## JURY FINDS GILLETTE GUILTY

He Deliberately Murdered Grace Brown, His Sweetheart.

By Drowning Her.

### TO BE SENTENCED TOMORROW

Gave no Sign of Emotion When Verdict Was Announced—Taken Back to His Cell.

Herkimer, N. Y., Dec. 4.—The jury in the trial of Chester E. Gillette for the murder of his sweetheart, Grace Brown, at Big Moose lake on July 11 last, tonight returned a verdict of guilty of murder in the first degree.

Sentence will be pronounced on Thursday morning, to which time adjournment was taken after the jury had reported. When Marshall Heath, the foreman, declared that a verdict of guilty in the first degree had been found, the prisoner gave no sign of emotion. He was taken back to his cell. One juror held out for acquittal until the sixth ballot.

Gillette sat motionless in his chair as the jury was polled, and when the twelfth man had responded the stolid indifference or studied composure of the boy was exhibited as never before. Leaning over a nearby table he drew toward him a bit of paper and, taking a pencil from his pocket, wrote this message:

"Father: I am convicted."

This was one of the earliest dispatches carrying the news of Gillette's doom beyond the walls of the court house. It went to his father in Denver.

Miss Arty Ward today resumed his summing up the case against Chester E. Gillette, charged with the murder of Grace Brown. He described Gillette's life in Colorado as outwardly correct, but actually lawless, as shown by the wrong he admitted he had done Grace Brown. "Gillette," Ward said, "wanted to stay in Colorado, in society. He never intended, never for a moment, to take Grace Brown anywhere except to his death. He concocted a plan to rid himself of her, one far less brutal than the first to rob her of virtue. The girl received her death blow, I am sure, with a grateful heart, out there in the woods."

"The cool, clever, courageous scoundrel," the prosecutor declared, "said upon the stand that he asked Grace Brown to go with him on Decoration day. A man can be drilled into a long story to cover guilt, but the lie will come out."

Mr. Ward described Gillette as an unmitigated coward.

The prosecutor's address was intense with feeling. As he read the letter of Grace Brown and pointed out the sentiments that she expressed, that the writer was a girl of pure thoughts, and in the same breath referred to the defendant as a rat, Gillette broke into tears and it was some time before he was able to regain his composure.

## SUPREME COURT OPINION.

Judgment of District Tribunal Has Been Affirmed.

An opinion has been handed down by the supreme court affirming the judgment of the lower court in the case of Mrs. L. J. Reams, appellant, vs. Josephine Taylor. The action was brought against Mrs. Taylor to recover damages for personal injuries received by plaintiff by falling down a cellar way on the property leased by plaintiff from defendant. Mrs. Taylor is an insane person and plaintiff transacted business in relation to the premises through Thomas E. Taylor, the former's agent and guardian.

The cellar-way on the property was in a dangerous condition and Mrs. Reams called Taylor's attention to it and he promised to fix it but failed to do so. The suit was brought against Mrs. Taylor but her attorney filed a demurrer to the complaint on the ground that it did not state facts sufficiently to constitute a cause of action. The demurrer was sustained and the complaint dismissed.

An appeal was taken to the supreme court from the judgment of the lower court and the court now holds that the lower court did not err when it sustained the demurrer to the complaint. The opinion of the court was written by Justice Prick and concurred in by Chief Justice McCarty and Justice Straup.

## JUDGMENT REVERSED.

The judgment of the lower court in the case of G. S. Holmes against Mary Judge, appellant, was reversed by the supreme court today in an opinion written by Justice Prick and concurred in by Chief Justice McCarty and Justice Straup. The case is remanded with instructions to the lower court to enter a decree in favor of defendant quieting her title to the property in controversy. The action was brought to quiet title to a strip of land 1.3 feet in width on the north end and 2.1 feet in width on the south end and 4.3 feet in length being a part of lot 8, block 55, plat A, located just east of the corner of Second South and State streets.

The lower court found in favor of plaintiff but the supreme court now reverses that decree and orders a decree entered in favor of defendant.

## WELBY TO QUIT IS LATEST RUMOR

Strenuous Life on the Rio Grande Is Telling on All Operating Men.

### "ART" GATES LEAVES SERVICE

So Does Another Chief Clerk, E. W. Moyer, Who Decides to Take a Less Ardent Job.

The latest feature in the big shake-up now in progress on the Rio Grande was the launching last night of a pronounced rumor to the effect that A. E. Welby, general superintendent of the Denver & Rio Grande, had resigned.

Down at the depot the story was passed from mouth to mouth and today gained credence.

The story as ticked over the system by the operators during a full dispatching is that F. H. Rockwell, superintendent at Salida, Colo., has been notified to leave with Vice President C. H. Schlacks for New York where he will be initiated into the duties of general superintendent prior to stepping into Mr. Welby's shoes. It is given for what it is worth.

In the meantime the shake-up is in full swing at operating headquarters here and the old guard remaining is scurrying around for help. Last night A. W. Gates, generally known as "Art," stepped down and out after eight years with the Rio Grande, he having served as chief clerk to Supl. Welby in the old days and acted in a similar capacity for succeeding superintendents of the Rio Grande Western. Mr. Gates simply threw up the sponge as, to quote him, he is all in. During the past year he has worked day and night every day, holidays included, with the exception of two Sundays. He leaves for California in a couple of days, where he will take a vacation with Mrs. Gates and try to cure himself from jumping out of his chair every time a door slams.

E. W. Moyer, chief clerk to the assistant superintendent, also has handed in his resignation effective Friday. He also has succumbed to the strenuous life incident to shortage of cars, lack of motive power and the general grief that has been in order on the Rio Grande for months past. Two clerks and stenographers also have joined the procession of their own free will, preferring to take less strenuous positions up town.

It has been an open secret for months past that there has been all kinds of grumbling to the operation of the Rio Grande which is decidedly short on motive power in these days of development and prosperity. All hands have been working night and day to keep the wheels

moving on schedule time and the consequent strain has been decidedly strenuous.

The fact that there have been no less than three changes in superintendents during the past five months would indicate that the Rio Grande has been up against the real thing. Now that the Western Pacific supplies and material are commencing to come in the situation is not being improved to any marked extent. However if anybody can unravel the blockade Supt. George Geller can. In the meantime the Rio Grande is in pressing need of additional motive power.

### INCREASE IN WAGES.

Eight-Hour Schedule However Proves A Stumbling Block.

Chicago, Dec. 5.—The Tribune today says: The railways of Chicago contemplate making increases in the wages of their employees in the immediate future which, in the aggregate, will make all increases made on the railroads of the country in the recent past seem small by comparison. The increases expected to be given here now and Jan. 1, which will make the combined incomes of the 50,000 employees of the line from \$25,000,000 to \$30,000,000 greater in 1907 than in 1906.

The only thing that may prevent the proposed advances between now and the end of the year, is inability of the railroads and their trainmen to reach an amicable agreement. The engineers, conductors, firemen, brakemen and other trainmen have asked for 10 per cent advances and for an eight-hour day.

Railway officials indicate that they are willing to give the 10 per cent increase but that they are not willing to grant the demand for an eight-hour day, and their present disposition is to withhold the wages advance until the eight-hour day demand is withdrawn. The trainmen will yield, they believe, after the ground for the denial of the eight-hour day is explained to them in conference, and then the wage advances will speedily follow.

Railway operating officials say the reason for declining to grant an eight-hour day to trainmen, is that it would either make necessary wholesale changes in the arrangements of their division or heavily increase their operating expenses in other ways.

### NEW LIVESTOCK RATE.

On and after Jan. 1 carload figures on livestock shipments will be abolished and the per 100 pound rate will be effective. The schedule affects all live stock shipments from Utah points. Cattle, released, will cost 53 cents per 100 pounds; hogs, 81 cents; sheep and goats, 69 cents. Average cars are figured 35 feet long and minimum weight is placed to 25,000 pounds for cattle; 17,000 pounds for hogs in single deckers, and 23,000 pounds for sheep and goats. The change is made to conform with the rulings east of the river where all shipments are on the 100 pound basis.

### STUYVESANT FISH RUMOR.

New York, Dec. 5.—Stuyvesant Fish, formerly president of the Illinois Central Railroad company, yesterday declined to make any comment on the rumor which reached this city from various southern points that he might be chosen as successor of the late Samuel Spencer in the presidency of

the Southern Railway company. In well informed quarters it is regarded as unlikely that the post will be offered to him, or that he would accept it, offer if made.

### SAN PEDRO APPOINTMENT.

Fred A. Wann May Succeed E. W. Gillett on Salt Lake Route.

It is semi-officially announced that Fred A. Wann of Chicago has been appointed successor to E. W. Gillett, general freight and passenger agent of the Salt Lake Route, who resigned recently. It is stated that Mr. Wann will be given the title of traffic manager of the Clark road.

Mr. Wann is said to be a man of experience having been connected with several eastern routes among them being the Quincy, Carillon & St. Louis, Chicago, Cincinnati & Louisville, Peru, Marquette, the Cincinnati, Hamilton & Dayton and the Chicago & Alton. Mr. Wann is the traffic official for whom the interstate commerce commission made it so decidedly interesting some months ago.

### VIADUCT FINISHED.

Framework of Structure Now Spanned The O. S. L. Tracks.

This morning the last rivets in the steel frame of the big viaduct being erected by the Oregon Short Line on North Temple across the tracks were driven. The frame work of the structure is to all intents and purposes complete. It will take time, however, to lay the floor, put down streetcar tracks and get into shape for traffic. Just as soon as this is accomplished work will be started on testing down of the old freight depot and then will come the closing of South Temple street at Third West and the breaking of ground for the passenger station.

### E. F. COST RESIGNS.

Norfolk, Va., Dec. 4.—The resignation of E. F. Cost as second vice president and traffic manager of the Seaboard Air Line railroad, becomes effective Dec. 15. Mr. Cost is to come vice president in charge of traffic of the Kansas City Southern railroad.

On the second floor you will see a display of men's clothes, suits and overcoats which has never been excelled in the history of clothing stores in the west.

Hart Schaffner & Marx, the premiers of clothing makers in the United States, made the clothes. Richardson & Adams made the prices. There's a combination you can't beat. Incidentally you'll notice we said that the clothing department was on the second floor. There's a reason for that.
