

BILL COLLECTOR STARTS A DUEL.

Bloody Battle in Streets Follows Attempt to Secure Payment Of Account.

TWO DEAD; TWO BADLY HURT.

Still a Couple More Who Escaped Are Supposed to Have Been Wounded In Fight.

Huntington, W. Va., Sept. 5.—As a result of an attempt to collect a long-standing bill by a clerk in a country store at Green Shoals, 20 miles south of here on the Guan river today, two men were killed, one fatally injured and another seriously injured and two more men who escaped and have disappeared, are supposed to be injured. The fight may result in another bloody feud being added to those already existing in this part of the country.

Allen Brumfield, for 20 years a justice of the peace of Lincoln county, shot through the heart and instantly killed.

William Adams, shot four times in the body and died immediately after the fight.

George Head, shot twice in the body and will die.

John Lambert, shot through the shoulder and seriously but not fatally injured.

Brothers of John Lambert, who engaged in the fight are believed to be wounded, but escaped to the mountains.

The fight started over an attempt of Lambert, who is a clerk in a country store at Green Shoals, to collect a long-standing account against Adams.

Men engaged in an argument over the account in the street several days ago. Adams was with friends at the time and after heated words struck Lambert, who was alone. Lambert did not fight.

Today, while with his two brothers, he came upon Adams in company with George Head, the fight was renewed upon sight, all men being heavily armed. Brumfield was shot in an attempt to prevent the fight. After the death of Brumfield, the men not badly wounded broke away. John Lambert was found lying on the mountain side. Head is dying tonight.

The two brothers of John Lambert who are wounded escaped to the mountains and are being hunted by several posse.

Will Electrify Road.

Mexico City, Sept. 5.—The Mexican railway, known as "The Queen's Own," the oldest railroad of the republic, purposes, if consent can be given by the London office, to electrify the entire line from this city to Vera Cruz.

The system recommended is the trolley system, and it is estimated the company would save approximately \$500,000 annually on coal.

Fairbanks in Boston.

Poston, Sept. 5.—Senator Fairbanks arrived in this city today and will leave for Brunswick, Maine, tomorrow. Asked about the meetings in the west, the Republican candidate for vice president said: "All through the west the people seemed to be very much aroused and interested in the campaign. Senator Fairbanks will make a number of speeches in Maine."

Oregon Pioneer Shot.

Hood River, Ore., Sept. 5.—Word was received here today from Trout Lake, Klickitat county, Wash., that J. L. Stump, one of the oldest and best known settlers in this part of the country, was accidentally shot in the abdomen Sunday afternoon by his 11-year-old grandson. Mr. Stump and the boy were hunting grouse and the little fellow stumbled. The shotgun which the child was carrying, was discharged and the entire load of birdshot lodged in Stump's body, making a ghastly wound. The boy ran for aid, but before help could arrive the wounded man had expired.

WILL PROVE SANITY.

Princess Louise of Coburg Declares that She is Not Insane.

Vienna, Sept. 5.—A lawyer in the confidence of Lieut. Count Matthisch-Kelley, who has just returned from visiting Princess Louise of Coburg declines to reveal the whereabouts of the princess. He gives a statement which he says she made to him, according to which through her imbecility she expected to be rescued by the count. The princess said:

"Now happily I am free and shall use

Every Throb Of My Heart Was Plainly Felt, and Sometimes Very Painful.

If your pulse is too strong, and your heart throbs so that you can feel the force of the heart-beat against your chest, your heart is weak and needs attention.

This is usually caused by long continued palpitation, over-work, excessive exercise, heart strain, and the condition indicates serious heart trouble. You should act at once.

The very best thing to do is to take Dr. Miles' New Heart Cure, a remedy that will strengthen the nerves and muscles of the heart, and restore them to their normal condition.

If you neglect to do this, disastrous consequences will surely follow. You will have smothering spells, pain in the heart, faintness, the valves of the heart will become leaky, and the heart left in a death struggle.

"My heart bothered me so that I could feel every palpitation. Could only sleep on my left side. Doctors told me that I had one-fifth enlargement of the heart. I had all the usual symptoms of heart trouble. I took about 15 or 20 bottles of Dr. Miles' Heart Cure and am completely cured. I have had no symptom of heart disease for two years, and am attending to my business affairs, which I could not do before."

E. C. GATLIN, Manufacturer, Eliza Mound, Kan.

If first bottle does not benefit, your money back.

FREE Write to us for Free Trial Package of Dr. Miles' Anti-Pain Pills, the New Scientific Remedy for Pain. Also Symptom Blank. Our Specialist will diagnose your case, tell you what is wrong, and how to right it. Write to Dr. Miles Medical Co., LABORATORIES, ELKHART, IND.

HELP IS AT HAND

That is the Message Which Munyon Brings to THE SICK

His Remedies Safeguards the Home and Bid Sickness Stand Back.

If there is a home in this land where the benighted work of the Munyon Remedies is still unknown let these messages of hope and truth be carried to them at once.

Munyon's Rheumatic Cure seldom fails to relieve in one to three hours, and cures in a few days.

Munyon's Dyspepsia Cure positively cures all forms of indigestion and stomach trouble.

Munyon's Cold Cure prevents pneumonia and breaks up a cold in a few hours.

Munyon's Cough Cure stops coughs, night sweats, asthma, soreness and speeds the lungs.

Munyon's Kidney Cure speeds cures cures in one to three hours and cures all forms of kidney disease.

Munyon's Headache Cure stops headache in three minutes.

Munyon's Fever Cure breaks up a fever in an hour at most.

Munyon's Pile-Laxative Pills will keep the liver in order and positively cure constipation, biliousness, jaundice and all diseases arising from a torpid liver.

Munyon's Pain-Expeller is the greatest stomach and nerve tonic known. It builds up the rundown, gives strength to the debilitated, restores ambition and energy, makes old folks feel young and the weak feel strong.

Ask your druggist for Munyon's Guide to Health. It will tell you how to cure yourself, or write for it to Munyon, Philadelphia. It is free.

Munyon's Witch Hazel Soap, which Hazel Pate Cream, which Hazel Talcom will give you a clear skin and a fine complexion.

My liberty so that I can remain free. My mind so that I can remain free. My body so that I can remain free.

The lawyer said that the princess made this statement in the presence of Lieut. Count Matthisch-Kelley, adding that the princess had always been sane. Having established that, I shall retire to live quietly. I am not thinking of divorce or of remarriage, and the reports of such intentions are regarded as the purpose of it.

New Russian Minister.

St. Petersburg, Sept. 5.—Senator Platoff, a member of the council of the empire, has been appointed minister of the interior and chief of the Russian police, in succession to the late Von Plehve.

King Leopold Sails for Home.

Denver, Eng., Sept. 5.—King Leopold, who is cruising on board the Belgic, sailed for home today. He landed here tonight. After a short walk, accompanied by a secretary, his majesty went on board the yacht, which then sailed for Ostend.

Nebraska Judge in Jail.

Cheyenne, Wyo., Sept. 5.—District Judge W. D. Kelsey of Cheyenne county, Neb., spent several hours in jail today on the charge of abduction. The warrant upon which he was arrested was issued from his own court. The detention of the judge was the outcome of an embezzlement. Miss Maude Miller, aged 15, and Frank B. Martin, aged 23, living on adjoining farms in Nebraska, near the Colorado line, eloped to Cheyenne and were arrested there. Judge Kelsey, who knew the young couple, traveled with them from Holyoke, Colo. Today a telegram was received from the Nebraska authorities asking that he be held on the charge of abduction, and he was arrested. Later he was released on the request of the father of Miss Miller, who came to Cheyenne to take his daughter back to her home, the charge against Judge Kelsey was withdrawn.

STRIKE MAY BE SETTLED.

There is Strong Hope that Packers Will Go Back Today.

Chicago, Sept. 5.—The indications tonight are that the stock yards strike begun two months ago, will be called off within 24 hours. Through the medium of a multitude of negotiators, a settlement has been effected. The strike began today in an effort to secure an understanding with the packers on a basis for abandoning the strike tomorrow afternoon. It was admitted tonight by Secy. Tracy of the Allied Trades council of the unions on strike that a message opening up such negotiations had been delivered today to a representative of the packers by W. E. Skinner, general agent of the Union Stock Yards & Traction company, acting as a middleman.

According to the plans tonight an answer is to be submitted tomorrow by the packers in time for it to be reported at a special meeting of the Allied Trades Council. This meeting has been called for early in the forenoon. Special meetings for all the local unions involved in the strike have been called for tomorrow. If the packers give encouraging assurances to the strike messengers will be sent at once to the gatherings of the local bodies. The unions, it is said, will then vote on discontinuing the strike, and their referendum vote will be reported at once to the meeting of the Allied Trades council.

Looks Like Murder.

Seattle, Wash., Sept. 5.—Frank S. Stevenson, a saloon keeper at Shogualmie, Wash., was found dead in a room over his saloon last night, with a bullet hole through his heart. Although it is believed by some that he committed suicide on account of ill health it cannot be explained how the revolver with which he was shot was found on a dresser six feet from him.

Murdered His Wife.

Ithaca, N. Y., Sept. 5.—Jesse Baker, aged 22, has shot and killed his young wife, Mrs. Baker, her mother and sister were returning from the fair grounds. While walking a short cut through an orchard Baker suddenly encountered them and drawing a revolver, sister unsuccessfully attempted to take the revolver. After shooting at his sister-in-law, he fired again at his wife, killing her instantly. Baker then fled. His wife, recently because of his drunken habits.

UNITED STATES' NEW ARMY RIFLE.

Modern Magazine Gun Will Take The Place of the Old Springfield.

SOME OF ITS FINE POINTS.

Boys in Blue Will be Fully Supplied With Them on or About January 1, 1905.

FACTS AND FICTION

Experiences of Salt Lake City Citizens Are Easily Proven to Be Facts.

The most superficial investigation will prove that the following statement from a resident of Salt Lake is true. Read it and compare evidence from Salt Lake City people with testimony of strangers living so far away you cannot investigate the facts of the case. Many citizens of Salt Lake City will endorse our claims.

Alfred Clark, blacksmith, of 126 South Main St., says: "When at work, I always feared that engines of pain would catch me and cling to me during the day and night. Many a time I have had to lie just in one position in order to have any comfort or to enjoy half a decent night's rest. This is not a pleasant condition to be in for a man performing even the most trivial act around his workshop has twinges in the small of his back which almost makes him exclaim, neither is it pleasant to arise morning after morning very poorly prepared to commence another hard day's work. A sure indication that my kidneys were at the bottom of the whole disturbance was the action and condition of the kidney secretions. Something about an advertisement wherein it stated that Doan's Kidney Pills could be depended upon in such cases induced me to go to the F. J. Hill Drug Co.'s store for a box. It is difficult to understand how a simple little pill could have had such effect upon the action of the kidney secretions and could have stopped the backache, but it is a positive fact that the treatment did. I have been able to do my work and take no substitute."

For sale by all dealers. Price 50 cents. Foster-McMurray Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

almost a counterpart of the famous cavalry weapon.

U. S. MAGAZINE RIFLE.

The "U. S. magazine rifle, model of 1903," as the new arm is technically known, will, it is believed, prove exceptionally popular with the enlisted men of the regular establishment. In addition to the covered barrel feature, the effective lever, which on the rifle now in use projects at right angles from the piece and has been the cause of much trouble to the men of the line, is now in the new arm, the lever is turned downwards in the new arm and is somewhat shorter. The magazine has a capacity of five cartridges and can be filled with ease and speed. The rifle is fully assembled, weighs a rifle over eight pounds and according to the ordnance experts, is exceptionally well balanced, making ease of discharge and accuracy of aim a feature of importance.

NEW ARMS EFFICIENCY.

Some idea of the efficiency of the new arm can be gained when it is known that 23 aimed shots have been fired in one minute with the rifle, used as a single loader, and 35 shots in the same time, using magazine fire. Firing from the hip without aim, 27 shots have been fired in one minute, using the rifle as a single loader and 35 shots in one minute from the magazine. With an ordinary service charge the new arm pressure in the rifle chamber is about 49,000 pounds per square inch, the maximum energy of recoil is 18.05 feet pounds and the maximum effective fighting range 4,781 yards. The exceptional penetrating power of the new arm was proved in a test held some time ago. With full service charge, the rifle, fired at a distance of 50 feet, drove its steel missile 54.5 inches into white pine butt, and penetrated a steel plate nearly one half an inch thick. The bullet which was used in the arm has a core of lead and the composition in a jacket of cupro-nickel and when fired with a service charge has a muzzle velocity of 2,390 feet a second.

SOLDIERS ARE CURIOUS.

The army officers on duty in Washington say that it will be only a little while after the regular army is supplied with the new guns before about half of them will be back in the arsenals in order to see the new arm. The enlisted men as it has been found from long experience is mighty set in his ways, and it takes him a long time to get used to anything new in his fighting equipment. Consequently, when a new rifle is issued to him he is sure to take it to pieces to find out how it works. In the case of the modern rifle, this is a rather formidable undertaking and the army regulations prohibit an enlisted man from experimenting in this manner. The new gun, for comparative purposes, is complicated that it is freely predicted that if an enlisted man takes it to pieces he will land in the guard house and his rifle in the repair shop before it is ever got together again.

READY BY JANUARY 1.

One thing is considered certain, however, and that is that by Jan. 1, 1905, the United States army will be provided with the best magazine rifle now in use in any country, big or little, and it will not be very long before the enlisted personnel will know how to use them. It is hoped by the ordnance experts that the new gun will prove to be not only abreast of small arm construction, but somewhat in advance, so that it will be unnecessary to make another change in the weapon of the United States army for a good many years to come. From present indications their hopes bid fair to be realized.

RUSSIAN CREWS.

Chinese Gov't Decides Them Under Control of Customs Official.

Shanghai, Sept. 5.—The Chinese government has decided that the crews of the Askold and Grozovoi while in treaty ports are under the control of customs officials and Russian consuls. A Japanese fleet of five cruisers and six destroyers are off Shanghai. The Japanese torpedo boats enter the harbor regularly for dispatch. The fleet will remain until the Askold leaves her dock and the big guns are removed.

Oregon Hop Harvest.

Portland, Ore., Sept. 5.—More than 40,000 people, men, women and children, have entered the hop fields of Oregon and began the harvest of hops. The crop is conservatively estimated at \$7,000,000 and is the most valuable ever raised in this state, being worth at present prices almost \$4,400,000.

Famous Pathologist Arrives.

New York, Sept. 5.—Dr. J. J. Orth, professor of Pathology and dean of the University of Berlin, has arrived here. He is one of the best known pathologists in Europe and upon the death of Prof. Rudolph Virchow was called by the faculty of the University of Berlin from Göttingen to fill the vacancy. Dr. Orth was one of the physicians who operated several months ago on Emperor William. He will stay in Chicago and St. Louis and be entertained at the White House by President Roosevelt on Sept. 27. The faculty of Johns Hopkins university, Baltimore, will give a dinner to the German savant before his return to Berlin.

TEA

You can see how much your confidence in us is worth. It is the making of us.

Your price returns your money if you don't like Billings' Tea.

The letter of Miss Merkley, whose picture is printed above, proves beyond question that thousands of cases of inflammation of the ovaries and womb are annually cured by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Gradual loss of strength and nerve force told me something was radically wrong with me. I had severe shooting pains through the pelvic organs, cramps and extreme irritation compelled me to seek medical advice. The doctor said that I had ovarian trouble and ulceration, and advised an operation. I strongly objected to this and decided to try Lydia E. Pinkham's Vegetable Compound. I soon found that my judgment was correct, and that all the good things said about this medicine were true, and day by day I felt less pain and increased appetite. The ulceration soon healed, and the other complications disappeared, and in eleven weeks I was once more strong and vigorous and perfectly well.

My heartiest thanks are sent to you for the great good you have done me."—Sincerely yours, Miss MARY ANN MERKLEY, 375 Third St., Milwaukee, Wis.

front and three religious plaits at the hem. The long jacket is of the same cloth, with collar and cuffs of stitched black velvet. Dainty frills of silk hang at the wrist.

A HUSBAND'S RELATIVES.

A bride should try to remember that everything depends on a first impression and should therefore be careful to create a favorable one at once. She must recollect that, whatever their failings and peculiarities are, they are her husband's people, and as such to be treated with respect even if she cannot feel for them the affection she is wishing to give.

Let her try to love them as her own people, but if this is impossible she can at least treat them with courtesy, not do as a bride did not long ago—refuse to let her mother-in-law visit them, pleading as an excuse that "Your mother is so dreadfully deaf that I really can't be bothered to entertain her. If she has to come, you must ask her when I am from home and do the entertaining yourself."

As a rule, however, the young wife will find her new relatives only too ready to love her for her husband's sake, and she ought to have no trouble about returning their good will.

COLD STEEL USED ON MOTT STREET.

Battle With Knives in New York Tenement Court Yard Quelled By the Police

THREE ITALIANS BADLY CUT!

Trouble Arose Over a Dollar Bill—Men Continued Fight in the Hospital Ambulance.

New York, Sept. 6.—Three Italians have been badly wounded in a battle with knives fought in a tenement court yard on Mott street. Two of the wounded men were thrust into an ambulance, and while the attendants were busy outside, resumed the fight with their knives. Before they could be separated the men were badly slashed and it is likely they will die.

The battle, in which a score of Italians and Sicilians were involved, arose over the possession of a dollar bill. Cries of the fighters brought several detectives to the scene and they drove off the mob with revolvers. Two men lay helpless on the ground and an ambulance was summoned. The third victim was ordered taken to the police station, his wounds not being serious. While peace was being restored a hubbub arose in the ambulance and the two occupants were found in a death struggle. By the time they had been disarmed and subdued both were badly wounded that they probably will succumb.

KIDNAPING SCARE.

N. Y. Italian Colony Fears "Black Hand" at Work Again.

New York, Sept. 6.—What may develop into another Italian kidnaping has been reported in the Bronx police station. Antonio Laduro, 5 years old, son of an Italian employed by a contractor, has disappeared and no trace of the boy has yet been found.

He was walking near home with a younger brother when two men engaged him in conversation. Their appearance alarmed the younger boy who ran away, and told of the affair when Antonio failed to return. There are 5,000 Italians in the settlement and all became greatly wrought up when the news spread. The elder Laduro, in reporting to the police, was inclined to believe, however, that his son was merely lost and that the Black Hand society had nothing to do with his disappearance.

Bandits on Rampage.

New York, Sept. 6.—The vicinity of Tangle has been considerably disturbed by bandits, according to a Times dispatch from that city. A caravan was attacked at a distance of two hours from the town and lost including \$6,000 in money was secured by the tribesmen. The officer in charge of Lloyd's signal station, threatened with capture by the tribes, took refuge in the Sparte lighthouse.

Escape Denied.

St. Petersburg, Sept. 5.—There is no truth in the statement printed in London that Sasonoff, the murderer of Interior Minister von Plehve has succeeded in escaping from prison.

AN ADVANCED PARISIAN MODEL FOR THE AUTUMN.

This stunning costume is one of the advanced autumn models from a celebrated Parisian house. It is created from a gray and black mixed English cloth. The skirt has a tablier effect in
