**THE GREAT COUNTRY PAPER OF THE WEST.**

Printed Mondays and Thursdays and contains all the cream of the Daily and Saturday News.

**LOCAL BRIEFS.**

Daniel Eyer has lost half of his right eye by amputation.

W. M. Nash is in Davis county today looking over local crop conditions.

Thomas Ashworth will be the soloist at tomorrow's regular organ recital in the cathedral.

Thomas McKean, charged with killing C. A. Westman at a saloon row, has been released on \$10,000 bond, and is at liberty.

Sergeant A. H. Lund of the First Regiment has been appointed regular quartermaster sergeant by Lieut. Col. Greenwald.

Ellis Newham of Pleasant Grove, aged 22, died of blood poisoning at the Keogh hospital, about 10 o'clock this morning. The body has been shipped home for burial.

The lower floor of the Tabernacle will be opened for future organ recitals, owing to the heat of the summer, which has proven oppressive during the last season.

A Springfield boy named Johnson is at St. Mark's hospital for treatment of a fractured leg, which was broken in a Fourth of July accident. The boy lost an eye by the accident.

The annual conference of the Utah Methodist mission opened this evening at the First Methodist church in this city. The intention was to begin this morning, but Bishop Cannon could not arrive in time before this action.

The six-year-old son of Mrs. Bryant of Park City lost two fingers from his right hand last evening by catching on to a wire which worked the rotary at the city. The child was brought to this city as soon as possible, and taken to the Holy Cross hospital, where the hand was dressed.

The oppressive weather and dry conditions of the past 30 days may be responsible for the unusual number of blood poisoning cases now obtaining in this city. One man is in danger of losing an arm through the back of a chicken, and the head of a boy has been bitten off by a cat.

Word from Las Vegas, Nev., states that an Indian named Cossino is under arrest here on charges of kidnapping "Wild Bill" at the ranch of Charles Stewart. The two men had a difficulty, and the Indian, named Cossino, shot "Wild Bill" in the back. The body was found later. The deceased had the reputation of being a bad man and a cattle rustler.

We pay 4 percent interest per annum on \$1 to \$5,000. Zion's Savings Bank, 101 E. 2nd St., Joseph P. Smith, President; George M. Cannon, Cashier.

**CUT THE AIR TUBE.**

Stranger Takes This Means of Stopping a Salt Lake Train.

There was considerable excitement on the train leaving Salt Lake at 3 o'clock last night owing to a portion of the crowd being left behind and the subsequent cutting of the air tube by an unknown individual who brought the train to a standstill near the salt ponds.

It appears that N. D. Anderson, who resides at 518 North 7th West, arrested the man who cut the air tube, and the train was starting. He succeeded in getting his wife and a portion of the family on the car, as the train was pulling out. As there was no crowd waiting, however, the train was not rolling along the platform. Then the train pulled out with the distracted mother and the balance of the family. The crowd was rapidly going into hysterics with a vision of her daughter cut in pieces, when some gentleman on the car endeavored to attract the attention of the train crew.

He began to look as though Salt Lake would be reached before the conductor could be called. An unknown man drew a knife from his pocket and cut the air tube. The train stopped. The passengers were told to get out of the train. The conductor climbed out and saw the man who cut the air tube. He was arrested. The train was backed up and the man was taken to the police station. The mother's fears were allayed.

# IDAHO'S NEW SUGAR COMPANY

It Will be Incorporated Next Week With a Million Dollars Capital and Bear the Name of Fremont County Sugar Company.

A second sugar factory for the state of Idaho, several members of which have been made in the "News" is now an assured fact, and the company to erect it will be incorporated in Salt Lake next week.

The enterprise had its birth in Fremont county, through the enterprise of the leading men of Rexburg, St. Anthony, Teton, Salem and the Elgin bench. They took the best possible way to interest capitalists, by securing a first class site for the factory, and then having responsible farmers sign pledges to plant at least 5,000 acres of beets for the factory for a term of five years. Armed with these pledges, a committee opened negotiations with Mr. T. E. Culler, manager of the Utah Sugar company, and Mr. Mark Austin, resident manager of the last named concern. The negotiations were so successful that matters were soon brought to a head. All the capital necessary was subscribed within a few days, and the company will be inaugurated with the following list of officials: President, Joseph F. Smith; vice president and general manager, T. E. Culler; secretary and treasurer, Horace G. Whitney; members of the board, W. H. McCarty, John R. Windsor, John Henry Smith, H. J. Grant, and John C. Culler. The authorized capital will be \$1,000,000. Of this, 100,000 shares at \$10 each. Of this, \$750,000 has been subscribed. The remainder will be held in the treasury. The first 10 per cent will be paid in immediately, and the necessary papers are now being prepared by attorney Richard W. Young. The eastern investors interested in the Utah and Idaho companies will also be interested in this.

**TROOP 4 FALLS AGAIN.**

Wanted Ray Naylor for Captain, but He Could Not Accept.

Troop 4 failed again last night to choose a captain. Ray Naylor was supposed to be the man, but he found himself unable to accept and the election goes over again. First Lieut. Smith is regarded as a competent man, and under his command the troop has come up to its grade. His standing in the troop is such that he is the only man who is not being prepared by attorney Richard W. Young. The eastern investors interested in the Utah and Idaho companies will also be interested in this.

**PASSED BUGS CHECKS.**

For This Offense Johnnie Jenkins Must Face the Court.

Johnnie Jenkins, a young Salt Lake, was arrested by the police this morning on the charge of passing worthless checks on several local business men.

A few days ago he passed a check on C. Bonetti for \$25. He passed another for \$25 and one for \$12 on a Second South saloonman.

The police have been looking for the young man for several days and only succeeded in locating him this morning. He has, it is said, admitted to the officers that he passed the checks.

**DRUGGED AND ROBBED.**

Experience of C. S. Montgomery, the Well Known Insurance Man.

One of the strangest cases of robbery that has come to the notice of the police in a long time is that of C. S. Montgomery of the Metropolitan Life Insurance company. According to statements of Mr. Montgomery and certain of his friends, the affair happened on Monday night.

He left his office about 8 o'clock in the evening and meeting some friends entered a saloon on Second South to get a glass of beer. It was his intention to go to a restaurant after drinking the beer, but knew nothing after that until Tuesday morning, when he recovered and found himself home and under the care of a physician. The latter believes that Montgomery was drugged by hyalate of chloral. But who put the "knockout drops" in the beer is a mystery. The friends of Montgomery could not be suspected of doing it as they are all well to do.

After drinking the beer the party left the saloon and went to a restaurant for supper. Montgomery partook of food the same as the rest but suddenly began to act strangely. One of his friends ordered a carriage and took him home, leaving him on the front steps. He said he captured the liquor had affected him. A physician visiting in the neighborhood was attracted by Montgomery's groans and hastened to his bedside. He examined the patient and found that he had been drugged.

**THE REAL TEST**

Of Herpeltide Is Giving It A Thorough Trial.

There is only one test by which it can be proved that Herpeltide is what it is intended to do. Many have tried it, but only a few have been able to give it a thorough trial. The test is to give it a trial on a person who is suffering from a skin disease. If the person is cured, then Herpeltide is what it is intended to do.

No, they do not, but Herpeltide does, because it goes to the root of the skin and kills the germ that attacks the skin from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Herpeltide is what it is intended to do. It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c. for sample to The Herpeltide Co., Detroit, Mich. For sale by Z. C. M. I. Drug Dept.

**WALTER EDGAR ARRAIGNED.**

Pleads Not Guilty and Waives Preliminary Examination.

Walter Edgar, the 25-year-old boy who tried to wreck a Salt Lake train, was taken before Judge Dight this morning to be arraigned on the charge of placing obstructions on the track.

The preliminary hearing, after entering a plea of not guilty, and the case will go to the district court probably in the near future. His bail was fixed at \$20, which he was unable to give.

A young man named Edgar, who resides on Fuller avenue, pleaded guilty to incorrigibility, and the case was continued until Saturday morning.

The case against L. H. McEldred, charged with the larceny of a horse, was set for Aug. 21.

This morning a complaint was filed against one R. L. McEldred, charging him with housebreaking. It is alleged that he broke into a room in the Antler roominghouse a few nights ago and stole a suit of clothes valued at \$20. He was arraigned and entered a plea of not guilty.

**EASTERN MARKETS.**

An Interesting Talk With a Large Buyer—A Discussion of Carpets and Other Furnishings.

Mr. P. O'Halloran returned yesterday from New York, Philadelphia and other eastern cities, having put in six busy weeks among manufacturers.

"If there are strikes and an advance in carpet prices, how about the arrival of the complete lines of which you speak?" asked a representative for the "News."

"I can't decide just now before the opening of Keith-O'Brien company's store that a carpet department be added. Many years of experience has taught me the folly of going into an open market to buy an immediate stock. So while east fall and winter purchasing different stocks for the house furnishing section, the leading carpet centers were visited and the lines ordered which are now arriving. Buying six months ahead enabled us to have made to order precisely what we desired, affording an advantage of features and patterns not obtainable on shorter notice. It is the best line of carpets and rugs I ever bought—the extent of the line and the scope of pattern being unusual."

"I don't know how to go into the market and buy complete lines on short notice."

"For many years I was buyer for Rexburg, St. Louis, and later for large Chicago and New York houses and my experience taught me the folly of breaking into the market and trying to get the right stock on short notice. The range of styles and patterns in the all-wool line is to the royal Wiltons. On account of the strikes and the advance of wool and other raw materials prices now are much higher than they were a few months ago."

"Did you get over to the Orient on this trip?"

"No, but I have been to the foreign markets and have seen the new styles and patterns. While in New York I accompanied Mr. Forster to the docks and made him look over the great crates which prove of advantage to his department this coming season. Madam Jones got away for Paris while I was in New York, but the next man for the ladies' tailoring department I did not see as he departed on a steamer a few days before I got to the metropolis. Away back in January orders were placed for the latest styles in rugs. The Orientals are not ordered from importers in this country, but direct from Constantinople. Assortments in parlor sizes and library effects in Chinese and Afghan styles, and in blue and tan and other colors, are the most desirable shown in the west. In domestic there will be all sizes from 10 to 16 by 24. These carpets are soft tone colors like the Orientals are striking. The Louis XIV and XV in parlor suggestions are in soft greens and anurcus. Among the domestic are Wilton's blue Brussels, Smyrna, Afghan, Royal Axminster and Park Wilton rugs."

There are many new ideas and combinations in wall and metal but the pollette finish is especially pleasing.

"In draperies there are new features for fall showing. Swiss and French importations include many artistic and distinguishing characteristics. Not to be found in the regulation design and pattern. In Nottingham's many innovations are presented, while in silk moire and tulle draperies are included in the new shades for parlor drapery. Broader draperies of the different periods are demanded. Fabrics and materials for used draperies have taken on a new life. The latest in the son's style. Armures and velvet tapes in verdure effects and the Flemish in gobline are fashionable for fall use, and Herpeltide's draperies are of very fine French patterns. Copies of 310 French Renaissance will be shown as low as \$5.50 a pair. Our own line will be reproduced."

**Disinherited Victim.**

Some people talk very flippantly about disinherited victims. The latter they don't think that vitality is the result of something that is a little understood something that is every function of their bodies depends.

Disinherited vitality is easily indicated by loss of appetite, strength and energy, and Herpeltide's draperies are of very fine French patterns. Copies of 310 French Renaissance will be shown as low as \$5.50 a pair. Our own line will be reproduced."

**NEW ABSTRACT COMPANY.**

Utah Men Incorporate Under the Laws Of the State of Delaware.

A Wilmington, Del., dispatch says: "Among the companies incorporated here today was the Pioneer Life Insurance Abstract & Trust company, with a capital of \$250,000. The incorporators are E. D. R. Thompson, B. B. Mann, O. J. Salisbury, John Dorn and W. H. Huston, all of Salt Lake City, Utah."

This is a new departure in the abstract business which has heretofore been confined mostly, if not wholly, to recording historical descriptions of real estate. The company will act in an advisory capacity for holders or prospective holders of all kinds of insurance policies. It will give information to the insured and be prepared to look out for their interests. It will represent them in the adjustment of life losses, and in estimating values of life insurance policies.

The company will also look up the general standing and financial condition of any insurance company for a patron. In fact, there are a number of ways in which it can make itself useful to the public. The field appears inviting. A trust business will probably be done later, but for the present the company will confine itself to the other lines mentioned.

Mr. Thompson remarks: "The company will have a general headquarters, probably in Philadelphia or New York City, with branch headquarters in every state and important city. At present only Salt Lake men are interested in the company—we have been for obvious reasons keeping our plans quiet until the incorporation was effected."

**BLOOMINGTON.**

Wind, Rain and Flood in Dixie—No Damage.

Bloomington, Washington, County, Aug. 13.—On the evening of the 7th we had a heavy shower of rain as well as a heavy wind storm and last evening the freak was repeated, the wind storm preceded the rain. It is cleared up again today, but may cloud up again by night and give us more rain this evening. The rain has cooled the air as it is not near so hot as it was.

A flood came down the Rio Virgen, but not large enough to do any damage.
