CONGRESSIONAL.  
SENATE.

Sumner offered a resolution directing  
the Secretary of the Navy to commu-  
nicate to the Senate an account of the ex-  
penditures incurred in the support and  
protection of the coast of San Do-  
mingo, since the beginning of negotia-  
tions for the acquisition of a part of  
that island, setting forth the expendi-  
ture on account of each ship, and the  
sum total taken from the annual navy ap-  
propriations on account of all these ships.

Washington, D. C.  
Sumner's San Domingo Speech.

WASHINGTON, 25.—Sumner's speech  
will occupy the whole of Monday. It  
is already in type, and takes up four  
columns of the Globe. Answers  
may or may not be made the next day,  
but at any rate there is no prospect of  
the Ku-Klux debate being resumed be-  
fore the Senate will Tuesday or Wednes-  
day.

In the case of Paymaster James S.  
Hillard, Wm. G. Marsh and Chas. H.  
Lockwood, tried some time ago by  
court martial, and convicted of scandalous  
conduct in not settling their ac-  
counts and in the embezzlement of pub-  
lic money, the secretary of the navy  
has recommended the sentences of dismis-  
sal from service, but has not confirmed the  
sentences of fine and imprisonment, for  
the reason that these are of doubtful im-  
portance. In the case of Paymaster Hil-  
lard, the Washington court having  
found that he did not appropriate any  
money to his own use, and having re-  
commended him to clemency, the sen-  
tence of dismissal is mitigated to sus-  
pension from rank, duty and pay for  
a term of six months.

The decision does not affect the libel-  
ity of the securities to make good the  
government losses, nor the prosecution  
of the offenders in the civil courts.

It is stated in well-informed circles,  
that the joint high commissioners are  
proceeding in such a manner as to  
warrant the belief that they will, be-  
fore many weeks, come to a satisfactory  
conclusion.

NEW YORK.  
South America—The High Commission-  
ers have received \$250,000 from the  
new loan.

NEW YORK, 25.—A special telegram  
from Panama gives further details of the  
terrible flood in Peru. The town of  
Lambayaca, containing 20,000 inhabi-  
tants, had only three houses left stand-  
ing. In Payta the water was three feet  
in the streets.

The people of Chili are violently op-  
posed to the annexation of San Domingo  
to the United States, and the govern-  
ment is called on to protect against it.  
The first step towards annexing all  
of Spanish America to the Republic of  
the United States.

The minister to Salvador has notified  
that government, on behalf of England  
and the United States, that in the ex-

isting war with Honduras the neutral-  
ity of the Honduras railroad must be  
observed.

The Times Washington correspondent  
telegraphs that all that has become  
known up to the present hour, as the  
proceedings of the joint high commis-  
sioners, is that the discussions have pro-  
gressed so far that it will probably be  
determined within the next week or  
ten days whether there is any prospect  
of arriving at any satisfactory con-  
clusion. If the commission remains in  
session beyond the first week in April,  
it will be a strong indication that an  
adjustment of the pending questions is  
probable.

At 12:17 o'clock, this Saturday morn-  
ing, a meteor of different colors, and  
seemingly the diameter of the moon, sud-  
denly shot into the atmosphere at a  
point twenty degrees south of the planet  
Mars. The direction of the meteor was  
north-east, and he passed over thirty  
degrees. The period of visibility was  
one second; train thirty-five degrees,  
visible twenty-five seconds. This im-  
mense meteoric object, the shadows of  
surrounding objects, making the heavens  
a blaze of light.

The total subscriptions for the new  
government loan amount to \$327,000,  
the sum subscribed yesterday was  
\$2,763,000.

A few days ago the Court of Appeals,  
Brooklyn, affirmed judgment for thirty-  
five thousand dollars recovered by  
Camden Aykes, from the Erie R. R.  
Company, for injuries received at Carna  
Rock, in 1868. This morning, the Su-  
preme Court affirmed the verdict. It is  
reported that the Erie R. R. Company  
will carry the case to the Supreme Court  
of the U. S.

The furniture factory of Wayne,

ILLINOIS.  
Wisconsin Legislature—State Capital  
Removal—New Ticket and Passenger  
Agent for the U. P. R. R.

CHICAGO, 25.—The Wisconsin Legis-  
lature adjourned yesterday. Among  
the business transacted was a vote  
sustaining the Governor's veto of the  
bill known as the Chippewa Delta im-  
provement bill. The veto was based  
on the grounds that the passage was ob-  
tained by bribery and corruption, and  
that the Legislature apparently sanc-  
tioned the same, by leaving among the  
corporators one (Gleson) who had at-  
tempted to bribe a member of the As-  
sembly.

About a hundred and fifty members  
of the Illinois Legislature visited Peoria  
yesterday by invitation of the Mayor  
and City Council, with the object of im-  
pressing them with the desirability of  
removing the State capital from Spring-  
field to that City. A special dispatch to  
the papers here state that many mem-  
bers expressed themselves in favor of  
the removal.

T. L. Kimball, the present general  
passenger agent of the Pennsylvania Cen-  
tral R. R., has been tendered and has  
accepted the position of general ticket  
and passenger agent on the U. P. R. R.

TENNESSEE.  
A disgraceful scene—Killing.

MEMPHIS, 25.—A Little Rock special  
dispatch says a most disgraceful scene oc-  
curred last night, in the lower House of  
the Arkansas legislature. The Clayton  
ring, having a majority, carried every  
measure against the State, regardless  
of law or precedent, over the protest of  
the Conservatives, who, seeing that all  
was lost, unless a quorum was defeated,  
at eleven o'clock, a sufficient number  
members were addressing the chair at  
once. In the midst of all, one member,  
Mason, who could scarcely preserve his  
equilibrium, was speaking when Barber,  
colored, rose to a point of order and  
proceeded to address the chair. Mason  
continued his remarks in a loud voice  
and the chair could not hear Barber.  
The latter left his chair, advanced up  
the aisle, near to the speaker's stand,  
and said: "Mr. Speaker, his eyes flash-  
ing, by G—d, who has the floor. This  
drunken man, Mason, or myself? If  
he has not the floor, I will take it."  
"Advancing towards Mason, pick-  
ing up a book and brandishing it over  
his head. At this point the speaker  
succeeded in restoring order.

SAN FRANCISCO, 25.—The schooner  
Fanny, with the last party of pirate  
treasure-seekers has returned from  
Cocos Island, and they report no treas-  
ure found. Ludwig Anderson, the  
second mate, was shot dead while hunt-  
ing wild hogs on the island, by Jacob  
Burgi, a passenger, who mistook him  
for a hog.

Thos. James Leonard, of Colonia,  
near San Buenaventura, was burned to  
death by his clothes taking fire.

Armed vigilantes entered the jail at  
Virginia City, this morning before day-  
break, covered the jailer with muskets,  
took out Arthur Perkins Hoffman, who  
had been in jail since a robbery a few  
weeks since, and dragged him. They  
numbered two or three hundred, armed  
with muskets belonging to the national  
guard. They established patrols in all  
the streets of Virginia, and conducted  
everything in the most orderly manner.  
Sheriff Jackson, of Trinity county,  
convinced of collecting foreign income  
tax from Chinese merchants, the  
constitutional amendments, was fined  
twenty dollars in the U. S. circuit  
court to-day, an agreement having been  
made that the collection cease, pend-  
ing the decision of the case by the U. S.  
Supreme Court, to which an appeal  
will be immediately taken.

VIRGINIA.  
RICHMOND.—Charles T. Friend, a  
prominent citizen of Prince George  
County, living near Petersburg, was  
murdered last night, near his house, by  
a band of negroes.

FOREIGN NEWS.  
GREAT BRITAIN.  
London, 25.—Lala Pasha advises that  
the military power has been entrusted

to Deval, Brunel and Endow, who are  
promoted to be Generals and are to act  
in concert with Garibaldi, who has been  
unanimously chosen, arrives. The  
committee has received information,  
stating that delegates from Man-  
chester, Lyons and Bordeaux, who were  
quickly returned, will give the signal  
for a simultaneous movement. Chau-  
vart has been appointed commander of  
the artillery. The Montmartre has re-  
doubled their vigilance to stop trains  
to Versailles and seize ammunition.  
The financial delegate has ordered  
that the octroi duties be paid in Paris  
as usual, or energetic measures will be  
taken.

The central committee seized the cop-  
ies of the address by the mayors yes-  
terday, at the printing office of Dupont.  
Since then the office is guarded by a  
battalion of the friends of order.

There was an alarm yesterday in the  
rear of the bank, caused by the seizure  
by the loyalists of two carloads of breach-  
loaders, under care of agents of the  
committee.

In the House of Commons last night,  
Lord Elcho moved to discontinue the  
army by ten thousand men. Cardwell  
opposed energetically, and was sustain-  
ed therein by Storks. The motion was  
defeated.

The Scotsman says Napoleon is per-  
sonally communicating with the man-  
agers of the London papers which were  
always devoted to his fortunes.

Admiral Solais, General Langlas,  
and Victor Scholler, have under-  
taken to concentrate the loyal battalions  
of the national guards in the Place  
de la Bourse, and re-establish the staff  
head-quarters there provisionally. It  
is asserted that Solais is disposed to  
pardon the regular soldiers and the  
nationals involved in the recent re-  
bellion, and to restore the municipal franchise, continue  
the pay of the nationals, and revoke  
the law in regard to the payment of  
bills at maturity, and that he urges the  
Assembly to so legislate as to reconcile  
all conflicting interests.

On the 24th, the Paris insurgents  
obeying the committee, abstained from  
attacking the mayors of the 2nd arron-  
dissement, and traversed the Place de la  
Bourse with reversed muskets. An  
agreement between the committee and  
the mayors is reported for the com-  
mune elections on Tuesday and for  
commander of the nationals.

To-night the Versailles Assembly passed  
a law for the payment of com-  
mercial bills.

The situation in Paris is described as  
the gravest.

London.—Terny has been recaptured  
by a force of six hundred Prus-  
sians. A dispatch from the govern-  
ment at Versailles, calling for volun-  
teers to re-establish order in Paris,  
elicited but small response in Havre.

A commune has been re-established  
in Masselieu where, it is said, the mayor  
and general prefecture have been made  
prisoners. No disturbances have oc-  
curred, however, and the proclamation  
issued by the new government had a  
good effect. The town is quiet.

The foreign office has received a tele-  
gram, dated Peking, and March 24, to  
the effect that all was quiet in the north  
of China.

FRANCE.  
Conflicts Continued.

PARIS, 24, 1 p. m.—A proclamation  
says Solais has been captured by the  
cognition of the municipal franchise  
and the right of election of officers by  
the nationals, including the command-  
er-in-chief, with a modification of the  
maturity law.

The situation is unchanged, and con-  
flicts continue.

The Official Journal says the commit-  
tee has decided on the occupation of all  
the maires of the arrondissements.  
Disarmament is tried upon being arrested.

Menotti Garibaldi is appointed to  
the command of the nationals.

A battalion of franc-tireurs attempt-  
ed to seize the Depot of the  
Lille, but were opposed and repulsed.  
The same happened at the Cour de  
Comptes.

Several insurgent patrols have been  
stopped, but no fighting.

The Montmartre and Garibaldians  
invaded, on Friday, the Place de  
Bourse, charged with guns, and de la
