More of the Benders.

CHICAGO, 8.—A special to the *Tribune* says: To day Mrs. Bender was visited in jail at Fremont by an Omaha reporter, to whom she said the first murder ever committed by her and her husband was in Illinois, on their farm near Jacksonville. The victim asked for lodging and supper, and in paying for the same in advance he exhibited considerable money. While eating supper Bender cut his head in two from behind, and he was dumped into the cellar through a trap door arranged by Bender. The corpse was buried next morning back of the house. A few weeks after this they went to Iowa, remaining eight months. Then they went to Indiana, living on the murdered man's money; then to Kansas, where Bender's children by his first wife, John and Kate were living. Together with Cousin Maggie they kept a resort for travelers, and called it Benders' Hotel. They had committed no murders prior to the old folks' arrival, but in the course of time old Bender arranged a trap door and then the murdering operations began. Kate at one time had a man in bed with her and she cut his throat and slept till morning beside the corpse. His money was divided. She never injured horse thieves and cut throats who came to the house, but entertained them well with her cousin Maggie. No murders were committed by the family after they fled from Kansas. Old Bender has confessed, believing the old woman has escaped. His story tallies with his wife's exactly. He relates his story of the whole family and their crimes. The sheriff from Kansas is now probably at Lincoln, obtaining a requisition from the Governor, and will be at Fremont to-morrow.

Washington Notes.

WASHINGTON, 6.—The following dispatch was received at the War Department to-day from San Antonio:

The Mexican troops, for some reason unknown to the men, have started on their return to Chihuahua, passing opposite Quitelan. Last evening Victoria with 125 to 150 warriors again crossed the river, pasaing north towards Viego Pass, Van Horn or Bass Canyon. My troops are now moving rapidly to get to his front. Have ordered Company K, Eighth Cavalry, from Stockton, in the same direction. The Indians are evidently striking for Quadalopes or Sacramento.

(Signed) GRIERSON,
Colonel Commanding.

A telegram at the War Department from Fort Leavenworth, states Col. Vallee makes report of a fight between a portion of his force and Indians at Pine Mountain. Four Indians and one soldier were killed and three wounded. The troops also lost ten horses. Col. Valee says he is making a combined movement on the Indians in Sierra Furra, the bend of which range is at right angles with the Sierra del Barracks, bordering the river, his entire force consisting of about 600,

The Fourth Auditor of the Treasury Department to-day addressed a letter to the Secretary of the Navy, stating that an examination has been made of the accounts of the Navy Department, covering four years from July 1, 1875, to June 30, 1879. The money transactions of the period amount to $70,541,710, and in disbursing this large sum not a single officer has defaulted nor has a single dollar been lost to the government.

Gen. Sherman says of the Dalrymple project to invade Mexico from Texas: The invasion would not amount to anything in his opinion. The neutral laws between the United States and the Mexican government would have to be maintained by the United States army, if necessary; hence should Dalrymple attempt invasion he would in all probability be whipped by the United States and Mexican forces.

The Warring Tribes.

LITTLE ROCK, Ark., 6.—Further reports from F. A. Smith of serious trouble between the Creek negroes and Cherokees are received. Two Creek negro horse thieves, Bill Peters and Long Monday, were hanged by Cherokee lynchers on the 27th ult. On Wednesday 18 negroes crossed into the Cherokee nation and shot two young Cherokees, Wm. Cobb and Alex. Cowan, the latter being fatally wounded. Dick Glass, a Creek, was also killed in the fight. At last accounts some 200 Cherokees were assembled at Fort Gibson, near the line, intending to attack the Creek negroes also in force, only desisting at the interposition of chiefs "Bushy Head" and Rossa, who obtained a promise of suspension of hostilities if the 13 Creek negroes were delivered into the Cherokees hands by Thursday morning last. A white man was reported killed on Tuesday last, which will require the interference of the Federal authorities.

A Veteran Gone.

LOUISVILLE, 6.—Gen. Wm. O. Butler died at Carrollton, this morning, aged 89. He was an officer in the regular army in the war of 1812, was in the battle of New Orleans, was General-in-Chief of our army in Mexico, was candidate for Vice-President on the ticket with General Lewis Cass, and represented Kentucky in the Washington peace convention at the beginning of the war.

No Nomination Yet.

ATLANTA, Ga., 6.—The Democratic State Convention ballot for Governor was resumed to-day. The fifteenth ballot shows no change from that taken just before adjournment last evening.

The convention adjourned after the nineteenth ballot, without nominating. Colquitt had 211 votes on the last ballot.

FOREIGN.

GREAT BRITAIN.

Foreign Notes.

LONDON, 6.—Both from England and India reinforcements are being energetically dispatched, and besides, six battalions of infantry and three batteries of artillery will soon be passing through the Suez Canal. Without counting the recent addition, the total number of troops occupied by the Afghan war is 60,000, of which number 40,000 are within the frontier or Afghanistan.

Sanghor, where Ayoub Khan was reported on the first instance, is midway between Kushki Nakhird and Hyderabad, thirty miles apart.

The recent battle between General Burrows and Ayoub Khan's forces was fought a few miles north of Kushki Nakheid. The Afghans therefore, instead of advancing, must fall back a short distance.

The British combined channel and reserve squadron left Vigo Bay today, it is believed for the Mediterranean. The steamer *City of Berlin* and *West Phalia* took $100,000 in gold for the United States.

The Queen has approved the appointment of Sir Hercules Robinson, present Governor of New Zealand, to be Governor of the Cape of Good Hope, vice Sir Bartle Freere.

The steamer *Rochester*, from Boston, July 16th, for this port and spoken on the 28th, in disabled condition, has passed Fulmouth in tow, having lost her propeller.

Lord Claud Hamilton, conservative, was returned to-day to Parliament, receiving 21,019 votes, against 19,118 for Plimsol, liberal.

Correspondence.

BLOOMINGTON, Aug. 2, 1880.

Editors Deseret News:

Having recently returned after a tour among the northern villages, I thought a few lines might interest your readers: On the east side of Bear River, the grain looks well, but very late; some has not yet headed. On the night of the 28th and 29th ult., ice formed on the water 1-16 inch thick at Georgetown. The frost on vegetables varied as to locality in the valley and some patches were killed. On the west side of the river, the grain is late, a few patches can be seen in bloom. Haying has just commenced and an abundant crop is expected. The weather is changeable from cool to extra hot. We had a good rainfall a week ago, and the atmosphere has been cleansed, but headaches are a general complaint.

Professors Maeser, Monch and Talmage are doing a good work among the people, as they are perfectly able to awake the interests of their listeners concerning education, which has been greatly neglected in this valley until recently. It is to be hoped that people will not forget the teachings those brethren have given them in their short but pointed lectures. I would say more on the conditions of our schools, but I suppose the Professors will give a more able and full account of their mission.

LEON.

NOTICE.

To Citizens using water from the City Creek Water Mains.

Your attention is called to the following sections of an Ordinance in relation to the Salt Lake City Waterworks:

SEC. 10—If any water consumer shall permit any person from other premises, or any unauthorized person, to use or obtain water from said consumer's premises or water fixtures, whether inside or outside of his building, the supply of water may be cut off and the amount paid forfeited.

SEC. 12—If any consumer shall waste any water, or allow it to be wasted by negligence, such as imperfect stops or valves, or leaky joints or pipes, or allowing tanks to leak or to overflow, or wastefully run it through basins or other apparatus, or use the water for purposes other than stated in the application and license, or in violation of the rules and regulations for controlling the water supply, and the provisions of this ordinance, the water may be cut off from such consumer, and all payments forfeited, unless such person shall promptly pay such additional charges as may be imposed.

SEC. 13—Whoever, by himself, family, servants or agents, shall use the water coming through the water mains without first obtaining a license therefor, or shall without authority open any stopcock, valve or other fixture attached to the system of water supply, or shall in anywise injure, deface or impair any part, or any appurtenance of the waterworks, or shall cast anything into any reservoir or tank of the said works, shall be fined not exceeding one hundred dollars for each offense, or by imprisonment not exceeding six months, or both fine and imprisonment.

SEC. 16—Sprinklers for lawns, gardens, yards and sidewalks must be used only for the purposes expressed in the license; and no sprinkler shall be used for sprinkling the street outside the sidewalk, unless such privilege is included in the license and paid for accordingly. Sidewalks, windows and fronts shall not be sprinkled except between the hours of 6 and 9 a. m. 1 and 2 and 6 and 8 p.m. No nozzle for sprinkling shall be larger than one-fourth inch in diameter, and no license for a sprinkler shall be issued except in connection with other water service.

Information has been filed at my office, wherein several parties are charged with violating one or more of the above sections, viz., by sprinkling their sidewalks, the streets, their lawns, washing vehicles and for irrigating, having no license for using the water for such purposes.

Your license distinctly states for what purposes you may use the water; using it in any other manner is in direct violation of the law.

Any further infringement of the Ordinance will be followed by an enforcement of the law.

G. M. OTTINGER,
Superintendent of the City Water Works. d216 3
