piles.**

A sure cure for the Blind, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. William (an Indian remedy), called Dr. Williams' Indian Ointment. A single box has cured the worst chronic cases of 25 and 30 years standing. No one need suffer five minutes after applying this wonderful ointment. It has cured hemorrhoids, instruments and electrical domo harm than good. Williams' ointment supports the tumors, gives instant and painless relief, and is prepared exclusively for Piles, and nothing else. For certificates of cures and full directions for use, see large circular around each box. Sold by all the leading druggists and country stores. Write for one where. Ask for Dr. Williams' Indian Ointment and take no substitute.

**Consumption can be Cured.**

Standard Steam Laundry Office, Cleveland, O., Oct. 30, 1876. DR. FRAZIER, Dear Sir: I feel it a duty I owe to suffering humanity to write you, stating the wonderful benefit I have derived from the use of your Life Syrup and Strengthening Root Bitters. For some time I was sorely afflicted with a cough, raising thick stuff, with every symptom of being a confirmed consumptive. I tried different medicines and cures, without finding relief; I also consulted three of our most prominent Cleveland physicians, the last one of which pronounced my case serious, and informed me I could not live more than a few months. About this time, hearing of your wonderful success, I commenced taking your Life Syrup for the lungs, in connection with your Root Bitters, and at once was benefited, and after using the medicine some two months, I commenced again cured. If this statement of my case can be of any service to you in bringing your medicines to the notice of the suffering, my object in writing this note will be attained, for I firmly believe my life has been saved by your treatment.

Signed, TORRENCE DUNK. Sold by all druggists everywhere. Dr. G. W. Frazier, proprietor, Cleveland, Ohio. Circulars mailed free. d & w

**WOOL! WOOL!**

**WASATCH WOOLLEN MILLS.**  
Wanted!
