

RECORD TIME TO FIGHT AT OGDEN

At the End of the Contest Special Train Will Make Quick Trip.

AFTER THE 36 MINUTE MARK. Nelson's Match With Scaler Set for The 25th—Dane Offered Bout With "Boer" Unholz.

When the Salt Lake fight fans who journey to Ogden Monday night start their homeward journey on the Rio Grande special, it will be a good time to pull a watch and take note of speed, according to the promise of the local office.

Two Rio Grande trains have recently come down from Ogden, one in the record time of 36 minutes from depot to depot, and the other in 40 minutes for the same distance. The usual time for a good run is 55 minutes.

For this train the tracks will be kept clear and it will have a straight course with nothing but the 36 record between it and fame as the fastest train out west. The returning special will leave the road 30 minutes after the close of the fight.

NELSON OFFERED MATCHES. Nelson and Clifford are still "at it" in their respective training quarters and it is expected that they will be in perfect shape for the big battle. Clifford is bubbling over with confidence and feels certain ever will beat the Hewitt lad. He says he counts on his terrific punch to do the trick but Nelson calls attention to the fact that he has taken punches from the baron's hitters the lightweight division ever since he came to Ogden.

Today the Durable Dane cut down his work a little. He says he is already in good condition and it is not necessary to do much more hard work. But he has been notified that his bout with Scaler has been set for the 25th of this month. He was also offered a match with "Boer" Unholz and says he will sign up for a fight with him if he sees the money.

A word from Jim May, a Reno admirer who has repeatedly offered to wager \$20,000 that Gans can not knock Nelson out in twenty rounds, stating he would be chosen as a matchmaker. An Ogden man has covered \$100 of the \$200 posted by Joe Lewis on Nelson.

CLUB OFFERS CUP. For Automobile Races Scheduled at Armond Beach in March. New York, Jan. 9.—The Automobile club of America has offered a magnificent silver cup for the races which will take place at Armond Beach during the week beginning March 2. The cup will go to the winner in the 28-horse class, which is open to all cars, but will probably develop into a contest between racing machines. Several foreign cars are expected to compete in the race.

HACK AND GOTCH. Baltimore, Jan. 9.—Frank A. Gotch, champion wrestler of the United States, announced today that he had received a telegram indicating that George Hackenschmidt had consented to meet him. The dispatch was an inquiry as to whether a date for a match between April 1 and May 1 would suit. Gotch said that it would and that either Kansas City or Chicago would be chosen as the scene of the contest.

Some foods have the same effect on the bowels as Cascarets. But one must select the foods and that's difficult. It's easier to take Cascarets. Here is one way to keep cheerful: Live out-doors and exercise in plenty. Eat coarse food, much fruit, many green vegetables. Here is the other way: Take a Cascaret when you need it. That will supply, in a gentle and natural way, the same laxative effect on the bowels. Nobody questions that the first way is best. So would it be best, for much the same reason, to do all of our reading by sunlight. But most of us are compelled to choose a second best way. And that way is Cascarets. No other laxative acts so nearly as proper living would act on the bowels. The days of castor oil and salts, of pills and cathartics, are over. What they did artificially, is now done by Cascarets gently. The right way is to take a Cascaret when you need it. Carry a box in your pocket. Ward off those dull feelings, those headaches, before they fairly get started. Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with CCC on every tablet. The price is 50 cents, 25 cents and Ten Cents per Box.

Sleep And Rest

Every movement of the body consumes energy. So does mental effort. Energy is supplied by the nerves. It follows that physical or mental exhaustion simply means an over-draft on the nerves. Nature restores energy through rest and sleep. You cannot sleep with tired nerves. Dr. Miles' Nervine soothes the irritation and restores nervous energy.

"Although I have lived nearly 78 years, I have stood up against testimonials for publication, but the unequalled excellence of Dr. Miles' Nervine is free from inherent insinuation, intensified by long residence in a high altitude compelling me to recognize its superiority over every other medicine I have ever used for nervousness and sleeplessness. I feel sure that the Nervine is free from injurious opiates found in most medicines for insomnia, and am conscientiously recommending it to the aged and nervous." MRS. W. H. FURMAN, Colorado Springs, Colo.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

MANSLAUGHTER CHARGED.

Against Mrs. D. N. Neely for Not Calling Doctor to See Sick Child.

Kalamazoo, Mich., Jan. 9.—The coroner's jury at Plainwell, which has been inquiring into the death there of Walter Neely, aged 2 1/2 years, son of Mr. and Mrs. David N. Neely of Sacramento, Cal., brought in a verdict this afternoon finding that the child died of pleuro-pneumonia, and declaring the mother guilty of gross negligence for failing to secure the services of a physician or to call in medical attendance.

The child was treated by two members of a sect of mental healers. No responsibility, it is declared, attaches to the father, who was in California under bonds of \$5,000. She was placed under arrest on the charge on Tuesday of the disease of calling in a physician.

TO SUE NORTHERN PACIFIC.

For Violation of the Sixteen Hour Employment Law.

Helena, Mont., Jan. 9.—The state board of railroad commissioners today directed the attorney-general to file three actions in the district court against the Northern Pacific Railroad company, alleging violations of the sixteen-hour employment law for employees in the train service of the "dinky" cabooses law and for non-observance of a regulation prohibiting the collection of more than 10 cents as a spring cash fare on paid on trains.

BAY STATE DEMOCRATS ARE SPLIT WIDE OPEN.

Boston, Jan. 9.—That the split in the ranks of the Democratic party in Massachusetts, manifested at the memorable state convention at Springfield last October, is still wide open, was shown today at a meeting in this city of 27 out of the 56 members of the state committee. Many members of the committee refused to attend the meeting and declared they would head the call for what they consider the regular meeting of the committee tomorrow.

The call for tomorrow's meeting was issued by William S. McNary of Boston, second vice chairman of last year's state convention. The call for tomorrow's meeting is by John P. Fweeney of Woodburn, chairman of the state committee. It is expected that there will be two state conventions this spring, and that the claim of the two sets of Democrats to the Denver convention will have to be adjudicated by the Democratic national committee.

The call today was sent to the 33 members of the committee who were chosen at the district caucuses last September, and also to the 15 members at large chosen at the Whitney convention in Springfield, which was subsequently decided by the ballot law committee of the state to have been the regular Democratic state convention. The call for tomorrow's meeting has been sent to the same district members and also to the members at large chosen by the Barritt convention at Springfield.

UNION MEN HISS GOVERNOR SPARKS.

Reno, Nev., Jan. 9.—Fully 1,000 union men attended a mass meeting here tonight, called for securing an expression of Reno opinions on the labor situation here. Resolutions upholding Gov. Sparks in calling for troops were introduced and seconded, but were voted down amid hisses. Resolutions were then passed stating that the troops were an unnecessary expense, were called without cause, and that it was the sense of those assembled that the primary purpose for bringing the troops to Goldfield was to reduce wages and aim a direct blow at organized labor in Nevada. Members of the state legislature who spoke were derided as enemies of union labor for upholding the call for troops.

PRESIDENTIAL TERMS.

Resolution Introduced in Senate to Limit Them to Two.

Washington, Jan. 9.—Senator Gore of Oklahoma today introduced a joint resolution providing that no person shall be eligible to be elected president of the United States for more than two terms in succession.

NEW NATIONAL FOREST IN ARIZONA

President Signs Proclamation Creating One on Verde River Watershed.

IT COMPRISES 721,780 ACRES

Headquarters of United Verde Copper Mines Situated in North Part of Forest—Grazing Not Prohibited.

Washington, Jan. 10.—The president has just signed a proclamation creating the Verde national forest in Arizona. This new national forest has an area of 721,780 acres and is located in Maricopa and Yavapai counties. It lies on the west side of the Verde river and includes a large portion of the watershed of this stream. Jerome, the headquarters of the United Verde Copper mine, is situated in the northern part of this forest. West and southwest of Jerome are the Mingus mountains. There is a small area of commercial forest which has been badly abused in the past, but, which under proper management, will furnish a small local supply of timber to the mining camp.

COVERED WITH BRUSH.

The greater part of the area of this forest is covered with growth of brush without commercial value. The protection of this, however, is just as important as heavily forested land, for, as in the case in southern California, this scrubby growth is the only thing that conserves the water supply and protects the watershed of the Verde river from serious erosion.

The creation of this new national forest is considered necessary by the reclamation service for the best administration of the reclamation act, and the watershed has an important relation to the full development of the irrigable lands of Salt river valley. In order that the rich lands in this part of Arizona be brought to their highest development the watershed of the Verde river will be protected from damage through wasteful lumbering and overgrazing. Many parts of the forest have suffered from overgrazing by large bands of goats, and the protection of the brush cover will prevent further erosion and impairment of the water supply.

GRAZING NOT PROHIBITED.

The forest service will by no means prohibit grazing on this new forest. It will endeavor so to regulate it that the watershed of the Verde river will not be injured. In this way an important source of water which converges toward Salt river and its tributaries will be protected for the ultimate development of the irrigated lands.
