EVENING NEWS.

Tuesday, - November 28, 1876.

MISCELLANEOUS LAWS CONCERNING LAND.

REGISTERS AND RECEIVERS, FEES.

SEC. 2238. Registers and receivers, in addition to their salaries, shall be allowed each the following fees and commissions, namely:

First. A fee of one dollar for each declaratory statement filed and for services in acting on preemption claims.

Second. A commission of one per centum on all moneys received at each receiver's office.

Third. A commission, to be paid by the homestead applicant, at the time of entry, of one per centum on the cash price, as fixed by law, of the land applied for; and a like commission when the claim is finally established, and the certificate therefor issued as the basis of a patent.

Fourth. The same commission on lands entered under any law to encourage the growth of timber on western prairies, as allowed when the like quantity of land is entered with money.

Fifth. For locating military bounty land warrants, issued since the eleventh day of February, eighteen hundred and forty-seven, and for locating agricultural college land scrip, the same commission, to be paid by the holder or assignee of each warrant or scrip, as is allowed for sales of the public lands for cash, at the rate of one dollar and twenty-five cents per acre.

Sixth. A fee, in donation cases, of five dollars for each final certificate for one hundred and sixty acres of land, ten dollars for three hundred and twenty acres, and fifteen dollars for six hundred and forty acres.

Seventh. In the location of lands by States and corporations under grants from Congress for railroads and other purposes, (except for agricultural colleges,) a fee of one dollar for each final location of one hundred and sixty acres; to be paid by the State or corporation making such location.

Eighth. A fee of five dollars per diem for superintending public land sales at their respective offices; and, to each receiver, mileage in going to and returning from depositing the public moneys received by him.

Ninth. A fee of five dollars for filing and acting upon each application for patent or adverse claim filed for mineral lands, to be paid by the respective parties.

Tenth. Registers and receivers are allowed, jointly, at the rate of fifteen cents per hundred words for testimony reduced by them to writing for claimants, in establishing pre-emption and homestead rights.

Eleventh. A like fee as provided in the preceding subdivision when such writing is done in the land office, in establishing claims for mineral lands.

Twelfth. Registers and receivers in California, Oregon, Washington, Nevada, Colorado, Idaho, New Mexico, Arizona, Utah, Wyoming and Montana, are each entitled to collect and receive fifty per centum on the fees and commissions provided for in the first, third and tenth subdivisions of this section.

SEC. 2239. The register for any consolidated land district, in addition to the fees now allowed by law, shall be entitled to charge and receive for making transcripts for individuals or furnishing any other record information respecting public lands or land titles in his consolidated land district, such fees as are properly authorized by the tariff existing in the local courts of his district; and the receiver shall receive his equal share of such fees, and it shall be his duty to aid the register in the preparation of the transcripts, or giving the desired record information.

SEC. 2246. The register or receiver is authorized, and it shall be their duty, to administer any oath required by law or the instructions of the General Land Office, in connection with the entry or purchase of any tract of the public lands; but he shall not charge or receive, directly or indirectly, any compensation for administering such oath.

SEC. 2247. If any person applies to any register to enter any land whatever, and the register knowingly and falsely informs the person so applying that the same has already been entered, and refuses to permit the person so applying to enter the same, such register shall be liable therefor to the person so applying, for five dollars for each acre of land which the person so applying offered to enter, to be recovered by action of debt in any court of record having jurisdiction of the amount.

MINERAL LANDS, WATER RIGHTS.

SEC. 2339. Whenever, by priority of possession, rights to the use of water for mining, agricultural, manufacturing, or other purposes, have vested and accrued, and the same are recognized and acknowledged by the local customs, laws and the decisions of courts, the possessors and owners of such vested rights shall be maintained and protected in the same; and the right of way for the construction of ditches and canals for the purpose herein specified is acknowledged and confirmed; but whenever any person, in the construction of any ditch or canal, injures or damages the possession of any settler on the public domain, the party committing such injury or damage shall be liable to the party injured for such injury or damage.

SEC. 2340. All patents granted, or pre-emption or homesteads allowed, shall be subject to any vested and accrued water rights, or rights to ditches and reservoirs used in connection with such water rights, as may have been acquired under or recognized by the preceding section.

SEC. 2341. Wherever, upon the lands heretofore designated as mineral lands, which have been excluded from survey and sale, there have been homesteads made by citizens of the United States, or persons who have declared their intention to become citizens, which homesteads have been made, improved, and used for agricultural purposes, and upon which there have been no valuable mines of gold, silver, cinnabar, or copper discovered, and which are properly agricultural lands, the settlers or owners of such homesteads shall have a right of pre-emption thereto, and shall be entitled to purchase the same at the price of one dollar and twenty-five cents per acre, and in quantity not to exceed one hundred and sixty acres; or they may avail themselves of the provisions of chapter five of this Title, relating to "Homesteads."

PROTECT YOUR BUILDINGS

Which may be done with one-fourth the usual expense, by using our

PATENT SLATE PAINT,

MIXED READY FOR USE.

Fire-proof, Water-proof, Durable, Economical and Ornamental.

A roof may be covered with a very cheap shingle, and by application of this slate be made to last from 20 to 25 years. Old roofs can be patched and coated, looking much better, and lasting longer than new shingles without the slate, for

One-Third the Cost of Reshingling.

The expense of slating new shingles is only about the cost of simply laying them. The paint is FIRE-PROOF against sparks or flying embers, as may be easily tested by any one.

IT STOPS EVERY LEAK,

and for tin or iron has no equal, as it expands by heat, contracts by cold, and NEVER CRACKS nor scales. Roofs covered with Tar Sheathing Felt can be made water tight at a small expense, and preserved for many years.

This Slate Paint is

EXTREMELY CHEAP.

Two gallons will cover a hundred square feet of shingle roof, while on tin, iron, felt, matched boards, or any smooth surface, from two quarts to one gallon are required to 100 square feet of surface, and although the Paint has a heavy body it is easily applied with a brush.

No Tar is used in this Composition,

therefore it neither cracks in Winter, nor runs in summer.

On decayed shingles it fills up the holes and pores, and gives a new substantial roof that will last for years. CURLED or WARPED shingles it brings to their places, and keeps them there. It fills up all holes in Felt roofs, stops the leaks—and although a slow dryer, rain does not affect it a few hours after applying. As nearly all paints that are black contain TAR, be sure you obtain our GENUINE article, which (for shingle roofs) is

CHOCOLATE COLOR,

when first applied, changing in about a month to a uniform slate color, and is to all intents and purposes SLATE. Or

TIN ROOFS

our red color is usually preferred, as one coat is equal to five of any ordinary paint. For

BRICK WALLS

our BRIGHT RED is the only reliable Slate Paint ever introduced that will effectually prevent dampness from penetrating and discoloring the plaster.

These paints are also largely used on outhouses and fences, or as a priming coat on fine buildings.

Our only colors are CHOCOLATE, RED, BRIGHT RED and ORANGE.

TO CALIFORNIA.

We don't give this for *un fait accompli*, but it is very strongly rumored that Cedar Rapids is to be the *half-way* station between Chicago and Council Bluffs.

If this is to be, and some experiments have been made to that end, we suppose it is on account of the superior condition of the road. A trip on the steel railed and well ballasted road, is not any more now, if as much, wear and, tear on the employes and machinery to a train, from Chicago to Cedar Rapids, 218 miles, as it was on the iron rails from Chicago to Clinton, 138 miles, in the olden time.

It is not necessary for us to say that the C. & N. W. R'y is a first-class road in every particular, that it rides as easy as sitting in a "rocking chair," that its coaches are parlors, that its employes are the most polite and affable gentlemen the traveling public can meet or will meet in a lifetime of travel—the *esprit de corps* of the employes, if we may so say, is at a high standard; we say we need not say this in a newspaper, it is self evident to every traveler on the road. *But in the future these are to be increased; we suppose the speed will be increased; if possible, the superb trains will be more superb; there is to be no train more complete, either for comfort or safety, leave the world's commercial metropolis for the* GOLDEN GATE, THAN THE GREAT TRAINS ON THE CHICAGO & NORTH-WESTERN RAILWAY—THE ONLY COMPANY RUNNING OUT OF CHICAGO THAT HAS A ROAD SO RELIABLE THAT THEY ARE NOT AFRAID TO RUN AT ANY SPEED CAPABLE OF BEING ATTAINED BY ENGINES OF THE MOST IMPROVED CONSTRUCTION, RUN WITH THE HAND OF IRON NERVE, AND A HEAD OF BRAINS, WITHOUT ANY FEAR OF ACCIDENT OR INCONVENIENCE.

Every employe on the road feels a personal interest in the North-Western Railway; it's the "clipper" road in the West, and so far as anything he can do it will continue so to be.

THIS IS THE TRANS-CONTINENTAL LINK FROM THE GREAT LAKES TO THE GREAT MISSOURI RIVER.

The old time traveler speaks in high glee of the "ease and comfort" of these days of steel in contrast with the pioneer days of this pioneer road in the days of iron. *The comforts of travel on the North-Western Railway are in every traveler's mouth from the Atlantic to the Pacific.* It must be a proud compliment to the efficient management, and that is the reason every officer or employe feels so happy and obliging.

It is with pride we mention these things, and join the general shout along the line, Hurrah for the "OLD RELIABLE."—*Cedar Rapids Republican, Aug. 14, 1876.*
