The University club of Salt Lake holds its tenth annual banquet, at the rooms of the club, this evening. The club has much to congratulate itself about upon the occasion of its tenth annual banquet. Its social fellowship was established among Salt Lake's and its members are among the best known in social and business circles, both in Salt Lake and throughout the State and West.

An enjoyable affair was the butcher's smoker held in the Auerbach building last evening. A jovial fellowship was the reigning spirit of the occasion. The time was made entertaining by an address by William Wood, Jr., address by Richard Papworth, a funny story told by H. Phillips, piano solo by W. Poulton, Jr., song by L. Englin, music by the glee club, and an address by J. M. Marriott.

Elder W. S. Owen, missionary at Hanover, Germany, contracted smallpox and has been in the hospital for some time being treated for the disease. This will be pleasing news to his many relatives and friends at home.

Another hotel has been added to the already long list of hotels in Salt Lake. It is the Hotel Herald and is located in the old Herald building on West Temple street. ARTICLES ARE NOW SIGNED UP.

Papers of the Empire Construction Company Are Ready.

Signatures of Directors.

Will be Filed With the County Clerk in All Probability, Late This Afternoon.

The articles of incorporation of the Empire Construction company were signed this afternoon by Reed Smoot and Clarence McCornick, and it is on the program that they will be filed with the county clerk late this afternoon.

The company, as already stated, was organized for the purpose of operating the construction work on the proposed San Pedro, Los Angeles & Salt Lake railroad.

The capitalization of the corporation is placed at \$1,000,000, of which amount \$100,000 is fully paid up.

The list of officers who comprise the company were published in the "News" three days ago.

The action of the filing of the papers will have the tendency to set at rest any sceptical rumors regarding the good faith of the promoters of the proposed railroad company, which is to operate between Southern California and Salt Lake City.

Owing to the delay in making a decided step, those who were not in touch with affairs pertaining to the big enterprise were inclined to believe that the road would not be built.

In this connection the "News" can state authoritatively that just as soon as slight modifications can be obtained in the existing laws of Utah governing railroad incorporations that the articles of incorporation of the San Pedro, Los Angeles & Salt Lake Railroad company will be filed in this city, and that as soon as that action has been taken, that work upon the construction will be pushed from the California end to later taken up at this end and pushed forward until the big undertaking is completed.

BEGIN IN SIXTEEN DAYS. Senator Clark Talks in Regard to the Los Angeles Road.

San Francisco, Cal., Feb. 20.—Senator W. A. Clark was at the Palace theater on route in a roundabout way to Washington to take his seat. He left for Los Angeles tonight. After a stay of a couple of days there, and a visit to his United Verde copper mine at Jerome, Arizona, he will continue his trip east.

While the sale of the Southern Pacific to the Union Pacific was a great surprise to the senator, he says that deal is not going to prevent him from building his San Pedro, Los Angeles & Salt Lake railroad.

As to the reported efforts of E. H. Harriman and other parties to buy out his new company, he showed much reticence and contented himself with saying:

"My company is not for sale. It was organized in good faith and the road will be built by myself and associates. The Union Pacific is not going to interfere with our plans.

"Within sixteen days we will begin active construction on the first twenty miles of the road from Los Angeles to the coast."

"The company has come into possession of two surveys between Salt Lake and Los Angeles. Engineers will carefully go over both of them, selecting the one that best suits the company's purposes.

"Will we make a connection with the Burlington at Salt Lake? That is something which the future must tell.

"An 'out' company concerning with the Oregon Short Line at Nevada, on the southeastern Nevada State line, I can only say that our company is to have its own line all the way from Salt Lake to Los Angeles. We have a good deal of money, and we have been assured of a good one in Salt Lake.

"The story that I am using the proposed road as a club over the Santa Fe, Southern and Union Pacific, is a ridiculous thing ever seen here in the form of travesty was the 'take-off' on McKinley, Hanna and Roosevelt. At times it partook strongly of a Democratic campaign flavor. Nevertheless, it is a thing that none cheered longer or louder or laughed more freely than Republicans themselves, among whom were not a few prominent officials who were observed to fairly hold their sides. The climax of the comedy was the attempted reproduction of Roosevelt's hunting trip in the wilds of Colorado when a great yellow dog, looking as much like a mountain lion as any canine could resemble a specimen in an advertisement of the society, yesterday's matinee, the biggest performance of the week and good business is assured from this on till Saturday night, when the curtain will ring down upon the Cummings company for the present. Tomorrow morning the "Little Minister" will be given.

"The Telephone Girl," with a light and airy plot, is a New York Casino production that is to the Grand the best three nights of next week. J. J. Rosenthal is the advance man and pronounces it as being brim full of fun.

From Salt Lake, "Way Down East" runs consecutive days. This will be the first time the Mountain and Plains city has ever attempted to entertain one attraction for so long a period.

Hammer & Jones have published a large and artistic half-tone souvenir program in honor of the second visit of Miss Leslie Carter to Salt Lake City.

A Scandinavian dramatic entertainment is announced for tomorrow evening, Washington's birthday, to commence at 8 o'clock, in the Choir Hall, Richards street. The scenes of the play are engaged for the production of two popular plays, and the proceeds are to be devoted to benevolent purposes. It should be liberally patronized.

All druggists guarantee every bottle of Chamberlain's Cough Remedy and will refund the money to anyone who is not satisfied after using two-thirds of the contents. This is the best remedy in the world for its grippe and cold, and is engaged for the production of two popular plays, and the proceeds are to be devoted to benevolent purposes. It should be liberally patronized.

IN MEMORY OF WASHINGTON.

Program to be Rendered at the Assembly Hall.

Under Students' Auspices.

Addressed by Governor Wells, President Evans of the Senate and Speaker Glasman.

Tomorrow is the 160th anniversary of the birth of George Washington. That fact will be patent in every hamlet, village and city in the nation.

There is not a school boy whose heart will not be made to throb faster as the deeds of the most illustrious American are recited to him. The day is a national holiday and it will be fittingly observed throughout the country.

There is no class of America's population that is more enthusiastic in honoring the great man than the school children and the college students. Some of the most interesting exercises therefore will be conducted under their auspices and for their edification.

Though the story of Washington is a hundred years old, the interest in his patriotic career grows keener with every succeeding generation. It appeals with particular force to the pupil and the college youth, and in this city tomorrow they will figure prominently in the day's celebration.

In all of the public schools there will be exercises held exclusively upon Washington.

The most pretentious program will be given at the Assembly hall tomorrow, under the auspices of the 1901 class of the University. The features of the meeting will be addressed by President Evans of the Senate and Speaker Glasman of the House of Representatives.

The Governor will make some introductory remarks, and the program will be further embellished by an organ solo by Prof. McClellan, solo by Prof. Goddard, a song by the University glee club, a solo by George Skelton, to close with the singing of America by the audience.

Strength and Endurance. Are factors of the greatest success. No person can do full justice to himself without them.

In no season of the year are they more easily exhausted than in the spring.

We need not discuss the reason for this here. It's not enough to say there is one, and that Hood's Sarsaparilla gives strength and endurance, as thousands annually testify.

A PUBLIC APOLOGY. JAN. 26th LAST, I PUBLISHED A STATEMENT in the Deseret News, regarding the Gregg System of shorthand, and I have since found that I was mistaken and have apologized to the author, so far as I know, this system of shorthand has not been a failure anywhere." POOL ON SOLDIER BUSINESS.

Chicago, Feb. 21.—The Tribune says: General passenger agents of the Trans-continental roads in session in this city, considered measures for the absolute maintenance of military rates.

Many of the elements of the Philippines are expected to return home in the near future, and the roads are anxious to prevent a scramble for the business by the various lines and the cutting of rates below a paying basis.

A pool is now being formed in connection with this business and it is to be divided equally among all competing roads.

To carry out this agreement, it was decided that no bids shall be made by individual roads, but that hereafter Chairman McLeod of the Western Passenger association is to put in a bid for all roads, when the government asks for bids.

Story Confirmed by Perkins. Burlington, Iowa, Feb. 20.—President C. E. Perkins of the Burlington road was asked today regarding the Associated Press statement that he had resigned and that Mr. G. B. Harris had been appointed his successor.

Perkins said it was true that Mr. Harris had been made president of the Burlington road, Mr. Perkins will continue, however, to devote his time as heretofore, to the affairs of the company and the management of the road.

Perkins said he had held the position of president of the Burlington road for sixteen years and had lately passed his sixteenth birthday. It was an appropriate time to throw more work on the younger men while at the same time retaining his interests in the company and retaining on the board as the principal western director. Mr. Perkins will give practically his whole time to the company's affairs. He will continue to live in Burlington and have his office here as heretofore.

SPIKE AND RAIL. Claim Agent W. H. Hancock of the Union Pacific, returned to Omaha this morning.

Traffic Manager S. H. Babcock of the Rio Grande Western is expected home from New York tomorrow.

Traveling Freight Agent Bennett, of the Oregon Short Line, returned this morning from a trip to Wyoming and Idaho.

The Oregon Short Line has completed its ice harvest at Pocatello, and has stored about 15,000 tons of firm ice, ranging from 18 inches to two feet in thickness.

W. H. Firth, general agent passenger department, Rock Island, with headquarters in Denver, left for Salt Lake City on the morning train for the Traveling Passenger Agent.

Eastern papers are reviving the story of a deal between the promoters of the San Pedro, Los Angeles & Salt Lake road and the Union Pacific. This story is again being emphatically denied by the parties interested.

The Rio Grande Western has secured another shipment of troops in the form of 350 men and four officers with left column barracks (Chicago) yesterday. The special trains will pass through this city on their way to San Francisco on Sunday morning.

The Lewiston Tribune states that McLean Bros. have a contract for the Northern Pacific Railroad company for enough ties to lay forty miles of railroad. They are cutting them on the Clearwater of the north folk of the Clearwater.

There will be a special meeting of the shareholders of the Union Pacific railroad in this city on March 23rd, on which occasion it is the purpose to take action for the issue of \$100,000,000 of new common stock of \$100,000,000 of 4 per cent bonds.

A snowslide of considerable magnitude occurred in Provo canyon on Tuesday. The slide happened at a point about four miles from the mouth of the canyon, and is some 75 feet wide. Men and teams are at work on the debris.

Several men and passengers have had their hands transferred around the scene of the slide.

A Glenn's Ferry news item says: "Conductor George F. Marmon has resumed his duties on the third. He has just returned from Denver, bringing with him an accomplished and handsome young bride. His friends, who are legion, wish him and his bride all the happiness imaginable."

The O. R. N. has just issued a handsome "fold-over" cover of which a printed in the standard colors of red, white, black and yellow. On the front page of the cover is a picture of an engine equipped with the new Spokane "Fold-over" cover. On the last page of the picture of one of the company's new twin crew steamers.

Robert Walsh and W. J. Fransham are buying up all the horses that can get in the States of Idaho and Montana. They will commence shipping them within a day or two to South Africa, where the horses are being taken to the mountains that are actively engaged in chasing the energetic and elusive Dewet through the kloofs and over the kopjes. It is stated that some of the mounts purchased will carry Tommy Atkins considerable anxiety.

Although President Jeffrey does not confirm the report the Tribune made, state upon the best authority that Geo. Gold and other parties connected with the Harriman syndicate are today in full control of the Denver & Rio Grande railroad. Gold and his associates will be made directors at the next annual meeting. Gold, Harriman, before long will take control of the Rio Grande Western and Colorado Southern. It is also known they are buying stock of the St. Louis & San Francisco road with a view of controlling this property. With these acquisitions the Gould-Harriman-Gold-telegraph combination will control all the principal roads in the southwest—Chicago Tribune.

WANT THE OLD ROAD. With reference to the big land-slide which occurred in Big Cottonwood canyon yesterday, blocking and damaging the wagon road, county commissioner Anderson said today that the people who are interested in the damaged road, have petitioned the county board to reopen the old road, which was the one which, as the latter has always been more or less a source of trouble, while the old highway is considered safe and better roadway it repaired.

Danger of Colds and La Grippe. The greatest danger from colds and la grippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all other troubles will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous malady. It will cure a cold or an attack of la grippe in less time than any other treatment. It is pleasant and safe to use.
