

of the teacher and glorify the vocation of the teacher.

The climax was reached when the speaker in enthusiastic thought referred to the masters of the world, the teachers whom he designated as the "One who taught," the "One who taught," the "One who taught." The closing quotation was to "glorify your work, for it is the divine art of all ages."

AT COMMERCIAL CLUB.

At the conclusion of the luncheon at the Commercial club yesterday afternoon in honor of the sub-committee of the executive committee of the National Educational association, the guests of honor, Nathan Schaeffer and Prof. J. C. Wilkinson, expressed pleasure at being able to note the great improvement in Salt Lake since their former visits here and to be able to make such a good report to the executive committee as to the facilities of Salt Lake to entertain the convention next year. They spoke in flattering terms of Salt Lake's schools and educators and of what Utah had done for the education of her children. Their remarks followed the presentation of Salt Lake's claims to the convention made by Fisher Harris, and were received with hearty applause by the guests of the occasion.

Short speeches were also made by Gov. Cuyler, State Sup't. Nelson, Col. William Nelson, and Mathoniah Thomas, each of whom assured the committee that the visitors to the convention, if held in Salt Lake, would be heartily welcomed and amply provided for. At the conclusion of the luncheon, an organ recital was given at the Tabernacle in honor of the visitors. In the evening a brilliant reception was tendered the gentlemen at the Commercial club, at which large numbers of citizens had the opportunity of meeting the distinguished educators.

THE PRICE OF MEAT.

Will Anybody Explain the Cause of the Difference?

Editor Desert News:

After glancing at the following price lists of fresh meat, I wonder if any reader of the "News" can give a valid reason why there should be such a glaring difference between the retail markets of Butte and those of Salt Lake? Butte is a high wage town, and is generally supposed to be high priced as well.

BUTTE RETAIL MARKET.

Lean beef steaks, lb. 10
Porterhouse steaks, lb. 12 1/2
Round beef steaks, 4 lbs. 25
Rib beef steaks, 5 lbs. 25
Pot roast, lb. 10
Roast veal, lb. 9
Roast mutton, lb. 9
Shoulder steak, lb. 7
Mutton chops, lb. 7
Mutton skew, lb. 7
Veal stew, lb. 7
Corned beef, lb. 4
Fig's feet, lb. 3

SALT LAKE MARKET.

Retail—
Dressed beef, lb. 12 1/2 @ 25
Dressed pork, lb. 15 @ 17 1/2
Dressed veal, lb. 12 1/2 @ 25
Dressed mutton, lb. 12 1/2 @ 25
Dressed lamb, lb. 10 @ 20

Wholesale—
Dressed beef, lb. 4 1/2 @ 5 1/2
Dressed pork, lb. 3 @ 4
Dressed veal, lb. 3 @ 4
Dressed mutton, lb. 3 @ 4

Quite a difference that! Meat that costs the Salt Lake retailer from 12 to 15 cents a pound is sold at from 10 to 25 cents a pound, and other kinds of meat in proportion. Will the butchers please stand up and answer?

SOCIAL AND PERSONAL.

Yesterday, Oct. 27, was the anniversary of the birth of the late Daniel H. Wells, who was born in 1811 and died in 1884. In accordance with a custom of long standing, his family assembled to celebrate the occasion, the gathering taking place at the residence of Daniel H. Wells on Second street. The house was thronged with descendants of "Squire" Wells, among others being his five surviving wives, nearly all of his children, grandchildren and great grandchildren. A regular program was adopted, the features being addresses, reminiscences, and tributes to the memory of the departed, the smaller children taking part in tableaux in songs and costumes, all of which were specially charming.

A number of social affairs are being planned in honor of Mrs. Somers-Cocks, who is to arrive here next week for a short visit with friends. MESSAGE MISSENT.

Basis of Damage Suit Filed Today Against Western Union.

The Western Union Telegraph company was made defendant in a suit filed in the district court today by Harry A. Hart to recover \$40 as damages for the failure of defendant to deliver a message to him within a reasonable time after its receipt in this city. It is alleged that on June 24, 1905, plaintiff's brother at Dakota City, Neb., wired plaintiff offering him a job as assistant engineer at a salary of \$35 per month and expenses. The message was negligently addressed by the employees of the company to Harry A. Hart and hence did not reach plaintiff for some time after it was received here. He accepted the offer and went to Nebraska but upon his arrival there the position had been given to someone else for the reason that it did not answer within a reasonable time. Plaintiff claims that he was damaged in the sum of \$40 by reason of losing the job and spent \$10 in his trip to Nebraska, hence judgment is asked for \$40.

Scrofula

It is commonly inherited. Few are entirely free from it. Pale, weak, puny children are afflicted with it in nine cases out of ten, and many adults suffer from it.

Common indications are bunces in the neck, abscesses, cutaneous eruptions, inflamed eyelids, sore ears, rickets, catarrh, wasting, and general debility.

Hood's Sarsaparilla and Pills

Eradicate it, positively and absolutely. This statement is based on the thousands of permanent cures these medicines have wrought.

"My daughter had scrofula, with eleven sores on her neck and about her ears. Hood's Sarsaparilla was highly recommended and she took it and was cured. She is now in good health." Mrs. J. H. Jones, Parker City, Ind.

Hood's Sarsaparilla promises to cure and keeps the promise.

SECOND SESSION OF COURT MARTIAL

Three Members of Company D Have Hard Time Justifying Absence From Camp Taft.

SENTENCE MAY BE SEVERE.

A. H. Farrington Met With an Accident and Was Therefore Not Able To Go Alog.

The second session of the N. G. C. court martial, engaged in trying men who were absent from Camp Taft at Manila, was held last night, behind closed doors. Four members of the guard were tried, and their cases were submitted to the Gen. George H. Goetz, who presided. As in the former case, no decision will be announced until all the men summoned to appear have been tried. The defendants last night were A. H. Farrington, A. W. R. Ashby of company D, Samuel Ashby of company D, and L. J. Price of company D.

A. H. Farrington was the first to be tried, and his defense was a good excuse, apparently, for he could not attend, but did not cover the point of his failing to apply for permission to remain away. Just before encampment he fell four stories to the ground from a window in the Adams block, and sustained a compound fracture of the arm. The accident was reported in the papers at the time, and was well known to the guardmen. His offense was considered technical rather than that of disobedience of orders, and it is understood that the charges will not be sustained in the report of the court.

COMPANY D MEN.

W. R. Ashby was the first of the company D men. The company turned out only a corporal's guard to the encampment, and that he had submitted that the members remained away in large numbers in the hope of securing a discharge. Ashby's defense was that he was in poor health, that his work prevented him from attending drill, and that he had applied several times for a discharge. He was on the stand for nearly an hour, and his company's records were inspected to determine his attendance. It was found that he had been absent several times from drill and had submitted to his commanding officer, and he turned these in. His record also was examined as evidence.

L. J. Price, the last soldier tried, submitted a statement that he was unable to leave his position to attend camp. His record showed a number of absences from drill and an \$8 fine before a summary court. He presented a number of excuses obtained from his commanding officer.

The next session of the court martial will convene at 5 o'clock tonight at the armory, when it is expected four more members will be tried.

AMUSEMENTS.

At the Theater this afternoon and evening the popular actress, Miss Lansing Rowan, is giving two performances of her own version of "Camille." She is assisted by Mr. Harry Fahneston and a company of eastern players. Miss Rowan leaves immediately after this engagement on a tour, and Mr. Pyper secured her for the two special performances at the Salt Lake theater in response to many requests from the lady's admirers in Salt Lake.

ONLY A SUGGESTION

But It Has Proven of Interest and Value to Thousands.

Common sense would suggest that if one wishes to become fleshy and plump it can only result from the food we eat. And it is the reason so many people remain thin and underweight, the digestive organs do not completely digest the foodstuffs which form the greater part of our daily bills of fare.

The trouble is that while we eat enough and generally too much, the stomach from abuse and overwork, does not properly digest and assimilate it, which is the reason so many people remain thin and underweight; the digestive organs do not completely digest the foodstuffs which form the greater part of our daily bills of fare.

There are thousands of such who are really suffering from dyspepsia, though they may have no particular pain or inconvenience from their stomachs. If such persons would try their prejudices aside and make a regular practice of taking after each meal one or two Stuart's Dyspepsia Tablets, the food would be quickly and thoroughly digested, because these tablets contain the natural pepsines and diastase which every weak stomach lacks, and by supplying this want the stomach is soon enabled to reach its natural tone and vigor.

Stuart's Dyspepsia Tablets digest every kind of food-forming food, i. e., eggs, bread and potatoes, and this is the reason they are so quickly and so thoroughly digested and assimilated, and the food is made into a fine, healthy, and pleasant food.

Invalids and children, even the most delicate, use them and marked benefit as they contain no strong, irritating drugs, no cathartics nor any harmful ingredients.

Stuart's Dyspepsia Tablets are the most successful and most widely known of any remedy for stomach troubles because they are so quickly and so thoroughly digested and assimilated, and the food is made into a fine, healthy, and pleasant food.

Nothing further is required to cure any stomach trouble or to make thin, nervous, dyspeptic people strong, plump and well.
