## THE WEEK ON THE EXCHANGE.

3/70

An Improvement Noticeable in Today's Business.

LOWER MAMMOTH WANTED.

Grand Central Strong - Mammoth is Weaker-Northern Light Gains-Bunker Traded in.

· manney

#### TODAY'S METALS:

SILVER 581/2 LEAD, \$4.45 CASTING COPPER 15% 

At there will be no call on change tomorrow the week's business, that of the past five days, may be briefly summarized as follows: Sales have been lower, much lower than for a long time past and lower than the least hopeful expected they would be a few months ago.

Dexter closes the week with marked strength while Bullion-Beck shows evidence of further decline. Mammoth has lost some of its prestige, receding from around \$3 to its present price. Grand Central is again firm around \$6 after a falling off of a few points dur-Lower Mammoth has made rapid strides from a little better than 40 up to its present figure. South Swansea has gained ground rapidly, while Four Aces closes the week with a decline. Eagle and Blue Bell goes steadily backward as does Sacramento and Horn Silver. Neither of them are as strong as they were a week ago, Yankee has hung around 12 all week, while Northern Light has moved forward, and Joe Bowers has failen book

A decided improvement is noticeable in the business today. Prices gentrally show improvement. Especially is this so of Lower Mammoth, which advanced from 53% to 61%, the buying being done, it is stated, by insiders. Grand Central sold at \$6, while Mam-

moth was weak around \$2.75. Northern Light sold up to 17% and Bowers Extension went at 8. Joe Bowers responded at 14, Sunbeam at 55%, and Sacramento at 28%.

Bunker Hill was extensively traded Quotations were posted as follows: LISTED STOCKS.

### **BOSTON HAS AN** EASIER TONE.

Shawmut Bank Comes to the Relief of the Suspended Globe.

WALL STREET IS DISTURBED

Violent Declines Occurred - Call of Loans Forced Selling-London Stays Down-Provision Market Good.

Boston, Dec. 22.-There was a nervous feeling apparent in financial quarters today before the opening of business on account of the troubled aspect of the situation resulting from the closing of the Globe National bank.

Considerable confidence was expressed, however, that the action of the clearing house last week in making certificates available through a committee to banks in case of emergency. would avert any further serious fail-

At the Globe bank today all the clerks were busy when the regular hour for opening came, but the doors remained closed, and a notice bearing the signature of D. G. Wing temporary receiver, gave the reason.

The stock market was expected to feel the disturbance in conditions most keenly, and many consultations were held and some active work was done in copper circles before the exchange

The galleries of the stock exchange were crowded today when business be-The market was weak at the Trading was very saimated orening. and violent fluctuations in sugar were Coppers were a trifle weak, Montana dropping five, but recovering halt of the loss almost immediately. United States oil dropped 2%, but rallied The market showed good

Receiver Wing and President H. H. Stevens of the Globe bank declined to say anything about the situation today. There was no unusual scens around the bank, although a number of out-of-town customers who came to draw morey for Christmas were considerably upset by the information that the

bank was closed. The National Shamut bank made public the following notice:

"That there may be as little inconvenience as possible to the depositors of the Globe National cank and others, the National Shamut bank offers to a !vance today to all depositors in the Blow can't against their deposits fifty per cont o the not amount of the

The action of the National Shamut bank had an excellent effect in all circles, and within a short time after it had become known, except for a feverish tendency in some transactions on the stock exchange, the financial sections of the city were as quiet as usutl. It was learned in connection with the Globe bank case today that of the \$3,500,000 advanced by the Boston Cleuring House to the bank last Saturday, \$200,000 has been paid.

The nominal market value of the se-curines given the Clearing House for the loan is \$4,500,000.

The market rallied strongly during the final hour and prices regained a large part of the earlier losses. In the railroads here were gains of from 1 to 2, the latter in St. Paul. In industrials the recoveries ran from 1 to 5, the latter sugar. Sugar reacted over a point and somewhat unsettled, but the mar-ket closing was quiet and fairly steady at net losses ranging up to 3 points.

New York, Dec. 22.—The correspondents in this city of the Globe National bank of Boston, which yesterday went into the hands of a receiver, are the Bank of North America, the Hanover National, and the National City bank. The most of the Globe National's business was transacted through the Bath of North America. There are small balances to the Globe National bank's credit in each of these three

Weakness characterized the bond market. The speculative issues were the chief sufferers.

The market lapsed into dullness and recoveries of importance occurred here and there. Tobacco got back to 85, but a drive against the local tractions caused it to fall to 80½. Manhattan dropped to 85½. Metropolitan street railway to 1.55½ and Brooklyn transit to 62. Sugar's extreme break was 7 points to 1.14%; conspicuous strength was shown by Anaconda, which ruled about a point above yesterday's close, although it was one of the weakest in the forenoon. A new low point for the week was established by a great number of railroads, particularly Baltimore & Ohlo, prefetred, Union Pacific, Atchison preferred, St. Paul and Burling-

LONDON STOCK EXCHANGE WEAK.

London, Dec. 22.-Business on the stock exchange was quieter and there was less pressure to sell, but the weakness continued owing to the indisposition of speculators to buy with the holiday settlement so clove at hand and widespread fears in connection with the settlement of the South African secur-

#### NEW YORK MARKET.

New York, Dec. 22.-The market was unsettled at the opening by the an-nouncement of the closing of a Boston Sugar was most conspicuously affected and fell 41/2 points. A number of the interests and leading specialties lost from 1 to 1½. Rock Island and Manhattan losses exceeded 2 points. Metropolitan, after dropping 11/2, railied a point, and support was in evidence in other stocks. Trading was very active. Further inroads were made on the prices of some stocks, notably tobaccos and Anaconda. A rise of 214 in sugar produced a general rally, some of the more active issues rising over a point. The grangers and Pacifics acted sluggishly for a time, but eventually improved fractionally. Buffalo, Rochester & Pittsburg preferred lost 8 points. Business was less active on the rise, but the recoveries were strongly maintained at 11 o'clock. Persistent liquidason of Reno, \$6.

tion in a number of obscure proprties, including the Erle, Chicago Terminal preferred, Chicago Great Western and Piece of White Quartz Procured. Western Union repressed them 1@1%, and encouraged renewed attack against the prominent stocks. Liberal offering of the specialties and western railroads unsettled speculation all around, and violent declines occurred. Sugar yielded to 1.15%, and Burlington and Western Union 3½ and 3¼ respectively. The losses were not uniform. Some stocks dipped only a point, but the greater number were over 2 and many over 3. New York air brake slumped 15 points A large part of the selling was attri-buted to Boston account and calling of loans by the trust companies forced the

Timothy-2.45. NEW YORK AND CHICAGO MARKETS Letter and quotations furnished by B.

H. Lawver & Co., Salt Lake City. New York, Dec. 22.-Stocks opened very weak this morning. London stocks showed sharp losses and there were rumors of a panic in London, which caused more selling here. Wormser was in the market bidding up everything, and some stocks rallied. A large amount of gold goes to Europe tomorrow. These influences made themselves felt from the start, and although great efforts were made to hold the market up, the best results were to prevent a rapid decline in prices, everything gradually going to lower points. Liquidation of tremendous blocks of stocks from Boston and Philadelphia was a feature of the market. Still many bad rumors floating around gave impetus to the sliding prices, and still the market did not become panicky, all offerings find-ing buyers. London bought over ten thousand shares of stocks on balance, and consols were firmer there. liquidation seemed about over after two o'clock, and the prices turned up, some making good gains. Sugar recovered from 1.14% to 1.19%, and closed at 1.18 Brooklyn was firm, tobacco recovered from a 5-point drop, and the entire list showed the effects of good buying. The close was strong, at considerable ad-

vance for the entire list. Chicago, Dec. 22.—Wheat opened a quarter lower, corn was steady and provisions unchanged. Market was dull, nothing doing. The May wheat fluctuated from % to % and closed at 69%@%. Corn and pork were steady and closed strong. Shorts covering firmed wheat at the close.

## **VERY RICH IN** YELLOW METAL

Near City Assays High.

NEW MAMMOTH MEETING

Work to be Pushed at Star Con,-Rich Copper Ore in the Black Hills-New Incorporations.

Assay returns were received a few days ago by a gentleman of this city which show 191 ounces in gold per ton with some silver. The rock assayed was a large piece of white quartz and was obtained, it is stated from a ledge or vein located not far from the city. Nothing farther regarding the precise location is stated, but more interesting statements are promised when the snows of winter have melted so that the ledge can be visited.

EXCHANGE ADJOURNS.

Will be No Call Until Next Toesday Morning.

The governing board of the exchange decided that after today no calls will be made until next Tuesday morning, and the announcement was so made to the members by caller Jones today.

NEW MAMMOTH MEETING. Booked for Tomorrow Afternoon - As sessments will Come Up.

A meeting of the stockholders of the New Mammoth is booked for 3 p. m. tomorrow afternoon, in the D. F. Walker building. The purpose of the meeting is to consider the proposed amendment to the articles of incorporation, whereby the levying of assess-ments by the directors may be made lawful. The general condition of the mine will also be discussed and a plan formulated, it is hoped by many of the stockholders, to set the property on its

Meantime Col. Bruback is working hard in the endeavor to get the ac counts in a presentable shape. From all reports matters have got into a deplorable muddle, but Mr. Bruback expects to have his report prepared some time

next week. The company is in debt somewhere about \$30,000, and it is estimated that an assessment of six cents a share will cover the entire indebtedness. It not likely Secretary Foulks says, that if the levying of assessments were made legal by the vote of the stockholders tomorrow, that a six-cent assessment would follow immediately. It is the intention, if a favorable decision is reached, to confer with the creditors and secure the best terms possible, and then levy the assessments so as to meet

THE STAR CONSOLIDATED. A Force of Thirty Men will Started After

the Holidays. W. J. Lawrence returned today from his visit to the Star Consolidated, and reports everything looking well at the The winze is being pushed down from the 600 level. As is known, it continues down off a drift from the 600 level about 225 feetfrom the shaft. It is intention to push this winze, w in ore all the way, down to the 800 level, at which point a cross cut will be run to the vein. About thirty men will started to work in the lower levels of the mine as soon as the holidays are over and there is a feeling of confi-dence that the Star will now be made to reach what is seemingly its destiny, that of a dividend paying mine.

THE ORE IS VERY RICH. Richest Ore Ever Found in the Black Hills

Uncovered in Vigilante Mine. A dispatch from Custer, S. D. states that the Vigilante Mining company has vein of copper in its mine that exceeds anything in value that has ever been found in the Black Hills. The mine is about five miles from Custer. The rich ore is found in the 300-foot level. The width of the vein at this time is ten feet. Superintendent Bush has gone to New York with samples.

QUARTZ RUNS \$247 A TON. Gold Mine Found Near San Diego, Cal., by Mayor Butler.

Mayor T. Butler, late cashier of the Edgley bank, Jamestown, N. D., has struck a gold mine near San Diego, Cal, whoch has created great excite ment as being a wonder in its way. Assays at a depth of forty-nine feet, show gold quartz running \$247 to the ton. It is near the great Dewey mine, which was recently capitalized at \$1,-000,000. An offer of \$290,00 has been made for the claim by Illinois parties among whom Butler once resided.

GOLCONDA SMELTER. Glasgow and Western Exploration Co., Blows in its Plant.

The Glasgow Western Company was true to the report they gave out last week that two furnaces of the smelter would started up Saturday. A small fire was started that evening and the furnaces heated gradually until Tuesday morning, when the first charge was

Tuesday morning a gang of twenty laborers were put to work, fourteen in the smelter and six in the yard. Beside these three millwrights were put to work in the mill making repairs and changes in the plant. It is said they will put in new tables and new crush-

The train has been hauling ore from the mine steadily the past week and the ore bin is now filled to overflowing.

## Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongur Washington, D. C., Dec. 22.—Pen- Pain in the Side, TORPID LIVER. They Regulate the Bowels. Purely Vegetable.

Small Pill. Small Dose. Small Price.

#### Infrequent and Improper Shampooing

are responsible for dry, scrawny and variable colored hair. Many people have a goodly supply of hair, and it would be beautiful were it not that dandruff had destroyed its life and made it lustreless. Everyone's head should be shampooed once a week with some non-injurious and health-giving wash.

Sutherland Sisters' Scalp Cleaner

does not rot and bleach the hair, like soda, ammonia, etc. Aid the scalp cleaner with the "HAIR GROWER." They contain nothing but what is good for the hair and scalp. SOLD BY DRUGGISTS.

.........

Never in her history did Golconda look brighter or more active than she has during the past week. The town is full of mining men, and we are informed that several large mining deals

are about to take place. Golconda has taken a new lease on active life. The calm which ever precedes the wave of prosperity has past and prosperity is dawning upon us. With the coming of spring it will strike full force.-Golconda News.

Rich Strike is Reported in the Magnolia Group. A gentleman who arrived yesterday from the Basin says he heard consid-

FROM BOISE BASIN.

erable talk at Idaho City about a recent rich strike in the Magnolia group in the Miller district. That is the group of which Lou Johnson of Boise and Henry Sommercamp of Welser secured control last summer and which they bonded to a Boston syndicate, which has since been developing the

property. It was reported in Idaho City that the ledges in the Magnolia and the Joe Jefferson, the principal mines of the group, had been tapped by the cross-cut tunnels and that remarkably rich showings were made in the properties.

The story was to the effect that nei-ther of the ledges had been cut through but that the showing was sufficiently big to make the holders of the bond happy and cause all the others to be sorry that they ever lost control of the group.

Just beyond the footwall of the Joe Jefferson ledge, it was stated, a very rich streak of ore was encountered. All the assays run very high, one being over \$800 a ton. Assays of the Magnolia ore also run very high, one return from sampled ore being over \$200 a ton-Idaho Daily Statesman.

NEVADA ITEM.

Indications that the Water Supply at Osceola will be Short Next Year.

An old Osceola, (Nev.), miner reports a few men working in the camp, though the rush of the season has been over for some time. Boone Tilfore is doing some good work out there still in the face of what has been rather discouraging conditions. The snow fall has been light for the past three years and it looks as if the water supply next season will be pretty short. The snow has been very light at Osceola this win-There is plenty to make the placer mining there ver profitable were water more plentiful With hydraulic power it is customary to make \$1,000 in a twenty-four hours' run. The cost per yard is from 3 to cents, while taking the rich streaks of \$80 and \$90 dirt with the rest of the face, each yard contains from 18 to 20 cents in gold, which leaves a nice

Highland Boy Ships.

A car of copper bullion went east yesterday from the Highland Bay smelter weighing 60,000 pounds. Another one is booked for tomorrow which will make the total shipments amount to 180,000 pounds of copper pigs.

NEW INCORPORATIONS. Properties in Little Cottonwood and La

Sal Made the Bases. Articles of incorporation of the International Copper Mining company were filed yesterday afternoon in the county clerk's office. The capital stock consists of 500,000 shares of the par value of \$1 each. Samuel A. King is president of the company, W. H. King, vice presi-dent, and Grant C. Bagley, secretary and treasurer. With John W. Burton, Annie L. King and J. J. Whitaker the above named gentlemen constitute the

directorate. The company proposes to develop the Fortune Teller, Chimney Sweep, Copper Queen, American Boy, Independent and True American mining claims situated in Beaver Basin, La Sal mining district. The company also owns a three-fourths interest in the Miner's Delight and seven-eighths in the Missouri Girl and Ris-

ing Sun properties in the same locality. The Highland Chief Copper-Silver Mining company has also been organized with a capital stock of \$40,000 di-vided into 10-cent shares for the purpose of acquiring and developing the Silver, King, New York, New York No. 1, Em-ma Brandt, Hoboken, North Star No. 1, and Bonanza No. 19 patented mining claims situated in the Little Cottonwood mining district, on which an option has been secured. W. P. Lynn is named as president; T. J. Anderson is vice president, E. F. Colborn, secretary, and L. H. Farnsworth, treasurer. The other director is J. W. Skinner.

MINING NOTES. The Carrisa of Tintic had 2 cars of ore

on the market today. A car of ore from the South Swansea was receipted for today. The Mammoth of Tintic had 2 cars of

ore on today's market.

Mineral is said to be entering the workings of the Bunker Hill. Five cars of ore were marketed today from the Daly West of Park City.

Halley (Ida.) Times: Henry M. Ryan expects to leave Chicago the 26th inst and to reach Halley about the first of the new year. He will then stay until an expected new development is made in the Big Camas mine, of which he owns the controlling interest,

Washington County News: The ship-ments made from the Apex group of mines leased by the St. George Copper Mining company, from April 7th to November 12th this year number thirteen, and consisted of 264,828 pounds of copper ore, 123,668 pounds of copper bullion, and 5,853 pounds of matte.

Washington County News: Samuel Fullerton and Frank Dodge left here Wednesday to do development work on the Cunningham mine. The Cunningham is a rich copper property owned by Ed. M. Brown, Andrew Sorren James Andrus and Frank Dodge. is close to the Savanch mine.

Grand Valley Times: J. L. Loomis left for Colorado Springs. He expects to return in a few weeks. The company of Colorado mining men he represents have arranged to put in a reduction plant in the early spring and in the meantime will complete their application for a patent.

De Lamar Messenger: The new strike lately made in the Ophir mine in this district was quite a surprise to those most interesed in it. It was made by some of the employes while engaged in cutting out a station on the 250 level. The ore assays over 1,210 ounces in silver and \$19.06 in gold, and is of a different character to any that has been hitherto discovered on

Hailey (Ida.) Times: Hon. A. J. Crook left today for Mineral, Ida., where he is managing extensive operations. He expects to return in about ten days. Before leaving he bought a sawmill with a lot of lumber, an explanation of the mineral response and other wine machinery. an engine and other mine machinery, and slag pots and other smelting ma chinery, besides all his hardware food supplies for ten men for four months. Mr. Crook paid spot cash for everything. The machinery and sup-plies will be hauled out at once to the claims in Big Copper basin. Tomorrow morning Horace Lewis will start two four-horse teams from here and Ketchum via Trail creek, and will try to reach the mines.
