

# PAUL O. STENSLAND DECLARED FUGITIVE

His Son, Theodore, Vice Prest.  
Milwaukee Avenue State  
Bank, Arrested.

## DEPOSIT BOXES ARE RIFLED.

Officials Loaned Money to Themselves  
By Subterfuge of Having Em-  
ployees Sign Notes.

Chicago, Aug. 7.—Theodore Stensland, vice president of the Milwaukee Avenue State bank, was arrested late this afternoon on a charge of violating the banking laws of the state. Earlier in the day the institution was placed in the hands of a receiver and Paul O. Stensland, president of the bank and father of the vice president, together with Cashier Herring, were officially declared fugitives from justice and their personal descriptions placed in the hands of the police throughout the country. This action was taken by the authorities after developments today had shown that the finances of the failed institution were in a deplorable condition and had been for a number of years. Besides the discovery of many irregularities in the management of the bank, it was also found that even the safety deposit boxes owned and rented by the bank had been tampered with and rifled.

The specific charge on which Theodore Stensland was arrested was that of having accepted deposits at the bank when he knew the institution to be insolvent. The arrest was made in the office of Police Collins, where Stensland had gone to confer with the head of the police department. Later in the day Jacob Kern, a former state's attorney, signed bonds for \$5,000 for the release of Theodore Stensland.

The promises held out yesterday that the older Stensland would appear in Chicago today were unfulfilled, and it is the belief of the police, based upon dispatches from several northern cities, that he has fled to Canada. Cashier Herring is thought to have reached the Dominion by the afternoon train.

The day's developments were productive of the first ray of hope for the depositors, who yesterday believed that their savings of years had been swept away in the wreck. David R. Forgan, vice president of the First National bank and chief of those to make the status of the defunct bank's affairs had been laid bare, declared that probably 70 cents on the dollar would be paid in the final adjustment. The affairs of the bank are said to be in an almost hopeless tangle, and new irregularities are being disclosed as the examiners go deeper into the books.

President Stensland loaned money to himself, it is alleged, by the subterfuge of having employees sign the notes. Specific instances came to light during the day of the looting of the safety boxes.

The whereabouts of Vice President Theodore Stensland, son of the missing banker, was a mystery to the authorities until late in the afternoon, when Chief of Police Collins got into communication with him by telephone and secured his promise to meet him in conference later.

The clearinghouse committee is sparing no effort to bring the missing president to justice. Handwriting experts, it is said, will be put to work at once upon the case to establish the remaining evidence of forgery.

## Be Sure to Get What You Ask For.

HERE is a Reason—  
Why the Good People of America buy CASCARETS as Fast as the Clock Ticks.

Every second some one, somewhere, is buying a little Ten-Cent Box of Cascarets. 1, 2, 3, 4, 5, 6—60 times to the Minute, 60 Minutes to the Hour, 3600 Boxes an Hour, 36,000 Boxes a Day of Ten Hours, 1,080,000 Boxes a Month, and then some.

Think of It—220,000 People take a Cascaret tablet each day. Millions use Cascarets when necessary.

The Judgment of Millions of Bright Americans is Infallible. They have been Buying and Taking Cascarets at that rate for over Six years.

Over Five Millions of Dollars have been Spent to make the merits of Cascarets known, and every cent of it would be lost, did not sound merit claim and hold the constant, continued friendship, Patronage and Endorsement of well-placed people year after year.

There is also a Reason—  
Why there are Parasites who attach themselves to the Healthy Body of Cascarets' success—Imitators, Counterfeiters, Substitutors.

They are Trade Thieves who would rob Cascarets of the "Good Will" of the people, and sneak unearned profits, earned and paid for by Cascarets.

A Dishonest Purpose means a Dishonest Product and a Disregard of the Purchaser's Health or Welfare.

Beware of the Slick Salesman and his ancient "Just as Good" story that common sense refutes.

Cascarets are made only by the Sterling Remedy Company, and put up in metal box with the "long-tailed C" on the cover. They are never sold in bulk.

## DECISION IN HARTJE CASE RESERVED UNTIL FALL.

Pittsburg, Pa., Aug. 7.—The now famous divorce trial of Augustus Hartje has been closed. With a brief and impassioned address by Atty. J. Scott Ferguson, the curtain dropped today, immediately Mrs. Hartje was surrounded by attorneys and friends. Hartje sat in the court under a storm of biting, stinging criticism from Atty. Freeman, who made the closing argument for Mrs. Hartje.

Hartje, who at the emotion yesterday when the children were referred to, sat stolid as an image today when Ferguson accused him of being the forger of the alleged love letters from Mrs. Mary Scott Hartje to Tom Madine and the main-spring of the alleged conspiracy to blackmail his wife's name.

As Judge Frazer stepped down from the bench he said:

"I am glad it's over. When this case started I thought it would take no longer than a week. I had no idea it would be so long. I am going on my vacation now and won't be back until Saturday before the first of September. I will take up this case after that. My decision may not be given until late in the fall."

Herman Staab and John Anderson, the two detectives who were charged with having stolen papers and other articles from the trunk of Tom Madine during their search for evidence prior to the Hartje divorce case, waived hearings today in the court of Alderman F. M. King. Atty. Edward Hartje, who defended them, furnished bond in the sum of \$2,000 for each man.

## UNCLE SAM'S HONOR.

More Important Than Punishment of Criminals.

New York, Aug. 7.—That the honor of the United States is more important than the punishment of a million criminals was the statement made by Judge Hough in the United States circuit court here today in the habeas corpus proceedings instituted on behalf of Charles C. Browne, a former employee of the government in the customs service in this city and was extradited in Canada and taken to Sing Sing prison to begin a two years' term for conspiracy to defraud the government.

W. M. K. Olcott of counsel for Browne denounced the action of the federal authorities in extraditing Browne for one offense and incarcerating him in prison for another as a trick beneath the dignity of the government of this country and in violation of the treaty with Canada.

In taking the papers in the case and reserving decision, Judge Hough commented on the Rauscher decision in the United States supreme court, in which the contentions now advanced in behalf of Browne were upheld, and it was in this connection that he spoke of the honor of the United States being of more importance than the conviction of criminals.

He said that his understanding of the Rauscher decision was that the supreme court had made much of the question of the honor of the United States in such matters.

"Were it not for the Rauscher decision, however, I will say now," declared Judge Hough, "that I would send Browne back to Sing Sing."

Browne was convicted of conspiring to defraud the government and sentenced to two years and fled to Canada. Extradition was refused on the conspiracy charge but he finally was extradited on an amended charge of being a fugitive from justice.

## BALLOONIST JOHNSON HAS A FATAL FALL.

Utica, N. Y., Aug. 7.—William Johnson, a balloonist, made an ascent in a balloon with a street fall in Little Falls today. In coming down with a parachute the apparatus failed to work, and Johnson fell upon the railroad tracks, receiving injuries which, undoubtedly will cause his death.

It is estimated that Johnson was 5,000 feet high when he left the balloon to make what is called a double parachute descent. The first parachute opened well, and Johnson descended about two-thirds of the distance. Then he attempted to open the second parachute and descend the remainder of the distance with that. He discarded the first parachute, and as he grasped the handle of the second one the strings broke, causing it to collapse. Johnson shot downward very rapidly and the three who were watching him were horrified.

He attempted to guide his descent so that he would strike the wire running along the railroad which climbs the cliff. He partially succeeded in this, but he came through the wire and fell to the bottom of the cliff, striking upon the railroad tracks a hundred feet below. His spine was fractured at the base of the brain.
