Rocky Mountain Pills.

A VALUABLE MEDICINE.

From New and Rare Medicinal Plants recently discovered in the Rocky Mountains!

PURELY VEGETABLE.

FIFTEEN years of earnest botanical research among these mountains and valleys have resulted in the discovery, not only of many new varieties of plants, but of new species, some of which have wonderful medicinal curative properties. By continued experiment their virtues have become known—and thus from extracts of these newly discovered plants are these pills compounded.

On orders accompanied by the cash or postal order, I will send safely by mail, postpaid, 1 box Pills for 25 cents; 1 dozen boxes, $2.50; 1 gross boxes, $24.00.

EVENING NEWS.

Tuesday, - January 25, 1876.

A THEATRICAL MACHINIST'S FREAK.—Some months since an Englishman named Atkinson bought a country place near Pithiviers in France. For many weeks thereafter carpenters and masons were busily employed in repairing and altering the chateau; and after their work had been completed, Mr. Atkinson issued invitations for a large dinner party to all the most prominent families in the neighborhood. The guests arrived at six o'clock, and on taking their seats at the dinner table noticed with surprise that there was not even one servant to be seen. The soup was consumed in silent astonishment. When all had partaken of it, the host sounded a whistle, and as if by magic the soup plates disappeared, and three magnificent silver platters, each containing a roast goose, appeared. Little cries of terror were heard from the ladies. Mr. Atkinson took no note of his guests' surprise, but remarking that it was a very warm evening, whistled again and the whole ceiling disappeared, the host's black coat vanishing at the same moment, leaving him clothed in a white suit. The guests, alarmed, were about to rise from their chairs when they found themselves, their chairs, and the table suddenly raised five feet above the floor. They however, were soon lowered again to the floor, and all took refuge in hasty flight from the demoniac abode. A judicial investigation was instituted, and it was found that Mr. Atkinson had been for ten years the chief machinist at Covent Garden theatre in London, where he had amassed a nice little fortune. The dinner was a little freak to indulge his fondness for his old pursuit.—*Ex.*

A SUBSTITUTE FOR HYDRAULIC LIME.—Zeiodelite is a comparatively new material which has latterly come largely into use in France, as a substitute for hydraulic lime. It is said to be much superior to that material for uniting stone and resisting the action of water. It is made by mixing together sulphur and pulverized stoneware and glass, in the proportion of nineteen pounds of the former to forty-two of the latter. The mixture is exposed to gentle heat, which melts the sulphur, and then the mass is stirred until it becomes thoroughly homogenous, when it is run into suitable moulds and allowed to cool. This preparation is proof against acids in general, whatever their degree of concentration, and will last an indefinite time. It melts at about one hundred and twenty degrees Cent., and may be re-employed without loss of any of its qualities, whenever it is desirable to change the form of an apparatus, by melting at a general heat, and operating as with asphalt. At one hundred and ten degrees it becomes as hard as stone, and therefore preserves its solidity in boiling water. Slabs of zeiodelites may be joined by introducing between some of them paste heated to two hundred degrees, which will melt the edges of the slabs, and when the whole becomes cold it will present one uniform piece.—*Ex.*

AGENTS WANTED!

To sell the New Patent Improved EYE CUPS.

Guaranteed to be the best paying business offered to Agents by any House. An easy and pleasant employment.

The value of the celebrated new *Patent Improved Eye Cups* for the restoration of sight breaks out and blazes in the evidences of over 6,000 genuine testimonials of cures, and recommended by more than one thousand of our best physicians in their practice.

The Patent Eye Cups are a scientific and philosophical discovery, and as ALEX. R. WYRTH, M. D., and WM. BEATLEY, M. D., write, they are certainly the greatest invention of the age.

Read the following certificates:

FARMINGTON CENTRE, LOGAN CO., KY., June 6th, 1872.

DR. J. BALL & CO., Oculists.

GENTLEMEN: Your *Patent Eye Cups* are, in my judgment, the most splendid triumph which optical science has ever achieved, but, like all great and important truths, in this or in any other branch of science and philosophy, have much to contend with from the ignorance and prejudice of a too sceptical public; but truth is mighty and will prevail, and it is only a question of time as regards their general acceptance and endorsement by all. I have in my hands certificates of persons testifying in unequivocal terms to their merits. The most prominent physicians of my county recommend your *Eye Cups*. I am, respectfully, J. A. L. BOYER.

WILLIAM BEATLEY, M. D., Salvisa, Ky., writes: "Thanks to you for *the greatest of all inventions.* My sight is fully restored by the use of your *Patent Eye Cups*, after being almost entirely blind for twenty-six years."

ALEX. R. WYRTH, M. D., Atchison, Pa., writes: "After total blindness of my left eye for four years, by paralysis of the optical nerve, to my utter astonishment your *Patent Eye Cups* restored my eyesight permanently in three minutes."

Rev. E. B. PATKINSBURG, Minister of M. E. Church, writes: "Your *Patent Eye Cups* have restored my sight, for which I am most thankful to the Father of Mercies. By your advertisement I saw at a glance that your invaluable *Eye Cups* performed their work perfectly in accordance with physiological law; that they literally fed the eyes that were starving for nutrition. May God greatly bless you, and may your name be enshrined in the affectionate memories of multiplied thousands as one of the benefactors of your kind."

Hosea B. Dyrans, M. D., says: "I sold, and effected future sales liberally. The *Patent Eye Cups*, they will make money, and make it fast,
