YOUNG VICTIM OF BRUTAL ASSAULT

Switchman Charles Gorman Attacked by Drunken Railroad Men and May Die.

SUGAR MILL SHORT OF COAL

Chief of Police Resents Unwarranted Interference by "Law and Order League"—Court Business.

Ogden, Nov. 14.—Five railroad men are now under arrest, but as yet no charges have been placed against them, awaiting the recovery of Charles Gorman, a student switchman whose death was reported of until last evening, when he died of injuries sustained by being run over by a switchman named George Pillsbury. The men arrested are George Pillsbury, A. J. McMillin, W. W. Ryan, switchmen, and Brakemen Christensen and Calley. According to the information obtainable the men got into a dispute through the refusal of young Gorman to drink with the men, and words followed, which led to blows and Gorman was knocked down and it is claimed, was then kicked almost to death by the angry men. He was unconscious for hours after being removed to the hospital and his attending physician fears he is suffering from internal injuries.

COAL SHORTAGE.

Works Great Injury to Sugar Factory—All Yards Empty.

Ogden, Nov. 14.—The shortage of coal continues in Ogden with little promise of improvement for some time to come. Several of the largest coal yards are without coal of any kind. A representative of the Amalgamated Sugar company stated that the company has only about two car loads of coal on hand, and it requires a car per day to run the factory, so that unless relief is forthcoming within the next few hours, the management may be compelled to shut down again, as was necessary last week, until a new supply could be secured. A delay at this time of the sugar company is quite a loss, as the managers are anxious to get the sugar beet run through. The railroad people have come to the sugar company's rescue with box and coal cars in which to get the beet to the factory and the beet are coming in by train loads the past week, so that the beet sheds are filling up rapidly, and no fear of having to close the factory for want of beet is felt, but the coal shortage is a serious matter, for which there appears to be little relief in sight.

DON'T WANT WARD DIVIDED.

The presidency of the Cache stake, met on Sunday evening with the mem-

bers of the Seventh ecclesiastical ward of Logan, when it was proposed to divide the ward by a line running north and south, through the center of the ward, 20 rods east of Fifth East street, and make a new ward of the eastern portion. A vote was taken, but the residents of that locality voted adversely to the proposition.

COMPLAINT AGAINST W. C. PARKINSON.

Logan, Nov. 13.—A complaint has been sworn to by Charles Mostyn (Owen) charging William C. Parkinson of Hyrum City, this county, with having feloniously taken and carried away one of the official ballots of the Sterling precinct. Owen refused to state whether or not he will file charges against A. M. Braxton who also secured a ballot in the same manner that Parkinson did. Owen came to Logan last night and he spent today in consulting politicians here and endeavoring to ascertain whether or not the local authorities would take action against the offenders. He apparently satisfied himself that they would not, and then went to County Atty. Walters, who drew the complaint. It was sworn to before City Police Judge H. A. Peterson.

Special Correspondence. Fairview, Sanpete Co., Nov. 13.—Within the last week two old residents have been called home in a most distressing way. Christine Olson, wife of Christian Olson, between four or five weeks ago, was stricken with paralysis, and was rendered helpless and speechless until relieved by death Nov. 8.

Mrs. Christine Olson was born in Aspa, Jemtland, Sweden, March 24, 1812; was baptized Jan. 15, 1862; emigrated to Utah in 1868. March 17, 1869, she was married to Christian Olson, and in October of that year she, with her husband, came to Fairview, where they have resided ever since. One of the sons has filled a mission in the states, and another is now filling a mission in Minnesota.

Andrew C. Christensen, an old and respected citizen of this place, who for some years has been subject to fits, died under most distressing circumstances on Thursday, Nov. 8. In the morning he took his cows to the pasture as usual, and in the afternoon went to bring them back home, the road to the pasture was heavy with mud and water, and it is supposed while he was on the worst place in the road that he was taken with a fit. His aged wife, who has been ailing for years, had gone to bed, expecting him to tend to the chores and milking as usual; but about 3 o'clock in the morning she awoke and found that the old gentleman was not there, nor had the cows come home. Alarm was made and the neighbors went in search of him. They found him cold in death, lying on his back with his arms folded, and his whole body covered with mud and water except his head and right shoulder.

"LAW AND ORDER LEAGUE."

Would Dictate to Police Department—Idea Set Down on by Chief.

The organization of a "Law and Order League" by certain citizens of Ogden would cause those on the outside to believe that Ogden is turned over to disorder and lawlessness, and that the police department and sheriff's office are not doing their duty, but the majority of the people do not believe this. It is doubtful if there are many persons who believe this.

A company of local farmers has lately bought a steam plow, which is turning the prairie land over at a lively rate—as much as 12 acres a day has been plowed. The continual irrigation in the old fields has made it difficult to produce grain, so the farmers have taken to the hills, which will be the future grain fields.

KAYSVILLE.

NEW MAYOR APPOINTED.

Heber J. Sheffield Made Head of the Municipality.

Kaysville, Davis Co., Nov. 13.—Heber J. Sheffield, who has been a member of the city council of Kaysville for two terms, was last night appointed to that body as mayor of the city to succeed R. W. Barnes, resigned.

Mr. Sheffield made well known his position to which he was appointed and the action of the council meets with the universal approval of the community. The new appointee is one of the prominent business men of the town and a progressive public spirited citizen who has had much experience in municipal affairs, which will enable him to take up his duties with a thorough understanding of the city's needs. He is a Democrat in politics, but was appointed by the unanimous vote of the council which consists of members of both parties.

The appointment of Mr. Sheffield, who has still three years to serve, left a vacancy in the council which was filled by the appointment of Thomas H. Phillips to serve during the unexpired term. Mr. Phillips is a man of wide experience in public office and his appointment will give entire satisfaction. He has held the positions of city recorder and mayor of Kaysville and is therefore thoroughly acquainted with the work which he will be called upon to perform in his new position.

SMITHFIELD WARD DIVIDED.

Two New Wards Organized and Bishops Chosen.

Special Correspondence. Smithfield, Cache Co., Nov. 12.—About two weeks ago Bishop Newton Wydruff, a special meeting was held last evening in the tabernacle. Elders O. F. Whitney, J. Golden Kimball, and three members of the High Council of this stake were present. The house was well filled by members of the ward. J. Smith and Wm. L. Winn as bishops of the First ward, and Wm. L. Winn as bishop of the Second ward. Elder Whitney then delivered an excellent discourse on the duties and qualifications of a bishop, and the principles of gospel, and the close of his remarks it was announced that Bishop Miles had chosen as his counselors Samuel Nelson as first and George Y. Smith as second counselor, and that Bishop Winn had selected Alfred R. Chambers as first and Richard H. Roskelley as second counselor. UNION, OREGON.

MISSIONARY SOCIAL.

Most Prosperous Beet Season in History of Industry.

Special Correspondence. Union, Or., Nov. 10.—Last night the Union ward turned out en masse to bid farewell to three of its beloved boys, who are going this month out into different parts of the country to preach the gospel. They are Don Jolley who goes to the Southern States, John E. Peterson going to the Northern States and Anders C. Blatter who goes to the Central States. The good people of the ward not only came out to show their love and respect by attending, but aided liberally in a financial way, netting \$75 each to the three departing brethren.

The sugar beet harvest is just being completed, closing one of the most prosperous seasons since the commencement of this industry. The farm averaged 10 tons to the acre while the general average is less.

The fall weather has been most excellent, the rain just now commencing. The Central railway will be completed this week to Cove, Or., a distance of 10 miles. Wagon hauling from Cove will be a thing of the past in the near future.

EVANSTON, WYO.

FIRE IN MEAT MARKET.

Bishop Brown Coming Home From Missouri.

Special Correspondence. Evanston, Wyo., Nov. 8.—At an early hour Wednesday morning the people of Evanston were awakened by the fire whistle, which announced in its peculiar way that a fire had started on Main street. Upon arrival of the fire department and spectators it was found that the meat market of Kuster & Summers was in a blaze and notwithstanding the prompt and efficient work of the firefighters it could not be gotten under control until contents and inside work was destroyed. The property is partly insured.

News reached Mrs. James Brown on Tuesday that her husband, Bishop James Brown, who has been on a mission as president of the Scotch-Irish conference for the past two years, would sail for home on the 2nd inst. The bishop has enjoyed his labors very much and in his enjoyment and satisfaction the members of this ward have felt to share, and it is with a great degree of pleasure that they hear of his anticipated return. Bishop Brown is one of the most highly respected men in Evanston and vicinity and everyone, regardless of their religious affiliations, will be pleased at his return.

The bishop's return to his home in Evanston is a source of joy to all, and local except constant and possibly long-term commotion, which are probably due to the bishop's return and the independent tickets lost out entirely.

FRANCE AND VATICAN.

Deputies Give Government a Strong Vote of Confidence.

Paris, Nov. 13.—During the debate in the chamber of deputies today on the application of the law for the separation of church and state, M. Denys Cochin, Conservative, sustained the attitude of the vatican in the matter, convinced of the government's intention to apply the separation law firmly but without violence. The Socialists have decided to support the cabinet and join in a vote of confidence in the government.

The vote of confidence in the government was taken, and gave 416 yeas against 162 nays. It voiced the chamber's belief that the government would not negotiate directly with the vatican. It declared also that there had been formed under the auspices of Cardinal Lecot, Bishop of Bordeaux, legal and diocesan associations, which were composed of a federation of local lay and worship societies, and that these associations would organize the financial arrangements for worship in each parish. The diocesan council, composed exclusively of members of the clergy, would have sole control of all questions of orthodoxy.
