

DESERET EVENING NEWS
FIFTIETH ANNIVERSARY EDITION.

ON June 15th, 1900, the "News" will celebrate its Fiftieth Anniversary. Saturday, June 16th, will be the opening of its 51st year, and on that date the paper will issue a specially enlarged and attractive edition in commemoration of the occasion.

The main feature of the edition will be an eight-page supplement, printed on fine paper, with numerous half-tone illustrations, depicting the growth and progress of our City, State and Nation during the fifty years past. A special feature will be a fine double-page view of Salt Lake City in 1900, with an accompanying view of the City as it looked in 1850. The front illustration will be an ideal figure of "Utah," drawn by the artist Mr. J. W. Clawson, who has used for his model the face of a well known Utah girl.

In addition to other attractive contributions, the issue will contain an article on the "Growth of the Church in Fifty Years," by B. H. Roberts; "The Progress of the University in Fifty Years," by Prof. Joseph T. Kingsbury; "Growth of Our Sunday Schools in Fifty Years," by George Reynolds; "Fiftieth Anniversary of the Opening of the Scandinavian Mission," by J. M. Sjodahl; "A Brief History of Utah Journalism," "Development of Salt Lake in Fifty Years," "Growth of Utah in Fifty Years," and many other timely articles by members of the "News" staff.

Another interesting feature of the issue will be the presentation to each subscriber of the daily, Saturday and Semi-Weekly "News" of a fac-simile of the first number of the paper issued—an exact reproduction of the "Deseret News" as it came from the primitive press brought over by the Pioneers, and printed June 15th, 1850.

This edition will have a widespread circulation, not only in the West, but throughout the nation, the "News" having arranged to circulate several thousand copies, as an advertisement for itself, through the boards of trade, hotels and libraries in all the important cities.

No display advertisements will be accepted for the illustrated supplement, but space will be reserved for a limited number of reading notices of business houses.

News-dealers and others desiring extra copies are requested to place their orders immediately, as a second edition will not be printed.

The Salt Lake Stake Relief Society will run an excursion to Lagoon on the 12th inst. An interesting program has been prepared for the occasion and a large turnout is anticipated.

On June 20, the Alumnae association of St. Mary's academy will celebrate the twentieth anniversary of the founding of the academy. The commencement exercises will be held on the same date.

The Collegiate Institute brass band had a spin about the city last evening in a brilliantly lighted car. Several places were serenaded. At St. Mark's hospital they were treated to a lunch.

The examination of applicants to teach in the district schools of Salt Lake county is going on at Murray, having begun this morning. The board of examiners are Superintendent Van Cott, Prof. W. M. Stewart, and James E. Moss.

An announcement that Andrew Carnegie will endow a public library here to the extent of \$100,000 is received with pleasure by supporters of the institution, and with a hope that the report may prove true, but the statement has not yet been verified.

The board of regents of the University has awarded to the Scott-Strevell Hardware company for 1900 the contract for the hardware furnishings for the new buildings. The regents feel confident that the buildings will be ready when school opens next year.

This evening the Epworth League of the First Methodist church will hold a meeting in the parlors of the church to make arrangements for the social to be tendered by the league to all the young people's societies of the city on June 16.

Arthur Pratt believes that the work of taking the census of Salt Lake City will be completed by Monday night next. The first enumerator's report was handed in yesterday, and Mr. Pratt says that the work is progressing most satisfactorily all over the State.

An advance package of 50 copies of the first issue of the "News" office today. More will be sent out next week, but these fifty will be awarded those who apply first. Nothing in the experience of local book sellers equals the popularity of this rare art work.

The government is purchasing horses for Fort Douglas and Fort Duchesne, through the Utah State stock raisers. The horses must be bay or sorrel, weigh from 550 to 1,150 pounds, be from 14 to 16 hands high, and from 4 to 8 years old, and geldings. Only twelve horses have been secured thus far.

The Retail Clerks' association held a meeting last evening, at which twenty-four applicants were admitted to membership. Five delegates to the Utah Federation of Labor were elected, they being J. W. Cottle, A. H. Neils, Frank Gardner, S. H. Brown, and J. Harvey. The delegates were instructed to do what they could to effect the closing of all stores on all holidays.

Chief Devine of the fire department is trying to "finger" how he can distribute ten jobs to sixty men. Ten will be needed for the new fire station. This morning about fifteen of the working fire engines were put through a competitive trial. It consisted in running up a forty-foot ladder, taking forty feet of hose up, and then running up with a coil of rope. The average time made in climbing the ladder minus rope or hose was twenty-one seconds.

Miss Emma Skoglund, a popular young lady of the Seventeenth ward of this city, was married in the Temple, yesterday, June 7th, to Dr. Gustave Teudt, also of this city. A reception was given last evening at the home of the bride, which was profusely decorated with cut flowers. Dainty refreshments were served during the evening. The Swedish choir Svea, of which the bride and bridegroom have been active members for years, serenaded the couple. The reception was a most delightful affair.

It seems evident that the problem of an incessant water supply confronts the city. Already lawn sprinkling completely shuts off the precious fluid from many houses—that is, while the head of the family is outside sprinkling the grass plot and flowers, the wife and hired girl who are within, suddenly find that the turning of sinks, wash basin and boiler taps is without result, whereas many of the domestic duties come to a sudden halt. With this condition obtaining now many citizens are worrying how dry things will be before fall.

REOPENING WALKER HOUSE BAR.
The new Walker House Bar and Billiard Parlor has been thoroughly overhauled and renovated, new billiard tables and bar fixtures substituted, electric wiring throughout, and every convenience introduced looking to the comfort of the guests. ROWLAND HALL GRADUATES.

Three Young Ladies Complete Their Course in Art and Letters.

EXERCISES AT ST. MARK'S.
Eloquent Address by Dean Eddy—Diplomas Awarded by Bishop Leonard—Number of Prizes Distributed.

The graduating class of Rowland Hall, consisting of but three members, Florence Kimball, Bessie Light and Irma Wagener, was awarded its diplomas yesterday, by Bishop Leonard at St. Mark's cathedral. Miss Kimball was, in addition to her diploma, awarded the gold medal, which is given to the graduate who ranks foremost in scholarship and general excellence.

The cathedral was well filled, and the exercises were opened by the students marching in, singing "Onward, Christian Soldiers," preceded by Bishop Leonard, Dean Eddy and Archdeacon Oatenson. The invocation was pronounced by Archdeacon Oatenson, followed by the congregation singing "Crown Him Lord of Hosts."
Dean Eddy then delivered an address to the graduates, which abounded in wholesome advice and beautiful exhortations. He stated that a woman in cultivating her intellect should not neglect her heart, that while she is a scholar, she should also be a woman, and instead of detracting from her worldly education, the grace of the mind and the heart combined would only enhance them, crowning her a queen in the earth.

After the presentation of diplomas, and the awarding of the gold medal to Miss Kimball, of Scofield, the following prizes were then awarded: Prize for best progress in music, gold medal to Miss Florence Wines, Ruby Valley, Nevada; silver medals to Miss Florence J. Johnson, of Escalante, and Miss Nellie Corbin, of Salt Lake, for not being absent or tardy in three years; silver medal to Miss Carrie Calvin, to Miss Ella Colthart, for most intelligent course in reading; to Miss Bessie Johnson, for best written essay; to Misses Florence and Mabel Robinson, of Butte, and Miss Clara Cabell, of Salt Lake, for neatness; to Miss Ada Thompson of Pioche, for being neither late nor absent during the year; to Dorothy Leonard, Hazel Oswald, Lydia White and Ruth Cooper, of this city, for scholarship.

GREAT PAINTER HERE.

Thomas Moran of New York Will Paint Shoshone Falls.

Thomas Moran of New York, one of the most renowned of American painters, is in Salt Lake City in company with his daughter, Miss Moran. He is on his way to Shoshone Falls on the Snake river, which he is going to paint in oil. He also anticipates visiting the Blue Lake in Idaho, which has been described to him by his friend C. R. Savage.

Mr. Moran thinks that the West presents some of the grandest scenery in the world, and there is no need of an American artist going abroad to find something to inspire him, for if the western scenery will not do it, then he is incapable of being inspired.
Mr. Moran has added many works to the great paintings by American artists, and is regarded perhaps as the greatest living American painter. Among his famous works are his paintings of the canyon of the Colorado river in Arizona, which were purchased by the United States government for \$10,000 each, and are now adorning the walls of the capitol at Washington.
